In-person voting options available at polling places throughout Riverside County

Registrar of Voters, Rebecca Spencer, is urging Riverside County voters to vote early ahead of the Sept. 14 gubernatorial recall election. This election voting is different with new options allowing voters to vote in-person over a 4-day window. Polling places will be open Sept. 11 through Sept. 14, 2021 – for locations and hours visit www.voteinfo.net.

Each polling place will serve as a fully functioning voting location and every ballot cast during the 4-day in-person option is processed and counted the same way. By voting in advance of Sept. 14, voters will experience less wait times (or no wait times when voting at home) so there is no need to wait until Election Day to cast a ballot.

Call the registrar's office at (951) 486-7200 if you have questions about your eligibility to vote.

Registrar of Voters Rebecca Spencer encourages every eligible voter to cast a ballot in the election.

More voter information is available at www.voteinfo.net.
