BANNING UNIFIED SCHOOL DISTRICT**

RAYMOND "COACH" CURTIS

OCCUPATION: Retired Teacher Administrator
EDUCATION AND QUALIFICATIONS:

As a Banning High School graduate, former Assistant Superintendent, school administrator, Board of Trustee, principal, teacher and coach, I am committed to improving public education in Banning. Having served in six school districts in California, I fully understand the challenges that our community faces and the need for experienced leadership.

As trustee, I will focus on enhancing academic achievement for all students as well as focusing on the complete development of children to help them in becoming productive citizens, skilled workers, and good parents.

I will strongly insist on budget efficiency, fiscal accountability, and the treatment of others with respect. I will listen to the concerns of parents and teachers. I will work for improved communication with all school and community participants and most of all I will insist on keeping our children safe.

With my successful experiences in other districts, I am able to bring fresh ideas and sound advice to the Board.

I believe that the needs of students must be above any other agendas and that the teachers and support staff should be provided the tools, staff development training, funding, and adequate planning time to meet students' needs.

I respectfully ask for your vote.

GOVERNING BOARD MEMBER,
BANNING UNIFIED SCHOOL DISTRICT**

ALEJANDRO "ALEX" CASSADAS

OCCUPATION: Child Care Worker
EDUCATION AND QUALIFICATIONS:

Banning schools need strong leadership and a dedicated board of trustees to stay on the right track. I am confident that I can effectively represent our students, parents, teachers and community to reach educational success and strengthen our schools. I will facilitate building positive, collaborative relationships between all stakeholders.

My commitment is to students and doing what's best for their education. While state budget cuts are challenging, it is important to prioritize programs that promote student achievement. I believe we must preserve overall quality academics, including: Special Education, arts, music, athletics and programs for English language learners. We must prepare our students for college or career by supporting both college preparatory classes and vocational and technical programs. We must give all students the opportunity to learn and succeed.

As a lifelong Banning resident, I feel that it is my responsibility to give back to my community. I currently volunteer in the district and I am running for trustee to help successfully improve Banning schools. I am excited to offer my leadership to prepare our district for future growth and challenges. I am proud to have the support of classroom teachers and parents. I respectfully ask for your support and vote.

ALFREDO ANDRADE

AGE: 31

OCCUPATION: Para Educator
EDUCATION AND QUALIFICATIONS:

I was born and raised in the Coachella Valley. I'm the oldest of five children, and I'm presently engaged to be married. In 2010 I moved to the City of Banning.

For the past 10 years I have worked with Special Education students. I have been employed with the Desert Sands Unified School District since 2007. Living in Banning I have seen that the Board of Education needs to be accountable for the decisions they make, especially when it relates to the children and employees. We need to evaluate what has worked and what has not worked, and then we need to look for new productive ways to achieve the greatest success with the least amount of cuts to the classroom which will benefit the children. "We", means the District, employees, students, and parents. Together we can create the best learning environment for all the children.

I'm enrolled at California State University San Bernardino and will achieve my Bachelor's Degree in 2012. I am actively involved in numerous community organizations. I want to make a difference for the Banning Unified School District! It's all about accountability and I will bring that if elected to represent the citizens of Banning.

LARRY ELLIS

AGE: 63

OCCUPATION: Retired Science Teacher
EDUCATION AND QUALIFICATIONS:

I retired last year after teaching for 36 years, the last 33 years teaching science at Banning High School. I have always believed in the quality of Banning's educational system, which is why both of our children attended Banning schools from kindergarten through the 12th grade. My job as a teacher was to help students realize and reach their potential, along with being productive members of society. As a school board member my goal is to have a collaborative relationship with students, parents, teachers, site administrators (principals), and district administrators (superintendent and staff). By having all parties working together we can solve our financial problems in ways that have a minimum impact on the students. This will allow our students to reach their full potential, which will make Banning Unified School District a successful district.

PHYLLIS CLAIRE BURGESS

OCCUPATION: Retired Business Woman

EDUCATION AND QUALIFICATIONS:

Resident homeowner 30 years. Business owner experienced in promotion, Legal Processor in Criminal Division of Palm Springs/Indio District Attorneys Office. Property Manager in Warm Sands area. Executive Secretary for Bureau of Indian Affairs. Political Activist with traditional values on Prop 8, (concluding that there should not be sex education in schools, only a strick NO BULLYING rule).

From observation of recent arrests in Warm Sands , I conclude , many residents feel we no longer need a Human Rights Commission WHEREIN, all are not represented fairly; WHEREIN, police activities are weakened and needlessly repressed as being discriminatory.

JOBS, JOBS, for the economically vulnerable is my major concern. I will pressure city hall to drop the exorbitant fees required for land use (on homeowner lots). Fees are \$2,400 upwards to \$6,000. You have the right to cultivate and sell in a discreet neighborly manner: agriculture, vegetables, flowers, eggs and honey, crafts. We need to do this QUICKLY, and thus be our own ECONOMIC STIMULUS. This will create thousands of jobs and extra income. San Francisco just dropped fees in all neighborhoods.

So can we. Also, merchants need more signage leeway for improved profits. E-mail: Calcowpoke@aol.com or www.PhyllisBurgess.com

BRIDGETTE SULLENGER

AGE: 45

OCCUPATION: Hospice / Bereavement Services Coordinator

EDUCATION AND QUALIFICATIONS:

As a working, single mother of two adopted children, I face the needs and challenges of daily life. I understand responsibility. During my tenure as an appointee to the city's Parks and Recreation Commission, I gained valuable insight into what the people of Palm Springs want from their city and their leaders.

As a member of an ethics and quality assurance committee, a tutor of at-risk youth, an organizer of a community-wide health & ministry alliance, a licensed foster parent, a Licensed Vocational Nurse and, most importantly, through my work with the patients of a local hospice and their families, I have dealt with the citizens in both the best and worst of circumstances.

Everyday I deal with budget and quality assurance needs that must meet Federal guidelines. I know what it means to multi-task, to take responsibility, to listen to what people have to say and to do what is needed to make life better. These strengths are what equip me for the demanding job of dealing with personnel, with citizenry, with the dilemmas of the people.

Palm Springs is a special place. We've made progress, and there's much more to do.

TOM KIELEY III

AGE: 61

OCCUPATION: Incumbent

EDUCATION AND QUALIFICATIONS:

As a native Palm Springs resident, I've watched our desert grow and prosper. My years of community leadership have taught me the value of listening to people. I currently serve as the Vice-President of the Desert Water Agency. While serving on this critical Board, I have worked hard to guarantee a continued reliable source of safe, high-quality and affordable drinking water. I'm proud this was accomplished while the DWA Board continued its broad infrastructure improvements and water conservation programs.

During my service on the DWA Board, I helped provide strong consistent leadership with an emphasis on fiscal responsibility. As a passionate DWA Director, I've helped expand its state-of-the-art recycled water plant; upgraded hydroelectric resources; vastly improved its community sewer systems; installed a solar energy system for Agency operations; created water conservation community parks; assured future water resources by negotiating complex entitlement purchases. I was appointed by the Governor to serve on the Regional Water Quality Control Board.

As you choose your DWA representative, please consider my extensive experience, leadership and understanding of the Agency. I ask for your vote on November 8, 2011, to allow me to continue serving as your Director on the Desert Water Agency.

CRAIG A. EWING

AGE: 58

OCCUPATION: Director of Planning Services

EDUCATION AND QUALIFICATIONS:

The Desert Water Agency is responsible for providing safe, reliable water – a responsibility I have taken seriously since joining the Board in 2007. In that time, new wells have been constructed and new pipes have been laid. Our recycling plant has been expanded to produce more reclaimed water for golf courses and parks. We have secured water supply contracts to provide new sources of water and new resources for water conservation. We have worked with our state and federal officials to develop legislation focused water safety, reliability and affordability. Most significantly, we have explored how to assure that our customers are paying a fair rate for water. While other agencies have adopted complicated and, at times, punitive tiered rate structures, the DWA adopted a rate schedule that provides low cost, simplicity and long-term financial stability. It is my goal and desire to continue serving the community on the DWA Board so that our water future is secure. With twenty-seven years' experience as a public city planner and four years on the Board, I bring experience and perspective to assuring that each of us has access to clean, satisfying water. I seek your continued confidence and your vote.

DIRECTOR,
DESERT WATER AGENCY**

MICHAEL PAUL PADUANO

AGE: 40

OCCUPATION: Realtor / Business Owner

EDUCATION AND QUALIFICATIONS:

We live in a desert. Water is a vital concern. We live in a time of economic unrest. Fiscally sound decisions are essential. We live in a world polluted by years of unreasonable practices and neglect. We need an eye to the future and to its generations.

My commitment is fighting for water quality, fighting for water conservation, and fighting for our economy and jobs.

I personally believe in the importance of giving back to the community in which I live. For the past ten years I have been actively involved in the community as a leader and volunteer.

I am Michael Paduano. For ten years I have lived and worked in Palm Springs. I founded and am currently executive director of a local non-profit and serve on several advisory boards.

I have worked at the state and local level for several years with the California Association of Realtors on the following communities: Local Government Relations, Legislation, and Property Management.

With these experiences I served on committees helping set policies significantly impacting homeowners, protecting their investments and expenses.

A vote for Michael Paduano is a vote for a new voice protecting water quality, job and economic growth and reasonable rates.

IMPARTIAL ANALYSIS OF MEASURE "J"

The City Council of the City of Palm Springs has placed Measure "J" on the November 8, 2011 ballot to ask the voters to approve an ordinance that would enact a temporary one percent (1%) sales tax within the City. If approved, the tax would add one cent to the price of an item that costs one dollar. Sales taxes are levied on the sale or use of tangible personal property sold at retail. Retailers collect the tax at the time of sale and remit the funds to the State Board of Equalization, which administers the tax.

The tax on retail sales in Palm Springs is 7.75% of the purchase price. The City, however, only receives 1% of this 7.75%. The remainder goes to the State (6.0%), Riverside County (0.25%), and the Riverside County Transportation Commission (0.50%). This Measure, if approved by the voters, would authorize an additional 1% sales tax (officially referred to as a "transactions and use" tax) which would increase the total sales tax rate on retail sales in Palm Springs from 7.75% to 8.75%.

The full amount of the revenue generated by this Measure would go to the City's general fund and be available to support the full range of municipal services. Because this Measure does not limit the use of tax revenue, it is a "general tax," not a "special tax" that restricts the funds to specific purposes. Therefore, as explained in the ballot question, the City may use the funds for a range of services and projects, including without limitation, police, fire, library, parks, streets/pothole repair, acquisition and development of public garages and parking facilities, and installation and maintenance of improvements and facilities for the implementation of the Museum Market Plaza Specific Plan.

The tax would automatically terminate 25 years after collection begins. The Measure requires the City's independent auditors to prepare annually a publicly available report on the collection, management, and expenditure of revenue from the tax.

A "Yes" vote is a vote to approve the enactment of the 1% tax for 25 years. A "No" vote is a vote against the tax. This Measure would be approved if it receives a simple majority of "Yes" votes.

The above statement is an impartial analysis of Measure "J". If you desire a copy of the ordinance, please call the City Clerk's office at (760) 323-8204 and a copy will be mailed at no cost to you.

ARGUMENT IN FAVOR OF MEASURE "J"

VOTE YES ON MEASURE "J" - FOR THE FUTURE OF PALM SPRINGS

YES ON MEASURE "J" only adds 1 cent for each taxable dollar spent in the City of Palm Springs.

Over the past three years, in the worst of economic times, the City of Palm Springs has put its financial house in order. We reduced the City budget by more than \$10 million annually, eliminating more than 110 positions, cutting back all salaries for Council and employees and reducing benefits.

Unfortunately Sacramento has balanced the State budget on the backs of cities and counties and now it is taking MILLIONS OF DOLLARS in economic redevelopment money. Money that could have been used for infrastructure and blighted areas of our City.

MEASURE "J" will create LOCAL REVENUE which cannot be CONFISCATED by Sacramento or Washington.

Measure "J" is the fairest way to increase local revenue. Palm Springs residents and visitors alike will pay 1 cent per each taxable dollar spent in our City. EVERYONE who spends a taxable dollar adds a penny to PALM SPRINGS' FUTURE.

MEASURE "J" IS NOT A BLANK CHECK. The City will create a citizens committee where all projects and uses of the money will be vetted in public before approval by the City Council. All Measure "J" revenue will be independently audited. Measure "J" requires all audits be public.

YES ON MEASURE "J" means we will have revenue for PARK IMPROVEMENTS, STREETS, POTHOLE REPAIR, LIBRARIES, and ECONOMIC DEVELOPMENT including THE DOWNTOWN REVITALIZATION PLAN, and other City projects.

YES ON MEASURE "J" will transform Palm Springs both now and for future generations. Monies raised in the City of Palm Springs will stay in the City of Palm Springs! Measure "J" creates an independent source of revenue to help protect and preserve essential City needs.

REBUTTAL TO ARGUMENT IN FAVOR OF MEASURE "J"

PLEASE VOTE NO ON MEASURE "J" – SEND CITY HALL A STRONG MESSAGE!

MEASURE "J" doubles the city's portion of local sales taxes. The increase will last for 25 years.

A NO VOTE keeps the local sales tax rate at its current one percent (1%).

The measure clearly states all revenue will be deposited into the city's general fund to be used for any approved expenditure ---including salaries and expanding employee benefits. There are no limitations how the money is to be used. These are the worst of economic times and the City of Palm Springs needs to seriously examine its spending practices.

Unlike many other cities, Palm Springs does not have a Citizens Audit and Finance Commission serving as a public watchdog over budgeting and expenditures. Our city council continually shows no interest in allowing taxpayers to share official oversight responsibilities when it comes to spending city funds. The token suggestion of a citizens committee to vet use of the sales tax funds falls far short of the need for public involvement in all aspects of city finances. Without meaningful taxpayer spending oversight the insatiable appetite for more taxes will continue unchecked!

THE PALM SPRINGS TAXPAYERS ASSOCIATION is for fair and reasonable taxation - - - this measure is neither fair nor reasonable. Please send this message to the City by voting NO on "J".

ARGUMENT AGAINST MEASURE “J”

Vote NO on the new one percent (1%) sales tax, for it is not what it appears. This ballot measure and the related new City ordinance have only one purpose - - - to raise money for the City's general fund. There is nothing in the ordinance about police, fire, library, parks, city streets/pothole repair or redevelopment of the Museum Market Plaza (Desert Fashion Plaza). Those subjects are NOT part of the ordinance and listing them in the ballot statement is not only misleading, but also deceptive.

The new sales tax is projected to raise approximately \$8,000,000 annually and continue for 25 years (for a total of \$200,000,000). From the amounts raised, the city has released plans to spend up to \$45,000,000 on redevelopment costs related to the privately-owned Desert Fashion Plaza. The remainder of the sales tax money will be available for any approved expenditure, including restoration of budget cuts, salaries, maintenance and repair costs, etc.

The electorate should not be asked to approve new taxes to fill the general fund. If tax increases are required then a complete description of what the money will be used for must be provided. Approving new taxes for unspecified uses represents little more than handing a blank check to city officials with no plan for accountability.

Please Vote NO on this measure and send a strong message to City Hall that future tax increase requests must be accompanied by specific plans for use.

REBUTTAL TO ARGUMENT AGAINST MEASURE “J”

Who is the “Palm Springs Taxpayers Association” that wants you to vote against Measure “J”? They have not filed as a political committee, or a non profit. They are a handful of people saying NO to the City's future - - but have not submitted any VIABLE alternatives to Sacramento raiding city funding.

Their argument says the tax is not what it appears, *“there is nothing in the ordinance about police, fire, library, parks, city streets/pothole repair, or redevelopment of the Desert Fashion Plaza.”* “. . . its only purpose is to raise money for the City's general fund.” PRECISELY, the City's general fund is what pays for ALL of those developments and City improvement programs!

It could be said that the business community has the most to lose by increasing the sales tax. But we as Palm Springs business owners carefully studied the City's plans and conclude that YES ON MEASURE “J” IS THE ROAD TO ECONOMIC GROWTH FOR OUR CITY. The Palm Springs Chamber of Commerce, Hospitality Association, Main Street Association and retailers alike have endorsed Measure “J”. They know residents only pay a fraction of the tax!

We concur with the Desert Sun: [Measure “J”] *“provides funding necessary to invest in the city's future . . .”* *“Business Owners can certainly see the advantage of smooth streets and other civic amenities as a way to maintain Palm Springs' reputation as a premier tourist destination and a great place to live.”*

Vote YES on MEASURE “J” – which maintains LOCAL control, improves OUR local economy and OUR quality of life.
