Election News **UPDATE**

Top-Two Open Primary Act

Under the Top-Two Open Primary Act, passed by voters in June 2010, you may vote for any candidate running for a congressional and state legislative office, no matter which political party they belong to. Only the top two vote-getters, regardless of party preference, will move on to the general election in November.

The Top-Two Open Primary Act does NOT apply to candidates running for U.S. President or central committee offices. You may only vote for candidates from the party in which you are registered.

Non-partisan offices (such as judges, county supervisors, and city council and school board members) remain open to all eligible voters.

Redistricting

New electoral district boundaries are drawn every 10 years, in order to equalize district populations. Boundaries for the congressional, state legislative, county supervisorial, and county board of education districts are now different. To see the new district maps, visit the Registrar of Voters website at www.voteinfo.net.

California Primary Elections

**NEW LAW
Took Effect
January 1, 2011**

The Top Two Candidates Open Primary Act requires that all candidates for a voter-nominated office be listed on the same ballot. Previously known as partisan offices, voter-nominated offices are state legislative offices, U.S. congressional offices, and state constitutional offices.

In this new open primary system, this means you can vote for any candidate, regardless of what party preference you indicated on your voter registration form. Only the two candidates receiving the most votes — regardless of party preference — move on to the general election regardless of vote totals. If a candidate receives a majority of the vote (50 percent +1), a general election still must be held. Even if there are only two candidates in the open primary, a general election is still required.

California's new open primary system does not apply to candidates running for U.S. President, county central committee, or local offices.

California law requires that the following information be printed in this pamphlet

Party-Nominated/Partisan Offices

Political parties may formally nominate candidates for party-nominated/partisan offices at the primary election. A nominated candidate will represent that party as its official candidate for the specific office at the general election and the ballot will reflect an official designation. The top vote-getter for each party at the primary election moves on to the general election. Parties also elect officers of county central committees at the primary election.

A voter can only vote in the primary election of the political party he or she has disclosed a preference for upon registering to vote. However, a political party may allow a person who has declined to disclose a party preference to vote in that party's primary election.

Voter-Nominated Offices

Political parties are not entitled to formally nominate candidates for voter-nominated offices at the primary election. A candidate nominated for a voter-nominated office at the primary election is the nominee of the people and not the official nominee of any party at the general election. A candidate for nomination to a voter-nominated office shall have his or her party preference, or lack of party preference, stated on the ballot, but the party preference designation is selected solely by the candidate and is shown for the information of the voters only. It does not mean the candidate is nominated or endorsed by the party designated, or that there is an affiliation between the party and candidate, and no candidate nominated by the voters shall be deemed to be the officially nominated candidate of any political party. In this sample ballot booklet, parties may list the candidates for voter-nominated offices who have received the party's official endorsement.

Any voter may vote for any candidate for a voter-nominated office, if they meet the other qualifications required to vote for that office. The top two vote-getters at the primary election move on to the general election for the voter-nominated office even if both candidates have specified the same party preference designation. No party is entitled to have a candidate with its party preference designation move on to the general election, unless the candidate is one of the two highest vote-getters at the primary election.

Nonpartisan State Offices

Political parties are not entitled to nominate candidates for nonpartisan offices at the primary election, and a candidate at the primary election is not the official nominee of any party for the specific office at the general election. A candidate for nomination to a nonpartisan office may NOT designate his or her party preference, or lack of party preference, on the ballot. The top two vote-getters at the primary election move on to the general election for the nonpartisan office.

HOW TO USE THIS SAMPLE BALLOT

1. **POLITICAL PARTY PREFERENCE:** If you are not sure about your political party preference, look at the front of this booklet or at the address label on the back cover. You may also check your political party preference on our website at www.voteinfo.net or by calling (951) 486-7200.
If you chose a political party preference when registering to vote you will be issued an official ballot which will include that political party's U.S. Presidential and central committee candidates. Voter-Nominated and Nonpartisan contests will also be included.
2. **NO PARTY PREFERENCE AND NONPARTISAN:** If you did not indicate a political party preference or you registered with an unqualified political party, then you will be issued the **No Party Preference / Nonpartisan** ballot. Your ballot will include congressional, state legislative, and nonpartisan contests, **not U.S. Presidential Candidates**. However, for this election, two parties are allowing cross over voting for their Presidential Candidates. You may request one of the following ballots:

Democratic Party

American Independent Party

3. **PARTISAN OFFICES in the SAMPLE BALLOT**
Look at the sample ballot pages that follow. Find the sample ballot pages for the appropriate political party, in order to review your official ballot choices for partisan offices.
If you are a no party preference voter and you choose to vote the nonpartisan ballot, you will not find any of the presidential candidates on your ballot.
4. **VOTER-NOMINATED AND NONPARTISAN SAMPLE BALLOT PAGES**
All voters are eligible to vote on the voter-nominated and nonpartisan portion of the ballot. Following the party sample ballot pages are the voter-nominated and nonpartisan offices, and state and local propositions and measures. The exact issues and offices on your ballot correspond to the location of your residence address, according to what jurisdictions have seats to fill and/or questions to ask.

HOW TO MARK YOUR PAPER BALLOT

Please refer to the following instructions on how to properly complete your official paper ballot.

- ✓ Connect the head and tail of the arrow that points to your choice, like the example provided. Check both front and back of ballot for voting contests
- ✓ Use a black ball point pen. Do not use felt tip, red or gel ink
- ✓ One line connecting the arrow is preferred
- ✓ Vote for no more than the number of votes allowed in each contest (e.g. vote for one, vote for no more than two, etc.)
- ✓ Please keep the vote-by-mail ballot folded the same way as you received it

ANNA NEVENIC, Democratic

OCCUPATION: Registered Nurse, Author

EDUCATION AND QUALIFICATIONS:

Politics as usual is not an option.

I am running for Congress because I want to bring real change to government and use all my energy and expertise to work on behalf of senior citizens, children, and working families in Riverside County. I value honesty and integrity, and will be your true voice, as there are no wealthy special interest groups bankrolling my campaign.

As a registered nurse, author, and community activist, I have always put the interests of others above my own. As your congresswoman, I promise to fight to end funding for America's wars abroad, bring resources home, and invest in rebuilding our country. We need to refocus our resources and keep our promise to elderly Americans by protecting Medicare and Social Security, as well as securing the future for the next generation by making college tuition affordable. National security requires investment in education, infrastructure, clean energy, and high technology.

Monetary campaign contributions influence legislation that affects people's lives. This influence is pervasive throughout our government, affecting what legislation is introduced, and what becomes law. Lawmakers give away taxpayers' money to the corporations who pay for them to get elected.

I am confident that together we can change the undue influence of big money in politics and the forces that are corrupting our democracy. I will work for social, economic, and environmental justice, and to prevent further erosion of women's rights, but I can only do this with your support and your vote.

OCCUPATION: Businessman / County Supervisor
EDUCATION AND QUALIFICATIONS:

Disgusted by what's going on in Congress?

Join my campaign to fix what's wrong with Washington and get America working again.

I'm a businessman and local elected official who knows how to REBUILD THE ECONOMY.

In Congress, I'll oppose the deficit spending that damaged our economy, created a \$14 trillion national debt and mortgaged our children's future.

I'll fight for middle class jobs, OPPOSE WALL STREET BANK BAILOUTS, close unfair tax loopholes, promote tax incentives for employers who create new jobs, and eliminate excessive regulations that drive jobs to China.

As County Supervisor, I HELPED CREATE TENS OF THOUSANDS OF NEW JOBS that generated in excess of a billion dollars in economic activity.

I'm working to make our county a leader in renewable energy jobs and will fight to make the U.S. energy independent to get gas prices down.

I am also pushing to create new, high-paying jobs at UC Riverside by building a new medical school.

As County Supervisor, I BALANCED THE BUDGET by cutting waste. I'm a FISCAL CONSERVATIVE who SAVED MILLIONS OF DOLLARS consolidating county agencies and enacting pension reform.

In Congress, I'll fight to cut government waste and ensure America keeps its promise to retirees by protecting Medicare and Social Security programs.

I'm a U.S. Army veteran determined to get our nation back on track and get America working again.

My campaign has been endorsed by Riverside Mayor Ron Loveridge as well as majorities of the Riverside, Perris, Moreno Valley, and Jurupa Valley City Councils.

STEVE CLUTE, Democratic

OCCUPATION: Non Profit Director

EDUCATION AND QUALIFICATIONS:

Following a career as a Navy jet pilot, I was elected to the State Assembly five times. I authored the School Facilities Bond Act of 1990 and the Veteran's Bond Measure of 1988. After working years in education, business development and the non-profit sector, I wish to return to Sacramento as your State Senator for the 31st State Senate District. I believe my experience is vital to a legislature which appears dysfunctional and lacks solutions to serious problems.

I am a Democrat who is conservative on fiscal issues and moderate on social issues.

I am pro small business, pro collective bargaining, pro veteran and pro working man/woman.

I support funding for key services from law enforcement, education, fire and medical care access which realistically match Riverside County's high growth rate.

I support the establishment of a UC Riverside medical school.

I married Pamela in 1977 and she teaches mathematics at UC Riverside.

I pledge to you that I will place your interests as constituents above my self-interest. I will be a problem solver. I will be accessible and I will listen to what you say.

ERIC LINDER, Republican

OCCUPATION: Corona Business Owner

EDUCATION AND QUALIFICATIONS:

California's government is a mess. Paralyzed. Broken.

And when they act, the Democrats in Sacramento only seem to make problems worse.

As a small business owner in Corona, I'm running for Assembly to shake things up and get things done.

After more than ten years in the real estate industry, I started my own small business a few years ago. I've felt the pains of having to make ends meet when times are tough - lessons that need to be learned in Sacramento.

Balancing a budget. Helping small businesses thrive to get our economy growing and companies hiring. Saying no to new taxes.

I was a founding member of the Corona Taxpayers Association, and currently serve as Vice-Chairman of the Riverside County Republican Party. I'm a Norco High graduate, and Corona homeowner.

On day one, I'll introduce legislation to get rid of the DREAM Act, which subsidizes illegal aliens to attend college. We need to secure our border, instead of spending taxpayer money for illegal aliens to attend our schools.

We need to stand up to Sacramento Democrats who only know one answer to any problem: raising taxes. I know the struggles that working Californians are going through. The last thing we need these days are higher taxes.

I'll never vote for a tax increase.

It's time for someone who will stand up to the self-serving politicians who only look to benefit themselves.

For conservatives looking for someone to fight for their values, I'm asking for your vote.

GREG KRAFT, Republican

AGE: 52

OCCUPATION: Peace Officer / Educator

EDUCATION AND QUALIFICATIONS:

Our state is in trouble. Schools are falling further behind; dangerous criminals are being released early into our communities; good jobs are scarce and the state is deep in debt. Sacramento politicians don't care or don't know what to do.

As a school board member, former small business owner and a sworn peace officer, I have a proven record of getting things done. I'm Fiscally Responsible, Pro-Schools, Pro- Public Safety and Tough on Illegal Immigration.

The Riverside Sheriffs Association, Desert Center Chamber of Commerce and Riverside County's Superintendent of Education all endorse me, as do over 30 current and former local Mayors, Councilmembers, School and Law Enforcement leaders from every corner of our district.

As your Assemblyman, I'll work to:

STOP the early release of criminals into our communities.

BRING good jobs to our area through reduced regulations and lower fees on local business.

BALANCE THE BUDGET and PRIORITIZE government spending on: PUBLIC SAFETY, SCHOOLS, ROADS, WATER.

The government needs to get its fiscal house in order. Tax increases are not the answer – we already pay enough. The answer is to cut waste and get spending under control. On the Alvord School Board I have instilled strong fiscal discipline and kept us above water in tough fiscal times.

I've been married for 29 years and have 5 children and 2 grandchildren. I've served as a Little League Coach and Boy Scout leader.

STAN SKIPWORTH, Republican

AGE: 51

OCCUPATION: Councilmember / Retired Chief

EDUCATION AND QUALIFICATIONS:

As a Retired Police Chief with a 31-year career of serving communities, I know first hand how to protect families and keep their homes and businesses safe. As a twice-elected and current City Councilmember, I continue to work on developing our business community and work with our schools to invest more in our communities and keep our region one to be proud of. And as a former Mayor, I've led and contributed to several efforts that have helped us rise above unprecedented economic challenges by setting reasonable and responsible budgets and working with people to meet those goals.

The State of California however isn't working to meet the needs of families, our children or our businesses. That is why I am dedicated to making our priorities the things that are truly important, and I will work to change the laws and rules that businesses struggle with every day and help them grow and add jobs to our local area. I will work to restore the commitment we once made to our children by making education a priority once more. And I will fight higher taxes and work on fixing a State Budget that is both untenable and unacceptable for the real needs we as Californians have.

I respectfully ask for your vote and to begin the process of making our region strong again. To learn more, I invite you to visit www.StanSkipworth.com. As a Retired Police Chief, former Mayor, and City Councilmember, I am prepared to do this very important work.

EDUCATION AND QUALIFICATIONS:

For 18 years I had the honor of serving the people of Riverside County as a Deputy District Attorney. Now it would be my honor to serve you as a Judge.

My judicial philosophy is clear. A judge must always uphold the Constitution and follow the law. Justice must be fair, firm, and unbiased. Convicted criminals should be sentenced appropriately and crime victims' rights protected.

As a Deputy District Attorney I handled thousands of cases, successfully prosecuting career criminals, gang members, and drug dealers. I helped Riverside County's Drug Court Program gain national prominence. I also developed Riverside County's Environmental Crime Prosecution Program and convicted developers for illegally dumping hazardous waste.

Assigned to the American Prosecutors Research Institute, I created a national center to support local environmental crime prosecutions to protect our land, air, and water.

FULL TEXT OF MEASURE “M”

Purpose of the Measure

Jurupa Unified School District is focused on providing a top-quality education to our students. Jurupa schools are recognized both locally and across the nation for raising academic achievement standards and helping local students achieve their best so they can go on to college and compete for good-paying jobs.

Every one of the students attending Jurupa schools deserves a quality education. Unfortunately, the State continues to reduce education funding, resulting in cuts to educational programs that impact student learning. The State no longer provides enough funding for the District to adequately maintain and expand its educational facilities despite ongoing efforts to obtain such funding.

To protect the quality of education in our schools and ensure students have access to updated classrooms, science labs and technology they need to succeed, the “Jurupa Quality Education and Safe Classrooms Measure” will:

- Keep technology and computer systems up-to-date in classrooms, libraries and science labs and for student use
- Improve energy efficiency to provide ongoing savings to attract and retain qualified teachers
- Protect academic instruction in core subjects like math, science, reading, writing, technology and programs that help students struggling with the basics
- Provide facilities and equipment needed for career and technical education classes so students can compete for high-demand jobs

By upgrading and repairing our schools now, Jurupa Unified School District can take advantage of matching funds, historically low interest rates and low construction costs. Plus, the measure will improve energy efficiency in our classrooms to save money that can be applied to protect core academic classes and retain qualified teachers.

This measure will provide locally-controlled funds for our schools that cannot be taken away by the State. Independent citizens' oversight would ensure all funds are spent appropriately and as promised. None of the money from this measure can be used to increase salaries, benefits or pensions for administrators, teachers, or any other school employees.

PROJECT LIST

The District intends to use the proceeds of the Bonds to finance or refinance some or all of the below-listed projects, upon voter approval:

Jurupa Unified School District Project List

Funds from the Jurupa Unified School District's Bond Measure shall be used to improve educational opportunities, raise student achievement, improve health and safety conditions of education facilities, renovate aging classrooms and laboratories, improve libraries, provide for structural integrity, acquire furniture and equipment for instruction, provide program enhancements, and improve energy conservation by implementing the following list of projects:

- Renovate and remodel buildings and classrooms, including demolition of any obsolete or inadequate facilities as needed, expand and improve multipurpose rooms where appropriate, remodel and renovate student service areas, improve safety systems, building systems, building surfaces, upgrade wiring for electrical systems and technology, improve plumbing and heating/cooling/ventilation systems, and improve access for disabled persons; and
- Plan and renovate various sites for instruction and support services including science and computer laboratories to support mobile teaching stations, interactive projection systems, document cameras, wireless slates, classroom student response systems, student computers, class sets of tablet devices, science lab equipment, video conferencing and telepresence, voice over IP telephones, WiFi for Patriot High School and computer furniture; and
- Plan and construct new school facilities, including artificial turf for the Jurupa Valley High School stadium, construction for auditorium/theatre at Rubidoux High School, expansion of parking and student drop-off zones to reduce safety hazards, installations of monitored security systems, repair roof systems, installation of lunch shelters, replacement of unsafe playground equipment; and
- Improve fire security and emergency communication systems, renovate restrooms, paint interior and exterior surfaces, install security fencing, replant lost vegetation and improve landscaping, repair sewer systems and plumbing, remove asbestos and dry rot, repair uneven and unsafe ground surfaces, replace drinking fountains; and
- Furnish and equip all facilities constructed or improved with Bond proceeds.
- Furnish technological, electrical or other learning devices, including but not limited to, personal computers, portable electronic devices, smart pad or devices, digital textbook or any other device used to assist learning.

With respect to these projects, the District has evaluated facility needs to continue to provide for safety, and information technology; and the District shall appoint an Independent Citizen's Oversight Committee to oversee the implementation of this Project List.

The estimated costs for each project may be affected by outside factors beyond the District's control. The timing of projects will be established and shall be subject to revision by the Board of Education and will be subject to review by the Citizen's Oversight Committee.

Priority of Projects

The listed projects will be prioritized and completed as needed with the following projects having the highest priority: items with immediate impact on student instruction; projects dealing with health, safety and security; technology improvements; projects that help prevent student overcrowding; and projects that improve efficiency, maximize additional funding resources or that generate ongoing funding or expense reduction.

Accountability Requirements

The provisions in this section are specifically included in this measure so that voters and taxpayers in the District may be assured that their money will be spent wisely. Expenditures to address specific facilities needs of the District will be in compliance with the requirements of Article XIII A, Section 1(b)(3), of the State Constitution and the Strict Accountability in Local School Construction Bonds Act of 2000 (codified at Education Code Sections 15264 and following.)

Evaluation of Needs. The Board has identified detailed facilities needs of the District and has determined which projects to finance from the Bonds. The Board hereby certifies that it has evaluated safety, class size reduction, enrollment growth, and information technology needs in developing the Project List.

Independent Citizens' Oversight Committee. The Board shall establish an Independent Citizens' Oversight Committee under Education Code Section 15278 *et seq.* to ensure bond proceeds are expended only on the school facilities projects listed herein. The committee will be established within 60 days of the date when the results of the election appear in the minutes of the Board.

Performance Audits. The Board shall conduct an annual, independent performance audit to ensure that the bond proceeds have been expended only on the school facilities projects listed herein.

Financial Audits. The Board shall conduct an annual, independent financial audit of the bond proceeds until all of those proceeds have been spent for the school facilities projects listed above.

Special Bond Proceeds Account: Annual Report to Board. Upon approval of this measure and the sale of any bonds approved, the Board shall take actions necessary to establish an account in which proceeds of the sale of bonds will be deposited. As long as any proceeds of the bonds remain unexpended, the Superintendent of the District shall cause a report to be filed with the Board annually, stating (1) the amount of bond proceeds received and expended in that year, and (2) the status of any project funded or to be funded from bond proceeds. The report may relate to the calendar year, fiscal year, or other appropriate annual period as the Superintendent shall determine and may be incorporated in the annual budget, audit, or another appropriate routine report to the Board.

Further Specifications

No Administrator Salaries. Proceeds from the sale of Bonds authorized by this Measure shall be used only for the construction, reconstruction and/or rehabilitation of school facilities including the furnishing and equipping of school facilities or acquisition or lease of real property for school facilities and not for any other purpose, including general administrator and teacher salaries.

The board will appoint a citizens' oversight committee and conduct annual independent audits to assure that funds are spent only on school and classroom improvements and for no other purposes.

TAX RATE STATEMENT FOR MEASURE "M"

As shown on the enclosed official ballot, an election is being held in the Jurupa Unified School District ("District") on June 5, 2012, for the purpose of submitting to the registered voters within the District the question of whether the District shall issue and sell bonds in an amount not to exceed \$125,000,000 for the purpose of providing funds for the specified school facilities and school projects as set forth in the resolution of the District calling such bond election. This measure will authorize a tax sufficient for interest on, and redemption of, the bonds. The bonds shall bear interest at a rate, or rates to be established at such time as the bonds are sold, in one or more series, at fixed or variable interest rates not to exceed the maximum applicable statutory rate for such bonds. If such bonds are authorized and sold, the principal thereof and the interest thereon are a general obligation of the District, payable from the proceeds of *ad valorem* taxes on taxable real property located within the District.

Voters previously approved a local school bond measure at a regularly scheduled election held in the District on November 6, 2001 ("Prior Authorization"). A total tax rate of \$0.06000 per \$100 (\$60.00 per \$100,000) of assessed valuation was authorized under the Prior Authorization, which is expected to end in tax year 2027-2028. Measure "M", if approved by voters on June 5, 2012, would be an extension of the Prior Authorization and would result in no increase in tax rates to property owners in the District. The best estimate of the combined tax rate which would be required to be levied to fund the bond issues during the term of the bond issues, based on estimated assessed valuations available at the time of filing of this statement or a projection based on experience within the same jurisdiction or other demonstrable factors, is \$0.06000 per \$100 (\$60.00 per \$100,000) of assessed valuation.

The following information is submitted in compliance with California Elections Code Sections 9401 through 9404 based on estimates of assessed valuations available at the time of filing of this statement:

- (a) The best estimate of the tax rate that would be required to be levied to fund the bond issue during the first fiscal year after the first sale of the bonds based on estimated assessed valuations available at the time of filing of this statement or a projection based on experience within the same jurisdiction or other demonstrable factors is \$0.00900 per \$100 (\$9.00 per \$100,000) of assessed valuation in fiscal year 2013-2014.
- (b) It is anticipated that the bonds will be sold in more than one series. The best estimate of the tax rate which would be required to be levied to fund such bond issues during the first fiscal year after the last sale of the bonds based on estimated assessed valuations available at the time of filing of this statement or a projection based on experience within the same jurisdiction or other demonstrable factors is \$0.06000 per \$100 (\$60.00 per \$100,000) of assessed valuation in fiscal year 2022-2023.
- (c) The best estimate of the highest tax rate which would be required to be levied to fund the bond issues during the term of the bond issues, based on estimated assessed valuations available at the time of filing of this statement or a projection based on experience within the same jurisdiction or other demonstrable factors, is \$0.06000 per \$100 (\$60.00 per \$100,000) of assessed valuation. It is estimated that the highest tax rate would apply in the 2031-2032 tax year based on assessed valuations available at the time of this filing or a projection based on experience within the same jurisdiction or other demonstrable factors.

Voters should note that these estimated tax rates are based on the assessed *value* of taxable property within the District as shown on the official rolls of Riverside County, *not* on the property's market value. In addition, taxpayers eligible for a property tax exemption, such as the homeowner's exemption, will be taxed at a lower effective rate than described above. Actual future assessed valuation will depend upon the amount and value of taxable property within the District as determined by the Riverside County Assessor in the annual assessment and the equalization process. Property owners should consult their own property tax bills and/or the applicable county assessor and/or tax advisors to determine their property's assessed value and any applicable tax exemptions.

Attention of all voters is directed to the fact that these estimates are based on assumptions and projections derived from information obtained from official sources. The actual tax rates and the years in which they will apply may vary depending on the timing of any bond sales, the amount of bonds sold, market interest rates at the time of each sale of bonds and actual assessed valuations over the term of repayment of the bonds. The timing of the bond sales and the amount of bonds sold at any given time will be governed by the needs of the District, including the legal limitations on bonds approved by a 55% vote. The actual interest rates at which the bonds will be sold will depend on the bond market at the time of each such sale.

IMPARTIAL ANALYSIS OF MEASURE "M"

The Board of Education ("Board") of the Jurupa Unified School District ("District") by adopting Resolution No. 2012/24, elected to call an election pursuant to Section 18 of Article XVI and Section 1 of Article XIII A of the California Constitution and Section 15266 *et seq.* of the Education Code to obtain authorization to issue and sell general obligations bonds ("Bonds") in the aggregate principal amount of \$125,000,000.

The Bonds would be used by the District to upgrade instructional technology, improve facilities and equipment for career and technical education classes, improve energy efficiency, improve fire safety and security, and renovate or repair elementary, middle, and high school facilities. The Bonds would not be used to increase salaries, benefits, or pensions for administrators, teachers, or any other school employees.

The Bonds would bear interest at an annual rate not to exceed the legal maximum payable. The Bonds could be sold in several series and would mature no later than forty (40) years following their issuance.

Voters previously approved a local school bond measure at a regularly scheduled election held in the District on November 1, 2001 ("Prior Authorization"). This Prior Authorization allowed an ad valorem tax to be levied and collected on property within the boundaries of the District to pay the principal and interest on those bonds. This current Measure would be an extension of the Prior Authorization and would result in no increase in tax rates to property owners in the District.

For this Measure to be approved fifty-five percent (55%) of qualified voters who vote on the Measure must vote yes.

A "YES" vote on Measure "M" is a vote to allow the District to sell the Bonds and extend the Prior Authorization taxes to pay for the Bonds.

A "NO" vote on Measure "M" is a vote against allowing the District to sell the Bonds and to extend the Prior Authorization taxes to pay for the Bonds.

ARGUMENT IN FAVOR OF MEASURE “M”

Vote YES on “M” to repair Jurupa elementary, middle and high schools, improve education, and prepare local students for today’s highly-competitive job market – WITHOUT raising taxes.

Jurupa students’ academic achievement has been steadily rising, thanks to great educators and smart, tough decision-making during a time of tight budgets.

Today, we must update classrooms, labs and instructional technology to prepare Jurupa students for college and good-paying jobs. Also, we must fix aging, leaky roofs, remove asbestos from old schools and address other urgent safety and repair needs.

If we don’t pass Measure “M” today, these problems will get worse – and more expensive to fix.

Measure “M” will not raise taxes – it simply extends existing voter approval for local school repair funding.

Vote YES on “M” to:

- Upgrade classrooms, science labs and technology to prepare students for college and good careers
- Repair leaky and aging roofs, remove asbestos, replace old and inefficient water systems and repair rundown bathrooms
- Ensure all students have access to instructional technology, labs and libraries that meet 21st-Century learning standards
- Improve security and safety in every school
- Install, repair and upgrade fire safety equipment
- Improve access for disabled students

Measure “M” has tough accountability requirements to protect taxpayers:

- All funds will be used to repair and improve Jurupa schools—not one penny can be taken by state government, and Sacramento politicians will have no say in how these funds are used.
- Annual financial audit and independent citizen oversight will ensure funds are used as promised.

Measure “M” will not raise taxes.

Measure “M” will raise \$125 million in local funds – with local control – for necessary repairs to Jurupa schools, and upgrades to prepare our students for college and good-paying jobs.

Vote YES on “M” for Jurupa schools!

REBUTTAL TO ARGUMENT IN FAVOR OF MEASURE “M”

The “no new taxes argument” isn’t true. The \$125 million will be paid back with money collected from Jurupa taxpayers for **40 YEARS!**

Shame on the District for lying to the citizens of Jurupa Valley!

Look at what the District wants to spend our money on. Things like “asbestos” “leaky roofs” and “fire safety equipment” are all designed to **scare** voters into voting for this bond measure. Then they dangle “technology for the kids” because we all want the best for our children. But **the reality is this:** If we pass this bond measure our children will still be paying for it when they are adults. Is that what is best for our children?

Another **important issue** to consider is that **everything** the District says they want to buy **will be worn out, broken, or out dated decades before this bond issue is paid off with our tax dollars.** Bond money should not be used as a credit line to pay for short term needs. Bond money should be used to build permanent infrastructure or buildings, not pay for computers or sprinklers. It is **not good financial practice** to pay for something for 40 years that will be worn out or outdated in five or ten years.

We all want the best for our children. But do we want our children to be paying for this bond when they have children? It just doesn’t make good financial sense in these hard economic times.

ARGUMENT AGAINST MEASURE “M”

EVER-RISING TAXES MUST STOP, “NO” ON MEASURE “M”

Jurupa unified school district's lack of fiscal responsibility makes it VERY hard to support any additional Bond Measure the school District may again try to squeeze by a minority of the Jurupa Valley Voters.

No on Measure “M”, Jurupa Unified School District General Obligation Bond in the amount of \$125 Million Dollars. The bond heading states without increasing Tax Rates. True, but more so false. In 2001 Jurupa unified school District squeezed a Fifty Million Dollar Bond by the Local Jurupa Valley Taxpayers. That Fifty Million Dollar Measure C Bond was matched, by the State of California with an additional Fifty Million Dollars to make the total ONE HUNDRED MILLION DOLLARS. Cost to every Homeowner in the Jurupa Valley City Limits \$43.35 Dollars added to every home owners property tax, per every \$100,000.00 of Assessed, Full Value, of your property for the next TWENTY FIVE YEARS, BY ADDING THIS LATEST ONE HUNDRED AND TWENTY FIVE MILLION DOLLAR BOND TO THE 2001 BOND AND EXTENDING THE TERM LIMIT FROM 25-YEARS TO FORTY-YEARS, ADDS YEARS NOT DOLLARS TO YOUR PROPERTY TAX, DISCOURAGING ANY FUTURE BUYER OF YOUR PROPERTY IN HAVING TO PAY ADDITIONAL PROPERTY TAX BY-PASSING PROP 13. The 2001 Bond was To do exactly and more than the 2012 Jurupa Unified School District Measure “M” bond is allegedly designed to do. One Hundred Million Dollars, which was to be used to Build New Schools, Refurbish and re-roof older schools.

ONE HUNDRED MILLION DOLLARS BUILT ONE HIGH SCHOOL COMPETED approximately FIFTY PERCENT OF THE REFURBISHING AND RE-ROOFING. BUT IT DID ADD TWO AND ONE HALF MILLION DOLLARS TO THE JURUPA UNIFIED SCHOOL DISTRICT GENERAL FUNDS, which allows unaccountable spending limitations.

REBUTTAL TO ARGUMENT AGAINST MEASURE “M”

We respectfully disagree with our opponent. Jurupa Unified School District has done a terrific job with past, voter-approved funding. Projects have been completed as-promised, on-time and on-budget.

We're pleased to join with former Chairs of the Independent Citizens' Oversight Committee (Dr. Ed Hawkins and Dave Barnes in asking you to vote Yes on Measure “M” to repair aging Jurupa schools, and prepare local students with the skills for an increasingly competitive job market.

The Independent Citizens' Oversight Committee was responsible for providing outside accountability over the school district's past bond spending. Independent, public audits were performed each year. Volunteer committee members monitored projects very closely. Their support of Measure “M” is testimony to the sound fiscal management of our local school district. In fact, Jurupa taxpayers have saved money on the past bond, which has cost nearly 20% less annually that initially projected.

Measure “M” will not increase taxes, as our opponent acknowledges.

Measure “M” will upgrade science labs, classrooms and instructional technology to ensure Jurupa students have the skills they need for college and careers in the 21st Century.

Measure “M” will fix leaky, aging roofs, remove asbestos, and make other essential repairs to aging classrooms and schools.

Measure “M” will improve student safety and security at every school.

Measure “M” will raise \$125 million for local school repairs and upgrades: vital funds that can't be taken by State government.

Please join us, along with thousands of our Jurupa Valley neighbors, and vote YES on “M” for our students.
