Election News **UPDATE**

Top-Two Open Primary Act

Under the Top-Two Open Primary Act, passed by voters in June 2010, you may vote for any candidate running for a congressional and state legislative office, no matter which political party they belong to. Only the top two vote-getters, regardless of party preference, will move on to the general election in November.

The Top-Two Open Primary Act does NOT apply to candidates running for U.S. President or central committee offices. You may only vote for candidates from the party in which you are registered.

Non-partisan offices (such as judges, county supervisors, and city council and school board members) remain open to all eligible voters.

Redistricting

New electoral district boundaries are drawn every 10 years, in order to equalize district populations. Boundaries for the congressional, state legislative, county supervisorial, and county board of education districts are now different. To see the new district maps, visit the Registrar of Voters website at www.voteinfo.net.

California Primary Elections

**NEW LAW
Took Effect
January 1, 2011**

The Top Two Candidates Open Primary Act requires that all candidates for a voter-nominated office be listed on the same ballot. Previously known as partisan offices, voter-nominated offices are state legislative offices, U.S. congressional offices, and state constitutional offices.

In this new open primary system, this means you can vote for any candidate, regardless of what party preference you indicated on your voter registration form. Only the two candidates receiving the most votes — regardless of party preference — move on to the general election regardless of vote totals. If a candidate receives a majority of the vote (50 percent +1), a general election still must be held. Even if there are only two candidates in the open primary, a general election is still required.

California's new open primary system does not apply to candidates running for U.S. President, county central committee, or local offices.

California law requires that the following information be printed in this pamphlet

Party-Nominated/Partisan Offices

Political parties may formally nominate candidates for party-nominated/partisan offices at the primary election. A nominated candidate will represent that party as its official candidate for the specific office at the general election and the ballot will reflect an official designation. The top vote-getter for each party at the primary election moves on to the general election. Parties also elect officers of county central committees at the primary election.

A voter can only vote in the primary election of the political party he or she has disclosed a preference for upon registering to vote. However, a political party may allow a person who has declined to disclose a party preference to vote in that party's primary election.

Voter-Nominated Offices

Political parties are not entitled to formally nominate candidates for voter-nominated offices at the primary election. A candidate nominated for a voter-nominated office at the primary election is the nominee of the people and not the official nominee of any party at the general election. A candidate for nomination to a voter-nominated office shall have his or her party preference, or lack of party preference, stated on the ballot, but the party preference designation is selected solely by the candidate and is shown for the information of the voters only. It does not mean the candidate is nominated or endorsed by the party designated, or that there is an affiliation between the party and candidate, and no candidate nominated by the voters shall be deemed to be the officially nominated candidate of any political party. In this sample ballot booklet, parties may list the candidates for voter-nominated offices who have received the party's official endorsement.

Any voter may vote for any candidate for a voter-nominated office, if they meet the other qualifications required to vote for that office. The top two vote-getters at the primary election move on to the general election for the voter-nominated office even if both candidates have specified the same party preference designation. No party is entitled to have a candidate with its party preference designation move on to the general election, unless the candidate is one of the two highest vote-getters at the primary election.

Nonpartisan State Offices

Political parties are not entitled to nominate candidates for nonpartisan offices at the primary election, and a candidate at the primary election is not the official nominee of any party for the specific office at the general election. A candidate for nomination to a nonpartisan office may NOT designate his or her party preference, or lack of party preference, on the ballot. The top two vote-getters at the primary election move on to the general election for the nonpartisan office.

HOW TO USE THIS SAMPLE BALLOT

1. **POLITICAL PARTY PREFERENCE:** If you are not sure about your political party preference, look at the front of this booklet or at the address label on the back cover. You may also check your political party preference on our website at www.voteinfo.net or by calling (951) 486-7200.
If you chose a political party preference when registering to vote you will be issued an official ballot which will include that political party's U.S. Presidential and central committee candidates. Voter-Nominated and Nonpartisan contests will also be included.
2. **NO PARTY PREFERENCE AND NONPARTISAN:** If you did not indicate a political party preference or you registered with an unqualified political party, then you will be issued the **No Party Preference / Nonpartisan** ballot. Your ballot will include congressional, state legislative, and nonpartisan contests, **not U.S. Presidential Candidates**. However, for this election, two parties are allowing cross over voting for their Presidential Candidates. You may request one of the following ballots:

Democratic Party

American Independent Party

3. **PARTISAN OFFICES in the SAMPLE BALLOT**
Look at the sample ballot pages that follow. Find the sample ballot pages for the appropriate political party, in order to review your official ballot choices for partisan offices.
If you are a no party preference voter and you choose to vote the nonpartisan ballot, you will not find any of the presidential candidates on your ballot.
4. **VOTER-NOMINATED AND NONPARTISAN SAMPLE BALLOT PAGES**
All voters are eligible to vote on the voter-nominated and nonpartisan portion of the ballot. Following the party sample ballot pages are the voter-nominated and nonpartisan offices, and state and local propositions and measures. The exact issues and offices on your ballot correspond to the location of your residence address, according to what jurisdictions have seats to fill and/or questions to ask.

HOW TO MARK YOUR PAPER BALLOT

Please refer to the following instructions on how to properly complete your official paper ballot.

- ✓ Connect the head and tail of the arrow that points to your choice, like the example provided. Check both front and back of ballot for voting contests
- ✓ Use a black ball point pen. Do not use felt tip, red or gel ink
- ✓ One line connecting the arrow is preferred
- ✓ Vote for no more than the number of votes allowed in each contest (e.g. vote for one, vote for no more than two, etc.)
- ✓ Please keep the vote-by-mail ballot folded the same way as you received it

UNITED STATES REPRESENTATIVE,

ANNA NEVENIC, Democratic

OCCUPATION: Registered Nurse, Author

EDUCATION AND QUALIFICATIONS:

Politics as usual is not an option.

I am running for Congress because I want to bring real change to government and use all my energy and expertise to work on behalf of senior citizens, children, and working families in Riverside County. I value honesty and integrity, and will be your true voice, as there are no wealthy special interest groups bankrolling my campaign.

As a registered nurse, author, and community activist, I have always put the interests of others above my own. As your congresswoman, I promise to fight to end funding for America's wars abroad, bring resources home, and invest in rebuilding our country. We need to refocus our resources and keep our promise to elderly Americans by protecting Medicare and Social Security, as well as securing the future for the next generation by making college tuition affordable. National security requires investment in education, infrastructure, clean energy, and high technology.

Monetary campaign contributions influence legislation that affects people's lives. This influence is pervasive throughout our government, affecting what legislation is introduced, and what becomes law. Lawmakers give away taxpayers' money to the corporations who pay for them to get elected.

I am confident that together we can change the undue influence of big money in politics and the forces that are corrupting our democracy. I will work for social, economic, and environmental justice, and to prevent further erosion of women's rights, but I can only do this with your support and your vote.

JOHN TAVAGLIONE, Republican AGE: 63
OCCUPATION: Businessman / County Supervisor
EDUCATION AND QUALIFICATIONS:

Disgusted by what's going on in Congress?

Join my campaign to fix what's wrong with Washington and get America working again.

I'm a businessman and local elected official who knows how to REBUILD THE ECONOMY.

In Congress, I'll oppose the deficit spending that damaged our economy, created a \$14 trillion national debt and mortgaged our children's future.

I'll fight for middle class jobs, OPPOSE WALL STREET BANK BAILOUTS, close unfair tax loopholes, promote tax incentives for employers who create new jobs, and eliminate excessive regulations that drive jobs to China.

As County Supervisor, I HELPED CREATE TENS OF THOUSANDS OF NEW JOBS that generated in excess of a billion dollars in economic activity.

I'm working to make our county a leader in renewable energy jobs and will fight to make the U.S. energy independent to get gas prices down.

I am also pushing to create new, high-paying jobs at UC Riverside by building a new medical school.

As County Supervisor, I BALANCED THE BUDGET by cutting waste. I'm a FISCAL CONSERVATIVE who SAVED MILLIONS OF DOLLARS consolidating county agencies and enacting pension reform.

In Congress, I'll fight to cut government waste and ensure America keeps its promise to retirees by protecting Medicare and Social Security programs.

I'm a U.S. Army veteran determined to get our nation back on track and get America working again.

My campaign has been endorsed by Riverside Mayor Ron Loveridge as well as majorities of the Riverside, Perris, Moreno Valley, and Jurupa Valley City Councils.

STEVE CLUTE, Democratic

OCCUPATION: Non Profit Director

EDUCATION AND QUALIFICATIONS:

Following a career as a Navy jet pilot, I was elected to the State Assembly five times. I authored the School Facilities Bond Act of 1990 and the Veteran's Bond Measure of 1988. After working years in education, business development and the non-profit sector, I wish to return to Sacramento as your State Senator for the 31st State Senate District. I believe my experience is vital to a legislature which appears dysfunctional and lacks solutions to serious problems.

I am a Democrat who is conservative on fiscal issues and moderate on social issues.

I am pro small business, pro collective bargaining, pro veteran and pro working man/woman.

I support funding for key services from law enforcement, education, fire and medical care access which realistically match Riverside County's high growth rate.

I support the establishment of a UC Riverside medical school.

I married Pamela in 1977 and she teaches mathematics at UC Riverside.

I pledge to you that I will place your interests as constituents above my self-interest. I will be a problem solver. I will be accessible and I will listen to what you say.

ERIC LINDER, Republican

OCCUPATION: Corona Business Owner

EDUCATION AND QUALIFICATIONS:

California's government is a mess. Paralyzed. Broken.

And when they act, the Democrats in Sacramento only seem to make problems worse.

As a small business owner in Corona, I'm running for Assembly to shake things up and get things done.

After more than ten years in the real estate industry, I started my own small business a few years ago. I've felt the pains of having to make ends meet when times are tough - lessons that need to be learned in Sacramento.

Balancing a budget. Helping small businesses thrive to get our economy growing and companies hiring. Saying no to new taxes.

I was a founding member of the Corona Taxpayers Association, and currently serve as Vice-Chairman of the Riverside County Republican Party. I'm a Norco High graduate, and Corona homeowner.

On day one, I'll introduce legislation to get rid of the DREAM Act, which subsidizes illegal aliens to attend college. We need to secure our border, instead of spending taxpayer money for illegal aliens to attend our schools.

We need to stand up to Sacramento Democrats who only know one answer to any problem: raising taxes. I know the struggles that working Californians are going through. The last thing we need these days are higher taxes.

I'll never vote for a tax increase.

It's time for someone who will stand up to the self-serving politicians who only look to benefit themselves.

For conservatives looking for someone to fight for their values, I'm asking for your vote.

GREG KRAFT, Republican

AGE: 52

OCCUPATION: Peace Officer / Educator

EDUCATION AND QUALIFICATIONS:

Our state is in trouble. Schools are falling further behind; dangerous criminals are being released early into our communities; good jobs are scarce and the state is deep in debt. Sacramento politicians don't care or don't know what to do.

As a school board member, former small business owner and a sworn peace officer, I have a proven record of getting things done. I'm Fiscally Responsible, Pro-Schools, Pro- Public Safety and Tough on Illegal Immigration.

The Riverside Sheriffs Association, Desert Center Chamber of Commerce and Riverside County's Superintendent of Education all endorse me, as do over 30 current and former local Mayors, Councilmembers, School and Law Enforcement leaders from every corner of our district.

As your Assemblyman, I'll work to:

STOP the early release of criminals into our communities.

BRING good jobs to our area through reduced regulations and lower fees on local business.

BALANCE THE BUDGET and PRIORITIZE government spending on: PUBLIC SAFETY, SCHOOLS, ROADS, WATER.

The government needs to get its fiscal house in order. Tax increases are not the answer – we already pay enough. The answer is to cut waste and get spending under control. On the Alvord School Board I have instilled strong fiscal discipline and kept us above water in tough fiscal times.

I've been married for 29 years and have 5 children and 2 grandchildren. I've served as a Little League Coach and Boy Scout leader.

STAN SKIPWORTH, Republican

AGE: 51

OCCUPATION: Councilmember / Retired Chief

EDUCATION AND QUALIFICATIONS:

As a Retired Police Chief with a 31-year career of serving communities, I know first hand how to protect families and keep their homes and businesses safe. As a twice-elected and current City Councilmember, I continue to work on developing our business community and work with our schools to invest more in our communities and keep our region one to be proud of. And as a former Mayor, I've led and contributed to several efforts that have helped us rise above unprecedented economic challenges by setting reasonable and responsible budgets and working with people to meet those goals.

The State of California however isn't working to meet the needs of families, our children or our businesses. That is why I am dedicated to making our priorities the things that are truly important, and I will work to change the laws and rules that businesses struggle with every day and help them grow and add jobs to our local area. I will work to restore the commitment we once made to our children by making education a priority once more. And I will fight higher taxes and work on fixing a State Budget that is both untenable and unacceptable for the real needs we as Californians have.

I respectfully ask for your vote and to begin the process of making our region strong again. To learn more, I invite you to visit www.StanSkipworth.com. As a Retired Police Chief, former Mayor, and City Councilmember, I am prepared to do this very important work.

I strongly believe that the standard set for judges thousands of years ago is as true today as it was then: *"You shall not give an unjust decision; do not be partial to the poor nor show favor to the rich; but rather judge your neighbor fairly in the same manner as your own family to be judged."*

I will keep this standard on my desk and promise you that I will do my best to live up to this standard; whether it be about us, our property or the safety of our neighborhoods, schools and children. My 17 years as a Prosecutor and 14 years as Defense Counsel has given me the maturity, broad life experience and knowledge to be a fair and impartial Judge.

AGE: 57

OCCUPATION: Deputy District Attorney, retired

EDUCATION AND QUALIFICATIONS:

For 18 years I had the honor of serving the people of Riverside County as a Deputy District Attorney. Now it would be my honor to serve you as a Judge.

My judicial philosophy is clear. A judge must always uphold the Constitution and follow the law. Justice must be fair, firm, and unbiased. Convicted criminals should be sentenced appropriately and crime victims' rights protected.

As a Deputy District Attorney I handled thousands of cases, successfully prosecuting career criminals, gang members, and drug dealers. I helped Riverside County's Drug Court Program gain national prominence. I also developed Riverside County's Environmental Crime Prosecution Program and convicted developers for illegally dumping hazardous waste.

Assigned to the American Prosecutors Research Institute, I created a national center to support local environmental crime prosecutions to protect our land, air, and water.

My record as a prosecutor has earned me the support of Riverside County's Deputy District Attorneys.

Since my retirement I have operated a part-time law practice handling matters of juvenile dependency and criminal law. My wife is a school teacher. We've been married 29 years and have two children in college.

AGE: 56

OCCUPATION: Businessman

EDUCATION AND QUALIFICATIONS:

For 32 years, my wife and I have called Riverside home. This is where we raised our children and where they are raising their children. It is where we started and still own our business.

As Mayor, my extensive business and strong decision-making experience will assist me in making job creation a top priority. I will work to make Riverside friendly and attractive to businesses that create the private sector jobs we desperately need.

Secondly, I will improve fiscal responsibility at City Hall. City spending must be reeled in by cutting wasteful spending and excessive salaries. As Mayor, I will voluntarily reduce my pay and significantly reduce overall mayoral office expenses.

Thirdly, I will ensure an open-door policy at City Hall. Decisions must be made openly, with public input-not behind closed doors. The Mayor's office should be moved to the first floor of City Hall, making the Mayor more accessible to the public.

As the City of Arts and Innovation, we must cultivate leading health care, excellent education, and an abundance of recreation and entertainment opportunities.

We must never forget that the most important part of Riverside is the families that call it home.

OCCUPATION: Ward 1 Councilmember

EDUCATION AND QUALIFICATIONS:

I have a vision of Riverside's future. I want to rebuild our manufacturing base and attract new white collar jobs, create a sustainable community for future generations to enjoy, and make local government activities more transparent.

Riverside has made huge strides in recent years, gaining a position in the state and national spotlight far above other cities of our size, and I am proud of the role I have played in this as a Councilmember and as a resident. Moving forward, we need the right leadership to continue to grow and attract the businesses and industries we want: clean manufacturing, health care, research, and technology. Otherwise, we risk sliding backward to become a place of cheap dirt and warehouses.

The selection of Riverside's next mayor is critical. With our long-time mayor retiring, a new city manager, and budget turmoil resulting from the dissolution of Redevelopment, Riverside's next mayor must be a proven leader and a consensus builder. Our city needs someone with a firm understanding of what Riverside is, a vision of what Riverside can be, and the experience and skills to achieve that vision.

Please contact me with questions or suggestions. I would appreciate your vote.

IMPARTIAL ANALYSIS OF MEASURE “E”

City of Riverside Measure “E”

(Creation of a New Charter Officer, the City Auditor –Charter Section 700)

If approved by a majority of the voters, this Measure would amend the Riverside City Charter to include a new Charter officer, the City Auditor, appointed by the City Council, with the powers and duties of the City Auditor set by ordinance of the Riverside City Council.

The Riverside City Charter currently provides for the appointment, by the Riverside City Council, of three Charter officers: the City Attorney, the City Clerk and the City Manager. This Measure, if approved by a majority of the voters, would add an additional Charter officer, the City Auditor. The powers and duties of the City Auditor would only be set by the Riverside City Council through the adoption of an ordinance, and would not be set forth in the Riverside City Charter.

If this Measure is approved, no immediate fiscal impact is anticipated. Ultimately, the structure of the Office of the City Auditor as outlined in a future ordinance would dictate whether additional funding will be required. Possible changes could include funding for additional staff, as well as the creation of new classifications and/or revisions to salaries for existing classifications. Absent such changes, the City of Riverside has indicated that the existing budget of the City Manager's Office Internal Audit Division would remain sufficient to fund the City Auditor.

This Impartial Analysis is hereby submitted to the Elections Official in conformance with Section 9280 of the Elections Code of the State of California. This Measure does not result in any new City powers.

ARGUMENT IN FAVOR OF MEASURE “E”

The Charter should be changed to provide for the appointment of a City Auditor reporting directly to the City Council. Currently the city auditor reports to the City Manager. Separation of duties ensures that financial execution and review are not overseen by the same person. Separation is improved when the auditor is appointed by and reports directly to the City Council which is consistent with their overall fiduciary role. There would be no direct cost increase resulting from this change. The current staff and functions would simply be moved to report to the City Council instead of the city manager. The annual, legally-required, external audit would not be affected.

Many large cities in California have council-appointed city auditors. The increased independence of the audit function fosters transparency, citizen confidence, and legislative accountability. It should be noted that this item was the single most requested suggestion by those testifying before the Charter Review Committee in 2011. The consistent theme of the comments is that this new position will increase citizen confidence in the decisions made by City management in terms of both fiscal and operational matters.

To provide flexibility over time, the exact powers and duties of the City Auditor would be detailed by ordinance adopted by the City Council. The duties would likely include financial performance and special operational audits, development of an annual audit plan, and regular reports to the City Council.

City of Riverside Measure “F”

(Creation of the Commission on Sustainability - new Charter Section 811)

If approved by a majority of the voters, this Measure would amend the Riverside City Charter to add section 811, entitled “Commission on Sustainability.” The measure will create a new commission to advise the Mayor and City Council on matters of sustainability as it pertains to environmental stewardship, economic development, and regional advantages as a means of pursuing a higher quality of life. The powers and duties of that commission would be set by ordinance of the Riverside City Council.

If the Measure is approved by the voters, the Charter would specifically provide that the Commission on Sustainability is prohibited from having any supervisory powers over the actions or duties of City employees or the operations of City Departments, or other Boards or Commissions, or from having any authority or discretion which would supersede or conflict with authority otherwise vested in the City Council or any other Board, Commission or body by the Charter, State or Municipal law.

If this Measure is approved, no immediate fiscal impact is anticipated. Current Riverside City staff would assist the new Commission on Sustainability in carrying out its duties and functions. Ultimately, the powers and duties of the commission as outlined in a future ordinance would dictate whether additional funding will be required, although no such additional funding is anticipated.

This Impartial Analysis is hereby submitted to the Elections Official in conformance with Section 9280 of the Elections Code of the State of California. This Measure does not result in the creation of any new City powers.

ARGUMENT IN FAVOR OF MEASURE “F”

The proposed Sustainability Commission would advise the Mayor and City Council on the protection and development of efficient governance principles, economic development, and environmental stewardship. This commission's placement in the City Charter makes sustainability a planning and visioning priority with a formal citizen voice.

As a charter commission, it ensures that matters relating to the long term vitality of the city are not overlooked and that complimentary efforts throughout the commissions and boards are coordinated toward effectiveness and efficiency by institutionalizing a venue where innovative ideas and solutions can be presented and discussed in an atmosphere of proactive study. This will fortify Riverside’s proud tradition of independence, forward thinking, and regional leadership, provide for economic vitality long into the city’s future, and ensure that it has enough resources to sustain Riverside’s quality of life.

The powers of and duties of the Commission include: 1. Assemble information and report periodically to the Mayor and City Council, making recommendations and advising them on matters of efficiency, environmental mitigation/enhancement, and sustainable economic development; 2. Facilitate coordination between existing and proposed programs for community and economic sustainability; 3. Research and report to the Mayor and City Council on studies as may be assigned by the City Council.

This Commission or any member will not have supervisory powers over the actions or duties of City employees, the operations of City Departments or other boards and commissions. The commission will not set policy or require any entity within the city to appear before it for approval of any plan or action. No recommendation or decision of the Commission will supersede the authority otherwise vested in the City Council or any board, commission or body created by the Charter, State or Municipal laws. The Commission will not have the authority to create or institute any fees.

IMPARTIAL ANALYSIS OF MEASURE "G"

City of Riverside Measure "G"

(Revising Schedule for Run-Off Elections
for Councilmembers - Charter Section 400)

If approved by a majority of the voters, this Measure would amend the Riverside City Charter to provide that if, in the June election for Riverside City Council, no candidate receives a majority of the total votes cast, the run-off election would be held on the last Tuesday in August instead of on the first Tuesday in November.

The current Riverside City Charter provides that elections for Riverside City Councilmembers are held in June; if no candidate receives a majority of the total votes cast, then a special run-off election is held in November. This Measure, if approved by a majority of the voters, would move the run-off election to August, thereby shortening the time period between the June election and the run-off election to approximately two months instead of the current five months.

If this Measure is approved, it is anticipated to have a negative fiscal impact upon the City of Riverside. The current cost of the November run-off elections is \$150,000; the change in Riverside City Council run-off elections to August will increase costs up to \$47,000 per election cycle, plus a one-time charge of \$58,000 for voter notification. The election cycle is every two years, for Riverside City Council Wards 1, 3, 5 and 7, and then Wards 2, 4 and 6.

This Impartial Analysis is hereby submitted to the Elections Official in conformance with Section 9280 of the Elections Code of the State of California. This Measure does not result in any new City powers.

ARGUMENT IN FAVOR OF MEASURE “G”

Crucial City decisions are dependent upon an efficient method to guarantee that all elected Council members are installed into office in a timely manner. The current system extends the period of uncertainty and inefficiency for 5-6 months. The proposed shortened election run-off period would increase the potential for voter attention to remain focused on the candidates and issues that were presented during the campaign for the General Election.

A shorter run-off will reduce the campaign costs for the candidates and their supporters. Time commitment for campaign volunteers is shortened.

Previous run-off elections were conducted in a similar 60 day period (Dec.-Jan.); therefore, experience indicates that a shortened run-off campaign can be effective. The months of July-August are not significantly different in terms of voter availability or attention than December-January.

The election costs for the City of Riverside to conduct a special run-off election for City Council in comparison to the inefficiencies of a longer election period are not significant.

By: Wendel W. Tucker, Member Riverside Charter Committee

REBUTTAL TO ARGUMENT IN FAVOR OF MEASURE “G”

Except in the rare case of a vacant council seat the incumbent will continue to represent the ward pending the outcome of a runoff election. This is true whether the period is 60 days or five months, and is unrelated to efficiency of government or elections.

It is difficult for a non-incumbent candidate to raise money for a campaign. This is compounded when there are multiple contenders in the general election. A candidate needs time to raise funds and to campaign after the race is narrowed to the two finalists. If one candidate is the incumbent they have a clear advantage in fundraising. And of greater importance, the extra time allows the challenger a better opportunity to walk precincts and meet voters. This results in a better informed electorate.

The added cost of moving runoff elections to August are not major; however, taxpayers should not spend additional funds to create advantages for incumbents. A longer period between the general and runoff election is not inefficient. It is just longer, and in this case more equitable.

We urge a “No” vote.

By: Ronald O. Loveridge, Mayor

Mike Gardner, Ward 1 Councilmember

ARGUMENT AGAINST MEASURE “G”

We are strongly opposed to Measure “G” and urge a “No” vote on limiting the time for city council run-off elections. It is not reform.

For us, the reasons to vote “No” are important, and persuasive.

First, limiting the time between elections helps incumbents. They are typically better known and better funded, so a shorter time works to their advantage. A challenger’s best opportunity is to knock on more doors and speak to more voters. This takes time.

Second, the proposed change means higher election costs. The first council run-off elections cycle would cost taxpayers \$105,000. Each additional cycle would cost \$55,000. There are much better ways to spend your dollars.

Third, the proposed change means the run-off campaign would occur in July and August, Riverside’s hottest months. Many people vacation then. Candidates would be less likely to meet constituents by walking and knocking on doors. Residents would lose their opportunity to meet candidates, the best chance to get to know local office seekers. A shorter time frame will also limit the number of forums and group meetings.

And most importantly, fewer people will vote. Limiting the time for campaigning and setting the election date for the last Tuesday in August will surely reduce voter turnout. The objective should be more people voting, not fewer.

The purpose of run-off elections should be to select the best candidates. Convenience for incumbents is not a valid reason to limit the time for our run-off elections. Looking at past Riverside elections, it’s our judgment that more time rather than less time results in the best information for voters to elect members of the Riverside City Council. We urge a “No” vote on Measure “G”.

By: Ronald O. Loveridge, Mayor

Mike Gardner, Ward 1 Councilmember

REBUTTAL TO ARGUMENT AGAINST MEASURE “G”

The Charter Review Committee overwhelmingly supported the concepts of Measure “G” in order to provide an expedited and efficient process for city council run-off elections.

First, the most important reason for a shortened election process is to insure a prompt change of leadership in order to expedite city business. A lengthy run-off process continues the period of time during which important decisions can be delayed as council members wait for the incoming council member. There is a tendency to forego timely and sensitive issues because of political pressures.

Second, the argument that a shortened run-off period favors the incumbent is shallow because it assumes that there is an incumbent on the ballot; further that the incumbent will always be one of the top two selected by the voters.

Third, as stated in the Argument In Favor Of Measure “G”, the additional costs and time commitments expected of candidates, their supporters and campaign volunteers is not justified by an extended run-off process. Weather and vacations are not compelling reasons to extend the election process.

Finally, the voters of the City of Riverside deserve a process that will expedite the installation of the duly elected official and the continuance or change of leadership and decision-making.

IMPARTIAL ANALYSIS OF MEASURE “H”

City of Riverside Measure “H”

(Eliminate Authority of City Manager to Appoint/Remove Employees of City Attorney and City Clerk - Charter Section 601)

If approved by a majority of the voters, this Measure would amend the Riverside City Charter to eliminate the authority of the City Manager to approve or disapprove appointments and removals of subordinate employees of any Riverside City Charter officer, including the City Clerk and City Attorney.

The current Riverside City Charter provides that the City Manager can approve or disapprove all proposed appointments and removals of subordinate employees by department heads or officers, including the subordinate employees of the City Attorney and the City Clerk. The City Attorney and the City Clerk are directly appointed and removed by the City Council, not the City Manager. This Measure, if approved by a majority of the voters, would eliminate the authority of the City Manager over the appointment and removal of subordinate employees of the City Attorney and the City Clerk. The City Attorney and the City Clerk would have then have power to approve or disapprove all proposed appointments and removals of their own subordinate employees.

If a majority of the voters approve Measure “E” (“Creation of a New Charter officer, the City Auditor”), this Measure would also eliminate the authority of the City Manager over the appointment and removal of subordinate employees of the City Auditor, and the City Auditor would have the power to approve or disapprove all proposed appointments and removals of their own subordinate employees.

If this Measure is approved, no fiscal impact is anticipated.

This Impartial Analysis is hereby submitted to the Elections Official in conformance with Section 9280 of the Elections Code of the State of California. This Measure does not result in any new City powers.

ARGUMENT IN FAVOR OF MEASURE “H”

The City Charter creates the Offices of the City Manager, City Clerk, and City Attorney. These three officers are appointed by and report to the City Council with separate duties and responsibilities set forth in the Charter and State Law. All three work cooperatively to achieve the City Council goals and serve the citizens of Riverside. The current Charter gives the City Manager authority to approve personnel decisions of the City Attorney and City Clerk. We believe this provision needs to be changed. Interference or undue influence by the City Manager upon the employees of the City Attorney and City Clerk is contrary to the intent of the Charter. It intentionally separates the offices directly accountable to the Members of the City Council elected by the citizens to represent them. Independent legal counsel, fair and impartial conduct of elections, and safe and accessible official records of the City are safeguarded in this way.

To ensure the independence of these offices without undue influence of one upon the other, the proposed Charter amendment eliminates the City Manager’s authority to approve or disapprove the hiring and firing of employees of the City Attorney and City Clerk. At the City Council meeting of February 7, 2012, when the City Council agreed the voters should decide this issue, the City Manager stated he agreed with this recommendation.

City of Riverside Measure "I"

(Remove Oversight of Street Trees from Park and Recreation Commission - Charter Section 809)

If approved by a majority of the voters, this Measure would amend the Riverside City Charter to remove oversight of the maintenance of parkways, shrubs, and trees within street right-of-way from the Park and Recreation Commission.

The current Riverside City Charter provides that one of the powers and duties of the Park and Recreation Commission is to consider the annual budget and act in an advisory capacity to the Riverside City Council in all matters pertaining to parks, recreation, parkways and street trees. This Measure, if approved by a majority of the voters, would remove "parkways and street trees" from the powers and duties of the Park and Recreation Commission. "Street trees" includes all trees on City streets and medians. The Park and Recreation Commission would retain oversight authority over trees in City parks. The City Council would continue to exercise oversight of City street trees.

If this Measure is approved, no fiscal impact is anticipated.

ARGUMENT IN FAVOR OF MEASURE "I"

The city of riverside has the distinction of possessing more than 110,000 trees that line our parkways and streets. Riverside has been referred to as "the city of trees" on more than one occasion. The city of riverside feels so strongly about the care and maintenance of these assets that they employ a fulltime urban forester to work with and advise the public works department on tree and shrub care in our street right-of-ways. He follows a comprehensive urban forestry program and provides expert decisions in arboriculture. He works with the 311 system to attend to any concerns citizens may have regarding trees within street right-of-way.

With these standards in place, it is time to update our city charter section 809, as set forth in measure "I", to reflect current assignment of these responsibilities to the public works department. The current park and recreation commission discussed this change and it was the general consensus that the public works department is doing an excellent job of maintaining trees in the street right-of-ways.

A yes vote on measure "I" is an update to the city charter to reflect a comprehensive care and maintenance program, already carefully crafted, to take care of our city street trees and parkways.

(Electronic Advertisement of Bids for Public Projects - Charter Section 1109)

If approved by a majority of the voters, this Measure would amend the Riverside City Charter to provide that that Riverside City shall advertise bid opportunities for public works construction projects by electronic means (such as Riverside City's website or the Internet) instead of in the newspaper.

The current Charter provides that the City of Riverside must advertise bid opportunities for public works construction projects that are estimated to cost \$50,000 or more in a newspaper of general circulation. This Measure, if approved by a majority of the voters, would change the advertising requirement from a newspaper to "electronic means." One example of an electronic means of advertisement is through the City's website.

If this Measure is approved, it is anticipated to have a positive fiscal impact upon the City in that it would eliminate the cost of newspaper advertisement of bid opportunities for public works construction projects. The average cost of advertising a bid opportunity for public works construction projects in the newspaper is \$100.00 - \$200.00.

ARGUMENT IN FAVOR OF MEASURE "J"

City of Riverside Charter Amendment Measure "J", proposes a common sense amendment to an outdated requirement to publish Public Bid Notices in a local newspaper of general circulation.

Traditional print media (i.e. a local newspaper) is no longer the most effective tool for the contracting industry or city agencies seeking competitive bids for public works projects

Currently, construction bidders seeking opportunities to bid on public works projects, utilize Internet websites, industry publications, regional plan rooms, and other electronic media sources for bid notices. Voting in favor Measure "J" provides for a more open and competitive bidding process.

All other public works contract requirements in the City Charter will remain unaffected.

City of Riverside Measure "K"

(Non-Substantive Changes - Various Charter sections)

This Measure contains multiple clarifying amendments to the Riverside City Charter, as further described below.

This Measure, if approved, would result in the following title changes, none of which would result in any change to the current powers and duties of these positions: (1) the title of "librarian" would be changed to "Library Director;" (2) the title of "Controller" would be changed to "Chief Financial Officer/Treasurer;" and (3) the title of "Planning Director" would be changed to "Community Development Director."

This Measure, if approved, would eliminate the requirement that the Chief Financial Officer/Treasurer provide written distribution of certain financial reports to the Riverside City Council, but would not eliminate the obligation of the Chief Financial Officer/Treasurer to provide such reports.

This Measure, if approved, would change the method of public distribution of the proposed budget from copies in libraries to posting on the City's website, but would not change the requirement to distribute copies of the final budget in City libraries.

This Measure, if approved, would eliminate references in the Riverside City Charter to the following taxes, none of which are currently being levied: a tax to pay all bonds and liabilities of Riverside City, a tax to pay Riverside City's obligations to the Public Employees' Retirement System, and a library tax. This measure does not change Riverside City's duty to fund these obligations, and Riverside City currently funds these obligations through other financial sources.

This Measure, if approved, would add "accessible" before "website" throughout the Riverside City Charter.

This Measure, if approved by a majority of the voters, would revise the Riverside City Charter to require the Riverside City Council to appoint the next charter review committee in 2019. The current law provides that the Riverside City Council shall appoint the committee every eight years. The Measure would preserve the current eight year cycle and align it with the period leading up to a Mayoral general election.

If this Measure is approved, no fiscal impact is anticipated, except for a minor positive fiscal impact resulting from the elimination of the requirement to supply libraries with written copies of the proposed budget.

This Impartial Analysis is hereby submitted to the Elections Official in conformance with Section 9280 of the Elections Code of the State of California. This Measure does not result in any new City powers.

ARGUMENT IN FAVOR OF MEASURE “K”

The Charter Review Committee voted unanimously to endorse within the City’s Charter various Non-Substantive Amendments. These amendments relate to position titles, the elimination of duplicate paper copy distribution of certain documents to City offices and posting of certain public domain documents on the City’s website. These amendments also include grammar corrections, word deletions, removal of obsolete language and changes that reflect current City practices put in place to provide more efficient processes. Language that reflects the City’s intention to be transparent, by adding the word “accessible” before website and by removing language that references a tax no longer collected by the City are also included in these amendments.

These amendments were vetted by those in the city offices, departments or areas that would be expected to implement or adhere to the changes and did not encounter with any detraction. It is the expectation of the Charter Review Committee that these changes are non-substantive in their affect to the implementation of the City’s Charter or that they impose any undue obligations or duties to the City.

The purpose of these changes is to update the language of the City Charter and to allow the Charter to more accurately reflect the intentions and spirit of the City Charter and the City of Riverside. Vote “Yes” on Measure “K”.

REBUTTAL TO ARGUMENT IN FAVOR OF MEASURE “K”

Measure “K” contains more than just simple changes in titles and grammar corrections; it includes the deletion of the word “librarian” from the charter. Notwithstanding the claims in the Argument in Favor of this Measure that the amendments were “vetted”, the Board of Library Trustees was not asked by the administration or the Charter Review Committee to comment on the deletion of “librarian” from Section 808(e) before the recommendations were submitted to the City Council. As Section 808(e) relates to the powers of the Board of Library Trustees, asking them for comment would just seem a common courtesy. But the failure to make this simple request seems to show the lack of respect that the administration has for the library. The library is one of the most important services of the city as seen by the overwhelming support of the voters in the recent passage of Measure “I”. We need professional librarians to run the library, not bureaucrats. The word “librarian” does have meaning; it is important that the word “librarian” remain in Section 808(e).

If the remaining amendments included in Measure “K” are minor or nonsubstantive changes as claimed, the failure to pass Measure “K” will not be a serious blow. In fact, many of the changes included in Measure “K” can be implemented without the charter changes such as the posting of certain public domain documents on the city’s website and by adding the word “accessible”

Please vote “No” on Measure “K”.

By: Barbara A. Purvis

ARGUMENT AGAINST MEASURE “K”

It is with great reluctance that I recommend a vote of “No” on Measure “K”. It is described as making certain non-substantive updates including those related to change of position titles. However, there is at least one substantive change buried among the other “non-substantive” updates. The word “librarian” is being eliminated from Charter Sections 601 and 808 to describe the head of the Library Department. The alleged reason for the removal of the word “librarian” and its replacement with “Library Director” is to have uniformity in the designations for the various Department Heads.

Section 808 (e) relating to the powers of the Board of Library Trustees states: “Approve or disapprove the appointment, suspension or removal of the librarian, who shall be the department head.” During the Charter review process, I suggested that the need for uniformity in titles for Department Heads could be addressed by not eliminating the word “librarian” in Section 808 (e), but by adding the phrase “known as the Library Director” to the end of the section.

My concern about eliminating “librarian” from the Charter was that the Library Director could then be any administrative staff member, not a “librarian”. During the Charter Review, staff suggested the current Job Descriptions do include professional criteria for the position of Library Director. However, Job Descriptions, unlike the Charter, can easily be changed. It was also suggested that the term “librarian” does not spell out any professional qualifications. However, the term “librarian” is defined as a person trained in library science and engaged in library service; and a person in charge of a library, especially the chief administrative officer of a library.
