IMPORTANT NOTICE TO VOTERS

In an effort to maintain current voter rolls and reduce waste, the Riverside County Registrar of Voters will be mailing an alternate residency confirmation notice after the November 2, 2010 Consolidated General Election, pursuant to California Elections Code § 2224 that permits removal from the active voter roll the names of those registered voters who have **NOT** voted in any election nor had their registration updated in the preceding four years.

The pre-addressed return postage-paid card **MUST BE RETURNED** to the registrar of voters if he or she wish to remain on the active voter roll. However, if you receive a card for someone who has moved or does not live at the address shown return the card so that we can maintain a current voter file.

Voters who return the notice with an affirmative response will remain on the active list of registered voters.

Voters who do **NOT** respond affirmatively will be placed on an inactive voter list, and they will no longer receive election materials. If they fail to vote in any election between the time they receive the notice and the next two federal general elections, they may be canceled from the voter file.

UNITED STATES REPRESENTATIVE,
41ST CONGRESSIONAL DISTRICT**

PAT MEAGHER, Democratic

AGE: 58

OCCUPATION: Retired Educator

EDUCATION AND QUALIFICATIONS:

Pat Meagher is married and is the father of nine children, seven of whom are adopted. Two of his children have served in the military in Iraq and Afghanistan. Pat has B.S. and M.A. from Ball State University and has also attended Purdue University, UCLA and the University of La Verne. Pat and his family live in Forest Falls. He is recently retired after a 34 year career as a teacher and then Principal. He is very active in his community and church.

Pat believes that our Representative should be very accessible to the voters in the district. He believes in face-to-face town hall meetings, having multiple offices throughout this large district, including a mobile office so that constituents have access to service.

Pat believes that government should be working for the middle class and that our highest priority should be job creation. He believes that we should separate banking from investing so that the banks can loan to homeowners and small businesses. Over 70% of our jobs are in small businesses and they hold the key to economic recovery along with control of government spending. As a former educator Pat believes that there should be more local control of schools, a reduction of the influence of high stakes single focused tests, and a return to more electives and vocational education. Pat believes that immigration is a federal issue that demands a strong federal response starting with securing our borders.

EDUCATION AND QUALIFICATIONS:

In this election you are faced with a referendum: do you want more of the same in City Council, or do you want to regain respect for citizen needs and opinions, accountability, and have new directions in planning and development of our City?

When elected, here is what I stand for:

1. Water bond proceeds must only be spend on water infrastructure; to use water revenue for non-water purposes is unacceptable - it violates Prop.218.
2. Taxpayer's money should never be recklessly spent, but with responsibility, following basic business principles while reducing debt.
3. Full accountability for nearly one million dollars in taxpayer money given to the Banning Cultural Alliance.
4. The health and safety of Banning residents must never be compromised; the Liberty Energy sludge incinerator is a horrific example of what I consider completely misguided policy. That is why I personally brought forward the ballot petition which subsequently stopped this insane project.
5. The recommendations of a Grand Jury must be followed, not ignored.

My background includes master planning, business development, and fiscal accountability. I am a strong supporter of law enforcement, economic growth and development, and ethical government. I hold BA, Masters and PhD degrees.

My agenda as a councilmember is focused on economic development, job creation, responsible spending of taxpayer dollars and setting policy that moves Banning towards prosperity. EDUCATION AND QUALIFICATIONS:

When I retired twelve years ago, I chose to live in peaceful Banning, never expecting to become involved in local politics. I became concerned about Banning policies when the building of a plant to burn sewage waste was considered. I am one of the authors of the initiative that stopped the approval of that plant. Since then, I have seen our city fail to properly maintain our electric, water utilities and other public services, while user fees have risen drastically. Increased bond debt has depleted our resources. Redevelopment Agency procedures have been so poor that the Riverside County Grand Jury mandated changes, which were shockingly rejected by the city.

Our city needs a new direction. If elected, I will concentrate on bringing fiscal responsibility back to our city, and bringing our utility costs down. We must find ways to utilize our redevelopment funds to satisfy the financial requirements of our utilities. Lowering utility costs are vital to attracting new business activity to our city. Such development is key to generating the tax base to pay for our necessary city services, and will also bring additional customers to our existing business.

APPROVED AND ADOPTED this 14th Day of July, 2010

Bob Buster, Chair
Riverside County Transportation Commission

ATTEST:

Jennifer Harmon
Clerk of the Board

IMPARTIAL ANALYSIS OF MEASURE “K”

In November 2002, the voters of Riverside County approved a 30-year renewal of the transportation sales tax known as Measure “A” to fund certain transportation improvements and programs in Riverside County. Measure “A,” as required by state law, includes a limit on the amount of bonded indebtedness that can be utilized to finance projects. The current limitation on bonded indebtedness backed by Measure “A” revenue, in the aggregate principal amount at any one time outstanding, is not to exceed \$500 million.

This measure, if adopted, would increase the current limitation on bonded indebtedness backed by Measure “A” revenue, in the aggregate principal amount at any one time outstanding, to \$975 million.

An increase in the amount of the bonded indebtedness will not impact the transportation sales tax imposed. An increase in the amount of the bonded indebtedness will allow construction of certain transportation projects to be expedited.

A majority of the electors voting on this measure must vote “yes” in order for the measure to pass. Passage of the measure will result in Ordinance 10-002 of the Riverside County Transportation Commission becoming effective at the close of polls on November 2, 2010.

By: Dana M. Smith,
Deputy County Counsel

ARGUMENT IN FAVOR OF MEASURE “K”

In this economy, nothing is more important than providing jobs – high-paying jobs located here in Riverside County. More importantly we need to create these jobs NOW!

Thanks to record low interest rates and lower bids on new construction, we can reshape Riverside County’s transportation system earlier so that we can better plan for traffic, improve public safety, and provide for a brighter economic future. Most importantly, Measure “K” does not raise, lengthen or effect current tax rates now — or in the future.

Proven Track Record

Measure “K” is based on previous Riverside County voter approval of Measure “A”, a half cent transportation sales tax program. By a two-thirds vote margin, Measure “A” guaranteed implementation of a number of voter-approved projects, they include:

- Widening the 91 Freeway in Riverside and Corona
- Widening I-215
- Improving freeway interchanges in the Coachella Valley, Riverside, Murrieta, Temecula, Moreno Valley and Mira Loma
- Expanding Metrolink service to Moreno Valley and Perris
- Improving major streets throughout the county

Invest in Jobs and Economic Recovery

The purpose of this measure is to allow the Riverside County Transportation Commission to sell an additional \$475 million in bonds to finance voter approved transportation projects. It’s a modest increase over the current level, limits indebtedness to less than 25 percent of the Measure “A” revenues and is based on strict fiscal safeguards.

No New Taxes!

Most importantly, this will be done without raising or modifying the existing Measure “A” tax rate in any way. Investing in additional projects NOW will:

- Create more than 25,000 construction jobs.
- Ensure lower project costs.
- Lower commute times
- Provide additional Metrolink service

Measure “K” will enable Riverside County to invest in voter-approved projects sooner to benefit taxpayers, and do so WITH NO INCREASE IN TAXES.

Vote YES on Measure “K” and help our County recover and succeed NOW!

REBUTTAL TO ARGUMENT IN FAVOR OF MEASURE “K”

Wasteful spending by national, state, and local government is increasing the public debt, bringing calls for higher taxes, and costing people jobs.

The politicians pushing Measure “K” hope voters will ignore that and allow them to borrow nearly \$1 billion in the promise of job creation.

They claim Measure “K” approves a “modest increase” in the debt limit. Raising the debt limit 95% to borrow nearly \$1 billion is hardly modest. It is obscene.

The backers of Measure “K” promise that it will create more than 25,000 jobs. That is a highly questionable claim that sounds much like an empty promise we’ve all heard before from other politicians.

Last year, Congress passed a \$787 billion Economic Stimulus bill that dramatically increased the national debt promising it would create jobs. The President signed the bill promising it would put an end to rising unemployment.

That didn’t happen. Despite the increased deficit spending, unemployment still went up. In Riverside County our unemployment rate was 8.5% before the Stimulus. Today our unemployment rate has soared to 15.3%.

If these borrow and spend policies could not pull our nation out this economic slump, we should not expect them to help Riverside County’s economic recovery.

The Federal Debt is over \$13 trillion and growing. The State’s Debt is set to rise to over \$131 billion. Riverside County’s Debt is \$2.5 billion.

Help break this constant cycle of borrowing by our politicians and force government to live within its means.

Vote No on Measure “K”.

By: Brian Floyd,
Riverside County Taxpayers For Accountable Government

Michael S. Geller,
Moreno Valley Taxpayers Association

ARGUMENT AGAINST MEASURE “K”

Riverside County is \$2.5 billion in debt. Last year, the County spent over \$89 million of taxpayer money to pay the interest on its long-term debt.

Voters should reject Measure “K” because it will allow politicians to increase the amount of debt that we taxpayers will be responsible for paying back with interest.

In a previous election voters were asked to tax themselves to help fund transportation projects. Voters approved this tax with the requirement that our government would limit the amount of debt for these projects to \$500 million.

After voters approved this tax, the politicians trusted with spending the money now claim they need to take on a much higher level of debt. They want to virtually double the amount of debt they can incur for these infrastructure projects and raise the debt limit to an astonishing \$975 million.

The principle and interests payments on such debt will easily be over \$1 billion.

During these tough economic times our scarce tax dollars are greatly needed for the vital services our communities require. Our money should not be spent making even larger interest payments to make already rich Wall Street bond sellers even richer.

When the average person maxes out a credit card and is only making the minimum monthly payment, the credit card company doesn't simply come in and double the cardholders credit limit. We should not be doing that for our local politicians.

Government must live within its means. Instead of allowing government to saddle us with more debt and greater interest payments, we need to stand up and put an end to these borrow and spend policies.

It's time to stop government from borrowing money it doesn't have and hold our local politicians accountable for their spending by voting NO on Measure “K”.

REBUTTAL TO ARGUMENT AGAINST MEASURE “K”

Improve Riverside County roads and create jobs WITHOUT new Taxes! Join Riverside County business and community leaders in voting YES on Measure “K”.

Tell our local officials to deliver needed transportation improvements TODAY.

Measure “K” will:

- **Improve our roads WITHOUT increasing taxes** for the General Fund of Riverside County or any other local government agency.
- Build on the success of the previously approved transportation improvement measure passed by two-thirds of County voters in 2002.
- **Deliver a VOTER APPROVED list of projects that widen our freeways, improve local streets, and support METROLINK service.**

Measure “K” allows the Riverside County Transportation Commission (RCTC), an agency of your local elected representatives, to finance transportation improvement projects when we need them....TODAY! This means voter approved projects will be built years ahead of schedule, saving costs, while creating thousands of good paying local construction jobs NOW!

TAXPAYER PROTECTIONS ARE REQUIRED. Measure “K” continues important taxpayer protections put in place by voters in 2002 requiring funding to be spent on VOTER APPROVED improvements to highways and local streets.

Measure “K” simply allows RCTC, with a proven track record for strict accountability, local control, and an unblemished credit rating, to invest in our County's future. Most importantly, it does this with **NO INCREASE IN TAXES.**

Please join us and vote for Improved Roads and More Jobs. **Vote YES on Measure “K”.**

MEASURE “L” – COUNTY OF RIVERSIDE

The People of the County of Riverside ordain as follows:

SECTION 1. TITLE.

This ordinance shall be known and may be cited as the *Public Safety and Taxpayer Protection Act of 2010*.

SECTION 2. FINDINGS.

- (a) Given current budgetary constraints, the People of Riverside County find that it is necessary and appropriate to protect taxpayers by prohibiting any increases in the current formula for retirement and death benefits provided to public safety employees without a vote of the electorate.
- (b) It is also the desire of the People of Riverside County to protect its public safety employees by ensuring that the widows and orphans of the County's firefighters, sheriff and other public safety employees are provided for if they are killed in the line of duty.
- (c) The People of Riverside County further determine that it will promote budgetary stability to prohibit changes in the formula for retirement and death benefits of public safety officers without a vote of the electorate, so as to allow the County to accurately forecast its future retirement expenditures.
- (d) The People of Riverside County further recognize that reducing the retirement benefits for current employees would be an unlawful impairment of contract in violation of Article I, Section 10 of the United States Constitution, as well as Article I, Section 9 of the Constitution of the State of California
- (e) The People of Riverside County find that fulfilling these goals – of freezing retirement benefits for public safety employees while ensuring that the families of public safety employees killed in the line of duty are provided for – will help the County continue to attract and retain skilled and experienced public safety employees by providing them and their families with predictability in their retirement and death benefits.

SECTION 3. Chapter 3.10 is added to the Riverside County Code to read:

CHAPTER 3.10 RETIREMENT BENEFITS FOR PUBLIC SAFETY EMPLOYEES

Section 3.10.010 Definitions.

For purposes of this Chapter, the following definitions apply:

- (a) “Retirement Benefits” means those retirement benefits offered to public safety employees and their survivors as of the effective date of this measure, and includes Service Retirement, Disability Retirement, Industrial Disability Retirement, Survivor Continuance, and Retiree Health Benefit.
- (b) “Death Benefit” means those pre-retirement death benefits offered to beneficiaries of public safety employees as of the effective date of this measure.
- (c) “Retirement Benefit Formula” means the retirement benefit formula currently in place for public safety employees, which is known as “3% @ 50”, and includes the current limitation on these benefits of 90% of final compensation.
- (d) “Retirement System” means the California Public Employee Retirement System (“CalPERS”) or any successor retirement system
- (e) “Public Safety Employees” means those employees who are defined as safety employees under CalPERS as of the effective date of this measure, including but not limited to firefighters and peace officers.

Section 3.10.020 Limitations on Changes To Retirement and Death Benefits.

The Board of Supervisors shall not take any action, by ordinance, resolution, or otherwise, which increases or decreases the retirement benefit formula of, or increases or decreases pre-retirement death benefits to the beneficiaries of, any past, current, or future public safety employee of Riverside County in the retirement system, without first obtaining the approval of a majority of those qualified electors voting on the matter. This section shall not apply to cost of living adjustments, salary increases, and annual leave or compensatory time cash outs.

Section 3.10.030 Effect Of Changes In Retirement System

This ordinance shall apply with equal force to any Retirement System in place now or in the future. If CalPERS ceases to offer the 3% @ 50 Benefit Formula, or if Riverside County ceases to contract with CalPERS for retirement and death benefits, the County shall nonetheless continue to offer the same retirement benefit formula and pre-retirement death benefits to public safety employees. If the same retirement benefit formula or the same pre-retirement death benefits are not available under the retirement system then in force, the County shall provide retirement and death benefits that are substantially similar.

SECTION 4. AMENDMENTS.

This ordinance shall not be modified, amended or repealed, except by a majority vote of those qualified electors in Riverside County voting on the matter.

SECTION 5. CONFLICTS AND COMPETING MEASURES.

- (a) In the event this ordinance conflicts with the terms of any other ordinance, resolution, or policy of the County, this ordinance shall control.
- (b) In the event that another measure ("competing measure") appears on the same ballot as this ordinance which seeks to adopt or impose provisions that differ in any regard to, or supplement, the provisions or requirements contained in this ordinance, the voters hereby expressly declare their intent that if both the competing measure and this ordinance receive a majority of votes cast, and if this ordinance receives a greater number of votes than the competing measure, this ordinance shall prevail in its entirety over the competing measure without regard to whether specific provisions of each measure directly conflict with each other.
- (c) In the event that the competing measure and this ordinance receive a majority of votes cast, and the competing measure receives a greater number of votes than this ordinance, this ordinance shall be deemed complementary to the competing measure. To this end, and to the maximum extent permitted by law, the provisions of this ordinance shall be fully adopted except to the extent that specific provisions contained in each measure are deemed to be in direct conflict with each other on a "provision by provision" basis pursuant to *Yoshisato v. Superior Court* (1992) 2 Cal.4th 978.

SECTION 6. SEVERABILITY.

If any section, subsection, subdivision, sentence, clause, phrase, or portion of this ordinance is, for any reason, held to be invalid or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this ordinance. The People of Riverside County hereby declare that they would have adopted the ordinance and each section, subsection, subdivision, sentence, clause, phrase, or portion thereof, irrespective of the fact that any one or more sections, subsections, subdivisions, sentences, clauses, phrases, or portions thereof be declared invalid or unconstitutional.

SECTION 7. EFFECTIVE DATE.

The provisions of this ordinance shall be considered as adopted upon the date that the vote is declared by the Board of Supervisors and shall go into effect 10 days after that date, as provided for in Section 9122 of the California Elections Code.

IMPARTIAL ANALYSIS OF MEASURE "L"

This measure, if adopted, would prohibit the Riverside County Board of Supervisors from taking any action to increase or decrease the current retirement benefit formula or increase or decrease the current death benefits to any past, current or future public safety employee or past, current or future beneficiary, without first obtaining a majority vote of qualified electors who vote on the matter.

Voter approval would not be required for cost of living adjustments, salary increases, and annual leave or compensatory time cash-outs.

The ordinance would also require the County of Riverside to continue to offer the same CalPERS 3% @ 50 Benefit Formula, or substantially similar benefit, for retirement of public safety employees, as defined by CalPERS, even if CalPERS cease to offer the 3% at 50 and even if the County of Riverside were to no longer contract with CalPERS. It would also require the County of Riverside to continue to offer the same, or substantially similar, pre-retirement death benefits to public safety employees.

"Public Safety Employees" are those defined by CalPERS as all local police officer, local sheriffs, firefighters, safety officers, county peace officers, and school safety members, employed by a contracting agency who have by contract been included within the system.

"Retirement Benefits" are defined as service retirement, disability retirement, industrial disability retirement, survivor continuance, and retiree health benefits of public safety employees and their survivors. "Death Benefits" are defined to include pre-retirement death benefits offered to beneficiaries of public safety employees.

A majority of the electors voting on this measure must vote "yes" in order for the measure to pass. In the event of a competing measure, this measure will prevail over the competing measure in the event both measures receive a majority of votes cast but this measure receives a greater number of votes than the competing measure. Passage of this measure will result in the ordinance becoming effective 10 days after the vote is declared by the Board of Supervisors.

ARGUMENT IN FAVOR OF MEASURE “L”

Voters should vote Yes on Measure “L” because it will make it illegal for Riverside County officials to increase or decrease the pension benefits paid to its public safety employees without a vote of the people.

Measure “L” will also make it illegal for Riverside County’s politicians to increase or decrease the death benefits paid to the spouses and children of Deputy Sheriffs killed in the line of duty without a vote of the people.

Measure “L” simply gives the voters more power over the spending decisions of the Riverside County Board of Supervisors.

Like Proposition 13 protects taxpayers by requiring a vote of the people to approve local bond debts, Measure “L” will require a vote of the people should Riverside County negotiate higher pensions with the unions for public safety employees.

In the past, the Riverside County Board of Supervisors gave larger pensions to the unions that represent Riverside County’s public safety employees without a vote of the people.

If Measure “L” is passed, the voters will be able to approve or reject any pension increases County Supervisors agree to in closed door meetings with these unions.

Today, County politicians can raid the public safety pension fund or cut the safety net provided to the widows and orphans of Deputy Sheriffs killed in the line of duty without a vote of the people.

If Measure “L” is passed, the voters will have the power to approve or reject any attempts by the Riverside County Board of Supervisors to raid the public safety pension fund or to cut the Death Benefits paid to the families of fallen officers.

Hold politicians accountable for their spending and protect the families of the Deputy Sheriffs who put their lives at risk to protect our families.

REBUTTAL TO ARGUMENT IN FAVOR OF MEASURE “L”

DON'T LOCK-IN GOLD-PLATED PUBLIC UNION PENSIONS

Who wrote Measure “L”? The public employee union that wants to permanently lock-in skyrocketing, gold-plated pensions, even as unemployment tops 15% in Riverside County and thousands of our neighbors lose their homes to foreclosure.

The union knows Measure “L” makes it virtually impossible to even reduce lavish, taxpayer-funded pensions without a costly election.

DON'T BE FOOLED BY THE UNION'S MISLEADING ARGUMENTS

Measure “L” promoters claim it ensures that politicians can’t “raid the public safety pension fund.” The truth is state law prohibits anyone, including politicians, from raiding the pension fund. And no one can “cut the death benefits” promised to deputy sheriffs killed in the line of duty.

This union’s extravagant pension program is actually draining the County’s General Fund, which pays for vital services like sheriff’s deputies and fire protection. These services will be cut if taxpayers are forced to keep paying for fat public union pensions.

Don’t be fooled by the union-hired political operatives who signed the argument in favor of Measure “L”.

It’s you – the taxpayer – who will be left holding the bag for these unaffordable pensions.

ARGUMENT AGAINST MEASURE “L”

MEASURE “L” LOCKS-IN GOLD-PLATED PENSION BENEFITS VOTE “NO” ON MEASURE “L” TO PROTECT TAXPAYERS

Measure “L” was written and paid for by a public employee union seeking to permanently lock-in gold-plated pension benefits for its members – already the most generous and expensive in the six Southern California counties.

Don’t be fooled by the deceptive language in Measure “L”.

Measure “L” makes it nearly impossible for Riverside County to ever reform pension benefits that by 2016 will consume one-third of the County’s entire public safety personnel budget. Much-needed reform could save taxpayers \$80 million over the next decade.

Don’t be fooled by deceptive claims from the public employee union bankrolling Measure “L”.

The Deputy Sheriffs’ union is spending hundreds of thousands of dollars to pass Measure “L” because it wants to block pension reform.

The union’s claims about widows and children of fallen peace officers are designed to produce well-earned sympathy, but that’s not what Measure “L” is really about.

Neither the Board of Supervisors nor the public would ever consider arbitrarily reducing such benefits.

The real intent of Measure “L” is to create a process so expensive and complicated there can never be meaningful pension reform for members of this union.

It costs taxpayers up to \$2 million to pay the retirement benefits for just one of these union workers, who can retire at age 50 and receive up to 90% of their highest salary for life. This debt contributes to \$6 billion in county employee pension liabilities.

Unless we do something to reform this system, taxpayers will eventually have to choose between severe reductions in essential county services or significant tax increases.

REBUTTAL TO ARGUMENT AGAINST MEASURE “L”

Those against Measure “L” left out several facts that undermine their argument.

FACT: Riverside County’s Public Safety Pension Plan is financially strong with \$1.4 billion in assets.

FACT: Measure “L” takes power away from politicians and gives the people the right to vote on how much is paid in public safety pensions. It does not permanently lock these pensions in at today’s level.

FACT: Measure “L” could save taxpayers millions of dollars by preventing the Board of Supervisors from giving bigger pensions to public safety employee unions by requiring voter approval of any increases.

FACT: The average retired Riverside County peace officer is 60 years old and receives a pension of \$34,385 annually. They do not receive Social Security benefits for their time serving Riverside County.

FACT: Nearly 60,000 residents signed petitions to put Measure “L” on the ballot.

FACT: Jon Coupal, the Sacramento-based activist fighting Measure “L”, pushed a proposition in 2005 that would have eliminated the current Death Benefits paid to the widows and orphans of all California Firefighters and Police Officers killed in the line of duty.

FACT: The wives and children of Riverside County’s law enforcement officers have no control over the conditions their husbands and fathers face protecting our neighborhoods and families from crime and violence.

Politicians should not be allowed to cut or eliminate the Death Benefits paid to the widows and orphans of officers killed in the line of duty.

You can protect Deputy Sheriff’s families and your tax dollars by voting Yes on Measure “L”.

MEASURE "M" - COUNTY OF RIVERSIDE

PROPOSED ORDINANCE NO. 899

AN ORDINANCE OF THE COUNTY OF RIVERSIDE PROHIBITING
INCREASES IN AND ALLOWING DECREASES IN PUBLIC
SAFETY PENSIONS WITHOUT VOTER APPROVAL

The people of the County of Riverside ordains as follows:

Section 1. TITLE. This ordinance shall be known as the Taxpayer Protection and Fiscal Responsibility Act of 2010.

Section 2. FINDINGS.

- a. Given current budgetary constraints, taxpayers should be protected against increases in retirement and death benefits provided to public safety employees without voter approval.
- b. Widows and orphans of public safety employees whose death has been determined to be job related, however, shall be protected and benefits paid to such beneficiaries upon the death of the public safety employee shall not be reduced without voter approval.
- c. Given the County's fiscal crisis, retirement benefits for future public safety employees may need to be reduced. It is the intent that the Board of Supervisors continue to retain the discretion to reduce retirement benefits to the extent permitted by law.
- d. Existing public safety employees have a right to receive certain retirement benefits that were promised them upon employment. This ordinance does not allow the reduction of retirement benefits or death benefits which would constitute an unlawful impairment of contract in violation of Article 1, Section 10 of the United States Constitution or Article 1, Section 9 of the Constitution of the State of California.

Section 3. PURPOSE. The purpose of this ordinance is to prohibit increases in public safety employee retirement and death benefits without voter approval and to clarify that the Board of Supervisors retains the discretion to decrease public safety employee retirement and death benefits, to the extent permitted by law, without voter approval.

Section 4. DEFINITIONS.

- a. Death Benefits. Pre-retirement death benefits offered to public safety employees and their survivors as of the effective date of this measure.
- b. Public Safety Employees. Employees who are defined as safety employees under the California Public Employee Retirement System ("CalPERS") or any successor retirement system.
- c. Retirement Benefits. Retirement benefits offered to public safety employees and their survivors as of the effective date of this measure, and includes service retirement, disability retirement, industrial disability retirement, survivor continuance, and retiree health benefit.
- d. Retirement Benefit Formula. The retirement benefit formula currently in place for public safety employees, which is known as "3% @ 50," and includes the current limitation on these benefits of 90% of final compensation.
- e. Retirement System. The CalPERS or any successor retirement system.

Section 5. LIMITATIONS ON CHANGES TO RETIREMENT AND DEATH BENEFITS.

- a. The Board of Supervisors shall not take any action, by ordinance, resolution, or otherwise, which increases the retirement benefit formula of, or increases death benefits to the beneficiaries of, any past, current or future public safety employee of Riverside County in the retirement system, without first obtaining the approval of a majority of those qualified electors voting on the matter. This subdivision shall not apply to cost of living adjustments, salary increases and annual leave or compensatory time cash outs.

- b. The Board of Supervisors hereby retains the discretion to decrease the retirement benefit formula of, or decrease death benefits to the beneficiaries of, any past, current or future public safety employee of Riverside County in the retirement system without first obtaining the approval of a majority of those qualified electors voting on the matter. This subdivision shall not apply to pre-retirement benefits paid to the beneficiaries of a public safety employee whose death has been determined to be job-related. A reduction of such benefits for those beneficiaries of public safety employees whose death has been determined to be job-related shall not be made without first obtaining the approval of a majority of those qualified electors voting on the matter.
- c. Before submitting any increase in the retirement benefit formula or death benefits to a vote of the electorate, or decreasing the retirement formula or death benefits, the County shall meet and confer with public safety employee representative groups if required by the Myers Milias Brown Act (Government Code section 3505 et seq.).
- d. No reduction in retirement benefits or death benefits shall be taken which would constitute an unlawful impairment of contract in violation of Article 1, Section 10 of the United States Constitution, as well as Article 1, Section 9 of the Constitution of the State of California. If CalPERS ceases to offer the 3% at 50 benefit formula or if Riverside County ceases to contract with CalPERS for retirement and death benefits, the County shall not be required to offer the same retirement benefit formula and pre-retirement death benefits to public safety employees unless the failure to do so would constitute an unlawful impairment of contract under the federal or state constitutions or violate federal or state law.

Section 6. AMENDMENTS. This ordinance shall not be modified, amended or repealed, except by a majority vote of those qualified electors voting on the measure.

Section 7. CONFLICTS AND COMPETING MEASURES.

- a. In the event this ordinance conflicts with the terms of any other ordinance, resolution or policy of the County, this ordinance shall control.
- b. In the event that another measure ("competing measure") appears on the same ballot as this ordinance which seeks to adopt or impose provisions that differ in any regard to, or supplement, the provisions or requirements contained in this ordinance, the voters hereby expressly declare their intent that if both the competing measure and this ordinance receive a majority of votes cast, and if this ordinance receives a greater number of votes than the competing measure, this ordinance shall prevail in its entirety over the competing measure without regard to whether specific provisions of each measure directly conflict with each other.

Section 8. SEVERABILITY. If any provision or portion of this ordinance is, for any reason, held to be invalid or unconstitutional by any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of the ordinance. It is hereby declared that the ordinance and each and every provision and portion thereof would have been adopted irrespective of the fact that any one or more provisions or portions thereof be declared invalid or unconstitutional.

Section 9. EFFECTIVE DATE. Pursuant to section 9122 of the Elections Code, this ordinance shall take effect ten days after the vote is declared by the Board of Supervisors.

IMPARTIAL ANALYSIS OF MEASURE "M"

This measure, if adopted, would prohibit the Riverside County Board of Supervisors from taking any action which would increase the retirement benefit formula or death benefit of any past, current or future public safety employee or their beneficiaries without first obtaining a majority vote of qualified electors who vote on the matter.

Decreases in the retirement benefit formula of, or death benefits of, any past, current or future public safety employee or their beneficiaries would not require voter approval. However, voter approval would be required for any reduction in benefits paid to beneficiaries as a result of a job-related death of a public safety employee.

Voter approval would not be required for cost of living adjustments, salary increases and annual leave or compensatory time cash outs.

The County of Riverside, if CalPERS ceases to offer the 3% at 50 benefit formula or if the County of Riverside ceases to contract with CalPERS for retirement and death benefits, would not be required to offer the same retirement benefit formula and pre-retirement death benefits to public safety employees unless failure to do so would violate federal or state law or constitute an unlawful impairment of contract under the federal or state constitution.

If required by the Myers Milias Brown Act, the Riverside County Board of Supervisors would meet and confer with public safety employee representative groups before submitting any proposed increase in benefits to the voters or before instituting any decrease in benefits.

"Public Safety Employees" are those defined by CalPERS as all local police officer, local sheriffs, firefighters, safety officers, county peace officers, and school safety members, employed by a contracting agency who have by contract been included within the system.

"Retirement Benefits" are defined as service retirement, disability retirement, industrial disability retirement, survivor continuance, and retiree health benefits of public safety employees and their survivors. "Death Benefits" are defined to include pre-retirement death benefits offered to beneficiaries of public safety employees.

A majority of the electors voting on this measure must vote "yes" in order for the measure to pass. In the event of a competing measure this measure will prevail over the competing measure in the event both measures receive a majority of votes cast but this measure receives a greater number of votes than the competing measure. Passage of this measure will result in Riverside County Ordinance 899 becoming effective 10 days after the vote is declared by the Board of Supervisors.

ARGUMENT IN FAVOR OF MEASURE "M"

PUT AN END TO PUBLIC EMPLOYEE PENSION ABUSE.
VOTE YES ON MEASURE "M".

Gold-plated pensions for public employees have pushed many local governments in California to the brink of bankruptcy.

Riverside County taxpayers have been left holding the bag for over \$6 billion in employee pension liabilities.

A Riverside County Deputy Sheriff can retire at age 50 and receive up to 90 percent of his or her highest salary for life, along with generous health care benefits. The cost to taxpayers for each deputy's retirement benefits can be up to \$2 million.

Many former public safety employees are among the 87 county retirees receiving pensions ranging from \$100,000 to \$195,000 annually.

By 2016, retirement benefits will consume one of every three dollars of the county's entire public safety personnel budget. That means losing tens of millions of dollars needed to put deputies on the street to protect you and your family.

Those who put their lives on the line to protect us deserve fair retirement benefits, but those benefits must also be affordable for taxpayers.

Measure "M" requires voter approval to increase pension benefits, but it also enables the Board of Supervisors to negotiate with the union to reduce benefits in the future.

In Orange County, the Board of Supervisors persuaded public employee unions to support a new pension system modeled on less-costly private-sector retirement plans. It not only saved taxpayers money, it was less costly for employees.

Measure "M" ensures the Riverside County Board of Supervisors can negotiate similar cost-saving reforms to protect taxpayers while preserving fair benefits for public employees.

That's why the Howard Jarvis Taxpayers' Association and all five members of the Riverside County Board of Supervisors strongly urge you to vote YES on Measure "M" to reform pensions and give voters control.

REBUTTAL TO ARGUMENT IN FAVOR OF MEASURE "M"

Measure "M" is hypocritical and full of loopholes that could prove costly to taxpayers.

It was placed on the ballot by the Riverside County Board of Supervisors and will not affect the excessive pensions of these politicians, their staffs, or the County's top administrators.

Measure "M" only targets the pensions of Riverside County's law enforcement officers who go to work each day risking their lives to keep our communities safe from crime and violence.

The pensions of retired rank and file Deputy Sheriffs are not "Gold-Plated." The average retired Deputy Sheriff earns a \$34,385 annual pension.

These Deputies all contributed money to their pensions. They don't receive Social Security benefits for their time serving Riverside County. Most pay a substantial amount of money for health insurance out of their own pockets.

But the generous pensions that will be paid to County Supervisors and exempt from Measure "M" can easily be described as "Gold-Plated."

The Press-Enterprise recently exposed that most Riverside County Supervisors will receive bigger pensions when they leave office than the average Firefighter or Deputy Sheriff will make in retirement.

If County Supervisor Bob Buster leaves office at the end of his term, he will receive an annual pension of over \$139,000.

County Supervisor John Benoit already makes over \$100,000 annually as a retired State Employee on top of his \$143,031 salary.

Don't allow politicians to target peace officers while exempting their pension increases from voter approval.

ARGUMENT AGAINST MEASURE “M”

Measure “M” will not protect your tax dollars or control government spending.

It was placed on the ballot by the Riverside County Board of Supervisors to preserve their political power so they can cut the reasonable benefits of Riverside County’s law enforcement officers without a vote of the people.

Measure “M” does nothing to control the pay, perks, or pensions of Riverside County’s Supervisors or top administrators.

- Measure “M” does not give voters the power to reject salary increases paid to the Riverside County Board of Supervisors.

Since 1997, total compensation for a County Supervisor increased over 130%. County Supervisor Bob Buster’s compensation climbed from \$69,463 to \$160,366 in just ten years.

- Measure “M” does not give voters the power to prevent County Supervisors from driving luxury cars at taxpayer expense.

The Press-Enterprise reported last year that County Supervisors were driving expensive vehicles that cost more than \$50,000 each at taxpayer expense.

- Measure “M” does not give voters the power to stop Riverside County’s politicians and administrators from receiving pensions larger than those earned by the firefighters and police officers who risk their lives protecting our communities.

The average pension paid to a retired Riverside County public safety employee is less than \$35,000 annually. But the majority of the Board of Supervisors will make over \$100,000 as an annual pension. Supervisor John Benoit will get a significant bump in his retirement since he already gets almost \$100,000 each year from the pension he’s paid as a retired State employee.

Voters should reject this flawed initiative that does nothing to limit the pay, perks, and pensions of Riverside County’s politicians and top administrators.

MEASURE “M” STOPS PUBLIC UNION PENSION ABUSE

Measure “M” puts the taxpayers and voters in charge of county pensions, not public employee unions and special interests. The reforms in Measure “M” can save taxpayers \$80 million over the next 10 years.

Measure “M” protects hardworking Riverside County taxpayers from a public employee union that opposes badly needed pension reforms. This union refuses to change its pension plan. The pension liability to public safety employees is projected to be \$1.82 billion by June 2010. The County’s unfunded public safety pension liability is \$194 million.

Today, 15% of Riverside County residents are out of work. Home foreclosures are rampant. Annual County tax revenues have plummeted by \$192 million.

But members of the union opposing Measure “M” continue to fight pension reform. Maybe it is because union members can retire at age 50 with up to 90% of their highest salary - up to \$107,518 annually, as well as partial monthly health care benefits. These lavish benefits put taxpayers on the hook for up to \$2 million for a single union retiree.

No wonder the union wants to change the subject! They’re hiding this outrageous taxpayer rip-off behind a smokescreen of false claims and misleading rhetoric.

The truth is Measure “M’s” reforms apply equally to all public safety personnel.

It’s time to rein in runaway public employee pension benefits that Riverside County taxpayers cannot afford.

FULL TEXT OF BOND PROPOSITION

SCHOOL FACILITIES IMPROVEMENT DISTRICT NO. 1 OF THE MT. SAN JACINTO COMMUNITY COLLEGE DISTRICT SAN GORGONIO PASS JOB TRAINING AND EDUCATIONAL OPPORTUNITY BOND OF 2010

This Proposition may be known and referred to as the "School Facilities Improvement District No.1 of the Mt. San Jacinto Community College District San Gorgonio Pass Job Training and Educational Opportunity Bond of 2010" or as "Measure U".

BOND AUTHORIZATION

By approval of this proposition by at least 55% of the registered voters voting on the proposition, the Mt. San Jacinto Community College District (the "Community College District") shall be authorized to issue and sell bonds of School Facilities Improvement District No. 1 of the Mt. San Jacinto Community College District (the "School Facilities Improvement District") of up to \$47,000,000 in aggregate principal amount to provide financing for the specific school facilities project listed under the heading entitled "BOND PROJECT LIST" below (the "Bond Project List"), subject to all of the accountability safeguards specified below. The bonds shall be payable from *ad valorem* taxes to be levied and collected upon lands located within the School Facilities Improvement District.

ACCOUNTABILITY SAFEGUARDS

The provisions in this section are specifically included in this proposition in order that the voters and taxpayers of the Community College District within the boundaries of the School Facilities Improvement District may be assured that their money will be spent to address specific facilities needs of the Community College District, all in compliance with the requirements of Article XIII A, Section 1(b)(3) of the California Constitution, and the Strict Accountability in Local School Construction Bonds Act of 2000 (codified at California Education Code (the "Education Code") Sections 15264 and following).

Evaluation of Needs. The Board of Trustees of the Community College District (the "Board") has prepared an updated facilities plan in alignment with the Community College District's Education Master Plan in order to evaluate and address the facilities needs of the San Gorgonio Pass area of the Community College District, and to determine which projects to finance from a local bond at this time. The Board hereby certifies that it has evaluated safety, class size reduction and information technology needs in developing the Bond Project List.

Limitations on Use of Bonds. Proceeds from the sale of bonds authorized by this proposition shall be used only for the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities, for the benefit of land within the area of the School Facilities Improvement District, including, to the extent permitted by law, the acquisition or lease of real property in connection with an existing or future financing of the specific school facilities project listed in the Bond Project List, including the prepayment of existing or future lease, certificate of participation or lease revenue bond financings, and not for any other purpose, including teacher and administrator salaries and other school operating expenses.

Independent Citizens' Oversight Committee. The Board shall establish an independent citizens' oversight committee (pursuant to Education Code Section 15278 and following), to ensure bond proceeds are expended only for the school facilities project listed in the Bond Project List. The committee shall be established within 60 days of the date when the results of the election appear in the minutes of the Board. In accordance with Section 15282 of the Education Code, the citizens' oversight committee shall consist of at least seven members and include a member active in a business organization representing the business community located within the Community College District, a member active in a senior citizens' organization, a member active in a bona fide taxpayers' organization, a member that is a student who is both currently enrolled in the Community College District and active in a community college group, and a member that is active in the support and organization of a community college or the community colleges of the Community College District. No employee or official of the Community College District and no vendor, contractor or consultant of the Community College District shall be appointed to the citizens' oversight committee.

Annual Performance Audits. The Board shall conduct an annual, independent performance audit to ensure that the bond proceeds have been expended only on the school facilities project listed in the Bond Project List. The results of these audits shall be made publicly available.

Annual Financial Audits. The Board shall conduct an annual, independent financial audit of the bond proceeds until all of those proceeds have been spent for the school facilities project listed in the Bond Project List. The results of these audits shall be made publicly available.

Special Bond Proceeds Account; Annual Report to Board. Upon approval of this proposition and the sale of any bonds approved, the Board shall take actions necessary to establish an account in which proceeds of the sale of bonds will be deposited. As long as any proceeds of the bonds remain unexpended, the President of the Community College District shall cause a report to be filed with the Board no later than January 1 of each year, commencing January 1, 2011, stating (a) the amount of bond proceeds received and expended in that year, and (b) the status of any project funded or to be funded from bond proceeds. The report may relate to the calendar year, fiscal year, or other appropriate annual period as the President of the Community College District shall determine, and may be incorporated into the annual budget, audit, or other appropriate routine report to the Board.

FURTHER SPECIFICATIONS

Single Purpose. All of the purposes enumerated in this proposition shall be united and voted upon as one single proposition, pursuant to Education Code Section 15100, and all the enumerated purposes shall constitute the specific single purpose of the bonds, and proceeds of the bonds shall be spent only for such purpose, pursuant to California Government Code Section 53410.

Other Terms of the Bonds. When sold, the bonds shall bear interest at an annual rate not exceeding the statutory maximum, and that interest shall be made payable at the time or times permitted by law. The bonds may be issued and sold in several series, and no bond shall be made to mature more than 40 years from the date borne by that bond.

BOND PROJECT LIST

The Bond Project List below lists the specific project the Community College District proposes to finance with proceeds of the bonds. The Bond Project List shall be considered a part of the bond proposition and shall be reproduced in any official document required to contain the full statement of the bond proposition. Each component of the project will be completed according to Board-established priorities. Each component of the project is assumed to include its share of costs of the election and bond issuance, construction-related costs, such as project and construction management, architectural, engineering, inspection and similar planning and testing costs, demolition and interim housing costs, legal, accounting and similar fees, costs related to the independent annual financial and performance audits, a contingency for unforeseen design and construction costs, and other costs incidental to and necessary for completion of the listed project (whether the related work is performed by the Community College District or third parties). The final cost of each component of the project will be determined as plans are finalized, construction bids are awarded, and components are completed. In addition, certain construction funds expected from non-bond sources have not yet been secured. Therefore, the Board cannot guarantee that the bonds will provide sufficient funds to allow completion of all listed components of the project. Alternatively, if the Community College District obtains unexpected funds from non-bond sources with respect to the project, the project may be enhanced, supplemented or expanded to the extent of such funds. Some or all of the components of the project may be subject to further government approvals, including by State officials and boards and/or local environmental or agency approval. Inclusion of a component of the project on the bond project list is not a guarantee that the component will be completed.

The specific project authorized to be financed with proceeds of the bonds under this proposition is as follows:

SAN GORGONIO PASS CAMPUS

Construction of the initial phase of a new college campus and related facilities, including:

- Associated onsite and offsite development, demolition and other improvements made necessary by construction of such facilities.
- Planning, designing and constructing the initial phase of the campus and related facilities and improvements, including buildings and related infrastructure and site improvements to house and support general education, career and technology training classrooms and lab space, including computer and science labs, and academic support operations, including enrollment, counseling, financial aid and academic advisement functions, disabled student programs and services, food services, a learning resource center, a community event center and other academic support operations, including maintenance and operations and campus security.
- Acquisition and installation of furnishings, equipment, fixtures and accessories related to the newly constructed facilities.
- Acquisition of any rights-of-way and easements made necessary by construction of such facilities.
- Acquisition of all or a portion of any college site or facility, or an interest therein, encumbered in order to finance or refinance such facilities pursuant to a lease, certificate of participation or lease revenue bond financing.

IMPARTIAL ANALYSIS OF MEASURE “U”

The Board of Trustees of the Mt. San Jacinto Community College District has ordered a General Obligation Bond election to be held in the territory of School Facilities Improvement District No. 1 of the Mt. San Jacinto Community College District seeking voter approval to issue and sell bonds of School Facilities Improvement District No. 1 up to \$47,000,000 in aggregate principal amount to provide financing for the San Gorgonio Pass Campus.

Proceeds from the sale of bonds authorized by this Measure could only be used for the construction, reconstruction, rehabilitation or replacement of the school facility including furnishing and equipping the facility or acquisition or lease of real property for the facility known as the San Gorgonio Pass Campus. Proceeds could not be used for teacher or administrator salaries or other operating expenses.

The bonds would bear interest at an annual rate not to exceed the statutory maximum payable as permitted by law. The bonds could be sold in several series and would mature no more than forty (40) years from the date borne by the bond.

An ad valorem tax would be levied and collected on lands located within School Facilities Improvement District No. 1 to pay the principal and interest of the bonds.

For this Measure to be approved fifty-five percent (55%) of qualified voters who vote on the Measure must vote yes.

A “Yes” vote on Measure “U” is a vote to allow the sale of bonds for the San Gorgonio Pass Campus project and the levy of taxes to pay for the bonds.

A “No” vote on Measure “U” is a vote against the sale of bonds for the San Gorgonio Pass Campus project and the levy of taxes to pay for the bonds.

Deputy County Counsel

TAX RATE STATEMENT FOR MEASURE “U”

An election will be held within the boundaries of School Facilities Improvement District No. 1 of the Mt. San Jacinto Community College District (the “School Facilities Improvement District”) on November 2, 2010, to authorize the sale of up to \$47,000,000 in bonds of the School Facilities Improvement District to finance facilities as described in the proposition. If the bonds are approved, the Mt. San Jacinto Community College District (the “Community College District”) expects to sell the bonds in multiple series. Principal and interest on the bonds will be payable from the proceeds of tax levies made upon the taxable property located only within the School Facilities Improvement District. The following information is provided in compliance with Sections 9400 through 9404 of the California Elections Code.

1. The best estimate of the tax which would be required to be levied to fund this bond issue during the first fiscal year after the sale of the first series of bonds, based on estimated assessed valuations available at the time of filing of this statement, is 2.400 cents per \$100 (\$24.00 per \$100,000) of assessed valuation in fiscal year 2011-12.
2. The best estimate of the tax rate which would be required to be levied to fund this bond issue during the first fiscal year after the sale of the last series of bonds, based on estimated assessed valuations available at the time of filing of this statement, is 2.400 cents per \$100 (\$24.00 per \$100,000) of assessed valuation in fiscal year 2021-22.
3. The best estimate of the highest tax rate which would be required to be levied to fund this bond issue, based on estimated assessed valuations available at the time of filing of this statement, is 2.400 cents per \$100 (\$24.00 per \$100,000) of assessed valuation and is expected to remain approximately the same in each year during the term of repayment of the bonds.

Voters should note that estimated tax rates are based on the **ASSESSED VALUE** of taxable property of the County of Riverside’s official tax rolls, not on the property’s market value, which could be more or less than the assessed value. In addition, taxpayers eligible for a property tax exemption, such as the homeowner’s exemption, will be taxed at a lower effective tax rate than described above. Certain taxpayers may also be eligible to postpone payment of taxes. Property owners should consult their own property tax bills and tax advisors to determine their property’s assessed value and any applicable tax exemptions.

Attention of all voters is directed to the fact that the foregoing information is based upon the Community College District’s projections and estimates only, which are not binding upon the Community College District. The actual tax rates and the years in which they will apply may vary from those presently estimated, due to variations from these estimates in the timing of bond sales, the amount of bonds sold and market interest rates at the time of each sale, and actual assessed valuations over the term of repayment of the bonds. The dates of sale and the amount of bonds sold at any given time will be determined by the Community College District based on need for construction funds and other factors. The actual interest rates at which the bonds will be sold will depend on the bond market at the time of each sale. Actual future assessed valuation will depend upon the amount and value of taxable property within the School Facilities Improvement District as determined by the County Assessor in the annual assessment and the equalization process.

ARGUMENT IN FAVOR OF MEASURE “U”

A YES vote on Measure “U” will bring quality education and good jobs to the San Geronio Pass.

Measure “U” is urgently needed to ensure the community college campus being built on Sunset and Westward avenues, south of I-10, can continue to expand into the future to meet the Pass area’s growing demand for higher education.

For too many Pass residents, good jobs, career training and higher education are out of reach. Four-year colleges are too expensive and state budget cuts have forced universities to turn away students. Community college is the only affordable way for many to get the education and job training necessary for employment in these difficult economic times.

Measure “U” will boost our economy by:

- Immediately creating local construction jobs.
- Building a campus that will become one of the largest employers in the Pass.
- Attracting businesses to the Pass with a pool of skilled workers trained at the campus.

Measure “U” will pay for:

- Construction of buildings and new equipment for science labs and other programs to keep pace with advancing technology.

Local employers like San Geronio Memorial Hospital and the Banning courthouse need workers with specialized training. Measure “U” will give Pass residents the skills needed to fill these jobs and serve our community, including:

- Training for paramedics, nurses and other healthcare careers.
- Training for careers in criminal justice and law enforcement.
- Math, science and academic courses needed for transfers to universities.

Strict taxpayer protections will ensure Measure “U” delivers what is promised:

- The money stays in the Pass for construction at the college campus.
- State cannot take away funds.
- Funds CANNOT be used for administrators’ salaries.
- An independent Citizens’ Oversight Committee comprised of Pass residents will monitor the funds.

Vote YES on “U”.

REBUTTAL TO ARGUMENT IN FAVOR OF MEASURE “U”

Why should local property owners fund a Banning college BEFORE area enrollments meet state enrollment guidelines? State guidelines require 500 FTES (full time equivalent students). The Pass Area only has 47 FTES currently attending MSJC.

Measure “U” is untimely and \$47,000,000 too costly. Property Owners are being taxed out of homes by government agencies that want more from your taxpayer wallet and are “out of touch” with the current economic downturn.

Pass Area students currently have access to a wide variety of community college classes at Crafton Hills College in Yucaipa and MSJC in San Jacinto, both colleges an 18-20 minute drive and both offering on-line classes. The soon-to-be opened Banning campus (with appropriation by the city of Banning in cooperation with MSJC) will provide additional access to higher education and the Banning and Beaumont high schools can be used for evening classes.

Don’t be fooled, MSJC will “monitor the funds” and the Independent Oversight Committee will receive expenditure reports after the fact with NO power to direct district spending. Measure “U” cannot be used for administrators’ salaries but can be spent on numerous outside consultants, project manager, architects, engineers, attorneys, bond commissions, etc.

MSJC can and should continue to serve Pass area students and can do so without a \$47,000,000 local tax. The modular campus will be sufficient and a good test start for the Pass.

Protect your wallet.

ARGUMENT AGAINST MEASURE “U”

Now is NOT the time to ask taxpayers for more tax dollars. Taxes are already too high and local property owners cannot afford more taxes.

A \$47,000,000 local bond will cost local taxpayers almost double when interest is added and property owners in the Banning and Beaumont school districts will pay for all of it.

The state requires a center to reach 500 FTES, (full-time equivalent students) BEFORE a college can apply for state approval status of a campus and become eligible for state capital building funds and matching funds. The Pass Area presently has only 47 FTES (full-time equivalent students). Reaching these high enrollment levels could take many more years.

The Pass campus project is NOT state approved. Without state approval, it is not eligible to receive additional state revenue for start up costs, operating costs or any matching grants for building construction.

Local Pass students can be best served at the soon-to-be completed Banning modular campus and offering additional evening classes at the two high schools without this \$47,000,000 local bond measure.

MSJC should be more about building Pass enrollments to meet the state approval requirements BEFORE asking voters for \$47,000,000.

Vote “NO” on Measure “U”. It is untimely and too costly.

REBUTTAL TO ARGUMENT AGAINST MEASURE “U”

Leaders from our cities, county, schools, college, and local businesses agree that now **IS** the time to pass Measure “U” to boost jobs and our economy.

The California Community Colleges Chancellor’s Office is one of the state agencies responsible for approving community college sites, and they advise that MSJC is taking the appropriate steps to bring a campus to the Pass to meet demand and begin the process to qualify for state funding.

Pass unemployment is over 17.4%. Residents need education and skills to qualify for jobs to support their families. Four-year universities are turning away students and raising tuition, making community college the only affordable option for higher education and job training.

In 2009, over 950 pass residents enrolled at MSJC. The modular campus being built, along with the high school classrooms in Beaumont and Banning will be inadequate to meet the growing needs of the pass in the very near future.

Measure “U” is needed to provide the education the community will need over the next several decades. The Master Plan calls for serving over 5,000 Pass students in the coming years.

Measure “U” will:

- Create over one hundred jobs to build and staff the campus
- Train graduates for jobs to serve our community
- Attract new employers
- Guarantee funds stay in the Pass and can’t be taken by the State
- Ensure funds are not used for administrator salaries
- Guarantee an independent local oversight committee to monitor expenditures

Please vote Yes on “U”.
