DAVID CARDEN

AGE: 61

OCCUPATION: Realtor

EDUCATION AND QUALIFICATIONS:

This election finds our city at a crossroad which is both challenging and exciting. Voters have an opportunity to elect a leader who can deliver on the vision of a vibrant city with a sustainable future. I am confident that I can deliver on that vision. It is time the neighborhoods had a strong voice at City Hall!

As a proven neighborhood leader I know how to get things done. As a can-do person I seek new and innovative ways to solve issues and create win-win solutions. I believe in fairness, honesty and inclusiveness in creating partnerships to solve issues.

I created new Neighborhood watch organizations; implemented a free 'Lights on – Crime out! Program; I volunteer as a Citizen on Patrol community police officer and hosted a Town Hall meeting to Boost Tourism and Revitalize Downtown Palm Springs.

I will be a full-time public servant. I will be accessible, listen to concerns and never take my position for granted. Our city deserves a leader who can find common ground with all stakeholders to create a thriving downtown business corridor – our economic future depends on it. JIM OSTERBERGER

AGE: 46

OCCUPATION: Video Lounge Proprietor

EDUCATION AND QUALIFICATIONS:

As a resident and downtown business owner, I have first-hand knowledge about the deterioration of our downtown. Part of the solution is addressing the skyrocketing rents the downtown landlords charge their tenants. I resolve to assist our community by bringing our concepts of downtown into a 21st-century reality.

In addition, we need to improve our schools to ensure our children will receive a top-quality education.

We need to enhance our public safety and city services.

We need to diversify our economic base by supporting green industries which provide jobs and benefits.

Please allow me to utilize my business and leadership experience to improve Palm Springs.

Thank you for your vote.

GINNY FOAT

OCCUPATION: Councilmember

EDUCATION AND QUALIFICATIONS:

Serving you on Palm Springs City Council is a privilege that has kept me focused on my promise to represent the best interests of residents, and our future, in every decision.

I am proud to stand on my record of strong fiscal conservancy, protecting our quality of life, and advocating for neighborhood involvement; balancing development with preservation, expenditures with return on the dollar, and neighborhood needs with budget constraints.

My past four years have been an exciting time of accomplishment. Four major hotels have completed, or are undergoing, extensive renovations encouraged by our new Hotel Incentive Program. Three new shopping centers opened and plans for College of the Desert West, a new animal shelter and two new parks are nearly complete. We have reduced crime, incorporated sustainability practices, and expanded our airport. I have worked hard to assist local businesses, including the facade improvement program and new sign ordinance.

Despite the economic downturn, I see great opportunity to move Palm Springs forward through diversifying our economy, implementing innovative funding strategies, and creating incentives to encourage investment in our City.

I ask for your vote to continue the important work we started for Palm Springs.

CITY COUNCIL MEMBER,
CITY OF PALM SPRINGS**

BARBARA BEATY

AGE: 52

OCCUPATION: Businesswoman

EDUCATION AND QUALIFICATIONS:

I love Palm Springs. I've lived in the area over 50 years. My husband and I met and married in Palm Springs 31 years ago.

After raising our children I started a nutritional counseling practice at Indian Wells Health Center. My practice attracted interviews with local television stations and The Desert Sun.

In 2004 I started my Arbonne business with a few catalogs and a dream. In two years our sales exceeded half a million dollars a month. Today I have business consultants in the US , Canada, Australia and the UK .

As a recipient of Arbonne's Parade of Champions award, I was acknowledged as having exceptional communication and leadership skills. These are the skills that are needed to unlock the tremendous economic potential hidden in our city.

The REVITALIZATION OF PALM SPRINGS hinges on the elimination of wasteful spending and a seamless flow of communication between merchants, developers and city council. It is possible to preserve our history, and maintain a village feel without jeopardizing growth and safety.

As a mother I value FAMILY

As a grandmother I value SENIORS

As a Human Rights Commissioner I value DIVERSITY

As a businesswoman I value our FUTURE. www.Vote4Beaty.com

**CANDIDATE STATEMENT FOR
CITY COUNCIL MEMBER,
CITY OF PALM SPRINGS**

CHRISTOPHER "CHRIS" MILLS

AGE: 62

OCCUPATION: Incumbent, Architect, Businessman

EDUCATION AND QUALIFICATIONS:

Steady, responsible leadership is essential in these times, when Palm Springs mirrors America's current economic difficulties and anxieties. My achievements and goals are not untested "visions" and ungrounded promises; I offer some of my accomplishments as an eight-year member of our City Council.

I initiated the "buy local" ordinance, and further promoted fiscal responsibility through balanced budgets and increased sales tax revenue from new retail centers. I have worked hard for economic development. In the critical endeavor of environmental sustainability, I encouraged the creation of the Resource Conservation Commission, the policy of "clean-air fleet" vehicles and energy upgrade home loans.

Our neighborhoods are organized, involved and partnering with our police in substantially reducing crime, and three-man fire crews are on duty at all stations. The new animal shelter project is funded, and the General Plan is up to date.

Palm Springs has been my home for 47 years. I have owned my local architectural practice since 1977, and my wife, Dawn, and I raised our two children here. I have always believed wholeheartedly in Palm Springs. With your support, I will continue to dedicate myself to its benefit. I ask for your vote.

**CANDIDATE STATEMENT FOR
DIRECTOR,
DESERT WATER AGENCY**

JAMES CIOFFI

OCCUPATION: Appointed Incumbent
EDUCATION AND QUALIFICATIONS:

I am committed to continue to serve as a Director of the Desert Water Agency. I am proud of the Agency's service to the community – a service that goes far beyond providing a safe, reliable water supply.

As your Desert Water Agency Director I will continue to insure the Agency is a productive, positive partner with the community, continuing its role in providing community needs, including:

- Affordable water rates and secure water supply
- Economic stability, and protection of water rights
- Progress in green energy
- More advances in recycled water and water conservation
- Public safety through a safe and reliable water supply

I have lived in Palm Springs for 52 years and started my own architectural practice over thirty years ago.

I have always been active in community and government, serving on numerous boards and committees including terms as chairman of the Palm Springs Planning Commission and Architectural Advisory Committee.

These years of public service taught me the value of listening and making important decisions that contribute to the vitality and prosperity of our community.

Consider experience and leadership and vote for Jim Cioffi for Desert Water Agency Board.

**CANDIDATE STATEMENT FOR
DIRECTOR,
DESERT WATER AGENCY**

PATRICIA "PAT" OYGAR

EDUCATION AND QUALIFICATIONS:

Water is complicated, especially with drought, a hobbled State Water Project, competing conservation programs and a statewide financial crisis.

I am proud of my 17-year record as a Desert Water Agency Director and believe my experience and re-election will help ensure safe affordable water and knowledgeable decisions on behalf of the ratepayers.

When I first ran, I outlined three goals: Expand the use of recycled water. Develop demonstration gardens to promote water-efficient landscaping. Secure new water sources.

Since then, all public golf courses, several private ones, Palm Springs High School, the Mid-Valley Parkway entrance and Demuth Park are using recycled water.

Demonstration gardens are at DWA headquarters, The Wellness Park, Palm Springs Art Museum and the Central Library.

As Board Water Conservation Chairman, I managed a multi-media education program and promoted low-cost controllers to reduce waste.

I am proud of the Cathedral City Cove sewer project, the Desert Hot Springs Mission Creek Recharge Ponds and aggressive pipe replacement, eradicating costly leaks.

My qualifications include service on the Regional Water Quality Board and a degree in Political Science and Public Service from UC Davis.

My hope is to continue representing you.

I respectfully ask for your vote on November 3.

**CANDIDATE STATEMENT FOR
DIRECTOR,
DESERT WATER AGENCY**

ARMANDO RANCANO

AGE: 60

OCCUPATION: Management Consultant
EDUCATION AND QUALIFICATIONS:

I am running for Director of the Desert Water Board because we need fairness and transparency dealing with water issues.

Our water supply is at risk. Most of our water comes from the Colorado River. Continued draught and competition for water rights threaten our supply.

Water costs more to deliver than we pay. We should not be making up the difference with funds reserved for emergencies such as earthquake repairs.

Residents who conserve pay more than they should and subsidize heavy users. Often used to discourage waste are tiered rates but there are other alternatives to consider carefully.

Keeping water bills low will not be easy. Water pumps use a lot of electricity and energy prices are rising rapidly. Difficult decisions await us.

I want to bring my extensive experience to making those decisions. An Operations Executive and Environmental Advocate for 25 years, I serve on the Palm Springs Sustainability Commission and its water sub-committee.

I also initiated water conservation programs in my Palm Springs neighborhood and lead efforts to educate our residents.

Safeguarding our water supply and keeping rates as low as possible are my main priorities. Please vote for me for Director of the Desert Water Board.

**CANDIDATE STATEMENT FOR
DIRECTOR,
DESERT WATER AGENCY**

RON STARRS

AGE: 57

OCCUPATION: Incumbent
EDUCATION AND QUALIFICATIONS:

It has been my privilege to serve as your Director for DWA since 1993. During that time the Board and Staff have made great progress towards insuring a reliable supply of safe pure water for all of us.

In addition to increasing our water supply through purchases and transfers, we have also sought to control the cost of water through programs such as building a multi-million dollar solar energy field at our Operations Center, treating all the waste water available for use on golf courses and parks, and providing "smart" irrigation controllers to customers at cost. These and other conservation programs have allowed us to continue to provide affordable water in a desert.

We are fortunate to have a reliable supply of water, yet it must be safeguarded. I am proud of the progress we have made towards protecting our water through innovative partnerships with customers, builders, and industry.

"Sustainability" and "green" lifestyles are now popular. However this is not a new concept at DWA – we have been actively protecting our most valuable natural resource for decades.

I thank you for your support, and I ask that you vote to re-elect me so that we can continue this important work.

**CANDIDATE STATEMENT FOR
DIRECTOR,
MISSION SPRINGS WATER DISTRICT**

DICK CROMWELL

AGE: 67

**OCCUPATION: Green Energy Specialist
EDUCATION AND QUALIFICATIONS:**

Our water is our City's priceless brand. Yet it has been too easy to look the other way as the population grows and our infrastructure ages and is poorly maintained. It is time to get serious about protecting our water. This concern is my primary reason for running for the Mission Springs Water District Board.

I have a long-range plan that will not burden the local residents and business community and I have the experience and background to get it done. Once we adopt a plan, we begin the task of seeking government grants. An infrastructure project, our water protection is what stimulus money should be supporting.

I am a pioneer in alternate fuels, a green energy specialist and advisor to clean energy/transportation industries and governments, a former DHS City Councilman and Planning Commissioner, former member of the PSUSD School Board, developed a hydrogen fuel training program with COD and founded the Clean Cities Coachella Valley Region and Desert Legal Foundation.

In all of the above, I have a proven record of leadership in problem solving and a proven record of hard work which developed consensus and led to action.

I ask for your vote on November 3.

NANCY S. WRIGHT

AGE: 58

**OCCUPATION: Business Owner
EDUCATION AND QUALIFICATIONS:**

I have represented the people of this district for 20 years, working with you and on your behalf to provide safe, clean, reliable and cost efficient water. With your vote I will continue my efforts to protect our hot and cold groundwater basins from overdraft and pollution.

Our water and sewer districts are financially sound and preparing for the future. I am committed to keeping rates as low as possible. Emergency and maintenance programs are in place.

Our water district has been awarded \$20 million in grants and is authorized for additional grants of \$35 million to offset costs and expand the sewer system.

I am the current President of the Board. I served seven years on the California Regional Water Quality Control Board. I represent the water board on the CVAG Energy and Environmental Resources Committee. Board member of: LAFCO (alternate), The Groundwater Foundation, Colorado River Citizens Forum, Desert Hot Springs Women's Club. I am proudly a founding member of the Desert Hot Springs Groundwater Guardian Teams.

When it comes to something as precious as our water, experience and dedication do make a difference.

Thank you for your support.

RANDY DUNCAN

AGE: 48

**OCCUPATION: Stock Broker
EDUCATION AND QUALIFICATIONS:**

My wife and I have lived here for more than 20 years, raised our family here and each own a local small business. This is home, and I want to make it a better place to live. I have served DHS as Rotary Club President, Planning Commissioner, Chamber of Commerce Treasurer, Boys and Girls Club Director and more. I served our Country as a Sergeant in the Marine Corps, earning an honorable discharge.

Water, whether hot or cold, is vitally important to us, but providing a high quality drinking water supply is becoming increasingly more complicated. During my term, I have traveled to DC and Sacramento helping obtain almost \$14,000,000 in grants and a \$35,000,000 federal authorization for infrastructure and sewers. I have listened and responded to your requests at Board meetings, spent countless hours with staff, and worked diligently to make MSWD a thriving district. The knowledge and experience I have gained is crucial to the district at this time. I will continue to secure millions in government funds, represent MSWD at state and federal levels, and be prudent in decisions affecting our coverage area. Thank you for your time and your vote.

**CANDIDATE STATEMENT FOR
DIRECTOR,
MISSION SPRINGS WATER DISTRICT**

JEFF BOWMAN

AGE: 54

**OCCUPATION: Local Business Owner
EDUCATION AND QUALIFICATIONS:**

MSWD needs new leadership:

- The district has not followed its own master plan for adequate water production.
- MSWD had \$21M in reserves in 2004. Today, it has only \$7M.
- Net operating income in 2005 was \$533K. Today there's a loss of \$3.3M. Reserves have been depleted each year since 2007 for general operating costs.
- Well #28, which supplies the Mission Lakes area, is contaminated with uranium and must be replaced.
- Almost 50% of the district is still waiting for sewers to protect our groundwater.
- Horton Wastewater Treatment Plant requires expansion to meet the needs of the community.

As the owner of a mineral-water resort with its own hot-water well, I am passionate about water. I understand the importance of water, its uses and conservation.

I am a community leader: chairman of the DHS Public Safety Commission and president of the Historical Society, and a member of the Coachella Valley's Visitors Authority management council.

Through progressive, responsible leadership, MSWD can have new wells; cost-efficient, ecologically sound wastewater treatment; and sewers to protect our groundwater. It's time for new, proactive leadership.

IMPARTIAL ANALYSIS OF MEASURE "G"

Since 1970 the City of Palm Springs has imposed a telephone users' tax, paid by telephone customers on their telephone bills. Measure "G" would reduce the current 5% tax rate to 4.5%; maintain current exemptions; and update the definitions to apply to all intrastate, interstate, and international communications regardless of the technology used to provide such services. Thus, it would treat users of communication services in a uniform and equitable manner, regardless of the means of transmission or technology used.

The City's telephone users' tax ordinance, like many similar tax ordinances throughout the state, was written before the introduction of new communications technologies, including cellular phone service. The current ordinance was also written before several changes occurred to federal law, including the Mobile Telecommunications Sourcing Act of 2000 and recent changes in the IRS interpretation of the federal excise tax on long distance service. Taxes imposed by other California cities that contain language similar to that in the City's existing ordinance have been the subject of legal disputes. This measure would remove outdated ordinance language that is the subject of lawsuits in other jurisdictions and protect the City's existing tax revenues from such legal challenges.

Like the existing telephone users' tax, the updated telephone users' tax under Measure "G" would be a general tax, with its proceeds deposited into the City's general fund. The general fund is available to the City for all of its programs, including police, fire, and street maintenance, among other services. The telephone users' tax will not be increased without a vote of the City's voters. The measure has no effect on the existing utility user tax applied to electrical and natural gas services. The measure does not apply to charges for internet services, including digital downloads, such as books, ringtones, games, and similar products.

Measure "G" also proposes to replace the existing emergency response fee of the City with an access line tax. The existing emergency response fee partially funds the City's share of the costs associated with the constructing, equipping, and operating an emergency communication system to provide emergency call receiving and dispatching services (the 911 system) and can be increased at any time by the City Council. The access line tax that would replace the emergency response fee would be at the same monthly rates as the current emergency response fee of \$1.13 per access line and \$8.48 per trunk line, subject to an annual cost of living adjustment, and can not otherwise be increased without a vote of the City's voters. The access line tax would also be a general tax and its revenues would be available to fund any general fund program including police, fire, and street maintenance services as well as the City's share of the emergency communication system.

Voter approval of Measure "G" would confirm the City's continued and future collection of these revenue sources. Measure "G" will be adopted if it is approved by a majority of the voters voting on the measure.
