Elections in California

The Top Two Candidates Open Primary Act, which took effect January 1, 2011, requires that all candidates for a voter-nominated office be listed on the same ballot. Voter-nominated offices are state legislative offices, U.S. congressional offices, and state constitutional offices.

In both the open primary and general elections, you can vote for any candidate, regardless of what party preference you indicated on your voter registration form. In the primary election, the two candidates receiving the most votes—regardless of party preference—move on to the general election regardless of vote totals. If a candidate receives a majority of the vote (50 percent + 1), a general election still must be held. Even if there are only two candidates for an office in the open primary, a general election for that office is still required.

California's open primary system does not apply to candidates running for local offices.

California law requires that the following information be printed in this pamphlet.

Voter-Nominated Offices

Political parties are not entitled to formally nominate candidates for voter-nominated offices at the primary election. A candidate nominated for a voter-nominated office at the primary election is the nominee of the people and not the official nominee of any party at the general election. A candidate for nomination to a voter-nominated office shall have his or her party preference, or lack of party preference, stated on the ballot, but the party preference designation is selected solely by the candidate and is shown for the information of the voters only. It does not mean the candidate is nominated or endorsed by the party designated, or that there is an affiliation between the party and candidate, and no candidate nominated by the voters shall be deemed to be the officially nominated candidate of any political party. In the county sample ballot booklet, parties may list the candidates for voter-nominated offices who have received the party's official endorsement.

Any voter may vote for any candidate for a voter-nominated office, if they meet the other qualifications required to vote for that office. The top two vote-getters at the primary election move on to the general election for the voter-nominated office even if both candidates have specified the same party preference designation. No party is entitled to have a candidate with its party preference designation move on to the general election, unless the candidate is one of the two highest vote-getters at the primary election.

Nonpartisan State Offices

Political parties are not entitled to nominate candidates for nonpartisan offices at the primary election, and a candidate at the primary election is not the official nominee of any party for the specific office at the general election. A candidate for nomination to a nonpartisan office may not designate his or her party preference, or lack of party preference, on the ballot. The top two vote-getters at the primary election move on to the general election for the nonpartisan office.

Redistricting

New electoral district boundaries are drawn every 10 years in order to equalize district populations. Boundaries for the congressional, state legislative, and county supervisorial districts are now different. Boundary changes also apply to any city, school district, or special district that votes by trustee areas or divisions. To see the new district maps, visit the Registrar of Voters website at www.voteinfo.net.

HOW TO MARK YOUR PAPER BALLOT

Please refer to the following instructions on how to properly complete your official ballot:

- ▶ Connect the head and tail of the arrow that points to your choice like the example provided.
- ▶ Check both front and back of ballot for voting contests.
- ▶ Use a black ball point pen. Do not use felt tip, red or gel ink.
- ▶ One line connecting the arrow is preferred.
- ▶ Vote for no more than the number of votes allowed in each contest (e.g. vote for one, vote for no more than two, etc.).
- ▶ Please keep the vote-by-mail ballot folded the same way you received it.

**OCCUPATION: Councilman / Retired Policeman
EDUCATION AND QUALIFICATIONS:**

As a Riverside resident since 1958, a retired Riverside Police Officer, a small business owner, and 3rd term Riverside City Councilman, I am uniquely aware of the issues facing the residents of the 41st District.

Over-regulation from Congress and Washington politicians is restraining economic growth, stifling job creation hurting the residents of the 41st. We need and deserve better than single issue politicians with extreme agendas.

As a three-term Councilman, I've been intricately involved in the betterment of my community. I was successful in helping make Riverside #1 in the Nation in new jobs and top 8 places to be. I was part of the team that brought in the UC Riverside Medical School, bringing quality jobs and millions of dollars to our economy. I will continue to do this for the 41st District.

An uncontrolled border has negatively impacted our lives; jobs, economy, education, crime, hospitals and more. We must stop the human trafficking, victimizing children and women and the flow of drugs and criminals into our cities. The first step is a secure and safe boarder for legal entry. I will go to Congress to help broker real solutions and break the gridlock and partisanship that has plagued this country for the past six years.

Our region has experienced tremendous growth over the years, straining our infrastructure and roadways. Serving on local, state and national transportation committees I know the issues and offer real solutions that I will take to Washington and fight for our region.

UNITED STATES REPRESENTATIVE,
41ST CONGRESSIONAL DISTRICT**

MARK TAKANO, Democratic

AGE: 53

**OCCUPATION: United States Representative / Teacher
EDUCATION AND QUALIFICATIONS:**

Dear Neighbor,

Congress is broken, and I have used my first term in office fighting for the commonsense reforms we all know it desperately needs.

As your Representative, I have fought for the middle class, worked to create good paying jobs in the Inland Empire, and stood up to the leaders of both parties to protect Social Security and Medicare.

Over the past two years, my office has secured more than \$1 million in benefits owed to veterans and held several town hall meetings to understand local priorities. I introduced legislation to strengthen and improve school curriculum, increase business participation in job training programs, make it easier for veterans to go back to school, and support the creation of advanced manufacturing jobs.

I will continue to fight for the middle class by supporting job-creating local investments like the UC Riverside Medical School and I'll stand up against tax cuts for billionaires and corporations that want to ship American jobs overseas.

Prior to being elected to the House of Representatives, I dedicated my life to public service as a high school teacher and Riverside Community College Trustee. Those roles prepared me to be an effective advocate for local schools, businesses, veterans, seniors, and middle class families.

I am proud to have the support of local leaders from throughout Riverside, Moreno Valley, Jurupa Valley, and Perris.

I respectfully ask for your vote on November 4th so we can continue to grow our economy and fix Congress.

EDUCATION AND QUALIFICATIONS:

My name is Ken Park, and I am an American citizen born and raised in Korea. I came to Canada in 1971 after studying Business Administration in Korea, and working in the Middle East. I worked for Canadian National Railroad for nearly 10 years, and came to the US in 1987. Since then I worked as a businessman, opening a Chevron gas station, a vitamin store, and also working in real estate. Through my experience as a businessman I was able to greatly understand the needs and wants of the communities that I served, and felt that there were a lot of things in our modern society that could use improvement.

I am running for the 60th State Assembly District in the hopes of changing and / or improving the following issues:

- 1) Job creation/ Job Retaining - Several important industries are leaving California due to a lack of government subsidies, including but not limited to the entertainment and the auto industry.
- 2) Improving Educational System--- more teachers, more programs that focus on bring the schools and their surrounding communities together
- 3) Improving the Veterans welfare system---more jobs for veterans, more available housing

This is only the beginning of what I wish to do in office, but I can't do it without your help and support. I feel that times are tough for our young, our disabled, and our brave entrepreneurs, and that we must reform the current systems set in place to improve the ever-lowering standards in our state.

Eastvale is ready for a fresh vision to shape our future. As your next Councilmember, I believe we need an elected body that is responsive to our residents & leadership that has a new perspective on issues facing our local, county, state, & federal government.

My platform is: increasing public safety, balancing budgets, economic development for all ages & sustaining the quality of life in the City of Eastvale while representing you: the taxpayer.

A Riverside County native whose family has lived in the area since 2008, my parents moved to Eastvale seeking a high quality of life at an affordable price like many of the City's families. Instead of just finding a neighborhood to live in, we found a community to dedicate our lives towards.

Prior to working for the private sector, I worked for the City of Eastvale as well as the City of Corona. Thanks to my time working in local government, I have an integral understanding of the issues facing Eastvale & California municipalities in the future.

I know our City will benefit from the experience, level of commitment, & diversity of involvement I will bring to a position on the City Council. I would be honored to have your vote.

They all are or have attended schools here in Eastvale – Eastvale Elementary, River Heights Intermediate and Eleanor Roosevelt High Schools. Jacob has graduated from Roosevelt recently and is headed off to college. Being that I now have three kids attending our schools, I feel the most important issue that I am personally involved with is their safety, both to and from school and at school. I feel that the City's top priority should be helping to make our city the safest and most desirable city to live in not only Southern California but the Nation. The City cannot accomplish this alone, it needs every ones help. Another area the City needs to get more involved with is the "Shop Eastvale" campaign. It seems as though it is not being promoted to its potential. Another issue, we as a City need to address is the "vacant land" issue. These property owners should be held to a similar standard as our residential property owners.

EDUCATION AND QUALIFICATIONS:

As an attorney for the government, I've had the privilege of serving as a member of one of the largest law enforcement agencies in the nation. I have done so with the goal of making our country and community safer. Our city is young, and the decisions made today will forever impact the direction of its future.

It is projected that by 2018, Eastvale will no longer be able to offer the current level of services and maintain a balanced budget. I will work to expand the city's revenue base by pressing the development of business areas so that employers can locate within Eastvale. Through this, there will be workers in the city during the day to drive sales tax revenue on which the city relies to provide services, including police and fire safety.

I am a father of 2 and understand the concerns, beyond public safety, that parents have in raising their children in Eastvale. Our schools are at or near capacity. I will work to zone areas for the constuction of an additional middle and high school.

Together, we can build the future that Eastvale deserves. I would appreciate your vote on November 4th.

MEASURE "EE" – JURUPA UNIFIED SCHOOL DISTRICT

**TAX RATE STATEMENT
REGARDING PROPOSED
\$144,000,000
JURUPA UNIFIED SCHOOL DISTRICT
GENERAL OBLIGATION BONDS
ELECTION OF NOVEMBER 2014**

An election will be held in Jurupa Unified School District (the "District") on November 4, 2014, for the purpose of submitting to the electors of the District the question of incurring a bonded indebtedness of the District in the principal amount of \$144,000,000. If such bonds are authorized and sold, the principal thereof and interest thereon will be payable from the proceeds of taxes levied on the taxable property in the District. The following information regarding tax rates is given in compliance with Section 9401 of the California Elections Code. This information is based upon the best estimates and projections presently available from official sources, upon experience within the District and other demonstrable factors.

Based upon the foregoing and projections of the assessed valuations of taxable property in the District, and assuming the entire debt service on the bonds will be paid through property taxation:

1. The best estimate from official sources of the tax rate that would be required to be levied to fund the bond issue during the first fiscal year after the first sale of the bonds, based on estimated assessed valuations available at the time of the filing of this statement, is \$52.75 per \$100,000 of assessed valuation of all property to be taxed for the year 2015-16.

2. The best estimate from official sources of the tax rate that would be required to be levied to fund the bond issue during the first fiscal year after the last sale of the bonds and an estimate of the year in which that rate will apply, based on estimated assessed valuations available at the time of the filing of this statement, is \$52.75 per \$100,000 of assessed valuation of all property to be taxed and the year 2023-24.

3. The best estimate from official sources of the highest tax rate that would be required to be levied to fund the bond issue and an estimate of the year in which that rate will apply, based on estimated assessed valuations available at the time of the filing of this statement, is \$52.75 per \$100,000 of assessed valuation of all property to be taxed and the year 2039-40.

Attention of voters is directed to the fact that the foregoing information is based upon projections and estimates. The actual timing of sales of the bonds and the amount to be sold at any time will be governed by the needs of the District and other factors. The actual interest rates at which the bonds will be sold, which will not exceed the maximum permitted by law, will depend upon the bond market at the time of sale. The actual assessed valuations in future years will depend upon the value of property within the District as determined in the assessment and the equalization process. Assessed valuation is not the same as market price of real property. Therefore, the actual tax rates and the years in which those tax rates will be applicable may vary from those presently estimated and stated above.

IMPARTIAL ANALYSIS OF MEASURE “EE”

The Board of Education (“Board”) of the Jurupa Unified School District (“District”) by adopting Resolution No. 2015/09 (“Resolution”), elected to call an election pursuant to Section 18 of Article XVI and Section 1 of Article XIII A of the California Constitution and Section 15100 and 15624 *et seq.* of the California Education Code to obtain authorization to issue and sell general obligation Bonds (“Bonds”) in the aggregate amount principal amount of one hundred forty-four million dollars (\$144,000,000).

This Measure was placed on the ballot by the Board of the above-identified District.

The Bonds would be used by the District to upgrade career training and instructional technology, improve school facilities, including science and computer labs, improve school safety and security, repair classroom facilities, including roofs, restrooms and electrical infrastructure. The Bonds would not be used to fund the salaries, pensions or benefits of any board members, administrator, and/or teachers or for other school operating expenses.

If Measure “EE” is approved, the Board of the District will appoint a citizens’ oversight committee and conduct annual independent audits to assure that bond funds are spent only on the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities, and for no other purposes.

An ad valorem tax would be levied and collected on property within the boundaries of the District to pay the principal and interest on the Bonds.

The Resolution provides that the maximum interest rate on the Bonds will not exceed the maximum interest rate permitted by the applicable laws of the State and the maximum term of the Bonds, or any series thereof, will not exceed 40 years.

For this Measure to be approved fifty-five percent (55%) of qualified voters who vote on the Measure must vote yes.

A “YES” vote on Measure “EE” is a vote to allow the District to sell the Bonds and levy the necessary taxes to pay for the Bonds.

A “NO” vote on Measure “EE” is a vote against allowing the District to sell the Bonds and levy the necessary taxes to pay for the Bonds.

By: Ronak N. Patel, Deputy County Counsel

ARGUMENT IN FAVOR OF MEASURE “EE”

Vote YES on Measure “EE”-Ensure our students are ready for college and 21st-century careers.

Our schools have aging classrooms, deteriorating portables and lack updated equipment to train students for high tech skills.

Additionally, many older schools are deteriorating due to age. They need repairs, renovations and safety upgrades to meet modern standards.

Measure “EE” will upgrade job training and career tech classrooms, provide 21st-century technology, modernize aging classrooms and address urgent and essential repairs.

Measure “EE” will:

- Ensure schools have the facilities to train students for careers in well-paying jobs of the future
- Construct/update career technical labs and technology to train students in skilled trades for today’s competitive jobs
- Modernize old school buildings
- Improve security and safety in every school, including upgrading fire systems, lighting, fencing, locks and alarms
- Update science labs and improve classroom instructional technology
- Repair/upgrade rundown bathrooms
- Improve accessibility for disabled students

Measure “EE” requires strict accountability:

- Every penny will benefit our schools and community-the money can’t be taken by Sacramento
- By law, no money can be used for administrators’ salaries
- Mandatory independent audits and a citizens’ oversight committee will ensure funds are spent appropriately
- Measure “EE” will qualify our schools for state matching funds that will otherwise go to other districts

We can’t count on the State to provide funding - we need a local solution to generate local funds, under local control. We need to act now: it will be less expensive to upgrade and repair aging schools and classrooms now than in the future. Problems will only get worse and repairs will be more expensive to complete. By passing Measure “EE” now, we’ll be near the front of the line for the next round of state matching funds.

Vote YES on “EE”: local funding to improve local schools.
