Elections in California

The Top Two Candidates Open Primary Act, which took effect January 1, 2011, requires that all candidates for a voter-nominated office be listed on the same ballot. Voter-nominated offices are state legislative offices, U.S. congressional offices, and state constitutional offices.

In both the open primary and general elections, you can vote for any candidate, regardless of what party preference you indicated on your voter registration form. In the primary election, the two candidates receiving the most votes—regardless of party preference—move on to the general election regardless of vote totals. If a candidate receives a majority of the vote (50 percent + 1), a general election still must be held. Even if there are only two candidates for an office in the open primary, a general election for that office is still required.

California's open primary system does not apply to candidates running for local offices.

California law requires that the following information be printed in this pamphlet.

Voter-Nominated Offices

Political parties are not entitled to formally nominate candidates for voter-nominated offices at the primary election. A candidate nominated for a voter-nominated office at the primary election is the nominee of the people and not the official nominee of any party at the general election. A candidate for nomination to a voter-nominated office shall have his or her party preference, or lack of party preference, stated on the ballot, but the party preference designation is selected solely by the candidate and is shown for the information of the voters only. It does not mean the candidate is nominated or endorsed by the party designated, or that there is an affiliation between the party and candidate, and no candidate nominated by the voters shall be deemed to be the officially nominated candidate of any political party. In the county sample ballot booklet, parties may list the candidates for voter-nominated offices who have received the party's official endorsement.

Any voter may vote for any candidate for a voter-nominated office, if they meet the other qualifications required to vote for that office. The top two vote-getters at the primary election move on to the general election for the voter-nominated office even if both candidates have specified the same party preference designation. No party is entitled to have a candidate with its party preference designation move on to the general election, unless the candidate is one of the two highest vote-getters at the primary election.

Nonpartisan State Offices

Political parties are not entitled to nominate candidates for nonpartisan offices at the primary election, and a candidate at the primary election is not the official nominee of any party for the specific office at the general election. A candidate for nomination to a nonpartisan office may not designate his or her party preference, or lack of party preference, on the ballot. The top two vote-getters at the primary election move on to the general election for the nonpartisan office.

Redistricting

New electoral district boundaries are drawn every 10 years in order to equalize district populations. Boundaries for the congressional, state legislative, and county supervisorial districts are now different. Boundary changes also apply to any city, school district, or special district that votes by trustee areas or divisions. To see the new district maps, visit the Registrar of Voters website at www.voteinfo.net.

HOW TO MARK YOUR PAPER BALLOT

Please refer to the following instructions on how to properly complete your official ballot:

- ▶ Connect the head and tail of the arrow that points to your choice like the example provided.
- ▶ Check both front and back of ballot for voting contests.
- ▶ Use a black ball point pen. Do not use felt tip, red or gel ink.
- ▶ One line connecting the arrow is preferred.
- ▶ Vote for no more than the number of votes allowed in each contest (e.g. vote for one, vote for no more than two, etc.).
- ▶ Please keep the vote-by-mail ballot folded the same way you received it.

**CANDIDATE STATEMENT FOR
UNITED STATES REPRESENTATIVE,
36TH CONGRESSIONAL DISTRICT**

BRIAN NESTANDE, Republican

AGE: 50

OCCUPATION: State Assemblyman / Businessman

EDUCATION AND QUALIFICATIONS:

Congress isn't getting anything done, and the current Congress is one of history's worst.

In Congress, I'll work to:

- ✓ Immediately secure the border as the FIRST step in immigration reform
- ✓ STOP the overspending and pass a balanced budget amendment
- ✓ Hold Congress accountable - no balanced budget = no paycheck
- ✓ Create policies that encourage businesses to expand so we have high quality good paying jobs

Middle class families cannot afford another do-nothing Congress. In the last two years, Congress sent America another \$2 trillion deeper into debt - an amount equal to an additional \$9,000 of debt per U.S. taxpayer.

At the same time, the cost of healthcare under Obamacare has risen by as much as fifty percent, and millions of seniors have seen their Medicare benefits reduced.

Worker wages have remained stagnant, and more businesses are moving off-shore as Congress debates adding even higher taxes and more regulations.

My wife Gina and I are raising our family and we know first-hand how difficult Washington is making it for middle class families to get ahead.

I'll make sure the priorities of seniors and middle-class families are put into action, and that's the difference. That's why I've been endorsed by most of the local elected leaders in our District - people who understand how difficult it's been to have a voice in Congress. I would be honored to have your vote.

**CANDIDATE STATEMENT FOR
STATE SENATOR,
28TH SENATORIAL DISTRICT**

JEFF STONE, Republican

OCCUPATION: Riverside County Supervisor / Small Business Owner

EDUCATION AND QUALIFICATIONS:

As a Riverside County Supervisor and longtime small business owner, I'm proud to be running for the Senate with the support of local taxpayers, seniors, veterans, small business owners and over 45 city council members and elected officials from the Coachella Valley and Riverside County. Councilman Glenn Miller, who ran a strong campaign in June, has now endorsed me.

I'm also honored to be the choice of Riverside County Sheriff Stan Sniff and the Riverside Sheriffs Association. Over 3,200 law enforcement officers and investigators in Riverside County endorse me because they know I will **OPPOSE EARLY RELEASE** of dangerous prisoners and work to keep our neighborhoods, schools and homes safe.

I signed the NO NEW TAXES pledge. As a local official, I successfully lowered taxes without cutting vital services. I'll work to do the same in Sacramento.

I strongly oppose the federal government's policy of moving illegal immigrants from the Texas border to Riverside County communities. The Feds need to enforce the law and control the border.

My priorities are: JOB CREATION and Improving the Business Climate; No New Taxes, Cut Waste and Balance the Budget.

Special interests in Sacramento are spending massive sums of money to influence your vote and defeat me. Ask yourself: do you want a Senator who will be a voice for the special interests; or one who will be a voice for you and Riverside County?

I'd be honored to receive your vote. Please visit www.JeffStone2014.com to read more. Thank you.

**CANDIDATE STATEMENT FOR
STATE SENATOR,
28TH SENATORIAL DISTRICT**

BONNIE GARCIA, Republican

OCCUPATION: Small Business Woman

EDUCATION AND QUALIFICATIONS:

California is broken and in dire need of commonsense solutions.

During the six years I served in the Assembly, I kept my promise and refused to support tax increases and reckless spending. My commitment to California's hardworking taxpayers earned me the support of the Howard Jarvis Taxpayers Association and local elected officials from across the county.

A strong workforce is more important than senseless regulations. The California Small Business Association supports me because I created thousands of jobs, expanded opportunities for veterans and secured funding for small businesses.

I'm from a law enforcement and military family, value freedom and understand personal sacrifice. The California Police Chief's Association and Crime Victims United have endorsed me due to my strong support of public safety and fervent opposition toward the Governor's early release program for hardened criminals.

We must focus on issues that directly affect the future of our state and its industries: namely, our dwindling water supply. As your Senator, I will fight to ensure that California's water supply is readily available for those who need it most: families and small businesses that depend on this critical resource to create jobs and sustain our high standard of living.

With your support I will continue to use my experience and degree in Workforce Development and Education to promote a broad array of conservative priorities - sound fiscal policies, quality schools, safer communities and protecting the value of every life.

Experience and ethics matter.

**CANDIDATE STATEMENT FOR
MEMBER OF THE STATE ASSEMBLY,
56TH ASSEMBLY DISTRICT**

EDUARDO GARCIA, Democratic
OCCUPATION: Mayor / Legislative Director
EDUCATION AND QUALIFICATIONS:

As a lifelong resident of the Coachella Valley, a father, and a public servant, I want what is best for our families, residents, and local businesses.

I am running for State Assembly to fight for the issues that matter most to our residents: strengthening our economy, improving neighborhood schools, and building healthier, safer communities.

As a four-term Mayor of Coachella and policy director, I have a proven track record of building coalitions with Republicans and Democrats to deliver results and positive solutions for our community.

As Mayor, I work with business and labor to launch local job creation initiatives. Under my watch, Coachella invested over \$100 million in public works projects – infrastructure and transportation, parks & recreation, and a revitalized downtown. As a result, our city is a better place to live, work, and raise a family. During the recession, when other cities across the state made drastic cuts and slashed services, our residents and tax dollars were protected because of the fiscal safeguards I helped establish.

I've built partnerships between the city and community-based non-profits to expand access to health care throughout the Coachella Valley – work that was recognized by President Bill Clinton last year.

I have the experience and proven record as an effective leader needed to fight for the Coachella Valley in the Legislature. Please join Congressman Raul Ruiz, firefighters, teachers, police officers, and the California Democratic Party in supporting my campaign.

MEMBER OF THE STATE ASSEMBLY,
56TH ASSEMBLY DISTRICT**

CHARLES BENNETT, Republican
OCCUPATION: Security/Public Safety Consultant
EDUCATION AND QUALIFICATIONS:

AGE: 41

I am Charles Bennett Jr and I am running for the 56th assembly district to serve you, the people, as I did for our country as a US Marine for over 10 years.

I attended public schools until the 11th grade when I attended and graduated from a military school. Upon graduating, I attended an aviation college prior to enlisting in the Marine Corps where I worked as a military police officer having worked in various aspects of law enforcement.

Upon coming to Riverside County, I used the GI bill to attend COD where I studied business as well as classes in economics.

Currently, I have a small business where I consult on security and public safety issues for public and private entities, and also serve as a contributing expert to local broadcast media.

I entered the workforce at 13 delivering newspapers. I have had a variety jobs; some I did not like but had to do in order to pay bills. I know what it is like to be broke and live payday to payday.

I am running to serve the people, not politicians, special interests or agenda's. I know what it takes to create jobs, keep our communities and schools safe and I will make veteran's issues a priority.

I currently live in Indio with my wife and two small children.

I am asking for your vote to represent you in Sacramento.

As your Healthcare District Trustee I pushed for a new Medical School to develop future physicians, adding residents in training at our local hospital, funding new clinics and health career scholarships for local residents.

In partnership with our local schools I am working to combat childhood obesity and promote health and wellness for our kids. I led efforts to create a Wellness Park and Health and Wellness Center with a Boys and Girls Club and dental clinic. I continue to support funding for life-saving organizations who care for children, seniors, disabled and those who are coping with cancer, Alzheimer's, heart disease, asthma and other illnesses.

There remains much work to be done. As our valley continues to grow, we must expand our efforts to anticipate and recognize unmet health needs and work with existing and new providers to address them.

During my twenty year history in the desert I have worked with hospitals, doctors, nurses and allied health professionals as well as a wide variety of local community health and civic organizations to promote health and wellness throughout the district.

EDUCATION AND QUALIFICATIONS:

I served as Director and Chairperson of the Board for Eden Township Healthcare District for the last eight years, where we were responsible for \$60 million in taxpayer's assets.

I see my transition to the Desert Health Care District as a continuation of my lifelong volunteerism. With 40 + years experience in healthcare management, I will be a careful steward of your tax dollars and investments, and continue the good work of the District's Foundation to promote health and wellness of residents of the District. I have worked with all facets of healthcare industry and see the importance of the District's role supporting community programs, organizations and clinics.

We need to hold Tenet Healthcare accountable for its actions in order to maintain Desert Regional Medical Center's excellent reputation for high quality healthcare, mindful of their responsibilities to patients, nurses and medical staff.

I will be proud to be your champion and trustee to guide the District into the future.

GLEN GRAYMAN

AGE: 65

OCCUPATION: District Director / Physician
EDUCATION AND QUALIFICATIONS:

Having been a practicing emergency physician in the Desert Health Care District for 27 years, I have had the privilege of caring for thousands of residents of the Coachella Valley. Since 1998, it has also been my honor to serve those residents in a different way—as a publicly elected member of the District's Board of Directors.

Since obtaining a B.A. at UC Riverside and an M.D. at UCLA, I became Board Certified in Internal Medicine, Emergency Medicine, Quality Assurance, and Medical Management. As a previous Chief of Staff and Medical Director of the Emergency/Trauma Center at Desert Regional Medical Center, I realized that, whether we like it or not, medicine contains all the aspects of art, science, and business. To hone my skills in that third aspect, I obtained an M.B.A. in Healthcare at UC Irvine in 1998, and became a California-certified mediator.

My family and I are proud, full-time residents of the Coachella Valley and the District.

It has been said of the three goals of healthcare—quality, access, and cost—"pick any two." My aim is to expand the ability of District residents to, in fact, simultaneously have all three.

IMPARTIAL ANALYSIS OF MEASURE "HH"

This measure was placed on the ballot by a unanimous vote of the City Council after declaring a Fiscal Emergency.

This measure proposes to impose a tax on the cultivation of marijuana for medical use and for casual/recreational use in the event such use is legalized or decriminalized in California. It will be an annual tax of \$25.00 per square foot for the first 3,000 square feet and then \$10.00 per square foot for the remaining space utilized in connection with the cultivation of marijuana for the above uses.

The purpose of this tax is to raise revenue to fund general municipal services.

The tax will not be charged to any patient or consumer. Payment of the tax shall solely be the responsibility of the person or entity authorized to legally cultivate marijuana within the City.

"Space utilized in connection with the cultivation of marijuana" means any space or ground, floor or other surface area which is used during the marijuana germination, seedling, vegetative, pre-flowering, flowering and harvesting phases, including any space used for growing, planting, seeding, germinating, lighting, warming, cooling, aerating, fertilizing, watering, irrigating, topping, pinching, cropping, curing or drying marijuana or any space used for storing related products, supplies or equipment, no matter where such storage may take place or be located.

The tax will be adjusted annually beginning on July 1, 2015, and July 1 of each succeeding year based on the Consumer Price Index. No adjustment shall decrease the tax, unless approved by the City Council.

The tax must be remitted to the City biennially, on or before December 31 and June 30 every year.

The City Council may repeal the tax, but it may not increase the amount of the tax or broaden the scope of the tax, without voter approval.

Failure to pay the tax within 30 days after the due date will be subject to a 25% penalty. Additional penalties of 10% will be added on the first day of each calendar month thereafter if the tax remains unpaid -- up to a maximum of 100%.

Nonpayment of the tax shall also constitute a public nuisance and infraction.

The City will be authorized to examine all necessary records to ascertain the amount of any tax due during normal business hours, and such records must be maintained for at least seven (7) years.

Payment of the tax shall not be construed as authorizing operation of any illegal business or of a legal business in an illegal manner, nor does payment of the tax imply or authorize that any activity connected with the cultivation, possession or provision of marijuana is legal unless otherwise authorized and allowed by the State of California and permitted by the City.

This tax will take effect commencing upon the effective date of a City ordinance permitting the cultivation and distribution of marijuana for medical and/or recreational use within the City of Desert Hot Springs.

ARGUMENT IN FAVOR OF MEASURE "HH"

Measure "HH" is an annual tax of \$25.00 per square foot for the first 3,000 square feet and then \$10.00 per square foot thereafter for the cultivation of marijuana for medical use and casual/recreational use.

The tax will help fund basic City services such as street sweeping; public parks and building maintenance; public safety; youth, adult and senior programs; and public infrastructure.

Earlier this year, the City Council took drastic efforts to keep the City financially solvent and provide basic City services, at the expense of causing financial distress to many community non-profit organizations which have traditionally provided valuable services to our seniors, children, business owners, veterans and residents.

Even after the City Council reduced staff positions by more than 70%; reduced employee salaries by 22% to 35%; reduced employee benefits and holidays; cut several consulting contracts and reduced others by 20% - 30%; and, reduced support of local non-profits that provide services to our residents, the City still had to cut an additional \$1,600,000.00 in Fiscal Year 2013-14. These cuts were necessary to maintain a minimal "bare bones" budget to continue City operations through the current fiscal year or risk fiscal insolvency. The City's need for additional revenue is immediate and will become ever more pressing during this fiscal year and next fiscal year.

Your **"YES"** vote will show your support for protecting the interests, values, quality of life, and health & wellness of the residents of the City of Desert Hot Springs.

RIDICULOUSLY UNWORKABLE

How will someone prove they paid tax on a particular leaf leaf prints? Disabled marijuana smokers can never be the source of much revenue. Since they didn't cause the problem, taxing them won't fix it (obvious).

President Obama and U.S. Attorney General Eric Holder said Federal Prosecution against medical marijuana patients would ensue if state/local laws were violated.

Creates a maze of crushing restrictions. A single violation means the U.S. Justice Department may prosecute. Want to ruin more DHS lives?

Criminals won't pay, only good law abiding people. Targets people who, by definition, may not be able to do some things, disabilities of every kind. Exposing them to the full criminal punishment of the law, regardless of intent. People stuck in bed can't just send their payment. The City won't honor the postmark on an envelope they actually receive in the mail. (Nutty, wasteful and cruel.)

Don't get between doctor and patient. Never tax medical items.

Revives "The War on Drugs" - Aimless, ever expanding enforcement and costs; gang profits, violence, instability in Central America, etc.

Many won't know about the numerous requirements (do you?) until the City of Desert Hot Springs swoops down on them. Medical patients deserve a gentle helping hand, not an angry, hurtful, fist. Enforcement authorities demanding, "Where are your papers".

People suffering in continuous excruciating pain, little time left to enjoy, will pay.

ARGUMENT AGAINST MEASURE “HH”

Triple Taxation - 120% + Sales Tax + This Tax

Who is subject to this law? What are its provisions? We don't know. We're giving them carte blanche to enact anything they wish.

Section 3.33.070 “The City Manager, or designee, and/or the City Council by ordinance, may promulgate regulations to implement and administer the provisions of this chapter.”

Section 3.33.080 “PENALTIES... Postmarks will not be accepted as adequate proof of timely payment.” Why not?

This tax is not voluntary. It requires sweeping surveillance of everyone. The costs will far outweigh any revenues. It requires intrusive inspections of all structures at any time without a warrant. Warrants are only needed if going to court. There is no recourse with this... none. It implies the use of drones, and advanced imaging technologies. It requires a new database of information on every person, unavailable to the public.

How do they know you're subject to the provisions until after they have inspected your premises, “books” and personal papers? It actually specifies books! Section 3.33.100 “Whenever it is necessary to examine any books or records, including tax returns, of any entity subject to the provisions this chapter... the City shall have the power and authority to examine such necessary books and records...”

Section 3.33.090 says a violation is a “public nuisance”. Subject to a \$1,000 a day fine and possible forfeiture of the property.

They snuck in a “poison pill”, unlimited spending.

Section 3. “APPROPRIATIONS LIMIT ...the appropriations limit for the City of Desert Hot Springs is increased to the maximum extent over the maximum period of time allowed under law...”

Criminals, who pay no taxes will profit and prosper.

IMPARTIAL ANALYSIS OF MEASURE "II"

This measure proposes to impose a tax on any person or entity legally selling or providing marijuana for medical use and casual/recreational use if such use is legalized or decriminalized in California. It will be a monthly tax of 10% of the proceeds from such sales or provision.

The City Council may repeal the tax, but it may not increase the amount of the tax or broaden the scope of the tax, without voter approval.

It's not Marijuana vs. Alcohol. It is Medical Marijuana vs. Prescription Narcotics (both authorized in writing by a doctor after an examination). IMPARTIAL ANALYSIS OF MEASURE "JJ"

This measure was placed on the ballot by a unanimous vote of the City Council after declaring a Fiscal Emergency.

This measure proposes to increase the combine sales, transaction and use tax rate in the City of Desert Hot Spring an additional one percent (1%).

Currently, the combined sales, transactions and use tax rate in Desert Hot Springs is eight percent (8%), of which the State receives six and one-half percent (6.5%), the Riverside County Transportation Commission receives one-half percent (.50%), and the remaining one percent (1%) is distributed to the City for general purposes.

The sales, transactions and use tax is imposed on retailers for the selling of tangible personal property at retail and on the storage, use or other consumption in the City of tangible personal property purchased from any retailer, subject to certain exclusions and exemptions.

By increasing the City's sales, transaction and use tax by 1.00%, it is projected to generate \$1.4 million dollars annually for essential City services.

The proceeds of the City's share of the combined sales, transaction and use tax are deposited in the City's general fund and used for general governmental purposes, such as City operations, police and fire services, street sweeping and repair, paramedics, parks and recreation, emergency response services, capital projects and other essential services.

Since the revenue of the proposed one percent increase will not be restricted to fund only certain specified City services, it may be approved by a simple majority (50% plus one) vote of the electorate.

The above statement is an impartial analysis of Measure "JJ". If you desire a copy of the measure, please call the Desert Hot Springs City Clerk's office at (760) 329-6411 and a copy will be mailed at no cost to you.

ARGUMENT IN FAVOR OF MEASURE "JJ"

Last year the City cut its budget by \$3.5 Million and cut another \$1.6 Million prior to July 1, 2014 to make ends meet. The City had to reduce employees by 70%, employee salaries and benefits, and cut public programs and services.

The proposed 1% sales tax increase measure (8% to 9%) will result in an economic boost and is estimated to generate \$1.4 Million in general fund revenue. The revenue will be used for various City operations such as street sweeping; public parks and building maintenance; public safety; youth, adult and senior programs; and public infrastructure.

If the measure fails, more drastic cuts will be forthcoming to essential City programs and services.

The City has a population of nearly 28,000 and it continues to grow. Tourism is a vital industry to Desert Hot Springs as a result of our natural hot mineral water spas bringing in an estimated \$1.2 Million during Fiscal Year 2013-14. While residents and visitors bring revenue dollars into the city, they also increase the cost of local services, such as transportation, parks, streets, public amenities, public safety, and other essential municipal services. A **YES** vote on this measure will:

1. **CREATE** a thriving, diverse and sustainable economic base.
2. **PROMOTE** a balanced, managed and sustainable growth.
3. **FOSTER** a strong sense of community vitality and vibrancy.
4. **PRESERVE** a strong sense of place, character and heritage.
5. **MAINTAIN** the health & wellness of the community.
6. **CONSERVE** the quality of life.

Because of the numerous benefits associated with these communitywide issues, your support of Measure "JJ" will ensure the City reaches solvency to continue to provide a high level of service to its residents. Please vote **YES** on Measure "JJ".

REBUTTAL TO ARGUMENT IN FAVOR OF MEASURE "JJ"

Reject the Liars – A 1% increase in this 8% tax means you will pay 12.5% more sales taxes only in DHS... will that help?

DHS Taxpayers – Residents, Business & Visitors Didn't Cause the Problem. Punishing Them Won't Fix It – Who's next?
IT WON'T FIX THE PROBLEM! WHY DO IT?

Just transfers a public debt into many private debts. A government "bail-in". Private individuals are less able to get help or make adjustments. They're just stuck. Destroys the "safe harbor" people have struggled to find from the economic storms. People are already in peril.

Where did your money go? "The Vortex Plan", millions on "facades"- Truth is stranger than fiction! The whole plan was an attempted facade of success. But it didn't work at all. Who knew a city that just went bankrupt, immediately borrowing \$35,835,000, plus over \$32 Million interest would cause problems... me.

Another \$50 Million "is set aside" for a golfcart path to Indio. (!!!???)

Our City Council is nonstop drama, breathtaking cliffhangers, heartpounding terror. Our opportunities disappear as they squabble about nonsense.

Lacking Vision - Loosing Opportunities - Drifting aimless from crisis to crisis.

Reject the Politics of Fear - Don't Follow Chicken Little Scare Tactics
The sky is not falling. The sun will come up tomorrow. They cried wolf before. "Panic... it's the end!" But the world goes on. Scammers often use fear. Don't fall for it.

ARGUMENT AGAINST MEASURE “JJ”

Be reasonable, be dignified, and we win.
Reject this, their second best idea.
A Sales Tax Hike on DHS Residents, Businesses and Visitors

Remember, I was the only one who told you the truth.

Just After the Election... CBS Local 2 - Nov 12, 2013
DHS Residents Want Answers

People we spoke with in Desert Hot Springs Tuesday could not believe the mayor and the entire council were not aware their city was projected to run out of money by early next year.

“How wouldn’t they know? That’s what they do for a living,” 33-year DHS resident, Sam Jones, said. “They’re supposed to run the city. You’re telling me that they just don’t know, yet they’re going to go bankrupt.”

“I’d like to know why does City Hall have to steal money from the people?” Art Shine said. “We’re paying through the nose as is.”

The General Fund = City Council Slush Fund (Dark Pools of Money)
Nearly \$300 Million for a new prison in Indio, plenty of money for prison beds for DHS kids, but nothing else. Twisted priorities, a dead end for DHS kids.

They claim they have made huge cuts to the budget. Are they lying again? The fact is if you cut money you were never going to have, that is not a cut. That is just reality crashing in on you.

One defining characteristic of an actual cut is that you have the money left over afterward. Only in politics can you pat yourself on the back for not spending money you were never going to have.

We don’t need to make cuts at all (or raise taxes). Just don’t allocate spending more than your revenue.

REBUTTAL TO ARGUMENT AGAINST MEASURE “JJ”

Don’t be fooled by a fiction writer’s political rhetoric. Consider the facts and **VOTE YES ON “JJ”**.

FACT: The City of Desert Hot Springs declared a Fiscal Emergency based on the independent review and findings of an outside auditor. Our fiscal challenges have been national news, obvious to everyone but the sole person opposing Measure “JJ”.

FACT: Last year the City cut its budget by \$3.5 Million and cut another \$1.6 Million prior to July 1, 2014 to make ends meet.

FACT: If Measure “JJ” does not pass we risk losing or undermining many programs and services including Cabot’s Museum, Chamber of Commerce, Hoteliers Association, Aquatic Center, public safety, street sweeping, public parks and building maintenance, youth, adult and senior programs and public infrastructure. We must take action to prevent this from happening and protect our residents and local businesses.

FACT: Measure “JJ” will increase the sales tax **1%** from 8% to 9% and provide an estimated \$1.4 Million in general fund revenue to be used for various City operations. It will create a thriving economic base; promote a balanced, managed and sustainable growth; preserve a sense of community; maintain health & wellness of the community; and conserve the quality of life.

FACT: If Measure “JJ” does not pass it will pose a negative impact to reaching solvency to continue to provide the level of services that residents deserve.

Remember, **VOTE YES ON “JJ”**. To read official Measure “JJ” documents, visit www.cityofdhs.org.
