IMPORTANT NOTICE TO VOTERS

In an effort to maintain current voter rolls and reduce waste, the Riverside County Registrar of Voters will be mailing an alternate residency confirmation notice after the November 4, 2008 Consolidated General Election, pursuant to California Elections Code § 2224 that permits removal from the active voter roll the names of those registered voters who have **NOT** voted in any election nor had their registration updated in the preceding four years.

The pre-addressed return postage-paid card **MUST BE RETURNED** to the registrar of voters if he or she wish to remain on the active voter roll. However, if you receive a card for someone who has moved or does not live at the address shown return the card so that we can maintain a current voter file.

Voters who return the notice with an affirmative response will remain on the active list of registered voters.

Voters who do **NOT** respond affirmatively will be placed on an inactive voter list, and they will no longer receive election materials. If they fail to vote in any election between the time they receive the notice and the next two federal general elections, they may be canceled from the voter file.

CANDIDATE STATEMENT FOR MEMBER OF THE STATE ASSEMBLY, 65TH ASSEMBLY DISTRICT

PAUL COOK, Republican

OCCUPATION: Assemblyman / Retired US Marine Colonel
EDUCATION AND QUALIFICATIONS:

California needs REAL ACTION to fix the budget, secure our border, protect families and get the state back on track - I will lead that effort. That's why I am asking for your vote.

Paul Cook: Respected Assemblyman. Decorated US Marine. Trusted Leader.

As your Assemblyman, I've listened to your concerns and taken real action to oppose higher taxes, defend family values and secure our border. I'll support efforts to eliminate pay for the Governor and every Legislator when they fail to pass a balanced budget on time.

That's why I introduced legislation to eliminate special benefits for illegal immigrants, keep sexual predators away from children, enforce the death penalty, and provide help to injured veterans. And, I have stood up to lobbyists and special interests who are waging war on our wallets and our values.

I've put my PRINCIPLES and my experience as an Assemblyman, Mayor and Combat Leader to work solving real problems.

The California Taxpayers Association has given me a 100% rating and I'm proud to have earned the support of every leading tax-fighter and law enforcement organization in San Bernardino County - including - including Riverside County Sheriff Stanley Sniff and DA Rod Pacheco.

But more importantly, I'd appreciate your support - and your vote.

I've spent my lifetime defending America and the values that make us strong - a fight I will continue in the State Assembly. To learn more or to join my campaign, visit my website:

**CANDIDATE STATEMENT FOR
DIRECTOR,
EASTERN MUNICIPAL WATER DISTRICT, DIVISION 3**

RANDY RECORD

EDUCATION AND QUALIFICATIONS:

Water customers deserve and should expect that their dollars are spent in the most economically prudent fashion. Water use efficiency must improve, and local government must partner with water agencies to guarantee the uninterrupted supply of water into the future. I have led the effort to make sure that those partnerships are formed, and I will work hard to ensure that they remain effective.

The water delivery system from Northern California is antiquated and extremely fragile -- one earthquake or major storm will create a Katrina-style disaster that will paralyze our economy and severely impact our lives. Regional water leaders must demand that the system be fixed now.

As a life-long resident and a farmer of the San Jacinto Valley, it has been an honor to serve you as director of Division (3) of the Eastern Municipal Water District (EMWD). As EMWD's appointed representative to the Metropolitan Water District, I will continue to advocate on behalf of our local citizens for safe and reliable water at the lowest possible cost.

I have sincerely appreciated your support in the past, and I ask for your vote on November 4th to continue the fight for our water in the future.

Thank You

AGE: 38

OCCUPATION: Small Business Owner

EDUCATION AND QUALIFICATIONS:

EMWD is not doing enough to guarantee a fairly priced, adequate water supply for our future. They raise rates and do little to encourage conservation or recycling. Rates have skyrocketed, water supplies have dwindled; If elected I promise I will reverse that trend. If these issues concern you and your children, vote for me so that I can represent you.

I bring a diverse base of experience to the water board. I have years of business and leadership experience. Small business owner, former non-profit organization director, grant writer, and experience in making government work for people. San Jacinto Unified School District Measure "V" Citizens' Oversight Committee Member, proud PTA Dad and volunteer with many community service organizations.

I will foster a collaboration between EMWD, local government and our business community to encourage prosperity in these difficult and uncertain times.

I will not increase your water rates. I will enact senior discounts and more changes to reward conservation. I will be the people's representative. I am not interested in politics as a career. I will address past excessive rate and fee hikes, unscheduled road closures, and jobs not completed on time.

Please give me your vote.

**CANDIDATE STATEMENT FOR
DIRECTOR,
EASTERN MUNICIPAL WATER DISTRICT, DIVISION 3**

GWENDOLYN M. CROSS

EDUCATION AND QUALIFICATIONS:

Our growing community demands an ample supply of quality water. Water Board members must do their homework; they must read and understand all reports brought before them, and they must make additional efforts to research issues themselves.

The only chance we have to ensure a clean water supply is through timely, open disclosure of all pertinent information. It is then the Board's burden to make well-researched, well-reasoned decisions for the benefit of all - taking into account today's water issues, as well as the tomorrows.

I am seeking election to the Eastern Municipal Water Board because I believe I have the passion, the ability, and the experience to meet these demands.

My 37 years working for the Los Angeles School District, plus my community involvement has taught me how to evaluate contracts with due diligence and make careful and balanced decisions. We must act to address our water crisis to safeguard our environment, economy and quality of life.

WE MUST ACT NOW

- .Improve water supply
- .Water quality improvements
- .Water conservation and recycling
- .Safeguard our Environment, Economy and quality of life
- .Fix the delta

I will work tirelessly to guarantee the supply and quality of water for our community.

MEASURE “Z” – FULL TEXT

EXHIBIT B FULL TEXT BALLOT PROPOSITION OF THE BEAUMONT UNIFIED SCHOOL DISTRICT BOND MEASURE ELECTION NOVEMBER 4, 2008

The following is the full text ballot proposition presented to the voters by the Beaumont Unified School District on November 4, 2008.

SCHOOL SAFETY; VOCATIONAL EDUCATION; CLASSROOM REPAIR MEASURE. “To retain/attract excellent teachers, keep students from gangs by upgrading safety, technology security systems, energy efficiency; acquiring land; repairing, constructing, equipping schools/classrooms; adding vocational education/after-school space; fixing leaky roofs; replacing heating/air-conditioning; and qualifying for State matching grants shall Beaumont Unified School District issue \$125,000,000 in bonds at legal interest rates, with annual financial audits, Independent Citizens’ Oversight, and no money for the State or administrators’ salaries?”

PRIORITY SCHOOL PROJECT LISTS

The Board of Trustees of the Beaumont Unified School District evaluated the District's urgent and critical school needs, including school and student safety, quality teacher recruitment and retention, enrollment trends, class size reduction, relieving high school overcrowding, energy efficiency and computer and information technology, in developing the scope of projects to be funded, as outlined in the Beaumont Unified School District Master Facilities Plan (the “Master Plan”), which is incorporated herein. In developing the scope of projects, hundreds of parents, teachers, staff, students and community members have prioritized the key health and safety and sustainability needs so that the most critical school site needs are addressed. The Board of Trustees conducted a thorough evaluation at all school sites and received public input and review in developing the scope of school projects to be funded, as listed in the Master Plan. This evaluation concluded that, if these needs were not addressed now, the problem would only get worse and more expensive to address in the future. In approving this Priority School Projects List, the Board of Trustees determines that:

1. All of its schools should be safe learning environments, free from gang or drug influence; and
2. Retaining and attracting the best teachers is one of the District's top priorities. To do so effectively, the District must provide teachers with adequate classrooms and access to modern learning technology; and
3. The District must expand space for job and vocational training for high school students and increase opportunities for after-school programs that keep students off the street and out of trouble; and
4. The District must give priority to basic repairs, such as leaky roofs, plumbing, electrical and utility systems and repairing and upgrading heating and cooling systems for greater energy efficiency in repairing and improving local schools; and
5. The District must reduce class size by repairing existing classrooms and building new classrooms with the goal of keeping class size under 20 students per teacher K-3; and
6. The District must aggressively apply for State matching funds and spend any local bond money exclusively on schools within the District and shall not allow bond monies to be captured by the State; and
7. The District must promote physical education programs to help students stay out of trouble, focus and perform well in school and needs to fund projects necessary for physical education programs that promote student health and academic performance.

The Master Plan includes the types of projects described below to be implemented, as needed, at ALL existing District school sites in the District's cities and unincorporated areas, including Beaumont, Banning, Calimesa and Cherry Valley:

- Palm Elementary,
- San Geronio Middle,
- Chavez Elementary,
- Brookside Elementary,
- Sundance Elementary,
- Three Rings Ranch Elementary,
- Tournament Hills Elementary,
- Anna Hause Elementary,
- Mt. View Middle,

- Beaumont High, as well as
- Glen View, Beaumont Adult and Wellwood Schools.

The Master Plan also addresses the need for new school sites and facilities, and certain of the projects to be completed are described below. Copies of the Master Plan are available at the Beaumont Unified School District Facilities Department.

Listed repairs, rehabilitation, upgrades and new construction projects will be completed as needed at a particular site. Each project funded with bond proceeds may include needed equipment and furniture and will include architectural, engineering, inspection and similar planning costs, construction management costs, bond issuance costs, demolition and interim housing costs, and a customary contingency for unforeseen design and construction costs. The allocation of bond proceeds will be affected by final cost estimates and may be affected by factors beyond the District's control. The final cost of each project and the priority of the projects to be funded will be determined as plans are finalized, construction bids are awarded, and projects are completed. In addition, certain construction funds expected from non-bond sources, including State of California grant funds for eligible projects, have not yet been secured. Therefore, the Board cannot guarantee that the bonds will provide sufficient funds to allow completion of all listed projects. The Board will establish the priority of the projects to be funded and the timing for each project. Certain of the projects may be acquired in advance of the sale of bonds through leases or other financing obtained by the District. Bond proceeds may be used to repay any such financing obtained by the District.

No Administrator Salaries. Proceeds from the sale of bonds authorized by this proposition shall be used only for the construction, reconstruction, rehabilitation or replacement of school facilities, including the furnishing and equipping of school facilities, the acquisition or lease of real property for school facilities or the prepayment of an existing or future interim lease or certificates of participation financing, and not for any other purpose, including teacher and administrator salaries and other operating expenses.

Fiscal Accountability: The expenditure of bond proceeds by the District is subject to stringent financial accountability requirements. Performance and financial audits will be performed annually, and all bond expenditures will be monitored by an independent Citizens' Oversight Committee to ensure that funds are spent as promised and specified. In accordance with Section 15282 of the Education Code, the Citizens' Oversight Committee shall consist of at least seven members and shall include a member active in a business organization representing the business community located within the District, a member active in a senior citizens' organization, a member active in a bona fide taxpayers' organization, a member that is a parent or guardian of a child enrolled in the District, and a member that is both the parent or guardian of a child enrolled in the District and active in a parent-teacher organization. No District employees or vendors are allowed to serve on the Citizens' Oversight Committee.

As long as any proceeds of the bonds remain unexpended, the Superintendent of the District shall cause a report to be filed with the Board no later than January 1 of each year, commencing the first January 1 that occurs after the delivery of the proceeds of the bonds to the District, stating (a) the amount of bond proceeds received and expended in that year, and (b) the status of any project funded or to be funded from bond proceeds. The report may relate to the calendar year, fiscal year, or other appropriate annual period as the Superintendent of the District shall determine, and may be incorporated into the annual budget, audit or other appropriate routine report to the Board.

IMPARTIAL ANALYSIS OF MEASURE "Z"

The Board of Trustees (the "Board") of the Beaumont Unified School District (the "District") has, by adopting its Resolution No. 2008-54 (the "Resolution"), elected to call an election consistent with Article XIII A, section 1.(b) of the California Constitution and Sections 15264 *et. seq.* of the Education Code to obtain authorization to sell general obligation bonds (the "Bonds") in the aggregate principal amount not to exceed \$125,000,000. The Bonds would be used by the District to construct and equip additional school sites, to renovate, repair and upgrade existing schools and facilities of the District, and to qualify for State matching funds. The Board is proposing that an ad valorem tax be levied on property within the boundaries of the District to pay the principal and interest of the Bonds.

As required by Article XIII A, section 1.(b)(3) of the California Constitution and Sections 15264 *et seq.* of the Education Code, the Resolution states, *inter alia*:

(A) That the Board will use the proceeds of the sale of the Bonds only for those purposes authorized by the Measure for improving the District's school facilities and not for any other purpose, including teacher and administrator salaries and other operating expenses;

(B) That the Board has adopted a list of school improvement projects to be funded by the proceeds from the Bonds and has evaluated the safety, class size reduction and information technology needs in developing the list;

(C) That the Board will cause to be conducted an annual, independent performance audit to ensure that the proceeds from the sale of the Bonds are expended only on specific projects listed;

(D) That the Board will cause an annual, independent financial audit of proceeds from the sale of the Bonds until all of the proceeds have been expended for the school facilities projects; and,

(E) That the Board will cause the appointment of a Citizens' Oversight Committee to ensure that the revenue from the sale of the Bonds will be used on the listed school improvement projects and no other purpose.

The Resolution provides that the maximum rate of interest on the Bonds shall not exceed the maximum rate allowed by law; and, that the maximum term of any of the Bonds issued pursuant to Sections 15264 *et. seq.* of the Education Code and Section 53506 of the Government Code shall not exceed twenty five (25) and forty (40) years, respectively.

The Board of the District has called this election for the purpose of submitting this Measure to the voters of the District. For the Measure to be approved, fifty-five percent (55%) of those persons voting on the Measure must vote yes.

A "Yes" vote on Measure "Z" is a vote to allow the sale of the Bonds, the appointment of the Citizens' Oversight Committee, and the levy of the necessary taxes to pay for the Bonds.

A "No" vote on Measure "Z" is a vote against the sale of the Bonds and the levy of the necessary taxes to pay for the Bonds.

Respectfully submitted,

Approval of Measure "Z" does not guarantee that the proposed project or projects in the Beaumont Unified School District that are the subject of bonds under Measure "Z" will be funded beyond the local revenues generated by Measure "Z". The school district's proposal for the project or projects may assume the receipt of matching state funds, which could be subject to appropriation by the Legislature or approval of a statewide bond measure.

ARGUMENT IN FAVOR OF MEASURE "Z"

Growing numbers of gangs and drugs are coming into our region from Los Angeles. To fight back, vote YES on "Z".

YES on "Z" gives our students the schools and classroom they need to focus on academics, college preparation, and the job training skills that keep all of our young people on the right track for success in life.

YES on "Z" will provide our youth with the focus and training they need to compete for well-paying jobs, community college, or 4-year colleges in today's tough economy:

- YES on "Z" retains and attracts the BEST TEACHERS in schools serving Beaumont, Banning, Calimesa, and Cherry Valley and keeps class size to 20 students or less in grades K-3, when children need extra attention.
- YES on "Z" expands VOCATIONAL EDUCATION TRAINING for our local high school students in today's tough economy.
- YES on "Z" funds the essential projects necessary for the physical education programs that education and health experts agree are important to keep students out of trouble and performing well in school.
- YES on "Z" STIMULATES OUR ECONOMY by providing millions in construction and related projects, creating jobs for local construction workers and purchasing materials from local merchants.

YES on "Z" IMPROVES SAFETY. YES on "Z" upgrades all neighborhood schools, including fencing and lighting to keep intruders off school campuses. YES on "Z" will fund UPGRADED COMMUNICATIONS SYSTEMS to ensure that police officers and firefighters can quickly communicate with principals and teachers during emergencies such as earthquakes.

YES on "Z" is FISCALLY ACCOUNTABLE. By law, an Independent Citizens' Oversight Committee must ensure that money is spent as promised. Independent annual audits will also be conducted, and NO money will be spent on administrators' salaries.

Join teachers, seniors, and community leaders - VOTE Yes on "Z".
