IMPORTANT NOTICE TO VOTERS

In an effort to maintain current voter rolls and reduce waste, the Riverside County Registrar of Voters will be mailing an alternate residency confirmation notice after the November 4, 2008 Consolidated General Election, pursuant to California Elections Code § 2224 that permits removal from the active voter roll the names of those registered voters who have **NOT** voted in any election nor had their registration updated in the preceding four years.

The pre-addressed return postage-paid card **MUST BE RETURNED** to the registrar of voters if he or she wish to remain on the active voter roll. However, if you receive a card for someone who has moved or does not live at the address shown return the card so that we can maintain a current voter file.

Voters who return the notice with an affirmative response will remain on the active list of registered voters.

Voters who do **NOT** respond affirmatively will be placed on an inactive voter list, and they will no longer receive election materials. If they fail to vote in any election between the time they receive the notice and the next two federal general elections, they may be canceled from the voter file.

CANDIDATE STATEMENT FOR MEMBER OF THE STATE ASSEMBLY, 65TH ASSEMBLY DISTRICT

PAUL COOK, Republican

OCCUPATION: Assemblyman / Retired US Marine Colonel
EDUCATION AND QUALIFICATIONS:

California needs REAL ACTION to fix the budget, secure our border, protect families and get the state back on track - I will lead that effort. That's why I am asking for your vote.

Paul Cook: Respected Assemblyman. Decorated US Marine. Trusted Leader.

As your Assemblyman, I've listened to your concerns and taken real action to oppose higher taxes, defend family values and secure our border. I'll support efforts to eliminate pay for the Governor and every Legislator when they fail to pass a balanced budget on time.

That's why I introduced legislation to eliminate special benefits for illegal immigrants, keep sexual predators away from children, enforce the death penalty, and provide help to injured veterans. And, I have stood up to lobbyists and special interests who are waging war on our wallets and our values.

I've put my PRINCIPLES and my experience as an Assemblyman, Mayor and Combat Leader to work solving real problems.

The California Taxpayers Association has given me a 100% rating and I'm proud to have earned the support of every leading tax-fighter and law enforcement organization in San Bernardino County - including - including Riverside County Sheriff Stanley Sniff and DA Rod Pacheco.

But more importantly, I'd appreciate your support - and your vote.

I've spent my lifetime defending America and the values that make us strong - a fight I will continue in the State Assembly. To learn more or to join my campaign, visit my website:

**CANDIDATE STATEMENT FOR
CITY COUNCIL MEMBER,
CITY OF CALIMESA**

ELLA A. ZANOWIC

AGE: 71

OCCUPATION: Business Owner

EDUCATION AND QUALIFICATIONS:

I am seeking a Calimesa City Council seat because our community deserves more services, fiscal responsibility and accountability from our elected officials.

Years of wasteful spending have brought our City to near-bankruptcy. Halting the downward fiscal slide and balancing the budget is my top priority. Our City needs our current level of police protection and senior center activities. We need to stop spending more than we receive.

More than 30 years of business experience as a licensed real estate broker and business owner have given me expertise in business accountability and responsibility. Even cities must have a customer satisfaction culture in place to succeed. We must listen to our residents.

Community activities; serve as a Director of the Calimesa Cultural & Performing Arts Association, served as Commissioner on the Community Services Commission, Chairman of the Senior Advisory Committee, Friends of the Calimesa Library Director, Social Director for Plantation on the Lake Mobile Home Park and senior volunteer. My efforts will continue towards developing our Senior Center, Library and new programs designed to serve our citizens.

I need your vote on November 4th. Vote for change by voting for Ella Zanowic. Your vote ensures it can start now!

**CANDIDATE STATEMENT FOR
CITY COUNCIL MEMBER,
CITY OF CALIMESA**

BILL DAVIS

AGE: 62

EDUCATION AND QUALIFICATIONS:

As a rancher and businessman I have spent over 20 years living and working in Calimesa. Prior to being elected to the Council in 2004, I served on the Planning Commission; in both positions I worked hard to serve the needs of the community.

I am not a politician; I cannot make everyone happy, but I listen carefully and answer questions honestly.

As a business owner for over 35 years, I have excelled in communicating with the people I work with. I feel residents are not comfortable asking questions of City officials and I will work to find a way to improve this level of communication.

I have worked with various organizations throughout the community in an effort to better unite those who live and work in our area and to instill a sense of pride.

I am a CSU graduate with a degree in civil and environmental engineering. With my combined education and experience, I bring a working knowledge of land development, infrastructure improvements, open space preservation, and fiscal responsibility.

As a father of 4, grandfather of 13, and great-grandfather of 15, I want to continue to provide leadership for Calimesans and to preserve our community for future generations.

JOHN M. CHLEBNIK

AGE: 66

OCCUPATION: Retired CPA / Mayor

EDUCATION AND QUALIFICATIONS:

My wife and I are 36 year residents of Calimesa. My business was in Calimesa, and we raised our children in Calimesa. We have enjoyed a quality of life that I want to preserve for those who follow us.

For fourteen years I have represented the collective vision and needs of our community on the City Council. I am a voice of reason and balance on that Council. Growth is inevitable and we must manage it to enhance Calimesa.

Just a few of my accomplishments are: Helped secure \$1,000,000 Federal Funding for the upcoming third street project. Assisted in negotiating for construction of the school road. Partnering with another Councilman, secured \$50,000 for Senior Center Services.

There still are challenges facing us. We must manage development for the benefit of Calimesa. We need to develop the recently acquired parkland and acquire even more land for parks. Services to seniors must be expanded. Programs for youth and families need to be initiated. Better shopping opportunities would also be a benefit, providing revenue for these needs.

My experience as a CPA and participation on various Boards and Committees make me uniquely qualified to address these challenges.

MEASURE “Z” – FULL TEXT

EXHIBIT B FULL TEXT BALLOT PROPOSITION OF THE BEAUMONT UNIFIED SCHOOL DISTRICT BOND MEASURE ELECTION NOVEMBER 4, 2008

The following is the full text ballot proposition presented to the voters by the Beaumont Unified School District on November 4, 2008.

SCHOOL SAFETY; VOCATIONAL EDUCATION; CLASSROOM REPAIR MEASURE. “To retain/attract excellent teachers, keep students from gangs by upgrading safety, technology security systems, energy efficiency; acquiring land; repairing, constructing, equipping schools/classrooms; adding vocational education/after-school space; fixing leaky roofs; replacing heating/air-conditioning; and qualifying for State matching grants shall Beaumont Unified School District issue \$125,000,000 in bonds at legal interest rates, with annual financial audits, Independent Citizens’ Oversight, and no money for the State or administrators’ salaries?”

PRIORITY SCHOOL PROJECT LISTS

The Board of Trustees of the Beaumont Unified School District evaluated the District's urgent and critical school needs, including school and student safety, quality teacher recruitment and retention, enrollment trends, class size reduction, relieving high school overcrowding, energy efficiency and computer and information technology, in developing the scope of projects to be funded, as outlined in the Beaumont Unified School District Master Facilities Plan (the “Master Plan”), which is incorporated herein. In developing the scope of projects, hundreds of parents, teachers, staff, students and community members have prioritized the key health and safety and sustainability needs so that the most critical school site needs are addressed. The Board of Trustees conducted a thorough evaluation at all school sites and received public input and review in developing the scope of school projects to be funded, as listed in the Master Plan. This evaluation concluded that, if these needs were not addressed now, the problem would only get worse and more expensive to address in the future. In approving this Priority School Projects List, the Board of Trustees determines that:

1. All of its schools should be safe learning environments, free from gang or drug influence; and
2. Retaining and attracting the best teachers is one of the District's top priorities. To do so effectively, the District must provide teachers with adequate classrooms and access to modern learning technology; and
3. The District must expand space for job and vocational training for high school students and increase opportunities for after-school programs that keep students off the street and out of trouble; and
4. The District must give priority to basic repairs, such as leaky roofs, plumbing, electrical and utility systems and repairing and upgrading heating and cooling systems for greater energy efficiency in repairing and improving local schools; and
5. The District must reduce class size by repairing existing classrooms and building new classrooms with the goal of keeping class size under 20 students per teacher K-3; and
6. The District must aggressively apply for State matching funds and spend any local bond money exclusively on schools within the District and shall not allow bond monies to be captured by the State; and
7. The District must promote physical education programs to help students stay out of trouble, focus and perform well in school and needs to fund projects necessary for physical education programs that promote student health and academic performance.

The Master Plan includes the types of projects described below to be implemented, as needed, at ALL existing District school sites in the District's cities and unincorporated areas, including Beaumont, Banning, Calimesa and Cherry Valley:

- Palm Elementary,
- San Geronio Middle,
- Chavez Elementary,
- Brookside Elementary,
- Sundance Elementary,
- Three Rings Ranch Elementary,
- Tournament Hills Elementary,
- Anna Hause Elementary,
- Mt. View Middle,

- Beaumont High, as well as
- Glen View, Beaumont Adult and Wellwood Schools.

The Master Plan also addresses the need for new school sites and facilities, and certain of the projects to be completed are described below. Copies of the Master Plan are available at the Beaumont Unified School District Facilities Department.

Goal and Purpose: To ensure that students are safe and the learning process is not interrupted by gangs and drugs or juvenile crime, a variety of health and safety projects will be undertaken at the school sites, such as:

Goal and Purpose: To reduce the severe and unsafe overcrowding at neighborhood schools and to reduce the risk of violence and injury in the event of emergency evacuation, additional school sites and facilities will be needed, such as:

- Purchase additional acres for Chavez Elementary to comply with California Department of Education requirements for site size for a permanent elementary school.
- Acquire, construct and equip one or more additional school sites.

Listed repairs, rehabilitation, upgrades and new construction projects will be completed as needed at a particular site. Each project funded with bond proceeds may include needed equipment and furniture and will include architectural, engineering, inspection and similar planning costs, construction management costs, bond issuance costs, demolition and interim housing costs, and a customary contingency for unforeseen design and construction costs. The allocation of bond proceeds will be affected by final cost estimates and may be affected by factors beyond the District's control. The final cost of each project and the priority of the projects to be funded will be determined as plans are finalized, construction bids are awarded, and projects are completed. In addition, certain construction funds expected from non-bond sources, including State of California grant funds for eligible projects, have not yet been secured. Therefore, the Board cannot guarantee that the bonds will provide sufficient funds to allow completion of all listed projects. The Board will establish the priority of the projects to be funded and the timing for each project. Certain of the projects may be acquired in advance of the sale of bonds through leases or other financing obtained by the District. Bond proceeds may be used to repay any such financing obtained by the District.

No Administrator Salaries. Proceeds from the sale of bonds authorized by this proposition shall be used only for the construction, reconstruction, rehabilitation or replacement of school facilities, including the furnishing and equipping of school facilities, the acquisition or lease of real property for school facilities or the prepayment of an existing or future interim lease or certificates of participation financing, and not for any other purpose, including teacher and administrator salaries and other operating expenses.

Fiscal Accountability: The expenditure of bond proceeds by the District is subject to stringent financial accountability requirements. Performance and financial audits will be performed annually, and all bond expenditures will be monitored by an independent Citizens' Oversight Committee to ensure that funds are spent as promised and specified. In accordance with Section 15282 of the Education Code, the Citizens' Oversight Committee shall consist of at least seven members and shall include a member active in a business organization representing the business community located within the District, a member active in a senior citizens' organization, a member active in a bona fide taxpayers' organization, a member that is a parent or guardian of a child enrolled in the District, and a member that is both the parent or guardian of a child enrolled in the District and active in a parent-teacher organization. No District employees or vendors are allowed to serve on the Citizens' Oversight Committee.

Special Bond Proceeds Account; Annual Report to Board. Upon approval of this proposition and the sale of any bonds approved, the Board shall take actions necessary to establish an account in which proceeds of the sale of bonds will be deposited. As long as any proceeds of the bonds remain unexpended, the Superintendent of the District shall cause a report to be filed with the Board no later than January 1 of each year, commencing the first January 1 that occurs after the delivery of the proceeds of the bonds to the District, stating (a) the amount of bond proceeds received and expended in that year, and (b) the status of any project funded or to be funded from bond proceeds. The report may relate to the calendar year, fiscal year, or other appropriate annual period as the Superintendent of the District shall determine, and may be incorporated into the annual budget, audit or other appropriate routine report to the Board.

The board will appoint a citizens' oversight committee and conduct annual independent audits to assure that funds are spent only on school and classroom improvements and for no other purposes.

IMPARTIAL ANALYSIS OF MEASURE "Z"

The Board of Trustees (the "Board") of the Beaumont Unified School District (the "District") has, by adopting its Resolution No. 2008-54 (the "Resolution"), elected to call an election consistent with Article XIII A, section 1.(b) of the California Constitution and Sections 15264 *et. seq.* of the Education Code to obtain authorization to sell general obligation bonds (the "Bonds") in the aggregate principal amount not to exceed \$125,000,000. The Bonds would be used by the District to construct and equip additional school sites, to renovate, repair and upgrade existing schools and facilities of the District, and to qualify for State matching funds. The Board is proposing that an ad valorem tax be levied on property within the boundaries of the District to pay the principal and interest of the Bonds.

As required by Article XIII A, section 1.(b)(3) of the California Constitution and Sections 15264 *et seq.* of the Education Code, the Resolution states, *inter alia*:

(A) That the Board will use the proceeds of the sale of the Bonds only for those purposes authorized by the Measure for improving the District's school facilities and not for any other purpose, including teacher and administrator salaries and other operating expenses;

(B) That the Board has adopted a list of school improvement projects to be funded by the proceeds from the Bonds and has evaluated the safety, class size reduction and information technology needs in developing the list;

(C) That the Board will cause to be conducted an annual, independent performance audit to ensure that the proceeds from the sale of the Bonds are expended only on specific projects listed;

(D) That the Board will cause an annual, independent financial audit of proceeds from the sale of the Bonds until all of the proceeds have been expended for the school facilities projects; and,

(E) That the Board will cause the appointment of a Citizens' Oversight Committee to ensure that the revenue from the sale of the Bonds will be used on the listed school improvement projects and no other purpose.

The Resolution provides that the maximum rate of interest on the Bonds shall not exceed the maximum rate allowed by law; and, that the maximum term of any of the Bonds issued pursuant to Sections 15264 *et. seq.* of the Education Code and Section 53506 of the Government Code shall not exceed twenty five (25) and forty (40) years, respectively.

The Board of the District has called this election for the purpose of submitting this Measure to the voters of the District. For the Measure to be approved, fifty-five percent (55%) of those persons voting on the Measure must vote yes.

A "Yes" vote on Measure "Z" is a vote to allow the sale of the Bonds, the appointment of the Citizens' Oversight Committee, and the levy of the necessary taxes to pay for the Bonds.

A "No" vote on Measure "Z" is a vote against the sale of the Bonds and the levy of the necessary taxes to pay for the Bonds.

Respectfully submitted,

Approval of Measure "Z" does not guarantee that the proposed project or projects in the Beaumont Unified School District that are the subject of bonds under Measure "Z" will be funded beyond the local revenues generated by Measure "Z". The school district's proposal for the project or projects may assume the receipt of matching state funds, which could be subject to appropriation by the Legislature or approval of a statewide bond measure.

ARGUMENT IN FAVOR OF MEASURE "Z"

Growing numbers of gangs and drugs are coming into our region from Los Angeles. To fight back, vote YES on "Z".

YES on "Z" gives our students the schools and classroom they need to focus on academics, college preparation, and the job training skills that keep all of our young people on the right track for success in life.

YES on "Z" will provide our youth with the focus and training they need to compete for well-paying jobs, community college, or 4-year colleges in today's tough economy:

- YES on "Z" retains and attracts the BEST TEACHERS in schools serving Beaumont, Banning, Calimesa, and Cherry Valley and keeps class size to 20 students or less in grades K-3, when children need extra attention.
- YES on "Z" expands VOCATIONAL EDUCATION TRAINING for our local high school students in today's tough economy.
- YES on "Z" funds the essential projects necessary for the physical education programs that education and health experts agree are important to keep students out of trouble and performing well in school.
- YES on "Z" STIMULATES OUR ECONOMY by providing millions in construction and related projects, creating jobs for local construction workers and purchasing materials from local merchants.

YES on "Z" IMPROVES SAFETY. YES on "Z" upgrades all neighborhood schools, including fencing and lighting to keep intruders off school campuses. YES on "Z" will fund UPGRADED COMMUNICATIONS SYSTEMS to ensure that police officers and firefighters can quickly communicate with principals and teachers during emergencies such as earthquakes.

YES on "Z" is FISCALLY ACCOUNTABLE. By law, an Independent Citizens' Oversight Committee must ensure that money is spent as promised. Independent annual audits will also be conducted, and NO money will be spent on administrators' salaries.

Join teachers, seniors, and community leaders - VOTE Yes on "Z".
