**CANDIDATE STATEMENT FOR
GOVERNING BOARD MEMBER,
BANNING UNIFIED SCHOOL DISTRICT**

JAN SPANN

OCCUPATION: Consultant / C.O.O.

EDUCATION AND QUALIFICATIONS:

I've lived in Banning for 16 years. I co-own a company that does business here in town. I'm a volunteer on the Banning Centennial Steering Committee and provide social media coverage on Facebook for the Centennial. I'm also the Vice President of the Gilman Ranch Hands, and write their quarterly newsletter. I'm an appointed incumbent of the School Board.

My business experience encompasses multi-million dollar budget design and implementation, union contract negotiations, and I've written contracts on a City and State level. I served on several board of directors, successfully written and obtained over \$200,000 in grants, and written/taught educational curriculum on both a business and post high school level.

My motivation centers on the children.

- Our children's education should not be penalized for bad management/lack of funding.
- Education takes place in the classroom by qualified teachers ensuring student successes. Those responsible need to be held accountable.
- Educational levels need to be maintained or increased, not decreased
- Our children need motivation both in the classroom and at home.
- We need to be good stewards during this time of limited resources to spend citizen's tax dollars wisely.

I have the drive and energy to help Banning Unified School District succeed.

**CANDIDATE STATEMENT FOR
GOVERNING BOARD MEMBER,
BANNING UNIFIED SCHOOL DISTRICT**

DAVID 'MR. VAN' VANDEN HEUVEL

AGE: 69

OCCUPATION: Parent, Retired Teacher

EDUCATION AND QUALIFICATIONS:

I'm running for the School Board to put children first. Banning students deserve a school district that prepares them for the 21st century by providing a safe, fun environment for learning.

I taught in Banning for 30 years. I have two children currently attending Banning schools. I started the Advanced Placement college prep program, and I have coached soccer and track. As a parent, teacher and coach I know how to revitalize our schools for the future.

First, prioritize academics. Reading, writing, math and science are fundamental. But students should also be exposed to art, music, foreign languages, and vocational training. School are about more than tests and memorization. It provides a path for students to discover their passion and to acquire the tools they need to succeed in today's world.

I will also emphasize safety. Hire the best teachers. Save your tax dollars by pushing for more energy efficiency and less wasteful administration costs.

Every student in Banning has great potential. If you vote for me: I will work to ensure our schools do their part in preparing the students for their future. Thank you.

David Vanden Heuvel

**CANDIDATE STATEMENT FOR
GOVERNING BOARD MEMBER,
BANNING UNIFIED SCHOOL DISTRICT**

MARTHA A. BEDERIO

OCCUPATION: Retired Teacher

EDUCATION AND QUALIFICATIONS:

I am a retired Banning teacher, having served students in the Pass area for more than 25 years. Until recently, I was a member of the District's Oversight Committee for Measure R. I have a bachelor's degree from California State University, Los Angeles and a master's degree from Grand Canyon University. Before teaching, I was a clerical employee for the City of Los Angeles while working my way through college.

At this writing, BUSD is facing some serious challenges. It has lost most of its experienced principals, leaving schools without seasoned administrators. There is no senior cabinet to help the superintendent oversee the district, resulting in one employee with too much responsibility. The district is expanding its special education department without a director and with insufficient experienced staff. These and other concerns will need to be addressed by the next board members. I would ask them, when taking any action, to vote with these questions in mind: How does this proposal benefit students? Does it promote a safe learning environment? Does this action encourage teachers to excel? Is it in the best, long-term interest of the district? This is where I would begin if elected.

**CANDIDATE STATEMENT FOR
CITY COUNCIL MEMBER,
CITY OF PALM SPRINGS**

GINNY FOAT

OCCUPATION: Palm Springs City Council Member
EDUCATION AND QUALIFICATIONS:

It has been a privilege to serve as your representative on the Palm Springs City Council. As a Councilmember I am proud to stand before you for re-election with a record of accomplishment. You entrusted me with the responsibility of ensuring fiscal conservatism without sacrificing quality of life issues and forward thinking projects. I believe your trust was well placed based on my record of achievement.

As a result of the economic downturn, the past four years have been financially challenging for the City and its residents. And yet, as your progressive voice on the Council and with the support of residents who approved Measure J, Palm Springs has increased its tourism numbers, created incentive programs for hotel renovation and business assistance, increased the number of carriers serving our airport, built a new animal shelter, increased sustainability efforts, balanced the budget and most importantly begun construction on a re-envisioned downtown.

I continue to see opportunity in developing green jobs, involving more citizens in community service, identifying innovative means to fund City programs and completing the rebirth of our downtown. I am asking for your vote and would be honored for the opportunity to complete the important work we started for Palm Springs.

Born in California, I have spent years in public service, working to secure open space and parklands, preserving historic districts, designing downtown districts for public access, and advocating fiscal accountability. I believe that cities can allow smart, robust development without impairment to sensitive neighborhood environments and natural resources. My work is facilitated by the combined educational tools of a law degree, graduate work in City and Regional Planning at CalPoly (Master's candidacy pending), Communications Degree, and thirteen years experience with Taos Pueblo Tribal Government, working on tri-cultural issues under the Tribe's World Heritage Designation. I have worked in both public and private sectors in California and understand the legal, planning and implementation aspects of development. EDUCATION AND QUALIFICATIONS:

Steady, responsible leadership remains essential as the Palm Springs economy continues growing. It's known leadership that kept Palm Springs "on top" throughout the nation's economic difficulties. My achievements are not empty promises or untested visions; I offer some of my accomplishments as a twelve-year member of our City Council.

I promoted fiscal responsibility with a "buy-local" ordinance, balanced budgets, increased sales tax revenue from new retail centers and focused on economic development.

In the critical endeavor of sustainably, I encouraged the development of the Sustainability Commission, guided the revamp of city electric cogeneration without increased cost and initiated the policy of "Clean Fleet" vehicles.

Our neighborhoods are organized, involved and partnering with our police in substantially reducing crime and 3-person fire crews with paramedics are on duty at all stations. Our new animal shelter is in use and our new downtown is visibly underway.

I am a 51 year resident of Palm Springs. I have practiced architecture here since 1977. My wife, Dawn, and I have raised our two children here. I wholeheartedly believe in Palm Springs. With your support, I will continue to dedicate myself to its benefit. I ask for your vote.

Water is a precious public resource. Let's keep it that way.

Conservation, in combination with effective policy making and planning is the key to keeping water supply and demand in balance.

I am committed to cracking down on water waste. Recycling, conservation, efficient landscaping and public education are top priorities.

Water rates have remained steady since 1993, avoiding skyrocketing cost increases to you, the ratepayer. I will continue to insure a stable rate structure that is affordable and equitable.

I have worked hard to secure new sources of water. As the Valley continues to grow, I will continue to insure there will be no shortage of water to serve our local needs.

My experience has taught me all water users must have a seat at the regional planning table. We have to work together if it's going to work at all.

JOE STUART

OCCUPATION: Retired FBI Agent

EDUCATION AND QUALIFICATIONS:

I am requesting your vote for DWA Director.

I was born and raised in Palm Springs. Water is the life blood of our valley and drives our economy. Without a reliable supply of high quality water, our economy and way of life would suffer. With proper stewardship, education and conservation efforts, we can all continue to enjoy life in the desert in a sustainable manner.

Prior to being appointed as a Director in 2012, I attended DWA board meetings for two years, reviewed financial statements and testified at rate hearings. I have inspected the length of the State Water Project and the Colorado River Aqueduct on tours with the Metropolitan Water District. I understand the complex economic and engineering challenges of transporting water to our desert.

Following my appointment, I have promoted DWA's conservation, education, solar and sustainability programs. I am dedicated to providing the public with safe, reliable water at an affordable price while safeguarding your water rights.

My past administrative experience as the senior FBI Agent in Palm Springs and my financial expertise as an accountant and Certified Fraud Examiner are unique skills that I bring to the DWA board. I respectfully request your vote. Please visit Stuart4DWA.com.

MICHAEL PAUL PADUANO

AGE: 42

OCCUPATION: Realtor / Business Owner

EDUCATION AND QUALIFICATIONS:

Have you heard, we are being sued? One might wonder, how did we get into this situation? It appears that no one is minding the store with an adequate degree of seriousness. New leadership is necessary.

Providing sufficient water in the desert is serious and complex. Residents and business owners need to know that the valley will continue to grow.

New leadership is necessary and I would like to accept this challenge. I have experience at the state and local level working on committees including local governmental affairs, legislation, and property management.

What is at stake is our economy, higher rates in water, the availability of clean affordable water, jobs, and water quality and conservation.

The Desert Sun (July 10, 2013) reports, "A grand jury has inspected the operations of water districts and released a report focusing on transparency as well as the salaries and benefits." The Desert Water Agency pointed out errors in some of the figures listed in the report...incorrect higher numbers were listed in the grand jury's report.

Really? A grand jury report? A negative one? Does this sit well with you?

Things need to change and I would like to accept the challenge.

Dr. McLean is both an accomplished scientist (Ph.D. Chemistry, University of Southern California, 30+ publications) and an experienced and successful businessman. He lives and works in the City of Desert Hot Springs and has both a home and owns a business in the City. Dr. McLean has held executive management positions with three companies involved in water treatment (Vice President, Chief Operating Officer and Chief Executive Officer). He is by nature fiscally conservative and believes in running lean and cost efficient operations with an end goal of reducing cost to the consumer/end-user as a good overall business practice. He will strive to bring his cost-cutting experience to the Directors position with the Water District. As suggested cost efficiencies are adopted and implemented he will be actively pushing for a roll back of the rates that the customers of the District pay for water. With his knowledge of water purification and delivery and his proven record of operational cost-cutting, Dr. McLean believes that water rate reductions can be readily achieved with no compromise in water quality, delivery or the high quality of service presently provided by the Mission Springs Water District.

Thank you for allowing me to serve you since my election in 2009. I have been able to assist MSWD in dealing with the most challenging economic times we have faced. This has resulted in:

- Reducing employee benefits to levels found in the private sector
- Increasing public accountability by creating a Citizen's Advisory Committee

We acquired \$12M for sewer installation which means now almost 60% of our customer base will be on sewers, which protects our precious award-winning groundwater. We acquired \$3.3M in AQMD funds for the installation of further cost saving projects of solar and natural gas.

I love my community and volunteer as president of the Historical Society; a Commissioner on the DHS Public Safety Commission; member of the Chamber of Commerce and Hoteliers Organization.

IMPARTIAL ANALYSIS OF MEASURE "B"

CITY ATTORNEY'S IMPARTIAL ANALYSIS

Measure "B" would enact an ordinance adding Chapter 3.35 to the Palm Springs Municipal Code entitled "Cannabis and Marijuana Tax." This ordinance imposes a tax on collectives dispensing cannabis or marijuana in the City. Measure "B" defines "collectives" broadly to include any collective, cooperative, or business that engages in cultivating, dispensing, or processing of cannabis or marijuana.

Under Measure "B", the maximum tax imposed on collectives dispensing marijuana would be a not to exceed maximum rate of 15 cents for each \$1.00 of the proceeds of the collectives. The City Council will have the authority to establish and periodically adjust the rate so long as the rate does not exceed this maximum rate. Any increase above this maximum rate will require voter approval.

This tax will be imposed on each collective; it is not a sales tax and it is not imposed on the person or patient who is acquiring the cannabis or marijuana from the collective.

The proposed Cannabis and Marijuana Tax is a general tax and the revenues would be available to fund general municipal services, including police protection and crime suppression services, fire prevention and suppression services, and emergency medical services.

Measure "B" will be adopted if it is approved by a majority of the voters voting on the measure.

A "Yes" vote is a vote to adopt the Cannabis and Marijuana Tax.

A "No" vote is a vote against adopting the Cannabis and Marijuana Tax.

By: Douglas C. Holland
City Attorney

The above statement is an impartial analysis of Measure "B". If you would like a complete copy of the proposed Ordinance, please telephone the Palm Springs City Clerk's Office at 760.323.8204 and one will be mailed to you at no charge.

ARGUMENT IN FAVOR OF MEASURE "B"

Palm Springs is the only city in the Coachella Valley, and the immediate area, to allow medical cannabis collectives pursuant to the Compassionate Use Act. The City allowed only three collectives to ensure Palm Springs residents have an alternative form of treatment for debilitating medical conditions and end of life pain control. The City performed a rigorous process to approve three collectives; protecting the public peace, health, and safety of our neighborhoods and ensure residents would not be negatively impacted by collectives.

Palm Springs is financially impacted by the City's successful regulations. Unpermitted collectives continue to try and operate in Palm Springs. Additionally, the State is experiencing an increase in mobile dispensaries, in an attempt to work around our reasonable local regulations that protect our City. Unpermitted collectives and mobile dispensaries are not operating within the law and may endanger those who use medical cannabis.

Unpermitted collectives have cost the City hundreds of thousands of dollars and diverted our scarce tax dollars -- through police and public safety, code enforcement, and legal proceedings in an attempt to close the unpermitted collective operators.

Measure "B" enacts a small tax -- up to 15 cents per \$1.00 on the operations of medical cannabis collectives. This is not a sales tax, nor a tax on medical cannabis patients, but a very minimal tax only on the collective operators including unpermitted collective operators.

The City does not expect a windfall from this limited tax on collective operators, but a small amount will go a long way to help fund local law enforcement and critical City services and programs.

We ask your support by casting a YES vote on Measure "B" -- to help offset costs of collectives and other City services -- for our fellow qualified residents that need alternative treatment, and continue to ensure the quality and charm of our neighborhoods.

Chris Mills, Mayor Pro Tempore
