Elections in California

The Top Two Candidates Open Primary Act requires that all candidates for a voter-nominated office be listed on the same ballot. Previously known as partisan offices, voter-nominated offices are state legislative offices, U.S. congressional offices, and state constitutional offices.

In both the open primary and general elections, you can vote for any candidate regardless of what party preference you indicated on your voter registration form. In the primary election, the two candidates receiving the most votes — regardless of party preference — move on to the general election. If a candidate receives a majority of the vote (at least 50 percent + 1), a general election still must be held.

California's open primary system does not apply to candidates running for U.S. President, county central committee, or local offices.

Write-in candidates for voter-nominated offices can still run in the primary election. However, a write-in candidate can only move on to the general election if the candidate is one of the top two vote-getters in the primary election. Additionally, there is no independent nomination process for a general election.

Superintendent of Public Instruction is a nonpartisan office. If a candidate for Superintendent of Public Instruction were to receive a majority of the vote (at least 50 percent +1) at the primary election, then that candidate would be elected, and no general election would be held. Additional information on nonpartisan offices can be found below.

California law requires the following information to be printed in this guide.

Voter-Nominated Offices

Political parties are not entitled to formally nominate candidates for voter-nominated offices at the primary election. A candidate nominated for a voter-nominated office at the primary election is the nominee of the people and not the official nominee of any party at the general election. A candidate for nomination to a voter-nominated office shall have his or her qualified party preference, or lack of qualified party preference, stated on the ballot, but the party preference designation is selected solely by the candidate and is shown for the information of the voters only. It does not mean the candidate is nominated or endorsed by the party designated, or that there is an affiliation between the party and candidate, and no candidate nominated by the voters shall be deemed to be the officially nominated candidate of any political party. In this county voter information guide, parties may list the candidates for voter-nominated offices who have received the party's official endorsement.

Any voter may vote for any candidate for a voter-nominated office, if they meet the other qualifications required to vote for that office. The top two vote-getters at the primary election move on to the general election for the voter-nominated office even if both candidates have specified the same party preference designation. No party is entitled to have a candidate with its party preference designation move on to the general election, unless the candidate is one of the two highest vote-getters at the primary election.

Nonpartisan Offices

Political parties are not entitled to nominate candidates for nonpartisan offices at the primary election, and a candidate at the primary election is not the official nominee of any party for the specific office at the general election. A candidate for nomination to a nonpartisan office may not designate his or her party preference, or lack of party preference, on the ballot. The top two vote-getters at the primary election move on to the general election for the nonpartisan office.

KEN CALVERT, Republican
OCCUPATION: U.S. Representative

AGE: 65

It's an honor to represent Riverside County in Congress.

As a former small business owner, I know what it's like to sign the front of a paycheck and how much those paychecks mean to hardworking families. I will continue to support policies that create jobs and grow wages.

I supported tax cuts because you deserve to keep more of your hard earned money. I also voted to eliminate job killing red tape so American businesses can better compete in the global economy. These votes resulted in a growing economy, higher wages, and investments to expand small businesses.

We need a healthcare system that gives families more options to find care that fits their needs. I voted for the 21st Century Cures Act to help accelerate medical product development and bring new innovations and advances to patients faster.

I oppose California's gas tax hike and voted to defund Jerry Brown's high-speed rail boondoggle. We need to prioritize transportation projects that actually reduce congestion.

I created E-Verify through legislation and I'm leading the effort in Congress to make its use mandatory nationwide. The only way to fix our broken immigration system is by restoring the rule of law and securing our border. I oppose California's dangerous sanctuary state law and the effort to abolish ICE.

I stand with law enforcement who does an extraordinary job. I am committed to providing for our military and honoring our promises to veterans.

I humbly ask for your vote.

There is room for everyone in the American Dream.

My name is Julia Peacock. I am here to be your voice for finding practical solutions to today's real problems without raising taxes on low- and middle-income families.

We must build an economy that goes beyond unemployment rates and the stock market to quality, well-paying jobs with sick time and benefits so working families can plan for the future and not just live paycheck to paycheck.

We must revisit the American spirit of discovery and embrace the future. Right now, our largest employer is a prison. We need our largest employers to be small businesses and green energy. We can do this by establishing a local economic council with industry leaders, economists, and business owners to help shift our economy from detention and retail to innovation.

We must rethink transportation and infrastructure. We must move beyond freeway-expansion dependency into public transportation. By working in coalition with state authorities to set an expanded local train and bus network, we can plan beyond the freeway with infrastructure funding from Washington because America is ready for a new New Deal. More buses, more trains, more opportunity; less traffic, less pollution, less cost.

We must invest in education and programs that train our students not only for the jobs available today, but for the jobs available tomorrow. From construction, to STEAM, to clean energy, our students must be ready to handle the challenges of the 21st century.

We can do this. Together.

As your representative for the 67th Assembly District, I remain honored to represent you in the California State Assembly and I'm proud to have earned your trust.

When I served in the United States Navy, I made a commitment to defend the Constitution. As your State Assemblywoman, I have taken that commitment to Sacramento where I continue to defend the Constitution every single day.

I promised you during my first campaign, I'd be your champion in Sacramento. I promised to fight for lower taxes, relief for small businesses, and to support our veterans – and I keep my promises. I have authored and passed legislation to expand protections to our veterans, provide financial relief for small businesses, and cut taxes.

Unfortunately, California is one of the highest taxed states in the nation and it's time you the taxpayers have a say. I have introduced legislation to require that every single tax increase first be approved by YOU the voters – BEFORE it goes into effect.

Sacramento has a corruption and sexual harassment problem; I lead the effort to fix it. This year, I made it illegal for politicians to retaliate against those who report them for sexual harassment or corruption. Politicians should never be above the law.

I would be honored to earn your vote and continue being your champion in the Legislature. Together, we'll continue the fight to make our golden state a more affordable and prosperous place once again.

As a teacher, I have served Riverside County for the past 12 years. I am confronted daily with the needs and concerns of my students and charged with the responsibility of seeking out solutions. Recent events have introduced new vulnerabilities to the community of children, parents and colleagues with whom I work with. These events have propelled me to run for office.

Once elected, I will work towards legislation that addresses the safety and well being of our district by:

- Ensuring every child in our state has access to preschool
- Working to make a college education obtainable and affordable
- Developing apprenticeship programs to build a skilled labor force that is ready to meet the needs of the 21st century
- Building sustainable community projects to improve local infrastructure and create good-paying jobs
- Securing state resources to expand services, education, and job-training to veterans in our district
- Making health care, housing, and transportation accessible and equitable for all

We must invest in our human capital if we hope to raise the standard of living for all Californians. It's time the 67th Assembly District had an advocate in Sacramento that represents our children and working families. I would be honored to earn your vote and to be your advocate.

Riverside County residents need representation in Riverside County.

Career establishment politicians have nearly bankrupted our county, gambling billions of dollars on Sacramento shell games. With eyes on distant offices they have funneled funds and resources away, instead of putting them to work here. Our families, our schools, our roads, our jobs and our very way of life must have at least one Supervisor who will work for Riverside County's interests FIRST.

Jeff Hewitt has dedicated himself to the health and wealth of Riverside County.

Jeff became Mayor of Calimesa after starting public service on their planning commission as a volunteer. By cutting off the tendrils of Sacramento from his city, he doubled Calimesa's fire department staffing and infrastructure while significantly reducing annual costs.

Sacramento corruption is out of control; we need Jeff to stand up for Riverside County.

LAW ENFORCEMENT IS CHANGING

New challenges demand new technology and better education. We have modernized operations, combatting crime more effectively by improving communications, fielding 1,000 body worn cameras, and using high-tech tablets in patrol cars.

Despite years of budget constraints, we cracked down on drug and gang activity, and reduced violent crimes by 8.8% in 2017. Due to prudent fiscal management, we are hiring more deputies, decreasing response times, and expanding our jails.

ACCOUNTABILITY MATTERS

My approach to the office – that all who serve you must be accountable – has irked union leadership, which poured over \$1 million into a campaign to replace me. I believe union bosses hope to restore “the good old days” of rampant cronyism, where some are above the law.

TRAINED TO SERVE

Riverside County deserves the most qualified person to lead one of the largest law enforcement agencies in California. I bring over 40 years of law enforcement experience across all our operations, with half that experience in senior executive positions.

I graduated from UC Riverside, hold an M.A. in management, and graduated from the FBI National Executive Institute.

IMPARTIAL ANALYSIS OF MEASURE "I"

City of Menifee

Measure Creating a Fifth City Council District, and Eliminating the Citywide Election of the Mayor, Commencing in 2022

The City Council of the City of Menifee ("City Council") has placed before the voters the question to create a fifth City Council District and eliminate the citywide election of the Mayor, starting in 2022.

The Menifee Municipal Code currently provides for four City Council Districts. Each City Council District elects a City Council Member, resulting in four City Council Members. The Mayor is selected separately based on a citywide election (sometimes referred to as an "at-large" election).

If this Measure I is adopted, starting with the election in November 2022, a fifth City Council District will be created, and the process for selecting the Mayor based on a citywide election will be eliminated. After November 2022, the City Council will select the Mayor from among its members.

If adopted, Measure I will make two additional changes so that the City would be ready for the transition to a fifth City Council District by 2022. First, the term of the Office of Mayor for the at-large mayoral election in 2020 will be shortened from four years to two years. Second, the City will start developing the geographic boundaries for the five City Council Districts after the 2020 election, relying on data from the 2020 census and the expert advice of an independent demographer.

Last, if Measure I is adopted, the process of redrawing district boundaries based on census data and the expert advice of an independent demographer would be repeated every ten years.

A "Yes" vote is a vote in favor of the creation of a fifth City Council District and the elimination of the at-large Mayor, commencing in 2022. A "No" vote is a vote to retain the existing process of selecting four City Council Members based on district elections and a Mayor through a citywide election.

This measure will be approved if it receives a simple majority of "Yes" votes.

The above statement is an impartial analysis of Measure I. If you desire a copy of the ordinance or measure, please call the elections official's office at (951) 672-6777 and a copy will be mailed, emailed, or otherwise provided at no cost to you.

ARGUMENT IN FAVOR OF MEASURE “I”

The voters’ decision to vote for Mayor at Large in the 2012 was well intended, but time and experience has shown it to be costly, awkward and cumbersome for the mayor, council members, and city staff. Although most voters perceive Menifee’s Mayor as a “working mayor,” he is actually a ceremonial mayor, with no more power or authority, than a district council member. He is really a council member without a district, although elected by all the people, in a much more expensive election, than district elections.

It is felt it would be better for the City and its residents to adopt a form of governance similar to most surrounding cities, rotating the mayoral position, annually, giving each district the opportunity to be represented by the mayor. The rotation of districts would give more representation to each district.

Under Mayor at-Large, depending what district the mayor lives in, a district can have two elected representatives. This could result in legal challenges in the future.

Voting yes on Measure I will require the City to form five districts, subsequent to the results of the 2020 Census. Districts would not be formed until after analysis of the 2020 census. The voters will vote for a mayor in 2020, but it would be a two year term. Therefore, elections in the five formed districts would not occur until 2022.

It is projected by 2020 the City will have 100,000 residents. The 2020 census makes it a perfect time to create the five district model.

The City, as a General Law City, is a “manager/council form of government, not a mayor/council form of government. The Mayor At-Large form of governance has brought about a lot of confusion as to how Council relate and are responsible to one another.

Vote yes on Measure I

By: Gregory A. August, Council Member
Lesa A. Sobek, Council Member

REBUTTAL TO ARGUMENT IN FAVOR OF MEASURE “I”

The City Council argument in favor of eliminating the Mayor at large is complete fabrication. Per California Government code Section 34870-34884. The City of Menifee is well within the law required for General Law Cities (4-by Districts & Mayor Elected at Large by the people)

the surrounding cities, that have at large representation and only City Councils pick the at Large Mayor leaves these Cities open to legal challenges under election code 14025 Chapter 1.5, Division 14 relating to voting rights

Mayor elected at-large by the people represents all the people of Menifee There is no statistical fact or evidence to back up the claim by council that it is costly, awkward, and cumbersome for the people to elect their Mayor and has an adverse effect on other council members or City Staff

It is not in the best interest of the city or its residents to adopt a form of Governance similar to most surrounding cities as that would leave the city of Menifee vulnerable to lawsuits.

If City Council understood the laws relating to General Law Cities they would not have confusion as to how Council relate and are responsible to one another and if they don’t understand after 10 years then they should not be on the City Council.

The true facts are they want to take away the people’s Right to elect their Mayor and keep the power and control between the Five Council Members just to improve their Political Powers.

VOTE NO ON MEASURE - I

By: Anne E Pica

ARGUMENT AGAINST MEASURE "I"

I am Anne Pica, author of the original Ballot Measure AA, creating an Elective Mayor by all the people in the City of Menifee (as well as the 4 by-District). The original Measure authorizing Mayoral Elections passed in 2010 with 74% voter approval. We've been choosing our Mayor by free elections ever since.

Now this City Council want to rob you of your right to elect the Mayor of your choosing, so that they can privately select a Mayor from amongst themselves. The council voted 4-1 in favor of this ploy, with the only dissenting vote from the late Mayor Neil Winters. This is the third time city council has tried to kill the peoples vote first in 2008, 2nd time in 2010

I spoke in opposition to Measure "I" at the City Council meeting and received a phone call from a councilmember who tried to explain the reason for getting rid of the Mayor Position. She stated they needed to place themselves on County Boards that only the Mayor gets to sit on. How un-American is that and so self-serving to think only of their Political gain and deny citizens the right to vote.

This City Council has wasted thousands of taxpayer dollars to put Measure "I" on the Ballot, all to advance their own political careers? REALLY?? Please don't let them get away with it!

Having a Mayor elected by the People rather than selected by the City Council has served Menifee well -the voters need to continue electing our Mayor at the ballot box, rather than self-serving politicians selecting a Mayor in back room deals at City hall.

Please join the late Mayor Winters and the Citizens of Menifee and vote **"NO"** on MEASURE "I" Voters decide how to be Governed **not just five Councilmembers**

By: Anne E Pica
Grant M. Yoders
John D. Smelser

REBUTTAL TO ARGUMENT AGAINST MEASURE "I"

All council persons in the City of Menifee are elected by the people. Each district-elected council-person represents all of the residents of Menifee, equally, and each shares equally in representing the City at events, on committees, and on regional boards. The only difference between mayoral and district-elected council-members is that the mayor was elected by a majority of all voters in Menifee; with a considerably higher cost to the taxpayers, than for district-elected representatives. This was vividly illustrated recently, when the cost for an election to fill the vacancy created by the passing of the mayor, would have required spending 220,000 taxpayer dollars. Replacing the mayoral position within a rotational process would be substantially less costly to the taxpayers.

Within the 2008 City Incorporation, the council chose its mayor, in public-view, not within a back-room; through the process of rotation, where in each year the mayoral position was rotated through district council members; allowing all districts equal opportunity to be represented by a *Ceremonial-Mayoral position*. This process; also adopted by many of our sister-cities, works well by creating enhanced harmony through mutual appreciation and respect, while offering beneficial diversity through shared experiences.

When the voters agree to repeal our antiquated mayor-at-large position; our taxpayers' savings will far exceed any costs incurred to place Measure I on the ballot. Please consider voting yes on Measure I.

IMPARTIAL ANALYSIS OF MEASURE “J”

City of Menifee

Measure Eliminating City Council and Mayoral Term Limitations

The City Council of the City of Menifee (“City Council”) has placed before the voters the question whether to eliminate term limitations that are currently applicable to City Council members and the Mayor of the City of Menifee

The Menifee Municipal Code currently specifies that any person that has served two successive terms or eight consecutive years as a councilmember shall be ineligible to serve in that office again until an intervening two year period has elapsed. In a separate section, the Menifee Municipal Code currently imposes the same term limitations on the office of the Mayor.

If this Measure J is adopted, the term limitations imposed by the Menifee Municipal Code shall be repealed and, as a result, there shall be no limitations on the number of consecutive terms that a person may serve as a member of the City Council, or as the Mayor, of the City of Menifee.

A “Yes” vote is a vote in favor of the repeal of the term limitations that currently apply to City Council members and the Mayor of the City of Menifee. A “No” vote is a vote to retain the existing term limitations applicable to City Council members and the Mayor of the City of Menifee.

This measure will be approved if it receives a simple majority of “Yes” votes.

Dated: August 20, 2018

By: Jeffrey Melching, City Attorney

The above statement is an impartial analysis of Measure J. If you desire a copy of the ordinance or measure, please call the elections official’s office at (951) 672-6777 and a copy will be mailed, emailed, or otherwise provided at no cost to you.

ARGUMENT IN FAVOR OF MEASURE “J”

Two “four year” terms for Menifee City Council Members and the Mayor, hurt the City, and put the city at a disadvantage locally and regionally. Experience shows that two four year terms is not enough time to ripen ones skills and expand the knowledge needed to make the most informed decisions for the City, and its residents.

Surrounding cities, without term limits, have a decided advantage when seeking executive board positions for regional agencies, meaning Menifee will have little influence in regional planning.

Local term limits remove those council members that may be the most talented, most respected hardworking and effective leaders that truly make a difference in our community.

Some elected leaders are too important to lose, deserving the opportunity to serve until the voters decide otherwise. Since Incorporation Menifee voters have voted four leaders out of office, meaning Menifee Voters are engaged and informed and know who their elected leaders are.

Elections are the means to make needed changes on the council. End Term Limits and trust the voters, it’s worked so far.

Please vote Yes measure J.
Thank you for your support

By: Gregory A. August, Council Member
Lesa A. Sobek, Council Member

REBUTTAL TO ARGUMENT IN FAVOR OF MEASURE “J”

- The only skills that “ripen” after eight years in public office are seemingly those of corruption and self-interest. Former councilman and mayor Wally Edgerton once said that eight years was sufficient time for a council member to accomplish his or her goals for the city. Do we want career politicians making city decisions?
- Regional agencies should welcome fresh ideas from newer representatives. Murrieta and Wildomar have been working toward term limits.
- Yes, term limits do force incumbents to leave office eventually, but sometimes those removed are political snollygosters, incumbents with name recognition and clout who can get re-elected with little accomplishment for the people. Talented, effective leaders, on the other hand, can serve the city in other capacities until eligible to run again for city council.
- The “too important to lose” argument was debunked in 1796 when George Washington refused a third term as President of the United States, thereby establishing a precedent for limited terms.
- Term limits do not prevent voters from removing bad council members at the end of a first term, or sooner, but they do assure us that such people cannot remain in office so long as to be difficult to remove after many years.
- City council proponents of Measure J argue that voters are engaged, informed and should be trusted. Yet the city council refuses to accept the voters’ 2010 decision on this very issue. Moreover, they recently *appointed* a new mayor, rather than allowing the voters to elect one.

Vote NO on Measure J.

By: Ken Laymon, Retired Chemist

ARGUMENT AGAINST MEASURE “J”

In November 2010, you, the voters of Menifee, approved Measure Z overwhelmingly with more than 81 percent of the vote, thereby imposing term limits on all of those who would serve our city as council members. You wisely demonstrated an understanding of the consequences of having our elected officials remain in office for long periods of time, whereby they could become influenced by the pressures of special interests, tempted by money and power, while at the same time becoming removed and distant from the very people they serve—you.

Term limits are important for responsible government, yet our Menifee City Council is today telling us that such limits are unnecessary for themselves and that the measure you, the voters, approved should be repealed. I ask you, who would be best served by such an action, incumbent council members or the public? What might the motivation be to demand unlimited terms for council members? Would the removal of term limits really be in the best interest of our citizens and our communities?

The arguments favoring term limits are the same today as they were in 2010. Limiting the tenure of our council members and our mayor is healthy for our city and necessary for responsible representation. It falls to us, the voters, to ensure that this valuable tool is not lost, but remains in place as a check against self-serving politicians.

Our Menifee City Council, without any voter initiative, has placed Measure J on the ballot in an effort to overturn Measure Z and repeal the term limit statute. I ask all Menifee voters to join me in defeating this repeal effort by voting NO on Measure J. Just the fact that this referendum originated with the council, and not the people, speaks volumes.

By: Ken Laymon, Retired Chemist

REBUTTAL TO ARGUMENT AGAINST MEASURE “J”

The premise of the argument is that elected leaders should be **Termed-Out** because they **possibly** could be influenced by **special-interests**; perhaps even, bribed monetarily to act contrary to the public good, is presumptuous, unfair, and counterproductive. The City deserves leaders that possess and demonstrate the highest qualities of experience, character, likability, and proven commitment. Any measure, imposing term limits that will inhibit the highest hopes, expectations, and the best chance for success, is a liability.

Repealing term limits is in the best interest of both the citizens and businesses of Menifee. For our City to maintain its safety, health, prosperity, and competitive edge; it must maintain an educated, seasoned, and fully experienced City Council.

On Election Day, November 6, 2018 the average experience value for each of our 5 council members in the City of Menifee will be 2.5 years, this is not a comforting thought.

In 2020 the Cities estimated population will be 100,000. Should the voters approve Measure J the City will create 5 Districts, thus providing better representation in each District.

Poor health, personal choice, and elections can each, or all, have an extreme and debilitating effect on our City. In any scenario the City must maintain a body of experience, capable of strong leadership, deep-experience, and bold-effectiveness.

Term limits can threaten our overall performance; key decision making; and a loss of important respectability from surrounding cities and the County.

It's Important to Repeal Term-Limits; to give our City an opportunity to reach its full potential.

The following is the full proposition presented to the voters by the Perris Union High School District.

“To construct a high school for Menifee, additional classrooms at high schools serving Perris, Romoland, and Nuevo, relieve severe overcrowding, improve our schools, student safety, college readiness, access to math, science, engineering, technology, skilled trades, repair, acquire, construct classrooms/labs/equipment/facilities, shall this Perris Union High School District measure authorizing \$148,000,000 in bonds at legal rates, levying approximately 3¢/\$100 assessed value (averaging \$10,000,000 annually) while bonds are outstanding, be approved, with citizen oversight/ all money locally controlled?”

PROJECT LIST

The Board of Trustees of the Perris Union High School District is committed to improving the quality of education in local schools by providing safe, secure, upgraded classrooms, facilities and technology needed to support high quality instruction in core subjects like math, science, and technology. To that end, the Board evaluated the District's urgent and critical facility needs, including safety issues, class size, computer and information technology, and prepared a Long-Range Facilities Master Plan, accepted by the Board on July 25, 2017, which is incorporated herein in its entirety, in developing the scope of projects to be funded. The District conducted a facilities evaluation and received public input in developing this Project List. Teachers, staff, community members and the Board have prioritized the key health and safety needs so that the most critical facility needs are addressed. **The Board concluded that reducing overcrowding, upgrading science labs, engineering labs, and career technical education facilities so students are prepared for college and in-demand careers and protecting the quality of our schools, the quality of life in our community, and the value of our homes are wise investments.** Therefore, in approving this Project List, the Board of Trustees determines that the District **must:**

- (i) **Improve access to modern classrooms, labs and career training facilities needed to support high quality instruction in math, science, engineering, technology, and skilled trades; and**
- (ii) **Create flexible, multi-use classrooms to support hands-on science instruction and learning-by-doing; and**
- (iii) **Provide classrooms, science and engineering labs, career and technical education facilities so students are prepared for college and in-demand careers; and**
- (iv) **Repair or replace deteriorating roofs, aging plumbing, and electrical systems where needed; and**
- (v) **Improve student safety and campus security; and**
- (vi) **Adhere to specific fiscal accountability safeguards:**
 - (a) **All expenditures subject to annual independent financial audits.**
 - (b) **No funds used for administrators' salaries and pensions.**
 - (c) **No money taken by the State; all funds stay local.**
 - (d) **All expenditures reviewed by an independent taxpayer oversight committee to ensure that funds are spent only as authorized.**

The Project List includes the following types of upgrades and improvements at District schools, facilities and sites:

CONSTRUCT, REPAIR AND IMPROVE SCHOOLS/RELIEVE OVERCROWDING

Basic School Construction, Repair and Upgrade Projects Funded By Money That Cannot Be Taken By the State

Goals and Purposes: Rapid growth in the District has resulted in overcrowded high schools. For example, Paloma Valley High School was built for 2,200 students, currently accommodates approximately 3,200 students, and is expected to reach 4,000 students within five years. Crowded schools limit educational opportunities for our students. This measure will relieve severe classroom overcrowding, provide for a new high school, and allow the District to ensure all students have access to modern educational facilities.

- Construct a new, comprehensive high school to serve Menifee and reduce overcrowding at other high schools, including but not limited to classrooms, laboratories, career training facilities, administrative spaces, athletic facilities, parking and traffic facilities, and all related site improvements, landscaping, furnishings and equipment.
- Complete the final phase of construction at Perris High School, including additional career technology classrooms and related facilities, a performing arts center, and creating a single point of entry to improve student safety.
- Construct, upgrade and modernize classrooms, science labs, career technical education facilities, computer systems and instructional technology needed throughout District schools to support instruction in science, technology, engineering, math and skilled trades so students are prepared for college and in-demand careers.
- Upgrade career training facilities and equipment needed to prepare students throughout the District for careers in healthcare, biomedical science, computer science, and agriculture.
- Create flexible, multi-use classrooms throughout District schools to support hands-on instruction and learning-by-doing.
- Repair or replace deteriorating roofs, aging plumbing and electrical systems where needed.
- Construct new middle school facilities and renovate, expand and improve middle schools as needed to reduce overcrowding and accommodate growth.

- Renovate, modernize, and improve aging non-classroom school facilities throughout District schools, including multi-purpose rooms, libraries, arts facilities, cafeterias, and restrooms.
- Improve heating, ventilation, and air-conditioning systems, insulation, doors, and windows to increase energy efficiency and save money.

STUDENT HEALTH AND SAFETY

Student Safety, Health and Campus Security Projects

Goal and Purpose: Whether or not you have school-age children, providing for safe and secure schools, protecting the quality of life in our community, and preserving the value of our homes is a wise investment. This measure will upgrade and implement student health and safety systems, including security lighting, fencing, provisions for single point of entry, smoke detectors, fire alarms, sprinklers, and campus security systems for improved student safety.

Schools will benefit from a variety of safety projects throughout District schools, such as:

- Improve student safety and campus security systems, including security lighting, fences, gates, other access control systems, security cameras, emergency communications systems, and classroom door locks.
- Modernize and improve facility safety systems such as smoke detectors, fire alarms and sprinklers.
- Expand and construct physical education facilities, including gymnasiums and other athletic facilities needed to support student health, fitness and safety.
- Replace aging, outdated portables with modern classrooms that meet 21st century health, safety and academic standards.
- Modernize school facilities to improve access for students with disabilities.

* * *

The listed projects will be completed as needed. Each project is assumed to include its share of furniture, equipment, architectural, engineering, and similar planning costs, program/project management, staff training expenses and a customary contingency for unforeseen design and construction costs. In addition to the listed projects stated above, the Project List also includes the acquisition of a variety of instructional, maintenance and operational equipment, including the reduction or retirement of outstanding lease obligations and interim funding incurred to advance fund projects from the Project List; installation of signage and fencing; payment of the costs of preparation of all facility planning, facility studies, assessment reviews, facility master plan preparation and updates, environmental studies (including environmental investigation, remediation and monitoring), design and construction documentation, and temporary housing of dislocated District activities caused by construction projects. In addition to the projects listed above, the repair and renovation of each of the existing school facilities may include, but not be limited to, some or all of the following: add or renovate student and staff restrooms; repair and replace electrical, plumbing, heating and ventilation systems; upgrade of facilities for energy efficiencies; repair and replace worn-out and deteriorated roofs, windows, walls, floors, doors and drinking fountains; construct or renovate the District office and facilities for professional development of teachers, more efficient administration and proper data security; install wiring and electrical systems to safely accommodate computers, information technology and other electrical devices; upgrade or construct support facilities including administrative, physical education, music, art, performing and fine arts classrooms or facilities, science, computer labs/classrooms, libraries and buildings, dedicated eating areas, maintenance facilities and yards; repair and replace fire alarms, emergency communications and security systems; improve facilities to satisfy ADA requirements; resurface or replace asphalt and hard courts, turf (including artificial turf) and irrigation/drainage systems and campus landscaping; expand parking and drop-off areas; improve all site utilities; acquire land; construct new school buildings; upgrade interior and exterior painting, floor covering, and school facades; demolition; upgrade kitchens, food service, and school cafeterias; construct various forms of storage and support spaces and classrooms; improve outdoor learning environments and quads; repair, upgrade and install interior and exterior lighting systems; improve playgrounds, athletic fields and play apparatus; replace outdated security fences and security systems (including access control systems), provide lunch shelters, indoor space for assemblies or for rainy day lunch; upgrade music labs, multi-purpose rooms, learning centers and media centers; add new parking lots and parking structures. The upgrading of technology infrastructure includes, but is not limited to, network rewiring, cabling, computers, portable interface devices, servers, switches, routers, modules, sound projection systems, laser printers, digital white boards, document projectors, upgrade voice-over-IP, clock/telephone/ intercom systems, call manager and network security/firewall, wireless technology systems, refresh classroom technology and other miscellaneous equipment. The budget for each project is an estimate and may be affected by factors beyond the District's control. The final cost of each project will be determined as plans and construction documents are finalized, construction bids are received, construction contracts are awarded and projects are completed. Based on the final costs of each project, certain of the projects described above may be delayed or may not be completed. Demolition of portable classrooms and existing facilities and reconstruction of facilities scheduled for repair and upgrade may occur, if the Board determines that such an approach would be more cost-effective in creating more enhanced and operationally efficient campuses. Necessary site preparation/restoration may occur in connection with new construction, renovation or remodeling, or installation or removal of relocatable classrooms, including ingress and egress, removing, replacing, or installing irrigation or drainage systems, utility lines, trees and landscaping, relocating fire access roads, and acquiring any necessary easements, licenses, or rights of way to the property. Proceeds of the bonds may be used to pay or reimburse the District for the cost of District staff when performing work on or necessary and incidental to bond projects. Bond proceeds shall only be expended for the specific purposes identified herein. The District shall create an account into which proceeds of the bonds shall be deposited and comply with the reporting requirements of Government Code § 53410.

FISCAL ACCOUNTABILITY: IN ACCORDANCE WITH EDUCATION CODE SECTION 15272, THE BOARD OF TRUSTEES WILL APPOINT A CITIZENS' OVERSIGHT COMMITTEE AND CONDUCT ANNUAL INDEPENDENT AUDITS TO ASSURE THAT FUNDS ARE SPENT ONLY ON DISTRICT PROJECTS AND FOR NO OTHER PURPOSE. THE EXPENDITURE OF BOND MONEY ON THESE PROJECTS IS SUBJECT TO STRINGENT FINANCIAL ACCOUNTABILITY REQUIREMENTS. BY LAW, PERFORMANCE AND FINANCIAL AUDITS WILL BE PERFORMED ANNUALLY, AND ALL BOND EXPENDITURES WILL BE MONITORED BY AN INDEPENDENT CITIZENS' OVERSIGHT COMMITTEE TO ENSURE THAT FUNDS ARE SPENT AS PROMISED AND SPECIFIED. THE CITIZENS' OVERSIGHT COMMITTEE MUST INCLUDE, AMONG OTHERS, REPRESENTATION OF A BONA FIDE TAXPAYERS ASSOCIATION, A BUSINESS ORGANIZATION AND A SENIOR CITIZENS ORGANIZATION. NO DISTRICT EMPLOYEES OR VENDORS ARE ALLOWED TO SERVE ON THE CITIZENS' OVERSIGHT COMMITTEE.

NO ADMINISTRATOR SALARIES: PROCEEDS FROM THE SALE OF THE BONDS AUTHORIZED BY THIS PROPOSITION SHALL BE

USED ONLY FOR THE ACQUISITION, CONSTRUCTION, RECONSTRUCTION, REHABILITATION, OR REPLACEMENT OF SCHOOL FACILITIES, INCLUDING THE FURNISHING AND EQUIPPING OF SCHOOL FACILITIES, AND NOT FOR ANY OTHER PURPOSE, INCLUDING TEACHER AND SCHOOL ADMINISTRATOR SALARIES AND OTHER OPERATING EXPENSES.

MEASURE "W" - PERRIS UNION HIGH SCHOOL DISTRICT

**TAX RATE STATEMENT
PERRIS UNION HIGH SCHOOL DISTRICT
BOND PROPOSITION
NOVEMBER 6, 2018 ELECTION**

An election will be held in the Perris Union High School District (the "District") on November 6, 2018, to authorize the sale of up to \$148,000,000 in bonds of the District to finance improvements to educational facilities as described in the proposition. If such bonds are authorized and sold, principal and interest on the bonds will be payable only from the proceeds of *ad valorem* tax levies made upon the taxable property in the District. The following information is provided in compliance with Sections 9400-9404 of the Elections Code of the State of California.

Based upon the foregoing and projections of the District's assessed valuation, the following information is provided:

1. The best estimate of the average annual tax rate which would be required to be levied to fund this bond issue over the entire duration of the bond debt service, based on a projection of assessed valuations available at the time of filing of this statement, is three cents per \$100 of assessed valuation (or \$30.00 per \$100,000 of assessed valuation). The final fiscal year in which it is anticipated that the tax will be collected is 2047-48.
2. The best estimate of the highest tax rate which would be required to be levied to fund this bond issue, based on a projection of assessed valuations available at the time of filing of this statement, is three cents per \$100 of assessed valuation (or \$30.00 per \$100,000 of assessed valuation). It is estimated that such rate would be levied in fiscal year 2019-20.
3. The best estimate of the total debt service, including the principal and interest that would be required to be repaid if all the bonds are issued and sold, is approximately \$297 million.

Voters should note the estimated tax rate is based on the assessed value (not market value) of taxable property on the County's official tax rolls. In accordance with Education Code Section 15100 subparagraph (c), the Board has obtained reasonable and informed projections of assessed property valuations that take into consideration projections (if any) of assessed property valuations made by the County Assessor. In addition, taxpayers eligible for a property tax exemption, such as the homeowner's exemption, will be taxed at a lower effective tax rate than described above. Property owners should consult their own property tax bills and tax advisors to determine their property's assessed value and any applicable tax exemptions.

The attention of all voters is directed to the fact that the foregoing information is based upon projections and estimates only. The actual tax rates and the years in which they will apply may vary from those presently estimated, due to variations from these estimates in the timing of bond sales, the amount of bonds sold and market interest rates at the time of each sale, and actual assessed valuations over the term of repayment of the bonds. The date of sale and the amount of bonds sold at any given time will be determined by the District based on its need for construction funds and other factors. The actual interest rates at which the bonds will be sold will depend on the bond market at the time of sale. Actual future assessed valuations will depend upon the amount and value of taxable property within the District as determined by the County Assessor in the annual assessment and the equalization process. Accordingly, the actual tax rates and the years in which such rates are applicable may vary from those presently estimated as above stated.

IMPARTIAL ANALYSIS OF MEASURE “W”

The Board of Trustees (“Board”) of the Perris Union High School District (“District”) by adopting Resolution No. 1:18-19 (“Resolution”), elected to call an election pursuant to Section 18 of Article XVI and Section 1 of Article XIII A of the California Constitution and Section 15100 and 15264 *et seq.* of the California Education Code to obtain authorization to issue and sell general obligation Bonds (“Bonds”) in the aggregate amount principal amount of one hundred forty-eight million dollars (\$148,000,000).

This Measure was placed on the ballot by the Board of the District.

The Bonds would be used by the District to construct a new high school, construct, upgrade and renovate classrooms, labs, equipment and facilities, and to improve student safety. The Bonds may be used for school facilities projects such as modernizing classrooms, labs and career-training facilities and to support instruction in math, science, engineering, technology and skilled trade. The Bonds would not be used to fund the salaries, pensions or benefits of any board members, administrator, and/or teachers or for other school operating expenses.

If Measure W is approved, the Board of the District will appoint a citizens’ oversight committee, and conduct annual independent financial and performance audits to ensure that bond funds are spent only on the construction, modernization, rehabilitation, or replacement of school facilities, furnishings and/or equipment, or the acquisition or lease of property for school facilities, and for no other purposes.

An ad valorem tax would be levied and collected on property within the boundaries of the District to pay the principal and interest on the Bonds. The best estimate of the average annual tax rate at this time is \$0.03 per \$100 per assessment (or \$30 per \$100,000) of assessed value.

The Resolution provides that the maximum interest rate on the Bonds will not exceed the maximum statutory interest and the maximum term of the Bonds, or any series thereof, will not exceed the maximum statutory term. The best estimate of the total debt service, including the principal and interest, that would be required to be repaid if all of the bonds are issued and sold is \$297,000,000.

Approval of Measure W does not guarantee that the proposed project or projects in the District, that are the subject of the Bonds under Measure W, will be funded beyond the local revenues generated by Measure W. The District’s proposal for the project or projects may assume the receipt of matching state funds, which could be subject to appropriation by the Legislature or approval of a statewide bond measure.

For this Measure to be approved fifty-five percent (55%) of qualified voters who vote on the Measure must vote yes.

A “YES” vote on Measure “W” is a vote to allow the District to sell the Bonds and levy the necessary taxes to pay for the Bonds.

A “NO” vote on Measure “W” is a vote against allowing the District to sell the Bonds and levy the necessary taxes to pay for the Bonds.

ARGUMENT IN FAVOR OF MEASURE “W”

Voting Yes on Measure W will relieve significant school overcrowding, keeping our students safe and on the path to success in college and competitive careers.

Our area is growing rapidly. For example, Paloma Valley High School was built for 2,200 students, currently educates 3,200 and will reach 4,000 within five years: nearly double the intended capacity.

Crowded schools are unsafe and limit educational opportunities. Menifee desperately needs an additional high school – it’s the only way to solve the overcrowding problem.

That’s why we need Measure W. It provides a dedicated, locally controlled source of funding that can only be spent on local secondary schools. The State can’t take one penny.

Measure W gives every student a chance at 21st-century success. Currently, there is not enough lab space to meet student demand for science, technology and engineering classes. By expanding local schools and upgrading them to modern standards, Measure W will open the door for educational opportunities.

Vote Yes on W: Relieve Overcrowding, Support Student Success

- Build a new high school in Menifee to relieve classroom overcrowding at all schools
- Protect student safety and campus security by establishing a single point of entry
- Improve access to modern classrooms, labs and career training facilities to support quality instruction in math, science, engineering, technology and skilled trades
- Increase access to career training facilities that prepare students for careers in healthcare, biomedical science, computer science, agriculture and skilled trades

A Clear System of Fiscal Accountability

- Independent citizens’ oversight and annual public audits are mandatory
- A detailed project list outlining exactly how Measure W will be spent is included in your voter pamphlet
- Measure W cannot fund administrator salaries

Strong schools protect strong property values, even if you don’t have kids.

Join us in voting Yes on W: protect student safety and academic opportunities.

The California Motor Voter program is making registering to vote at the California Department of Motor Vehicles (DMV) more convenient and secure. All eligible individuals completing driver license or ID card or change of address transactions at the DMV will be registered to vote with the California Secretary of State unless they "opt out" of automatic voter registration.

The California Motor Voter program applies to Californians who are 18 years or older and meet the following criteria:

- A United States citizen and a resident of California.
- Not currently in state or federal prison or on parole for the conviction of a felony.
- Not currently found mentally incompetent to vote by a court.

Note: Voter pre-registration is available for those 16 and 17 years of age. Their voter registration will become active automatically when they turn 18.

Before visiting a DMV field office, we recommend making an appointment. Visit <https://www.dmv.ca.gov/portal/dmv/detail/portal/foa/welcome> to get started. You can also use DMV online services (<https://www.dmv.ca.gov/portal/dmv/dmv/online/vcs>) to renew your driver license or ID card or change your address.

If you indicate you're eligible to vote, once you complete your driver license or state ID renewal form transaction online, by mail or in person at the DMV, your voter information is then transmitted securely and electronically to the California Secretary of State.

Please note that drivers with an AB 60 driver's license are not eligible to participate in the California Motor Voter program and are not eligible to vote.

For more information, visit MotorVoter.sos.ca.gov.

To register to vote online, visit RegisterToVote.ca.gov.

Tips for California's Military and Overseas Voters

Taking part in elections is more convenient than ever for Californians serving in the military or living outside the United States. It begins when you register to vote as a military or overseas voter and receive election materials by mail, fax, or email.

- **Start early.** California's county elections officials begin sending ballots to military and overseas voters 60 days before Election Day. Fill out a voter registration application early at RegisterToVote.ca.gov to ensure that you receive your voting materials in time.
- **Know your options.** When registering to vote as a military or overseas voter, you can choose to have your ballot mailed, faxed, or emailed to you. You may return your voted ballot to your county elections official by mail or, in certain circumstances, by fax. If you meet the requirements to return your ballot by fax, you must also fax the Oath of Voter form (available from your county elections official) waiving your right to a confidential ballot.
- **Stay in touch.** Once you register as a military or overseas voter, you will continue to receive a ballot and election materials from your county elections official before each election. We encourage you to update your registration each year, if needed; however, you *must* re-register to vote if you change your address, your name, or your political party preference, or if you do not participate in four consecutive statewide general elections. Visit www.sos.ca.gov/elections/voter-registration/military-overseas-voters/ for more election resources designed especially for you.

Dates to remember:

October 22: last day to register to vote and request your ballot

October 30: last day to update or change how you want to receive your ballot

November 6: Election Day. Mailed ballots must be postmarked on or before Election Day **and** received by your county elections office no later than November 9. Faxed ballots must be delivered to your county elections office by close of polls, no later than 8:00 p.m. Pacific Standard Time, on Election Day.

Check Your Voter Status Online

Use **My Voter Status** to:

- See if you are registered to vote
- Check your political party preference
- Find your polling place
- Find upcoming elections in your area
- Receive your Voter Information Guide (VIG) by email before each statewide election (see below for more information on opting-out of the VIG)
- Check the status of your vote-by-mail ballot or provisional ballot

To check your voter status you will need some personal information like first name, last name, California driver license or identification card number, social security number (last 4 numbers), and date of birth.

You can use the My Voter Status tool to opt out of receiving the state VIG. However, if another registered voter in your household requests to get it by mail, a state VIG will still be mailed to your address. If you have opted out and do not receive the state VIG in the mail, information on statewide candidates and ballot measures will still be available at the VIG website (<http://voterguide.sos.ca.gov/>) before each statewide election.

Go to VoterStatus.sos.ca.gov to get started.

Simply complete the online Pre-registration application and on your 18th birthday, you will automatically be registered to vote.

Provisional voting

If your name is not on the voter list at your polling place, you have the right to vote a provisional ballot.

What is a provisional ballot?

A provisional ballot is a regular ballot that is placed in a special envelope prior to being put in the ballot box.

Who casts a provisional ballot?

Provisional ballots are ballots cast by voters who believe they are registered to vote even though their names are not on the official voter registration list at the polling place.

Vote by mail voters may need to cast provisional ballots if the voter wants to vote in person at a polling place, but did not receive their ballot or does not have their ballot with them.

Will my provisional ballot be counted?

Your provisional ballot will be counted after elections officials have confirmed that you are registered to vote in that county and you did not already vote in that election.

You may vote a provisional ballot at any polling place in the county in which you are registered to vote, however, only the elections contests you are eligible to vote for will be counted.

How can you check the status of your provisional ballot?

You can check the status of your provisional ballot at voterstatus.sos.ca.gov

Alternatively, every voter who casts a provisional ballot has the right to find out from their county elections official if the ballot was counted and, if not, the reason why it was not counted.
