REGISTRAR OF VOTERS
COUNTY OF RIVERSIDE

Dear Voter:

November 6, 2012 is Election Day. Your ballot contains contests for Federal, State, and local offices as well as statewide propositions and local measures. This Sample Ballot and Information Pamphlet provides ballot marking instructions, polling place hours, candidate and measure information, and other election details that are important for you to review before you vote. You may mark your selections on your Sample Ballot and take it with you to the polls for easy reference.

Did you know that Vote-by-Mail ballots received in the Registrar of Voters office before Election Day are the first ballots counted on Election Night? You will find an application to receive a Vote-by-Mail Ballot on the back cover of this pamphlet.

Voting early is another great option. You may vote early at the Registrar of Voters office Monday through Friday beginning October 9, and at participating Malls in Riverside County on October 26 through October 28.

There is still time to volunteer to be a poll worker. We need Polling Officers to work at the polls on Election Day and we are eager to train you to assist voters with our proudest legacy – the right to vote.

You can learn more about voting by mail, voting early or training to be a poll worker by reviewing this pamphlet or by visiting www.voteinfo.net or by calling (800) 773-VOTE (8683).

Elections in California

**NEW LAW
Took Effect
January 1, 2011**

The Top Two Candidates Open Primary Act, which took effect January 1, 2011, requires that all candidates for a voter-nominated office be listed on the same ballot. Previously known as partisan offices, voter-nominated offices are state legislative offices, U.S. congressional offices, and state constitutional offices.

Only the two candidates receiving the most votes – regardless of party preference – move on to the general election regardless of vote totals.

Write-in candidates for voter-nominated offices can only run in the primary election. However, a write-in candidate can only move on to the general election if the candidate is one of the top two vote-getters in the primary election. Additionally, there is no independent nomination process for a general election.

California's new open primary system does not apply to candidates running for U.S. President, county central committee, or local offices.

California law requires that the following information be printed in this pamphlet.

Party-Nominated/Partisan Offices

Political parties may formally nominate candidates for party-nominated/partisan offices at the primary election. A nominated candidate will represent that party as its official candidate for the specific office at the general election and the ballot will reflect an official designation. The top vote-getter for each party at the primary election moves on to the general election. Parties also elect officers of county central committees at the primary election.

A voter can only vote in the primary election of the political party he or she has disclosed a preference for upon registering to vote. However, a political party may allow a person who has declined to disclose a party preference to vote in that party's primary election.

Voter-Nominated Offices

Political parties are not entitled to formally nominate candidates for voter-nominated offices at the primary election. A candidate nominated for a voter-nominated office at the primary election is the nominee of the people and not the official nominee of any party at the general election. A candidate for nomination to a voter-nominated office shall have his or her party preference, or lack of party preference, stated on the ballot, but the party preference designation is selected solely by the candidate and is shown for the information of the voters only. It does not mean the candidate is nominated or endorsed by the party designated, or that there is an affiliation between the party and candidate, and no candidate nominated by the voters shall be deemed to be the officially nominated candidate of any political party. In this sample ballot booklet, parties may list the candidates for voter-nominated offices who have received the party's official endorsement.

Any voter may vote for any candidate for a voter-nominated office, if they meet the other qualifications required to vote for that office. The top two vote-getters at the primary election move on to the general election for the voter-nominated office even if both candidates have specified the same party preference designation. No party is entitled to have a candidate with its party preference designation move on to the general election, unless the candidate is one of the two highest vote-getters at the primary election.

Nonpartisan State Offices

Political parties are not entitled to nominate candidates for nonpartisan offices at the primary election, and a candidate at the primary election is not the official nominee of any party for the specific office at the general election. A candidate for nomination to a nonpartisan office may NOT designate his or her party preference, or lack of party preference, on the ballot. The top two vote-getters at the primary election move on to the general election for the nonpartisan office.

Redistricting

New electoral district boundaries are drawn every 10 years in order to equalize district populations. Boundaries for the congressional, state legislative, and county supervisorial districts are now different. Boundary changes also apply to any city, school district, or special district that votes by trustee areas or divisions. To see the new district maps, visit the Registrar of Voters website at www.voteinfo.net.

HOW TO MARK YOUR PAPER BALLOT

Please refer to the following instructions on how to properly complete your official ballot:

- ▶ Connect the head and tail of the arrow that points to your choice like the example provided.

**CANDIDATE STATEMENT FOR
UNITED STATES REPRESENTATIVE,
41ST CONGRESSIONAL DISTRICT**

MARK TAKANO, Democratic AGE: 51
OCCUPATION: Public School Teacher / Community College Trustee
EDUCATION AND QUALIFICATIONS:

Dear Friend,

It's clear to anyone paying attention that Congress is broken.

Big oil companies, powerful insurance companies and special interest lobbyists have rigged the system, and our middle class is suffering for it. Congress has failed to renew tax cuts for middle class families or pass a single bill to help put struggling Americans back to work.

This is unacceptable.

As a lifelong resident of Riverside County, I'm tired of the partisan gridlock that delivers nothing to our community but empty promises.

We need jobs, jobs and more jobs. We need to reduce taxes for middle class families and provide tax credits to local small businesses for innovation and job creation. We also must stop handing out tax breaks to big corporations that ship jobs overseas.

I have dedicated my life to public service as a high school teacher and Riverside Community College Trustee. If you send me to Washington, I will fight for Riverside County families, our children, our veterans and especially our senior citizens by protecting Social Security and Medicare.

That's why I'm proud to be the only candidate endorsed by the National Committee to Protect Social Security and Medicare. I'm also proud to be endorsed by classroom teachers, nurses and many local leaders.

As your Congressman, I will work across party lines to fight for the middle class, protect Social Security and Medicare and bring good paying jobs to the Inland Empire. I respectfully ask for your vote.

Sincerely,

Mark Takano

**CANDIDATE STATEMENT FOR
UNITED STATES REPRESENTATIVE,
41ST CONGRESSIONAL DISTRICT**

JOHN F. TAVAGLIONE, Republican AGE: 64
OCCUPATION: Business Owner / County Supervisor
EDUCATION AND QUALIFICATIONS:

As County Supervisor, I'm working to create new, good-paying jobs in education, health care and construction at UC Riverside by building a new medical school.

In Congress, I'll continue my efforts to revive a stagnant economy.

I'll work across party lines to provide tax incentives for employers who hire new workers, INVEST IN EDUCATION, and simplify the tax code so small businesses can focus on CREATING JOBS.

I'll fight to reduce the \$15.5 trillion national debt and stop irresponsible spending that has done little to improve the economy.

As county supervisor, I saved millions of dollars by requiring county offices to buy used furniture, reduce travel costs and make prisoners pay for the cost of keeping themselves in jail.

In Congress, I'll continue my FIGHT AGAINST GOVERNMENT WASTE.

I'll take action to prevent future bailouts and hold Wall Street accountable for its mistakes.

As a private citizen, I've helped hundreds of young people get through college by raising millions of dollars for scholarships.

In Congress, I'll fight to keep college tuition rates down and ensure public schools have the funding they need to provide a quality education.

America must also keep its promise to retirees and veterans by PROTECTING MEDICARE and strengthening Social Security programs.

America's best days should be ahead of us.

But, we need to stop the partisan bickering and pull together to make America work better.

Mayor Ron Loveridge, Riverside Firefighters Association and National Latino Police Officers Association support my campaign. I hope you do too.

**CANDIDATE STATEMENT FOR

EDUCATION AND QUALIFICATIONS:

California's government is a mess.

Partisan fighting has replaced getting things done for California.

And because of that, we find ourselves in the mess we're in.

Instead of cutting waste and getting rid of bloated bureaucracies in Sacramento, funding for education has been cut, and our schools have been forced to increase class sizes.

Instead of cutting frivolous spending, the Legislature's only answer has been to seek higher taxes.

Instead of addressing over-crowded prisons, the Legislature has done nothing, resulting in dangerous felons being released back into our neighborhoods.

And instead of trying to fix a broken pension system, the politicians in Sacramento just watch our debt grow.

All of these problems need solutions. But to solve them, we need people who are actually interested in getting things done - people who bring new solutions.

I am a small business owner, not a career politician.

I haven't spent my life running for office over and over again.

I've been raising a family and growing my business.

And in my business, we operate under some pretty simple rules that the Legislature in Sacramento would do well to follow:

-Don't spend more than you take in.

-Work on small problems before they become big ones.

-Getting things done is more important than talking about getting them done.

I'm running for State Assembly to bring some common sense to Sacramento.

If you agree that we need more business owners and less career politicians in the State Assembly, I am asking for your support.

IMPARTIAL ANALYSIS OF MEASURE "P"

Article XIII B of the California Constitution and state law require that each public agency adopt an "appropriations limit," (also called a "Gann limit") which limits the "proceeds of taxes" that the public agency may receive to the amount adopted by the public agency. "Proceeds of taxes" generally means all taxes and subventions received by that public agency, subject to specific constitutional exceptions. Proceeds of taxes received by the public agency in excess of the limit must be returned.

At the time the City of Jurupa Valley was incorporated, the provisional appropriations limit, was set by the Riverside County Local Agency Formation Commission ("LAFCO") at \$27,914,961 and enacted as part of the incorporation of the City of Jurupa Valley by the voters in 2011.

Under the provisions of Government Code Section 56812, newly incorporated cities operate under the provisional appropriations limit set by LAFCO as a condition of incorporation until that limit is adjusted as permitted by law. Newly incorporated cities are then required to determine a permanent appropriation limit to be submitted to the voters at the first election after the first full fiscal year of incorporation. This November 2012 election is the first election after the City's first fiscal year. State law requires the permanent appropriations limit to be computed by adjusting the provisional limit for population increases or decreases and actual proceeds of taxes received.

The proposed permanent limit in Measure "P" is \$28,967,355 which is \$1,052,394 greater than the provisional limit adopted by the voters in 2011 at incorporation. The appropriations limit does not mean the City will spend this much money, only that this is the maximum amount of the proceeds of taxes it may receive. The permanent limit will be adjusted annually using factors for changes in population and changes in income as provided in state law.

A "yes" vote on Measure "P" would approve the appropriations limit for the City of Jurupa Valley at \$28,967,355. A "no" vote means the appropriation limit is not adopted and the provisional appropriations limit set by LAFCO and adopted as part of the incorporation by the voters remains in effect unless and until a permanent appropriations limit is adopted by the voters.

Measure "P" will be adopted if it is approved by a majority of the voters voting on the measure.

ARGUMENT IN FAVOR OF MEASURE "P"

The City Council of the City of Jurupa Valley urges your support of Measure "P", which will enact a permanent limit on tax proceeds appropriations for the City. Under California law, cities are required to establish such limits based upon tax revenues received in the first full fiscal year following incorporation as a City. This limitation is commonly known as the "Gann Limit."

The Gann Limit established by Measure "P", correctly reflects the calculation required by California law and reduces the amount of money the City may appropriate for city expenditures. The provisional expenditure limit that was originally established before the City was formed was \$27,914,961. The new limit that will be established by Measure "P" will be \$28,967,355, as was adjusted pursuant to the requirements of the Gann Limit adopted in 1978. Once approved by the voters, that appropriations limit will be in effect and adjusted annually as prescribed by state law, unless it is adjusted by a vote of the people.

Approval of this measure is necessary to bring the City of Jurupa Valley into compliance with the requirements of California Constitution Article XIII B. If the measure is not approved, the provisional limit established prior to incorporation will remain in effect and will not represent the true limitation that should apply.

It is important for Jurupa Valley to comply with state law. To accomplish that, your "yes" vote is essential. Please join with the leadership of the City in supporting Measure "P" so that Jurupa Valley will be in compliance with state law and certainty with regard to the fiscal operations of the City will be established.

MEASURE "W" - ALVORD UNIFIED SCHOOL DISTRICT

BOND AUTHORIZATION

By approval of this measure by at least 55 percent of the registered voters voting on the measure, the District will be authorized to issue and sell bonds of up to \$79.0 million in aggregated principal at interest rates not in excess of the legal limit and to provide financing for the specific school facilities projects listed in the Bond Project List described below, subject to all the accountability requirements specified below.

The Bonds may be issued under the provisions of the California Education Code (starting at Section 15100), under the provisions of the California Government Code (starting at Section 53506), or under any other provision of law authorizing the issuance of general obligation bonds by school districts. The Bonds may be issued in series by the District from time to time, and each series of Bonds shall mature within the legal limitations set forth in the applicable law under which the Bonds are issued.

District voters previously approved Measure "H" at an election held in the District on November 6, 2007. However, due to State law limitations imposed on the issuance of bonds under Measure "H", the District estimates that it will be unable to issue any additional Measure "H" Bonds in the immediate future. The Board of Education of the District has found and determined that there continues to be an urgent need in the District for the completion of the educational projects approved by District voters under Measure "H", including a need to pay a bond anticipation note issued for such projects, and that no other District resources are available to finance such projects or to pay for the bond anticipation note at maturity. If the Bonds are approved and issued, the Board of Education of the District has covenanted that it will cancel and shall not authorize the issuance of Measure "H" Bonds in a like amount.

ACCOUNTABILITY REQUIREMENTS

The provisions in this section are specifically included in this measure in order that the voters and taxpayers in the District may be assured that their money will be spent wisely. Expenditures to address specific facilities needs of the District will be in compliance with the requirements of Article XIII A, Section 1(b)(3), of the State Constitution and the Strict Accountability in Local School Construction Bonds Act of 2000 (codified at Education Code Sections 15264 and following) and California Government Code Section 53410 and following.

Evaluation of Needs. The School Board has identified detailed facilities needs of the District and has determined which projects to finance from a local bond at this time. The School Board hereby certifies that it has evaluated safety, class size reduction, enrollment growth, and information technology needs in developing the Bond Project List shown below.

Independent Citizens' Oversight Committee. The School Board shall establish an Independent Citizens' Oversight Committee under Education Code Section 15278 and following to ensure that bond proceeds are expended only on the school facilities projects listed below. The committee will be established within 60 days of the date when the results of the election appear in the minutes of the School Board.

Performance Audits. The School Board shall conduct an annual, independent performance audit to ensure that the bond proceeds have been expended only on the school facilities projects listed below.

Financial Audits. The School Board shall conduct an annual, independent financial audit of the bond proceeds until all of those proceeds have been spent for the school facilities projects listed below.

Special Bond Proceeds Account: Annual Report to Board. As required by Government Code Section 53410 and following, the specific purposes of the bond are set forth in this Full Text and proceeds of the bonds will be applied only for such purposes. Upon approval of this measure and the sale of any bonds approved, proceeds of the bonds will be deposited into a Building Fund to be held by the Riverside County Treasurer, as required by the California Education Code. As long as any proceeds of the bonds remain unexpended, the Superintendent of the District shall cause an annual report to be filed with the Board of Education of the District not later than January 1 of each year, which report shall contain pertinent information regarding the amount of funds collected and expended, as well as the status of the projects listed in this Measure, as required by Sections 53410 and 53411 of the California Government Code.

FURTHER SPECIFICATIONS

No Administrator Salaries. Proceeds from the sale of bonds authorized by this measure shall be used only for the construction, reconstruction and/or rehabilitation of school facilities including the furnishing and equipping of school facilities or acquisition or lease of real property for school facilities and not for any other purpose, including teacher and administrator salaries and other school operating expenses.

STATE MATCHING FUNDS

The following statement is included in this measure pursuant to Education Code Section 15122.5: Approval of this measure does not guarantee that the proposed project or projects in the Alvord Unified School District that are the subject of bonds under this measure will be funded beyond the local revenues generated by this measure. The school district's proposal for the project or projects may assume the receipt of matching state funds, which could be subject to appropriation by the Legislature or approval of a statewide bond measure.

BOND PROJECT LIST

The Bond Project List shown below is a part of the ballot measure and must be reproduced in any official document required to contain the full statement of the bond measure.

Bond proceeds will be expended to modernize, replace, renovate, construct, equip, rebuild and furnish the District's facilities as described in the following list. Whenever specific items are included in the following list, they are presented to provide an example and are not intended to limit the generality of the broader description of authorized projects.

In addition, bond proceeds will be expended to refinance those 2007 voter-approved projects which are included on the list below which were financed with the proceeds of bond anticipation notes to provide interim financing for such projects.

Construction of this new high school would include design and construction of classrooms, science and computer labs, library, cafeteria, multi-purpose facilities, athletic facilities, restrooms, offices, school grounds, furnishings and equipment, as described herein, and other school and educational facilities.

Project costs for the above-referenced projects may include site preparation, installation costs, engineering and design costs, project management costs and related costs. Project costs may also include the payment of lease payments for lease of authorized facilities, property or buildings and payment of costs of expenses for interim financing of authorized facilities (including, but not limited to, financing the repayment of bond anticipation notes for approved projects and delivery costs). Allowable project costs also include: costs of issuing the bonds or securities (as authorized under California law), informational distribution costs and election costs authorized under State law. Funding for these projects may come from this bond measure or other District resources as the school facilities needs arise.

Approval of the District's bond measure does not guarantee that all of the identified projects within this list will be funded beyond what can be completed with local funds generated by the bond measure and does not guarantee that the projects will be completed in any particular order. The District will also pursue funds from the State of California to complete certain of the identified facilities projects. The foregoing project list assumes that the District would also receive some State matching funds.

Tax Rate Statement for
Bond Measure "W" Election to be held November 6, 2012**

An election will be held in Alvord Unified School District (the "District") on November 6, 2012 to reauthorize the sale of \$79,000,000 in general obligation bonds, previously approved by voters in November 2007 through the issuance of new bonds. The following information is submitted in compliance with Sections 9400-9404 of the California Elections Code.

1. The best estimate of the tax rate that would be required to fund this bond issue during the first fiscal year after the sale of the first series of bonds, based on estimated assessed valuations available at the time of filing of this statement, is \$.05128 per \$100 (\$51.28 per \$100,000) of assessed valuation in fiscal year 2013-14.
2. 3. The best estimate of the highest tax rate that would be required to fund this bond issue, based on estimated assessed valuations available at the time of filing this statement, is \$.05128 per \$100 (\$51.28 per \$100,000) of assessed valuation.
4. The best estimate of the average tax rate that would be required to fund this bond issue, based on estimated assessed valuations available at the time of filing this statement, is \$.05128 per \$100 (\$51.28 per \$100,000) of assessed valuation.

These estimates are based on projections derived from information obtained from official sources. The actual tax rates and the years in which they will apply may vary depending on the timing of bond sales, the amount of bonds sold at each sale and actual increases in assessed valuations. The timing of the bond sales and the amount of bonds sold at any given time will be determined by the needs of the District. Actual assessed valuations will depend upon the amount and value of taxable property within the District as determined in the assessment and the equalization process.

IMPARTIAL ANALYSIS OF MEASURE "W"

The Board of Education ("Board") of the Alvord Unified School District ("District") by adopting Resolution No. 4 ("Resolution"), elected to call an election pursuant to Section 1 paragraph (b) subsection (3) of Article XIII A of the California Constitution and Section 15264 *et seq.* of the California Education Code to obtain authorization to issue and sell general obligations bonds ("Bonds") in the aggregate principal amount of \$79,000,000.

District voters previously approved a local school bond measure at a regularly scheduled election held in the District on November 6, 2007 ("Measure H"). Measure "H" allowed an ad valorem tax to be levied and collected on property within the boundaries of the District to pay the principal and interest on those bonds. The District estimates that it will be unable to issue any additional series of unissued Measure "H" bonds. This current Measure would issue Bonds in the amount equal to a portion of the unissued Measure "H" bonds. The District has covenanted that it will take action to cancel a like aggregate principal amount of Measure "H" bonds, thereby not increasing the total authorized District debt.

The Bonds would be used by the District to complete the educational projects approved by District voters under Measure "H", including the payment of the 2010 bond anticipation notes which financed certain Measure "H" projects, through the acquisition and improvement of real property and the furnishing, building, and equipping of school facilities. The Bonds would not be used to increase salaries, benefits, or pensions for administrators, teachers, or any other school employees.

An ad valorem tax would be levied and collected on property within the boundaries of the District to pay the principal and interest on the Bonds.

The Bonds would bear interest at an annual rate not to exceed the legal maximum payable. The Bonds could be sold in several series and would mature no later than forty (40) years following their issuance.

For this Measure to be approved fifty-five percent (55%) of qualified voters who vote on the Measure must vote yes.

A "YES" vote on Measure "W" is a vote to allow the District to sell the Bonds and levy the necessary taxes to pay for the Bonds.

A "NO" vote on Measure "W" is a vote against allowing the District to sell the Bonds and levy the necessary taxes to pay for the Bonds.

Deputy County Counsel

ARGUMENT IN FAVOR OF MEASURE “W”

In November 2007, Alvord Unified School District voters overwhelmingly passed a general obligation bond to improve our community's schools. Since that time, tremendous improvements have been made in repairing and rehabilitating our children's schools and classrooms.

But much remains to be done. Measure “W” will reauthorize \$79 million of the previously approved 2007 bonds. By voting YES on Measure “W”, we can finish the job of improving our local public schools while at the same time **SAVING MILLIONS OF TAXPAYER DOLLARS**. Here's how:

Measure “W” makes financial sense and has taxpayer protections in place:

- Reauthorizing the 2007 bonds will allow the District to borrow at much lower interest rate, saving taxpayers millions of dollars in interest.
- Iron-clad restrictions that money can only be spent on improving Alvord's schools. No funds can be spent on administrator salaries, pensions, or benefits.
- The reauthorized bonds will NOT cause any increase in total District debt.
- Required annual review of all expenditures by an independent citizens' oversight committee.
- Legally required annual audits.
- All Measure “W” funds **MUST** be used to improve our children's schools and **CANNOT BE TAKEN AWAY BY THE STATE AND SPENT ELSEWHERE!**

Measure “W” will let Alvord USD continue the job of fixing our schools by:

- Expanding District vocational education programs/facilities including welding, automotive technology, medical and health technology, and construction trades.
- Upgrading and replacing outdated heating, ventilation and air-conditioning systems.
- Upgrading classrooms with up-to-date technology.
- Upgrading science labs.
- Repairing and replacing leaky roofs.

Our local schools are our most important asset and should be our number one priority. Measure “W” will improve our community's schools, help improve housing values, stimulate our local economy and save taxpayers millions of dollars in interest.

Please join us by voting YES on Measure “W”!

REBUTTAL TO ARGUMENT IN FAVOR OF MEASURE “W”

Vote NO on Measure “W”.

A yes vote on Measure “W” is a vote to **DOUBLE** school property taxes.

- The Alvord Board members state that Measure “W” “...will NOT cause any increase in total authorized District debt.” They fail to state that you, the taxpayer, will incur a school debt **DOUBLE** of what we now pay. We are currently paying \$60 per \$100,000.00 of our home value; this Measure will add **ANOTHER \$51** per \$100,000.00 for a total of \$111.00 per \$100,000.00 of our property value.
- They state the money (Bond) is spent locally; this is not true. The contractors, engineers, and architects are all located outside of Riverside County. Our money is not spent with Riverside businesses.

Currently we owe over a half BILLION dollars on the 2007 Bond Measure. We cannot afford new borrowing.

If Measure “W” fails, our schools **WILL NOT FAIL**. We will avoid doubling our property taxes for our schools and it may allow fiscal experts to be a part of our district to improve our schools.

A NO vote on Measure “W” is:

- A win for our taxpayers
- A win for our schools
- A win for our students

Vote **NO** on Measure “W”...Vote NO on **DOUBLING** taxes.

ARGUMENT AGAINST MEASURE "W"

Attention Taxpayers and Renters: Alvord Unified School District ("Alvord") has mismanaged its finances, and we now have a FINANCIAL CRISIS.

1. Our Community owes over .5 BILLION DOLLARS for Alvord's bonds sold to date. We cannot afford any more bonds!

2. Alvord will EXCEED its DEBT LIMIT set forth by the Constitution if this bond measure passes. It may be illegal for Alvord to sell additional bonds of \$79 million!

3. Your tax rates will increase from about \$60 per \$100,000 to approximately \$120 per \$100,000 of property values (double of current). An increase in tax rates WILL increase your property tax, may increase rents, and may cause businesses to move out of the area.

4. Alvord has not disclosed the total cost of Measure "W".

Save our Community from further financial harm! Make Alvord Unified School District ACCOUNTABLE for its finances and to work within its budget.

VOTE NO!!!

REBUTTAL TO ARGUMENT AGAINST MEASURE "W"

The facts are the facts.

- Measure "W" will SAVE taxpayers MILLIONS of dollars in interest. Period.
- Measure "W" will let us continue the job of improving our local schools.
- Measure "W" will create new construction jobs to help our community.
- Measure "W" will NOT increase total District debt by one penny.
- Measure "W" money can only be spent on our community's schools and can't be used to fund administrative salaries, benefits or pensions.
- Measure "W" funds must, BY LAW, be used to improve our LOCAL SCHOOLS and cannot be taken by the State and spent elsewhere.

By reauthorizing \$79 million of bonds that WERE ALREADY APPROVED by YOU, the voters, in 2007, we can ensure that we get the best deal possible at the lowest price.

Remember, these are OUR COMMUNITY'S SCHOOLS. They benefit everyone and are a resource that we must protect.

But the benefits of strong public schools go beyond just education. Strong schools help protect housing values, create a stronger local economy and lead to safer neighborhoods.

So what's more important to you? Wasting millions of dollars on interest? Or saving that money and improving our community's schools?

Join us. Vote YES on Measure "W"!
