## **HELP KEEP VOTER ROLLS CURRENT**

In an effort to maintain current voter rolls and to save taxpayer dollars, the Registrar of Voters will mail residency confirmation notices after the November 6, 2012 Election. The notification cards will be mailed to voters who have not voted in any election within the preceding four years, and his or her residence address, name or party affiliation had not been updated during that time.

**REGISTRAR OF VOTERS**  
COUNTY OF RIVERSIDE

Dear Voter:

November 6, 2012 is Election Day. Your ballot contains contests for Federal, State, and local offices as well as statewide propositions and local measures. This Sample Ballot and Information Pamphlet provides ballot marking instructions, polling place hours, candidate and measure information, and other election details that are important for you to review before you vote. You may mark your selections on your Sample Ballot and take it with you to the polls for easy reference.

Did you know that Vote-by-Mail ballots received in the Registrar of Voters office before Election Day are the first ballots counted on Election Night? You will find an application to receive a Vote-by-Mail Ballot on the back cover of this pamphlet.

Voting early is another great option. You may vote early at the Registrar of Voters office Monday through Friday beginning October 9, and at participating Malls in Riverside County on October 26 through October 28.

There is still time to volunteer to be a poll worker. We need Polling Officers to work at the polls on Election Day and we are eager to train you to assist voters with our proudest legacy – the right to vote.

You can learn more about voting by mail, voting early or training to be a poll worker by reviewing this pamphlet or by visiting [www.voteinfo.net](http://www.voteinfo.net) or by calling (800) 773-VOTE (8683).

The Registrar of Voters team is here to serve you. Please contact us anytime, so we can help make your voting experience a positive one. Thank you for participating in this election -- your vote counts!

Sincerely,

Kari Verjil  
Registrar of Voters

# Elections in California

**NEW LAW  
Took Effect  
January 1, 2011**

The Top Two Candidates Open Primary Act, which took effect January 1, 2011, requires that all candidates for a voter-nominated office be listed on the same ballot. Previously known as partisan offices, voter-nominated offices are state legislative offices, U.S. congressional offices, and state constitutional offices.

Only the two candidates receiving the most votes – regardless of party preference – move on to the general election regardless of vote totals.

Write-in candidates for voter-nominated offices can only run in the primary election. However, a write-in candidate can only move on to the general election if the candidate is one of the top two vote-getters in the primary election. Additionally, there is no independent nomination process for a general election.

**California's new open primary system does not apply to candidates running for U.S. President, county central committee, or local offices.**

**California law requires that the following information be printed in this pamphlet.**

## ***Party-Nominated/Partisan Offices***

Political parties may formally nominate candidates for party-nominated/partisan offices at the primary election. A nominated candidate will represent that party as its official candidate for the specific office at the general election and the ballot will reflect an official designation. The top vote-getter for each party at the primary election moves on to the general election. Parties also elect officers of county central committees at the primary election.

A voter can only vote in the primary election of the political party he or she has disclosed a preference for upon registering to vote. However, a political party may allow a person who has declined to disclose a party preference to vote in that party's primary election.

## ***Voter-Nominated Offices***

Political parties are not entitled to formally nominate candidates for voter-nominated offices at the primary election. A candidate nominated for a voter-nominated office at the primary election is the nominee of the people and not the official nominee of any party at the general election. A candidate for nomination to a voter-nominated office shall have his or her party preference, or lack of party preference, stated on the ballot, but the party preference designation is selected solely by the candidate and is shown for the information of the voters only. It does not mean the candidate is nominated or endorsed by the party designated, or that there is an affiliation between the party and candidate, and no candidate nominated by the voters shall be deemed to be the officially nominated candidate of any political party. In this sample ballot booklet, parties may list the candidates for voter-nominated offices who have received the party's official endorsement.

Any voter may vote for any candidate for a voter-nominated office, if they meet the other qualifications required to vote for that office. The top two vote-getters at the primary election move on to the general election for the voter-nominated office even if both candidates have specified the same party preference designation. No party is entitled to have a candidate with its party preference designation move on to the general election, unless the candidate is one of the two highest vote-getters at the primary election.

## ***Nonpartisan State Offices***

Political parties are not entitled to nominate candidates for nonpartisan offices at the primary election, and a candidate at the primary election is not the official nominee of any party for the specific office at the general election. A candidate for nomination to a nonpartisan office may NOT designate his or her party preference, or lack of party preference, on the ballot. The top two vote-getters at the primary election move on to the general election for the nonpartisan office.

## ***Redistricting***

New electoral district boundaries are drawn every 10 years in order to equalize district populations. Boundaries for the congressional, state legislative, and county supervisorial districts are now different. Boundary changes also apply to any city, school district, or special district that votes by trustee areas or divisions. To see the new district maps, visit the Registrar of Voters website at [www.voteinfo.net](http://www.voteinfo.net).

# HOW TO MARK YOUR PAPER BALLOT

Please refer to the following instructions on how to properly complete your official ballot:

- ▶ Connect the head and tail of the arrow that points to your choice like the example provided.
- ▶ Check both front and back of ballot for voting contests.
- ▶ Use a black ball point pen. Do not use felt tip, red or gel ink.
- ▶ One line connecting the arrow is preferred.
- ▶ Vote for no more than the number of votes allowed in each contest (e.g. vote for one, vote for no more than two, etc.).
- ▶ Please keep the vote-by-mail ballot folded the same way you received it.

| 31    | STATE BUDGET. STATE AND LOCAL GOVERNMENT. INITIATIVE CONSTITUTIONAL AMENDMENT AND STATUTE.      | Establishes two-year state budget. Sets rules for offsetting new expenditures, and Governor budget cuts in fiscal emergencies. Local governments can alter application of laws governing state-funded programs. Fiscal Impact: Decreased state sales tax revenues of \$200 million annually, with corresponding increases of funding to local governments. Other, potentially more significant changes in state and local budgets, depending on future decisions by public officials.                                                                                                                                                            |
|       | PRESUPUESTO ESTATAL. GOBIERNOS ESTATAL Y LOCALES. ENMIENDA CONSTITUCIONAL Y LEY POR INICIATIVA. | Establece un presupuesto del estado cada dos años. Establece reglas para compensar nuevos gastos y recortes del presupuesto por parte del Gobernador ante emergencias fiscales. Los gobiernos locales pueden modificar la aplicación de las leyes que gobiernan los programas financiados por el estado. Impacto fiscal: Reducción en las recaudaciones tributarias estatales de \$200 millones anuales, con los correspondientes aumentos de financiamiento a los gobiernos locales. Otros cambios potencialmente más significativos en los presupuestos estatal y locales, dependiendo de las decisiones futuras de los funcionarios públicos. |

budget. In 2012-13, planned spending reductions, primarily to education programs, would not occur.

**IMPUESTOS TEMPORALES PARA FINANCIAR LA EDUCACIÓN. FINANCIAMIENTO GARANTIZADO PARA LA SEGURIDAD PÚBLICA LOCAL. ENMIENDA CONSTITUCIONAL POR INICIATIVA.** Aumenta los impuestos sobre ingresos mayores de \$250,000 durante siete años y el impuesto sobre las ventas en ¼ de centavo durante cuatro años para financiar escuelas. Garantiza el financiamiento para la realineación de la seguridad pública. Impacto fiscal: Aumenta las recaudaciones tributarias estatales hasta 2018-19, con un promedio anual de unos \$6,000 millones en los próximos años. Recaudaciones disponibles para financiar el presupuesto estatal. No se producirían reducciones de gastos planeadas, principalmente para programas de educación, en 2012-13.

Applies same use prohibition to payroll deductions, if any, by corporations or government contractors. Prohibits union and corporate contributions to candidates and their committees. Prohibits government contractor contributions to elected officers or their committees. Fiscal Impact: Increased costs to state and local government, potentially exceeding \$1 million annually, to implement and enforce the measure's requirements.

**CONTRIBUCIONES POLÍTICAS POR DEDUCCIONES DE NÓMINA. CONTRIBUCIONES A CANDIDATOS. LEY POR INICIATIVA.** Prohibe el uso de fondos deducidos de la nómina para fines políticos por parte de los sindicatos. Aplica la misma prohibición de uso a las deducciones de nómina, si las hay, a las corporaciones o los contratistas del gobierno. Prohibe las contribuciones sindicales y corporativas a candidatos y sus comités. Prohibe las contribuciones de los contratistas del gobierno a funcionarios electos o a sus comités. Impacto fiscal: Aumento de costos para los gobiernos estatal y locales, potencialmente en exceso de \$1 millón anuales, para implementar y hacer cumplir los requisitos de la medida.

| <div><div>36</div><div>THREE STRIKES LAW. REPEAT FELONY OFFENDERS. PENALTIES. INITIATIVE STATUTE. Revises law to impose life sentence only when new felony conviction is serious or violent. May authorize re-sentencing if third strike conviction was not serious or violent. Fiscal Impact: Ongoing state correctional savings of around \$70 million annually, with even greater savings (up to \$90 million) over the next couple of decades. These savings could vary significantly depending on future state actions.</div></div>                                                                                                                                                                                    | <div><div>Yes / Si</div><div>No / No</div></div> |
| <div><div>37</div><div>LEY DE TRES GOLPES. INFRACTORES REINCIDENTES DE DELITOS MAYORES. PENAS. LEY POR INICIATIVA. Modifica la ley para imponer sentencias de cadena perpetua solo cuando la nueva condena es por un delito mayor grave o violento. Puede autorizar una nueva sentencia si la tercera condena no fue por un delito mayor grave o violento. Impacto fiscal: Ahorros continuos para correccionales estatales de unos \$70 millones anuales, con ahorros aun mayores (de hasta \$90 millones) en el próximo par de décadas. Estos ahorros pueden variar significativamente dependiendo de las acciones futuras del estado.</div></div>                                                                         | <div><div>Yes / Si</div><div>No / No</div></div> |
| <div><div>37</div><div>GENETICALLY ENGINEERED FOODS. LABELING. INITIATIVE STATUTE. Requires labeling of food sold to consumers made from plants or animals with genetic material changed in specified ways. Prohibits marketing such food, or other processed food, as "natural." Provides exemptions. Fiscal Impact: Increased annual state costs from a few hundred thousand dollars to over \$1 million to regulate the labeling of genetically engineered foods. Additional, but likely not significant, governmental costs to address violations under the measure.</div></div>                                                                                                                                        | <div><div>Yes / Si</div><div>No / No</div></div> |
| <div><div>38</div><div>ALIMENTOS MODIFICADOS GENÉTICAMENTE. ETIQUETADO. LEY POR INICIATIVA. Requiere el etiquetado de alimentos vendidos a los consumidores fabricados con plantas o animales cuyo material genético fue modificado de maneras especificadas. Prohíbe la comercialización de dichos alimentos o de otros alimentos procesados como "naturales". Autoriza exenciones. Impacto fiscal: Aumento en los costos anuales para el estado desde unos cuantos cientos de miles de dólares a más de \$1 millón para regular el etiquetado de los alimentos modificados genéticamente. Costos adicionales para el gobierno, pero probablemente no significativos, para tratar las violaciones a la medida.</div></div> | <div><div>Yes / Si</div><div>No / No</div></div> |
| <div><div>38</div><div>TAX TO FUND EDUCATION AND EARLY CHILDHOOD PROGRAMS. INITIATIVE STATUTE. Increases taxes on earnings using sliding scale, for twelve years. Revenues go to K-12 schools and early childhood programs, and for four years to repaying state debt. Fiscal Impact: Increased state tax revenues for 12 years—roughly \$10 billion annually in initial years, tending to grow over time. Funds used for schools, child care, and preschool, as well as providing savings on state debt payments.</div></div>                                                                                                                                                                                              | <div><div>Yes / Si</div><div>No / No</div></div> |
| <div><div>IMPUESTO PARA FINANCIAR LOS PROGRAMAS DE EDUCACIÓN Y DE NIÑEZ TEMPRANA. LEY POR INICIATIVA. Aumenta los impuestos sobre los ingresos usando una escala gradual por doce años. Las recaudaciones se destinan a escuelas de K-12 y a programas de niñez temprana, y por cuatro años a saldar la deuda estatal. Impacto fiscal: Aumento de las recaudaciones tributarias estatales durante 12 años – aproximadamente \$10,000 millones anuales en los años iniciales, con tendencia creciente con el tiempo. Los fondos se usan para escuelas, guarderías y preescolares, y también para ahorrar en los pagos de la deuda estatal.</div></div>                                                                       | <div><div>Yes / Si</div><div>No / No</div></div> |

**39** **TAX TREATMENT FOR MULTISTATE BUSINESSES. CLEAN ENERGY AND ENERGY EFFICIENCY FUNDING. INITIATIVE STATUTE.** Requires multistate businesses to pay income taxes based on percentage of their sales in California. Dedicates revenues for five years to clean/efficient energy projects. Fiscal Impact: Increased state revenues of \$1 billion annually, with half of the revenues over the next five years spent on energy efficiency projects. Of the remaining revenues, a significant portion likely would be spent on schools.

**TRATAMIENTO TRIBUTARIO PARA EMPRESAS MULTISTATALES. FINANCIAMIENTO PARA ENERGÍA LIMPIA Y EFICIENCIA ENERGÉTICA. LEY POR INICIATIVA.** Requiere que las empresas multiestatales paguen impuestos sobre los ingresos basado en el porcentaje de sus ventas realizadas en California. Dedica ingresos durante cinco años a proyectos de energía limpia/eficiente. Impacto fiscal: Aumenta las recaudaciones estatales en \$1000 millones anualmente. La mitad de dichas recaudaciones se gastarán en los próximos cinco años en proyectos de eficiencia energética. Es probable que una porción significativa del resto de las recaudaciones se gaste en escuelas.

**40** **REDISTRICTING. STATE SENATE DISTRICTS. REFERENDUM.** A "Yes" vote approves, and a "No" vote rejects, new State Senate districts drawn by the Citizens Redistricting Commission. If rejected, districts will be adjusted by officials supervised by the California Supreme Court. Fiscal Impact: Approving the referendum would have no fiscal impact on the state and local governments. Rejecting the referendum would result in a one-time cost of about \$1 million to the state and counties.

**REDISTRIBUCIÓN DE DISTRITOS. DISTRITOS DEL SENADO ESTATAL. REFERENDO.** Un voto "Sí" aprueba y un voto "No" rechaza los nuevos distritos del Senado estatal establecidos por la Comisión Ciudadana de Redistribución de Distritos. Si se rechaza, los distritos serán establecidos por funcionarios supervisados por la Corte Suprema de California. Impacto fiscal: Aprobar el referendo no tendría ningún impacto fiscal sobre los gobiernos estatal y locales. Rechazar el referendo resultaría en un costo único para el estado y los condados de alrededor de \$1 millón.

**CANDIDATE STATEMENT FOR  
MEMBER OF THE STATE ASSEMBLY,  
67TH ASSEMBLY DISTRICT**

**MELISSA MELENDEZ, Republican**  
**OCCUPATION: Local Businesswoman / Councilmember**  
**EDUCATION AND QUALIFICATIONS:**

I am running for Assembly to lower taxes, cut regulations, and reduce government spending.

I am a small business owner and Reagan conservative endorsed by the California Republican Assembly, Republican Women's Federated of Temecula Valley, CA Small Business Association and Family Action PAC to represent the 67<sup>th</sup> Assembly district.

As Mayor, I cut taxes for businesses, opposed spending increases, created private sector jobs, and balanced our City budget while cutting government waste. I authored a groundbreaking measure establishing an annual business tax holiday that saved our local small businesses over \$100,000 in taxes and fees.

My husband and I are veterans of the United States Navy where I achieved fluency in the Russian language and served as an intelligence translator during the Cold War and Operations Desert Shield and Desert Storm.

I'm proud to have support from respected conservative leaders in our community that believe I am the most qualified candidate. I would be honored to have your vote.

"Melissa Melendez will fight the job-killing regulations and taxes that are driving businesses away from California." -- Senator Joel Anderson

"Melissa Melendez is the only candidate in the field who has Reagan credentials for the State Assembly." -- Reagan Advisor Stu Spencer

"Melissa has demonstrated her strong support for small business on the Lake Elsinore City Council." -- Betty Jo Toccoli, President, CA Small Business Association

"Melissa Melendez is a U.S. Navy Veteran who is committed to protecting America's borders." Rear Admiral Greg Slovanic, US Navy (Ret.)

**CANDIDATE STATEMENT FOR  
MEMBER OF THE STATE ASSEMBLY,  
67TH ASSEMBLY DISTRICT**

**PHIL PAULE, Republican** **AGE: 49**  
**OCCUPATION: Elected Water Board Member & Small Business**  
**Owner**

**EDUCATION AND QUALIFICATIONS:**

I am the only candidate in the 67<sup>th</sup> Assembly district endorsed by the Republican Party and the Howard Jarvis Taxpayers Association.

As Vice-President of the largest Water District in Riverside County, a husband and father of two sons going to school in our district, I am running for the Assembly because the State Legislature is broken, corrupt and out of touch with the daily problems we face.

The politicians in Sacramento waste billions of dollars on a pie-in-the-sky bullet train, while demanding higher taxes from small business, working families and retirees. They let our schools and police suffer, while releasing criminals early and wasting millions of dollars on benefits to illegal aliens. Their priorities are all wrong.

As your Assembly representative, I will work to:

PROTECT seniors from tax and fee increases and benefit cuts.

REDUCE small business fees and regulations that are killing our economy.

STOP the early release of state prisoners.

FOCUS government on what's really important: LAW ENFORCEMENT, SCHOOLS, WATER, ROADS.

My wife manages our small family business. I see how high taxes and regulations hamper her ability to grow the business and hire employees. We won't fix our economy until we stop punishing hard working small business owners.

Let's take control of our government and reclaim our freedom and prosperity. I'd be honored to receive your vote and serve as your representative in the State Assembly.

## MEASURE “N” - CITY OF MURRIETA

### AN ORDINANCE OF THE PEOPLE OF THE CITY OF MURRIETA, CALIFORNIA, PROHIBITING AUTOMATED TRAFFIC CAMERAS

The People of the City of Murrieta do ordain as follows:

Section 0. The ordinance proposed by initiative petition shall be known as the “MURRIETA PROHIBITION OF AUTOMATED TRAFFIC CAMERAS.”

Section 1. The term “red light camera or automated traffic enforcement system” as used in this section shall mean and include any automated traffic enforcement system, as that term is used in California Vehicle Code Section 21455.5, or any successor legislation thereto, which is used to enforce any provision of the California Vehicle Code.

Section 2. An ordinance shall be adopted by the City Council to prohibit the installation of and require removal of any existing red light cameras or automated traffic enforcement systems in the City of Murrieta.

Section 3. The City Council, any officer, employee of the City, governmental agency or governmental official having jurisdiction in the City, when acting in his or her official capacity, shall be prohibited from taking any action which would directly or indirectly result in the authorization, approval or installation of any red light camera or other automated traffic enforcement system in the City of Murrieta.

Section 4. If any provision of this measure or the application thereof to any person or circumstance is held invalid, that invalidity shall not affect other provisions or application.

Section 5. This initiative may only be amended by voter approval.

PASSED by the people of the City of Murrieta at the General Municipal Election on November 6, 2012.

ADOPTED by declaration of the election results this 4<sup>th</sup> day of December, 2012.

EFFECTIVE ten (10) days after the results are declared by the City Council, December 14, 2012.

## IMPARTIAL ANALYSIS OF MEASURE “N”

Currently, the City of Murrieta utilizes automated traffic enforcement systems – more commonly referred to as traffic cameras – to enforce traffic laws at specified locations throughout the City. The City is authorized to utilize automated enforcement systems pursuant to the California Vehicle Code. Vehicle Code section 21100 authorizes local authorities to adopt rules and regulations regarding, among other things, “Regulating traffic by means of official traffic control devices meeting the requirements of Section 21400.” Consistent with such authority, Vehicle Code section 21455.5 provides that the “limit line, the intersection, or a place designated in Section 21455, where a driver is required to stop, may be equipped with an automated enforcement system if the governmental agency utilizing the system” meets certain specified requirements. Subsection (d) of section 21455.5 allows the City to contract out certain activities related to such automated enforcement systems.

The proposed measure would require the City Council to adopt an ordinance which would prohibit the installation, and require removal, of any red light cameras or automated traffic enforcement systems in the City. Further, the measure would prohibit the City and its employees and officials from taking any action that would directly or indirectly result in the authorization, approval or installation of any red light camera or other automated traffic enforcement system in the City.

Thus, for example, any automated enforcement systems currently in use by the City would be required to be removed. Moreover, the City could not later install or otherwise allow the use of such systems in the City.

A legal question exists as to whether the subject matter of the measure can be properly regulated via initiative, where it is a matter of statewide concern that has been delegated to the governing bodies of local governments.

Additionally, because initiatives are required to take a legislative action – such as the adoption of an ordinance – rather than directing a legislative action in the future, a legal question exists as to whether the proposed measure is valid. The measure provides that “[a]n ordinance shall be adopted by the City Council...” rather than presenting an ordinance for enactment.

## ARGUMENT IN FAVOR OF MEASURE “N”

Vote YES to eliminate Red Light Cameras.

When Red Light Cameras were brought to Murrieta in 2006, we were promised that they would improve safety on our roadways. They haven't. In fact, the opposite has occurred. According to the CHP collision database and the Murrieta Police Department's own data, red light related collisions, rear end collisions, and broadside collisions have all dramatically increased at camera enforced intersections. Comparing five years before the cameras were installed with five years after, red light related collisions increased 120%, broadside collisions in the intersections increased 117%, and rear end collisions increased 285%. Data for these statistics is available at [www.banthecamsmurrieta.com/data](http://www.banthecamsmurrieta.com/data).

And while the cameras increased accidents, by the time of this election, Murrieta will have issued almost 12,000 tickets at almost \$500 each, removing millions of dollars from our local economy and wasting thousands of valuable police man hours. And the vast majority of these tickets go to drivers who miss the end of the yellow phase by a fraction of a second due to the city intentionally setting the yellow signal time at the absolute minimum required. These blink of an eye violations, while legally citable, are virtually indistinguishable from non-violations occurring a fraction of a second earlier. Meanwhile, ATS, the out of state camera company, has raked in over \$1.5 million. No wonder they sued to keep you from voting on whether to remove their ticketing machines.

The unfortunate truth is that red light ticketing cameras can't improve safety because they cannot prevent the serious collisions caused by motorists who are impaired, distracted, or fatigued and enter the intersection long after the light has turned red.

More tickets; less safety. It's time the citizens of Murrieta demanded the removal of these ticketing cameras. Vote YES on measure “N”.

## REBUTTAL TO ARGUMENT IN FAVOR OF MEASURE “N”

The **LA-BASED SPECIAL INTEREST PROPONENT** engaged in bait and switch. Comparing 2001 traffic statistics (population 44,000) with 2011 (population 104,459) is deception. Using data that covers an area from De Luz to French Valley and the freeways is manipulation.

To maintain the same red light runner coverage without cameras requires 15 additional motor officers. The annual cost: an unaffordable \$2.5M. The choices: redeploy patrol officers from major crime duties or see red light running skyrocket.

The Murrieta Police Department (MPD) reported the facts to the California Statewide Traffic Reporting System from 2005 through September 2011. **RED LIGHT RUNNING DOWN** at camera enforced intersections from 5100 per month to 121. **BROADSIDE COLLISIONS REDUCED** to 15 at the intersections with a camera which contrasts with 45 at adjacent non-camera intersections.

Every red light runner puts the lives of your family in extreme danger. The facts: **AFTER THE LIGHT TURNED RED**, 8156 red light runners were 1.5 car lengths from the intersection; 4042 were 3 car lengths away; and 1640 were 17 car lengths away. **VIOLATORS IGNORED YELLOW AND THEN RED LIGHTS** as they drove through intersections and crosswalks.

Murrieta residents live in one of the nation's safest cities. Do you trust your friends and neighbors in the MPD or some LA special interest group?

In 2005, the MPD brought the red light cameras forward for approval because they believed they would save lives. The evidence is clear and compelling. **RED LIGHT CAMERAS SAVE LIVES.**

**KEEP YOUR FAMILY SAFE. VOTE NO ON “N”.**

### ARGUMENT AGAINST MEASURE “N”

California ranks number 1 in fatalities caused by red light running. A death occurs every 4 days, but camera use in Murrieta has REDUCED BROADSIDE COLLISIONS BY 66 %.

The presence of a camera at one intersection in Murrieta REDUCED THE NUMBER OF RED LIGHT RUNNERS FROM 3150 PER MONTH TO 113.

72 % of the red light violations were written to drivers who do not live in Murrieta. It is people passing through our town who put your life in danger.

Camera coverage is the equivalent of 15 additional motor officers working 24/7.

SAVE LIVES and reduce injuries. VOTE NO on Initiative “N”.

### REBUTTAL TO ARGUMENT AGAINST MEASURE “N”

The camera supporters must think you're stupid. Of course California ranks #1 in fatalities, California's got the most people and the most cars on the road.

And, no, broadside collisions at camera intersections weren't reduced by 66%; they increased by 117%. Plus, at intersections with cameras, red light related collisions increased 120%, and rear end collisions increased 285%. Meanwhile, red light related collisions at three nearby intersections without cameras went down 24%. If the cameras are so great, why did the collisions they're supposed to prevent go up at camera intersections and down at non-camera intersections?

Their claims about reducing red light running are nonsense too. What they did, to fool you, is took the number of potential violations estimated by the camera company while trying to sell their ticketing scheme to the City and then compared it with the actual number of citations that were mailed in one low-violation month. They're comparing apples and oranges and hoping you'll fall for it. Truth is, in the first full month of ticketing at each camera intersection, they issued a total of 197 tickets. Years later, in July 2011 they issued 185 tickets, virtually no change.

And while the majority of the tickets may go to non-residents, those aren't total strangers. They're folks who work, shop, and visit friends and family here. Plus, almost 4000 tickets still went to Murrieta residents.

Don't be fooled by the camera supporters' bogus claims. Show them you're smarter than that. Vote YES on measure “N”.

**BOND PROPOSITION OF THE**  
**PERRIS UNION HIGH SCHOOL DISTRICT**  
**(November 6, 2012):**

"In order to acquire, construct and reconstruct school facilities, and provide for supporting infrastructure at the existing school site of the Perris Union High School District, and in so doing increase health, safety, welfare and educational effectiveness of classrooms for students, shall the Perris Union High School District be authorized to issue Bonds in an amount not to exceed \$153,420,000, including the furnishing and equipping of school facilities or the acquisition or lease of real property for schools and school facilities listed in Attachment "1" on file at the District office and herein incorporated, which Bonds shall be issued for a term not to exceed the applicable statutory maximum, which is currently twenty-five (25) years in the case of bonds issued under the authority of the Education Code and forty (40) years in the case of bonds issued under the authority of the Government Code, at an interest rate below the legal maximum, and which Bonds shall be subject to the following provisions:

- (A) That proceeds of the Bonds shall be used only for the construction of school facilities and supporting infrastructure, including the furnishing and equipping of school facilities or the acquisition or lease of real property for school facilities pursuant to California Constitution Article XIII A, Section 1(b)(3) and further that the proceeds of the Bonds shall be used only for the purposes specified in California Constitution Article XIII A, Section 1(b)(3) (as amended by Proposition 39) and not for any other purpose, including teacher and non-construction related administrator salaries and any other school operating expenses.
- (B) That a list of the specific school facilities projects to be funded with the proceeds of the Bonds is attached hereto as Attachment "1" and, based upon the adoption of this Resolution, this Board of Trustees hereby certifies that it has evaluated safety, class size reduction and information technology needs in developing the school facilities listed in Attachment "1".
- (C) That the Board of Trustees of the District shall conduct an annual, independent performance audit to insure that the proceeds from the sale of the Bonds have been expended only on the specific projects listed in this bond proposition.
- (D) That the Board of Trustees of the District shall conduct an annual, independent financial audit of the proceeds from the sale of the Bonds until all of those proceeds have been expended for the school facilities projects identified herein.
- (E) That the Board of Trustees of the District will, pursuant to the provisions of applicable State law, appoint a citizens' oversight committee, and conduct annual independent audits (as referenced above) to assure that the Bond proceeds are spent only on the school, facilities and classroom improvements, projects and costs identified in Attachment "1" and for no other purposes.

**Taxpayer Protections: The following taxpayer protections are specifically provided in this Bond Measure and by law:**

- Bond funds shall be used only for the school facilities projects identified herein, and **not for any other purpose.**
- As required by law, an **Independent Citizen's Oversight Committee** shall oversee expenditures of bond funds, and related matters, and shall report to the Board of Trustees and communicate with the public on such expenditures.
- As required by law, the School District shall conduct **annual financial audits and performance audits** (using independent auditors) for all bond funds.
- Bond Funds **shall not be used** for teacher or non-construction related administrator salaries or other non-construction related operating expenses."

## MEASURE "T" - PERRIS UNION HIGH SCHOOL DISTRICT

### ATTACHMENT "1"

#### SCHOOL FACILITIES PROJECTS

##### **Perris Union High School District 2012 Bond Project List**

The Board of Trustees of the Perris Union High School District has evaluated the urgent and critical facility needs of each of the District's schools, and identified several projects for prioritization so that they do not become more pressing. These projects reflect the District's goals and plans to provide safe, clean, efficient, secure and modern school facilities, ensure that our students have the best learning environments possible, and meet high-priority goals to ensure student safety and 21<sup>st</sup> Century readiness:

- Provide quality vocational/technical education so students have the skills they need to obtain employment within an increasingly competitive economy,
- Support student safety,
- Ensure each student has the technological tools and resources they need to learn and be prepared for college and the workplace,
- Prevent classroom overcrowding,
- Increase accessibility for all students with disabilities,
- Attract and retain excellent teachers, and
- Maximize State and other outside matching funding opportunities.

#### **• Promote Continued Increases in Student Achievement •**

Academic achievement by students in schools throughout our District is rapidly on the rise! Recently released test scores from the California Department of Education show outstanding improvements as a result of the collective efforts by our students, staff members and our parents/community members. The College Board has named our District to the AP Achievement List for significant gains in advance placement and student performance.

#### **• 21st Century Career Skills •**

All of our facilities planning efforts are directed at supporting and improving our instructional programs and ensuring our students obtain a strong education in math, science and technology, so they can compete for a good job in a 21<sup>st</sup> Century economy. In addition, we know students who do not go to college need a vocational education that provides the job training, technical knowledge and specialized skills they need to succeed.

#### **• Attracting and Retaining Excellent Teachers •**

A top priority of the District is to attract and retain qualified teachers. Safe, clean, 21st-Century schools, with updated technology and adequate space to prevent student and classroom overcrowding will help attract and retain teachers in our local high schools.

#### **• Equitable Spending •**

It is the intention of the Board to ensure that bond proceeds are utilized equitably throughout the District commensurate with the current relative division of assessed valuations in various regions of the District. Implementation of this approach will help to facilitate responsible preparation for eventual District unification. In order to promote the consistent utilization of this expenditure approach, it is suggested that the Citizen's Oversight Committee monitor future expenditures with oversight toward practices that help to promote the most orderly transition as future District unifications are likely to occur.

#### **• School Overcrowding •**

Overcrowded schools experience higher rates of bullying, student fights, vandalism and youth violence. Crowding makes supervision more challenging and reduces opportunities for after school activities that help keep kids on the right track. Our community has experienced severe overcrowding twice before: Perris High School, originally built for 1,200 students, was serving 2,500 before Paloma Valley High School opened in 1995, and Paloma Valley High School, built for 2,200 students, was serving 3,400 before Heritage High School opened in 2007. Educators and parents at each site saw immediate improvement in student performance and safety when the crowding was eased in both cases.

Currently our local schools are currently at or over the functional capacity for which they were built.

- Pinacate Middle School: built for 700 students currently holds 1,200 students, expected to grow to more than 1,600 within 10 years
- Our local high schools were built for 2,000 to 2,700 students, but some face enrollment as high as 5,000 if nothing is done.
- A new high school is needed in Menifee to avoid extreme overcrowding when current Menifee elementary students reach high school. (A new high school in Menifee also will support eventual unification.)
- If our high schools become overcrowded again, we could lose much of the hard-won academic progress and improved test scores our schools have gained in the last few years

### • Bond Measure Projects •

To meet the District's priorities of providing safe, clean, efficient, secure and modern school facilities for students, staff and other users of District facilities, to attract and retain quality teachers, and to improve the teaching and learning environments at District schools, the following improvement projects are proposed to be financed at the following sites, as needed:

- Perris High School
- Paloma Valley High School
- Heritage High School
- New High School #4, Southeast Menifee
- New High School #5, Lakeview-Nuevo
- Perris Lake High School
- The Academy
- California Military Institute (CMI)
- New Middle School #2 (in Perris)
- Pinacate Middle School (completion of phase III)

### **Projects to Upgrade Vocational/Technical Education and Train Students With Skills to Compete for 21st-Century Jobs**

**Goal and Purpose:** To provide adequate facilities for all students by updating and improving aging classrooms with classroom technology and vocational/technical education programs and tools, so local schools can prepare students to meet the demands of today's high-tech economy and a competitive job market. Having quality schools with modern educational tools helps attract and retain excellent teachers and promotes continued increases in academic achievement by our students.

- Provide quality vocational education that provides job training, technical knowledge and specialized skills needed to be competitive in today's job market
- Update science and computer labs, and provide students with more access to technology to learn the vital skills needed for today's high-tech economy
- Improve classrooms to meet current academic, health and safety standards
- Upgrade electrical systems and wiring to enhance technology programs, improve internet access and more fully utilize technological resources at all District campuses
- Add solar facilities to reduce utility costs and save money for classroom instruction, and to provide opportunities for 21<sup>st</sup>-Century career education, job training and "hands-on" science education

### **Teaching /Learning Environment Improvements to Ensure Safe, Clean and Secure Schools**

**Goal and Purpose:** Since quality, safe and up-to-date schools help protect and maintain strong property values, help attract and retain excellent teachers, and support student learning, students will benefit from a variety of health and safety projects such as:

- Updating fire alarm systems, smoke detectors, and sprinklers
- Improve schools as required to comply with existing building codes, including upgrading schools to ensure access for disabled students, staff, teachers and community members
- Improving security systems such as new door safety locks, lighting, fencing
- Removing potentially hazardous materials where found
- Repairing deteriorating school restrooms
- Upgrade/replace outdated, failing heating and cooling systems, lighting and wiring with up-to-date equipment that will reduce utility costs and save money
- Make safety, security, communications and technology improvements to existing District campuses, buildings and facilities
- Address unforeseen conditions revealed by construction/modernization

### **Construction of New Facilities to Prevent and Relieve Student Overcrowding**

**Goal and Purpose:** Overcrowded schools make it difficult to attract and hire qualified teachers and staff, leading to student bullying, vandalism and youth violence, and making it difficult to provide adequate space for student learning. To help relieve student overcrowding and provide a safe and enriching learning environment for all students and teachers, the District will continue to evaluate the need for new middle and high school facilities to meet student and community needs. This may include:

- Planning, land acquisition, and design of new school facilities
- Construction of new classroom and instructional support facilities, science labs and career technical education facilities, physical education and athletic facilities, technology infrastructure, supporting site and campus infrastructure and furnishings and equipment
- Provide temporary (interim) classrooms and other school facilities as needed to accommodate students and school functions displaced during construction/renovation
- Necessary site preparation/restoration in connection with new construction, renovation or remodeling, including ingress and egress, removing, replacing or installing irrigation, utility lines, trees and landscaping, and acquiring any necessary easements, licenses, or rights of way to property
- Demolition of outdated buildings to be replaced with new construction

Proceeds from the sale of bonds authorized by this Bond Measure may be used for the reconstruction, rehabilitation or replacement of existing school facilities or the construction of new facilities (including the acquisition of property, as required), as well as the provision of furnishing and equipping of school facilities, as specified in the Bond Measure Projects listed above.

### **Maximize State and other Outside Matching Fund Opportunities**

In addition to the Bond Measure, the District will also aggressively and continuously pursue funds from all available alternative-funding sources to complete the facilities projects listed in the Bond Measure. The District has been highly successful in obtaining and securing these types of funds for school facilities projects from prior bond measures approved by the District's voters.

#### **• Project Costs for Furnishings and Equipment to Support School Facilities •**

Project Costs for furnishings and equipment for some or all of the identified District campuses may include, but are not limited to, some or all of the following: security, safety and communication systems and equipment, desks and tables; window and floor coverings (including tiles and carpeting); computers and computer systems, media recording and presentation equipment, including, but not limited to, audio systems, kitchen equipment; improvements and furnishings; science laboratory equipment; and/or other electronic equipment and systems.

#### **• Other Project Costs to Support School Facilities •**

Project costs for the above-referenced projects may include site preparation, installation costs, engineering, architect and design costs, project management costs, state or local fees, charges, costs or expenses, legal costs and expenses and costs involving design, planning, environmental review, construction and completion of the aforementioned projects, potential allocations for minor upgrades, renovations and modification costs for newly constructed and/or refurbished School District facilities, costs and expenses associated with the provision of renewable and/or more efficient energy sources for School District needs or facilities and related planning and infrastructure costs. Project costs may also include the payment or prepayment of lease payments for lease of authorized facilities, property or buildings, prepayment of lease obligations for facilities purposes and payment of costs and expenses for interim financing of authorized facilities (including, but not limited to, financing delivery costs) and the costs associated with necessary additional staff required to efficiently and effectively implement the planning, design and construction of the projects. Allowable project costs also include: costs of issuing the bonds or other securities (as authorized under California law), informational distribution costs and election costs authorized under State law. Funding for these projects may come from this Bond Measure or other District resources as the school facilities needs arise and additional funding sources are identified and accessed. Proceeds of the bonds may be used to pay or reimburse the District for the cost of District staff when performing work on, or necessary and incidental to, bond projects.

#### **• Citizen Oversight and Local Accountability •**

If this bond measure is approved, the Perris Union High School District Board of Trustees will appoint a citizens' oversight committee and conduct annual independent audits to assure that bond funds are spent only on school and classroom improvement projects and for no other purposes.

In preparing the foregoing list, the Board of Trustees of the Perris Union High School District has evaluated safety, class size reduction and information technology needs. Approval of the School District's bond measure does not guarantee that all of the identified projects within this list will be funded beyond local funds generated by the bond measure and does not guarantee that the projects will be completed in any particular order. The School District will also aggressively pursue funds from the State of California to complete facilities projects.

If this Bond measure is approved, the Perris Union High School District Board of Trustees will appoint a citizens' oversight committee and conduct annual independent audits to assure that bond funds are spent only on school and classroom improvements and for no other purposes.

**MEASURE "T" - PERRIS UNION HIGH SCHOOL DISTRICT**

**TAX RATE STATEMENT**

**PERRIS UNION HIGH SCHOOL DISTRICT -  
General Obligation Bond Election of November 6, 2012**

**MEASURE "T"**

As shown on the enclosed official ballot, an election is being held in the Perris Union High School District ("District") on November 6, 2012, for the purpose of submitting to the registered voters within the District the question of whether the District shall issue and sell bonds in an amount not to exceed \$153,420,000 for the purpose of providing funds for the specified school facilities and school projects as set forth in the resolution of the District calling such bond election. This measure will authorize a tax sufficient for payment of interest on, and redemption of, the bonds. The bonds shall bear interest at a rate, or rates, to be established at such time as the bonds are sold, in one or more series, at fixed or variable interest rates not to exceed the maximum applicable statutory rate for such bonds. If such bonds are authorized and sold, the principal thereof and the interest thereon are a general obligation of the District, payable from the proceeds of *ad valorem* taxes on taxable real property located within the District.

The following information is submitted in compliance with California Elections Code Sections 9401 through 9404 based on estimates of assessed valuations available at the time of filing of this statement:

- (a) The best estimate from official sources of the tax rate that would be required to be levied to fund the bond issue during the first fiscal year after the first sale of the bonds based on estimated assessed valuations available at the time of filing of this statement or a projection based on experience within the same jurisdiction or other demonstrable factors is \$0.030 per \$100 (\$30.00 per \$100,000) of assessed valuation.
- (b) It is anticipated that the bonds will be sold in more than one series. The best estimate from official sources of the tax rate which would be required to be levied to fund such bond issues during the first fiscal year after the last sale of the bonds based on estimated assessed valuations available at the time of filing of this statement or a projection based on experience within the same jurisdiction or other demonstrable factors is \$0.030 per \$100 (\$30.00 per \$100,000) of assessed valuation.
- (c) The best estimate from official sources of the highest tax rate which would be required to be levied to fund the bond issues during the term of the bond issues, based on estimated assessed valuations available at the time of filing of this statement or a projection based on experience within the same jurisdiction or other demonstrable factors, is \$0.030 per \$100 (\$30.00 per \$100,000) of assessed valuation. It is estimated that the highest tax rate would apply in the 2013-2014 tax year based on assessed valuations available at the time of this filing or a projection based on experience within the same jurisdiction or other demonstrable factors.

Voters should note that these estimated tax rates are based on the *assessed value* of taxable property within the District as shown on the official rolls of Riverside County, *not* on the property's market value. In addition, taxpayers eligible for a property tax exemption, such as the homeowner's exemption, will be taxed at a lower effective rate than described above. Actual future assessed valuation will depend upon the amount and value of taxable property within the District as determined by the Riverside County Assessor in the annual assessment and the equalization process. Property owners should consult their own property tax bills and/or tax advisors to determine their property's assessed value and any applicable tax exemptions.

Attention of all voters is directed to the fact that these estimates are based on assumptions and projections derived from information obtained from official sources. The actual tax rates and the years in which they will apply may vary depending on the timing of any bond sales, the amount of bonds sold, market interest rates at the time of each sale of bonds and actual assessed valuations over the term of repayment of the bonds. The timing of the bond sales and the amount of bonds sold at any given time will be governed by the needs of the District, including the legal limitations on bonds approved by a 55% vote. The actual interest rates at which the bonds will be sold will depend on the bond market at the time of each such sale. Actual future assessed valuation will depend upon the amount and value of taxable property within the District as determined by the Riverside County Assessor in the annual assessment and the equalization process.

Dated: June 20, 2012

Business Services - Perris Union High School District

## IMPARTIAL ANALYSIS OF MEASURE “T”

The Board of Education (“Board”) of the Perris Union High School District (“District”) by adopting Resolution No. 39:11-12 (“Resolution”), elected to call an election pursuant to Section 18 of Article XVI and Section 1 of Article XIII A of the California Constitution and Section 15100 and 15264 *et seq.* of the California Education Code to obtain authorization to issue and sell general obligations bonds (“Bonds”) in the aggregate principal amount of \$153,420,000.

The Bonds would be used by the District to construct a new high school and to expand, rehabilitate and upgrade existing school facilities, including improving classrooms, science labs, vocational education, and instructional technology, removal of hazardous materials, upgrading fire safety and school security and improving access for disabled persons. The Bonds would not be used to increase salaries, benefits, or pensions for administrators, teachers, or any other school employees.

An ad valorem tax would be levied and collected on property within the boundaries of the District to pay the principal and interest on the Bonds.

The Resolution provides that the maximum interest rate on the Bonds will not exceed the maximum interest rate permitted by the applicable laws of the State and the maximum term of the Bonds, or any series thereof, will not exceed 40 years.

For this Measure to be approved fifty-five percent (55%) of qualified voters who vote on the Measure must vote yes.

A “YES” vote on Measure “T” is a vote to allow the District to sell the Bonds and levy the necessary taxes to pay for the Bonds.

A “NO” vote on Measure “T” is a vote against allowing the District to sell the Bonds and levy the necessary taxes to pay for the Bonds.

Deputy County Counsel

## ARGUMENT IN FAVOR OF MEASURE “T”

**Voting YES on “T” will provide locally controlled funding to update and repair our local secondary schools serving Menifee and the Perris area.**

Measure “T” will upgrade high school vocational education programs that give students opportunities to achieve the skills needed to compete for good jobs in today’s competitive economy. Measure “T” also provides essential school repairs and upgrades so all students have equal access to clean, safe and up-to-date classrooms, science labs, instructional technology and career training to prepare them for college and the workforce.

Student test scores at our neighborhood middle and high schools have risen steadily over the past five years. However, student overcrowding, outdated technology, and state budget cuts threaten this progress.

Measure “T” is a local solution: providing locally controlled funds to improve local schools. By law, all Measure “T” funds stay here and not one penny can be taken by Sacramento or used for other purposes.

Measure “T” will:

- Upgrade vocational education classrooms, labs and technology
- Update fire safety and school security systems
- Add classrooms and school facilities to relieve overcrowding, including a new high school in Menifee, which would support eventual unification
- Remove potentially hazardous materials where found
- Update restrooms and other essential school facilities
- Update science and computer labs
- Modernize educational tools to help attract and retain excellent teachers and promote continued increases in academic achievement by our students

Investing now in our local schools will also create new jobs and strengthen local property values. If we wait, these problems will become more costly.

An independent community oversight committee and annual public audits ensure strict oversight and accountability. No funds can be used for administrator salaries or benefits.

**Join us and vote YES on Measure “T” to support quality education in local schools.**
