Elections in California

**NEW LAW
Took Effect
January 1, 2011**

The Top Two Candidates Open Primary Act, which took effect January 1, 2011, requires that all candidates for a voter-nominated office be listed on the same ballot. Previously known as partisan offices, voter-nominated offices are state legislative offices, U.S. congressional offices, and state constitutional offices.

Only the two candidates receiving the most votes – regardless of party preference – move on to the general election regardless of vote totals.

Write-in candidates for voter-nominated offices can only run in the primary election. However, a write-in candidate can only move on to the general election if the candidate is one of the top two vote-getters in the primary election. Additionally, there is no independent nomination process for a general election.

California's new open primary system does not apply to candidates running for U.S. President, county central committee, or local offices.

California law requires that the following information be printed in this pamphlet.

Party-Nominated/Partisan Offices

Political parties may formally nominate candidates for party-nominated/partisan offices at the primary election. A nominated candidate will represent that party as its official candidate for the specific office at the general election and the ballot will reflect an official designation. The top vote-getter for each party at the primary election moves on to the general election. Parties also elect officers of county central committees at the primary election.

A voter can only vote in the primary election of the political party he or she has disclosed a preference for upon registering to vote. However, a political party may allow a person who has declined to disclose a party preference to vote in that party's primary election.

Voter-Nominated Offices

Political parties are not entitled to formally nominate candidates for voter-nominated offices at the primary election. A candidate nominated for a voter-nominated office at the primary election is the nominee of the people and not the official nominee of any party at the general election. A candidate for nomination to a voter-nominated office shall have his or her party preference, or lack of party preference, stated on the ballot, but the party preference designation is selected solely by the candidate and is shown for the information of the voters only. It does not mean the candidate is nominated or endorsed by the party designated, or that there is an affiliation between the party and candidate, and no candidate nominated by the voters shall be deemed to be the officially nominated candidate of any political party. In this sample ballot booklet, parties may list the candidates for voter-nominated offices who have received the party's official endorsement.

Any voter may vote for any candidate for a voter-nominated office, if they meet the other qualifications required to vote for that office. The top two vote-getters at the primary election move on to the general election for the voter-nominated office even if both candidates have specified the same party preference designation. No party is entitled to have a candidate with its party preference designation move on to the general election, unless the candidate is one of the two highest vote-getters at the primary election.

Nonpartisan State Offices

Political parties are not entitled to nominate candidates for nonpartisan offices at the primary election, and a candidate at the primary election is not the official nominee of any party for the specific office at the general election. A candidate for nomination to a nonpartisan office may NOT designate his or her party preference, or lack of party preference, on the ballot. The top two vote-getters at the primary election move on to the general election for the nonpartisan office.

Redistricting

New electoral district boundaries are drawn every 10 years in order to equalize district populations. Boundaries for the congressional, state legislative, and county supervisorial districts are now different. Boundary changes also apply to any city, school district, or special district that votes by trustee areas or divisions. To see the new district maps, visit the Registrar of Voters website at www.voteinfo.net.

HOW TO MARK YOUR PAPER BALLOT

Please refer to the following instructions on how to properly complete your official ballot:

- ▶ Connect the head and tail of the arrow that points to your choice like the example provided.
- ▶ Check both front and back of ballot for voting contests.
- ▶ Use a black ball point pen. Do not use felt tip, red or gel ink.

**CANDIDATE STATEMENT FOR
MEMBER OF THE STATE ASSEMBLY,
67TH ASSEMBLY DISTRICT**

MELISSA MELENDEZ, Republican
OCCUPATION: Local Businesswoman / Councilmember
EDUCATION AND QUALIFICATIONS:

I am running for Assembly to lower taxes, cut regulations, and reduce government spending.

I am a small business owner and Reagan conservative endorsed by the California Republican Assembly, Republican Women's Federated of Temecula Valley, CA Small Business Association and Family Action PAC to represent the 67th Assembly district.

As Mayor, I cut taxes for businesses, opposed spending increases, created private sector jobs, and balanced our City budget while cutting government waste. I authored a groundbreaking measure establishing an annual business tax holiday that saved our local small businesses over \$100,000 in taxes and fees.

My husband and I are veterans of the United States Navy where I achieved fluency in the Russian language and served as an intelligence translator during the Cold War and Operations Desert Shield and Desert Storm.

I'm proud to have support from respected conservative leaders in our community that believe I am the most qualified candidate. I would be honored to have your vote.

"Melissa Melendez will fight the job-killing regulations and taxes that are driving businesses away from California." -- Senator Joel Anderson

"Melissa Melendez is the only candidate in the field who has Reagan credentials for the State Assembly." -- Reagan Advisor Stu Spencer

"Melissa has demonstrated her strong support for small business on the Lake Elsinore City Council." -- Betty Jo Toccoli, President, CA Small Business Association

"Melissa Melendez is a U.S. Navy Veteran who is committed to protecting America's borders." Rear Admiral Greg Slovanic, US Navy (Ret.)

**CANDIDATE STATEMENT FOR
MEMBER OF THE STATE ASSEMBLY,
67TH ASSEMBLY DISTRICT**

PHIL PAULE, Republican **AGE: 49**
OCCUPATION: Elected Water Board Member & Small Business
Owner

EDUCATION AND QUALIFICATIONS:

I am the only candidate in the 67th Assembly district endorsed by the Republican Party and the Howard Jarvis Taxpayers Association.

As Vice-President of the largest Water District in Riverside County, a husband and father of two sons going to school in our district, I am running for the Assembly because the State Legislature is broken, corrupt and out of touch with the daily problems we face.

The politicians in Sacramento waste billions of dollars on a pie-in-the-sky bullet train, while demanding higher taxes from small business, working families and retirees. They let our schools and police suffer, while releasing criminals early and wasting millions of dollars on benefits to illegal aliens. Their priorities are all wrong.

As your Assembly representative, I will work to:

PROTECT seniors from tax and fee increases and benefit cuts.

REDUCE small business fees and regulations that are killing our economy.

STOP the early release of state prisoners.

FOCUS government on what's really important: LAW ENFORCEMENT, SCHOOLS, WATER, ROADS.

My wife manages our small family business. I see how high taxes and regulations hamper her ability to grow the business and hire employees. We won't fix our economy until we stop punishing hard working small business owners.

Let's take control of our government and reclaim our freedom and prosperity. I'd be honored to receive your vote and serve as your representative in the State Assembly.

Please visit www.PauleforAssembly.com to learn more and find out how you can help. Thank you.

ASHLEY AGE: 47 OCCUPATION: High School Teacher EDUCATION AND QUALIFICATIONS: I am concerned that the opportunities Mt. San Jacinto Community College District offers residents of southwest Riverside County is threatened by our struggling economy and state budget. Tuition increases and lack of access to needed courses have become commonplace. I pledge that: MSJC should expand job training programs for career advancement in emerging technologies that provide needed skills for higher paying jobs. MSJC must be responsive to the needs of the community to offer the maximum number of requested academic courses. Vigilance is needed to maintain the lowest possible tuition costs. I believe in the community college system because it helped me to find success in life. In 1987, I transferred from Riverside Community College to UC Berkeley, where I graduated in 1989. Later, I earned a Masters degree in Educational Administration from Azusa Pacific University. For the past twenty years, I have worked as a secondary school principal, assistant principal, and teacher. I have established a new school PTA and am a member of Rotary Club. I have coached soccer, cross country, and track. I am a life-long resident of southwest Riverside County and am married with children who attend local public schools. Please vote Tom Ashley to serve as your voice at MSJC.

MARGI WRAY

OCCUPATION: Incumbent

EDUCATION AND QUALIFICATIONS:

I am proud to have served on the MVUSD School Board for 21 years. Participating in the development of this school district is one of the most important experiences of my life. We have grown from 2,000 to 22,000 students. We have built schools and hired teachers and staff who are doing a remarkable job of preparing our children for life in the 21st century. Today, Murrieta's Public Schools are among the best in the country.

Board members must balance serving students, teachers, parents and the community alike. As such, I have endorsed and encouraged program options including Classroom Technology upgrades, Child Care, Transitional Kindergarten, International Baccalaureate, Dual Enrollment in HS/College, and Career Pathways. I have voted to protect employment and restore income cuts as promised. I have endorsed the refinancing of bonds saving taxpayers \$1.2 million, utilizing solar and CNG energy options to cut costs to the General Fund, and employing state of the art avenues of communication.

OCCUPATION: Law Professor / Retired Lt. Col. USAF

EDUCATION AND QUALIFICATIONS:

Since 1998 it has been my honor to be a Murrieta School District Governing Board Member and I am respectfully asking for your vote to continue to serve you in this capacity.

Besides my School Board experience my qualifications include: a B.A. degree (Economics) from Kansas University, a Juris Doctor degree from Duke University, an extensive Judge Advocate Career (Lt. We must protect our future by efficiently educating our youth for 21st century jobs. PAUL DIFFLEY

OCCUPATION: President, Murrieta Valley School Board

EDUCATION AND QUALIFICATIONS:

I taught high school art for 34 years, have served on the school board for nine years, and was an early advocate for a third Murrieta high school. With a background rich in educational experience, it's no wonder I have a passion for furthering quality education while serving our kids. My decisions are always based upon strengthening curriculum, reducing rigid classroom settings for more individualized learning, critical thinking, and worthy innovation.

I support ambitious strategic goals for every area of our District, such as: online learning, more career pathways, a stronger emphasis on Science and Math, Visual and Performing Arts, athletics, technology, English, and world languages.

Our kids need even more enrichment in this competitive world. I visit classrooms in every school every year, honoring what's excellent and who's doing it. No one represents Murrieta citizens in their anxious desires for progress better than I.

We face serious pressure from politicians to shorten the school year and dilute standards and curriculum -- now, more than ever, my experience and dedication is vital for the success of Murrieta's children. Re-elect me, and be confident that I'll make good decisions based on what our *students* need, not what's best for Sacramento.

BARBARA J. MUIR

AGE: 62

OCCUPATION: Retired Teacher

EDUCATION AND QUALIFICATIONS:

Retirement has many advantages, but I want to contribute to the growth and continued success of the Murrieta Valley Unified School District. There are many difficult decisions to be made, and I offer a new voice and fresh pair of eyes to help get us through these fiscally difficult times.

I received my Bachelor's Degree and teacher training at Cal State University San Bernardino. I earned my Master's Degree in Educational Counseling with emphasis on Career Counseling from Azuza Pacific University. I have a strong belief that *all* education is *career* education which leads me to want to build on the strong career path programs that MVUSD has already started. By giving students focused pathways, I believe many more will choose post-secondary education.

I believe strongly that all parties should be listened to and be given a chance to contribute to district policies. I am a strong believer in transparency in all aspects of government and will strive to keep the public informed, to the greatest extent possible, about how, why, and where their tax dollars are being spent. A vote for me is a vote for giving everyone a voice in the education of our children.

My experience as a police officer has taught me many lessons: dedication, problem solving, and leadership. I enjoy working as a team to ensure speedy resolutions without unnecessary delay.

During tough times with increased budget concerns, I will examine the budgetary issues and work with my fellow Board members to make good common sense decisions.

I am proud to have the endorsements of the Murrieta Teacher's Association, retired Riverside County Sheriff, Cois Byrd and California State University, San Bernardino Emergency Preparedness manager Don Soderbloom.

MEASURE “N” - CITY OF MURRIETA

AN ORDINANCE OF THE PEOPLE OF THE CITY OF MURRIETA, CALIFORNIA, PROHIBITING AUTOMATED TRAFFIC CAMERAS

The People of the City of Murrieta do ordain as follows:

Section 0. The ordinance proposed by initiative petition shall be known as the “MURRIETA PROHIBITION OF AUTOMATED TRAFFIC CAMERAS.”

Section 1. The term “red light camera or automated traffic enforcement system” as used in this section shall mean and include any automated traffic enforcement system, as that term is used in California Vehicle Code Section 21455.5, or any successor legislation thereto, which is used to enforce any provision of the California Vehicle Code.

Section 2. An ordinance shall be adopted by the City Council to prohibit the installation of and require removal of any existing red light cameras or automated traffic enforcement systems in the City of Murrieta.

Section 3. The City Council, any officer, employee of the City, governmental agency or governmental official having jurisdiction in the City, when acting in his or her official capacity, shall be prohibited from taking any action which would directly or indirectly result in the authorization, approval or installation of any red light camera or other automated traffic enforcement system in the City of Murrieta.

Section 4. If any provision of this measure or the application thereof to any person or circumstance is held invalid, that invalidity shall not affect other provisions or application.

Section 5. This initiative may only be amended by voter approval.

PASSED by the people of the City of Murrieta at the General Municipal Election on November 6, 2012.

ADOPTED by declaration of the election results this 4th day of December, 2012.

EFFECTIVE ten (10) days after the results are declared by the City Council, December 14, 2012.

IMPARTIAL ANALYSIS OF MEASURE “N”

Currently, the City of Murrieta utilizes automated traffic enforcement systems – more commonly referred to as traffic cameras – to enforce traffic laws at specified locations throughout the City. The City is authorized to utilize automated enforcement systems pursuant to the California Vehicle Code. Vehicle Code section 21100 authorizes local authorities to adopt rules and regulations regarding, among other things, “Regulating traffic by means of official traffic control devices meeting the requirements of Section 21400.” Consistent with such authority, Vehicle Code section 21455.5 provides that the “limit line, the intersection, or a place designated in Section 21455, where a driver is required to stop, may be equipped with an automated enforcement system if the governmental agency utilizing the system” meets certain specified requirements. Subsection (d) of section 21455.5 allows the City to contract out certain activities related to such automated enforcement systems.

The proposed measure would require the City Council to adopt an ordinance which would prohibit the installation, and require removal, of any red light cameras or automated traffic enforcement systems in the City. Further, the measure would prohibit the City and its employees and officials from taking any action that would directly or indirectly result in the authorization, approval or installation of any red light camera or other automated traffic enforcement system in the City.

Thus, for example, any automated enforcement systems currently in use by the City would be required to be removed. Moreover, the City could not later install or otherwise allow the use of such systems in the City.

A legal question exists as to whether the subject matter of the measure can be properly regulated via initiative, where it is a matter of statewide concern that has been delegated to the governing bodies of local governments.

Additionally, because initiatives are required to take a legislative action – such as the adoption of an ordinance – rather than directing a legislative action in the future, a legal question exists as to whether the proposed measure is valid. The measure provides that “[a]n ordinance shall be adopted by the City Council...” rather than presenting an ordinance for enactment.

/s/ Leslie E. Devaney, City Attorney

ARGUMENT IN FAVOR OF MEASURE “N”

Vote YES to eliminate Red Light Cameras.

When Red Light Cameras were brought to Murrieta in 2006, we were promised that they would improve safety on our roadways. They haven't. In fact, the opposite has occurred. According to the CHP collision database and the Murrieta Police Department's own data, red light related collisions, rear end collisions, and broadside collisions have all dramatically increased at camera enforced intersections. Comparing five years before the cameras were installed with five years after, red light related collisions increased 120%, broadside collisions in the intersections increased 117%, and rear end collisions increased 285%. Data for these statistics is available at www.bantheCAMsmurrieta.com/data.

And while the cameras increased accidents, by the time of this election, Murrieta will have issued almost 12,000 tickets at almost \$500 each, removing millions of dollars from our local economy and wasting thousands of valuable police man hours. And the vast majority of these tickets go to drivers who miss the end of the yellow phase by a fraction of a second due to the city intentionally setting the yellow signal time at the absolute minimum required. These blink of an eye violations, while legally citable, are virtually indistinguishable from non-violations occurring a fraction of a second earlier. Meanwhile, ATS, the out of state camera company, has raked in over \$1.5 million. No wonder they sued to keep you from voting on whether to remove their ticketing machines.

The unfortunate truth is that red light ticketing cameras can't improve safety because they cannot prevent the serious collisions caused by motorists who are impaired, distracted, or fatigued and enter the intersection long after the light has turned red.

More tickets; less safety. It's time the citizens of Murrieta demanded the removal of these ticketing cameras. Vote YES on measure “N”.

REBUTTAL TO ARGUMENT IN FAVOR OF MEASURE “N”

The **LA-BASED SPECIAL INTEREST PROPONENT** engaged in bait and switch. Comparing 2001 traffic statistics (population 44,000) with 2011 (population 104,459) is deception. Using data that covers an area from De Luz to French Valley and the freeways is manipulation.

To maintain the same red light runner coverage without cameras requires 15 additional motor officers. The annual cost: an unaffordable \$2.5M. The choices: redeploy patrol officers from major crime duties or see red light running skyrocket.

The Murrieta Police Department (MPD) reported the facts to the California Statewide Traffic Reporting System from 2005 through September 2011. **RED LIGHT RUNNING DOWN** at camera enforced intersections from 5100 per month to 121. **BROADSIDE COLLISIONS REDUCED** to 15 at the intersections with a camera which contrasts with 45 at adjacent non-camera intersections.

Every red light runner puts the lives of your family in extreme danger. The facts: **AFTER THE LIGHT TURNED RED**, 8156 red light runners were 1.5 car lengths from the intersection; 4042 were 3 car lengths away; and 1640 were 17 car lengths away. **VIOLATORS IGNORED YELLOW AND THEN RED LIGHTS** as they drove through intersections and crosswalks.

Murrieta residents live in one of the nation's safest cities. Do you trust your friends and neighbors in the MPD or some LA special interest group?

In 2005, the MPD brought the red light cameras forward for approval because they believed they would save lives. The evidence is clear and compelling. **RED LIGHT CAMERAS SAVE LIVES.**

KEEP YOUR FAMILY SAFE. VOTE NO ON “N”.

By: Rick Gibbs, Council Member

Alan Long, Council Member

ARGUMENT AGAINST MEASURE “N”

California ranks number 1 in fatalities caused by red light running. A death occurs every 4 days, but camera use in Murrieta has REDUCED BROADSIDE COLLISIONS BY 66 %.

The presence of a camera at one intersection in Murrieta REDUCED THE NUMBER OF RED LIGHT RUNNERS FROM 3150 PER MONTH TO 113.

72 % of the red light violations were written to drivers who do not live in Murrieta. It is people passing through our town who put your life in danger.

Camera coverage is the equivalent of 15 additional motor officers working 24/7.

SAVE LIVES and reduce injuries. VOTE NO on Initiative “N”.

By: Rick Gibbs, Council Member

Alan Long

REBUTTAL TO ARGUMENT AGAINST MEASURE “N”

The camera supporters must think you're stupid. Of course California ranks #1 in fatalities, California's got the most people and the most cars on the road.

And, no, broadside collisions at camera intersections weren't reduced by 66%; they increased by 117%. Plus, at intersections with cameras, red light related collisions increased 120%, and rear end collisions increased 285%. Meanwhile, red light related collisions at three nearby intersections without cameras went down 24%. If the cameras are so great, why did the collisions they're supposed to prevent go up at camera intersections and down at non-camera intersections?

Their claims about reducing red light running are nonsense too. What they did, to fool you, is took the number of potential violations estimated by the camera company while trying to sell their ticketing scheme to the City and then compared it with the actual number of citations that were mailed in one low-violation month. They're comparing apples and oranges and hoping you'll fall for it. Truth is, in the first full month of ticketing at each camera intersection, they issued a total of 197 tickets. Years later, in July 2011 they issued 185 tickets, virtually no change.

And while the majority of the tickets may go to non-residents, those aren't total strangers. They're folks who work, shop, and visit friends and family here. Plus, almost 4000 tickets still went to Murrieta residents.

Don't be fooled by the camera supporters' bogus claims. Show them you're smarter than that. Vote YES on measure “N”.
