Voting early is another great option. You may vote early at the Registrar of Voters office Monday through Friday beginning October 9, and at participating Malls in Riverside County on October 26 through October 28.

There is still time to volunteer to be a poll worker. We need Polling Officers to work at the polls on Election Day and we are eager to train you to assist voters with our proudest legacy – the right to vote.

Elections in California

**NEW LAW
Took Effect
January 1, 2011**

The Top Two Candidates Open Primary Act, which took effect January 1, 2011, requires that all candidates for a voter-nominated office be listed on the same ballot. Previously known as partisan offices, voter-nominated offices are state legislative offices, U.S. congressional offices, and state constitutional offices.

Only the two candidates receiving the most votes – regardless of party preference – move on to the general election regardless of vote totals.

Write-in candidates for voter-nominated offices can only run in the primary election. However, a write-in candidate can only move on to the general election if the candidate is one of the top two vote-getters in the primary election. Additionally, there is no independent nomination process for a general election.

California's new open primary system does not apply to candidates running for U.S. President, county central committee, or local offices.

California law requires that the following information be printed in this pamphlet.

Party-Nominated/Partisan Offices

Political parties may formally nominate candidates for party-nominated/partisan offices at the primary election. A nominated candidate will represent that party as its official candidate for the specific office at the general election and the ballot will reflect an official designation. The top vote-getter for each party at the primary election moves on to the general election. Parties also elect officers of county central committees at the primary election.

A voter can only vote in the primary election of the political party he or she has disclosed a preference for upon registering to vote. However, a political party may allow a person who has declined to disclose a party preference to vote in that party's primary election.

Voter-Nominated Offices

Political parties are not entitled to formally nominate candidates for voter-nominated offices at the primary election. A candidate nominated for a voter-nominated office at the primary election is the nominee of the people and not the official nominee of any party at the general election. A candidate for nomination to a voter-nominated office shall have his or her party preference, or lack of party preference, stated on the ballot, but the party preference designation is selected solely by the candidate and is shown for the information of the voters only. It does not mean the candidate is nominated or endorsed by the party designated, or that there is an affiliation between the party and candidate, and no candidate nominated by the voters shall be deemed to be the officially nominated candidate of any political party. In this sample ballot booklet, parties may list the candidates for voter-nominated offices who have received the party's official endorsement.

Any voter may vote for any candidate for a voter-nominated office, if they meet the other qualifications required to vote for that office. The top two vote-getters at the primary election move on to the general election for the voter-nominated office even if both candidates have specified the same party preference designation. No party is entitled to have a candidate with its party preference designation move on to the general election, unless the candidate is one of the two highest vote-getters at the primary election.

Nonpartisan State Offices

Political parties are not entitled to nominate candidates for nonpartisan offices at the primary election, and a candidate at the primary election is not the official nominee of any party for the specific office at the general election. A candidate for nomination to a nonpartisan office may NOT designate his or her party preference, or lack of party preference, on the ballot. The top two vote-getters at the primary election move on to the general election for the nonpartisan office.

Redistricting

New electoral district boundaries are drawn every 10 years in order to equalize district populations. Boundaries for the congressional, state legislative, and county supervisorial districts are now different. Boundary changes also apply to any city, school district, or special district that votes by trustee areas or divisions. To see the new district maps, visit the Registrar of Voters website at www.voteinfo.net.

MARIE WALDRON, Republican

OCCUPATION: Small Businessowner / Councilmember

EDUCATION AND QUALIFICATIONS:

I SUPPORT:

JOB CREATION by cutting taxes and burdensome regulations

BALANCED BUDGETS and a state spending cap

RELIABLE AND AFFORDABLE WATER for our economy and families

PROVEN TAXFIGHTER: I am endorsed by the Howard Jarvis Taxpayers Association PAC because of my long record in opposition to higher taxes.

A PRINCIPLED CONSERVATIVE REFORMER: I will fight for balanced budgets without tax increases and support a state spending cap to prohibit spending more money than we bring in.

I MEAN BUSINESS AND JOBS: As a local small businessowner, I understand the impact of unfair government regulations, taxes and spending on businesses. Less government equals more jobs.

FIGHTING TO MAKE OUR SCHOOLS WORK AGAIN: Education dollars should be spent in the classroom to help teachers do their job - not on bureaucrats. We need to hold teachers accountable but we must give them the tools to do the job. School choice and competition will benefit education.

As a Escondido city councilmember since 1998, I have fought for fiscal restraint, smaller government and protecting individual liberties. I have been a leader on pension reform and promoting government efficiency.

As a parent, I'm concerned about our childrens' future. I will fight to protect our traditional family values.

I am active in our community, my church and support many local civic organizations. My husband and I have a school age son who is in Boy Scouts and Little League. We worked to found the successful "Cruisin' Grand" hotrod event in downtown Escondido for the past 13 years.

ASHLEY AGE: 47 OCCUPATION: High School Teacher EDUCATION AND QUALIFICATIONS: I am concerned that the opportunities Mt. San Jacinto Community College District offers residents of southwest Riverside County is threatened by our struggling economy and state budget. Tuition increases and lack of access to needed courses have become commonplace. MSJC must be responsive to the needs of the community to offer the maximum number of requested academic courses. Vigilance is needed to maintain the lowest possible tuition costs. I believe in the community college system because it helped me to find success in life. In 1987, I transferred from Riverside Community College to UC Berkeley, where I graduated in 1989. Later, I earned a Masters degree in Educational Administration from Azusa Pacific University. For the past twenty years, I have worked as a secondary school principal, assistant principal, and teacher. I have established a new school PTA and am a member of Rotary Club. CHUCK WASHINGTON

AGE: 59

OCCUPATION: Mayor / Airline Pilot

EDUCATION AND QUALIFICATIONS:

I am committed to serving the citizens of Temecula as I have for the last two City Council terms. My professional career includes over three decades as an airline pilot and former Navy officer and pilot. My public service career includes two terms on the Temecula City Council-currently serving as Temecula's Mayor. I possess a Bachelor's degree in Business Administration and a Master's degree in Public Administration.

Over the last nine years, I have participated on numerous City Council subcommittees where I have been actively involved in promoting Public Safety, building a strong Temecula economy, providing cultural and recreational opportunities for Seniors, Families and those with Special Needs. Additionally, I have represented Temecula regionally to bring regional dollars to our area for local projects.

During my tenure as Mayor, Temecula has fought against and stopped an unwanted quarry, achieved unprecedented Public Safety goals and been recognized Statewide and Nationally for our quality of life.

During my tenure on the City Council and this year as Mayor, we continue to maintain a balanced budget, lower tax burdens on citizens and keep the cost of doing business in Temecula low.

I ask that you allow me to continue serving you.

PAUL JACOBS

AGE: 52

OCCUPATION: Retired

EDUCATION AND QUALIFICATIONS:

My wife and I fell in love with Temecula the day we moved here in 1995. Since then, I have invested time and energy into our community. I have served as president of our homeowner's association, been appointed to City committees and the Traffic/Safety Commission. I wrote a local newspaper column primarily focused on civics for more than a decade. Observing and serving the public process in various capacities has given me the experience necessary to sit on the Temecula City Council.

In December of 2010, I retired from a 25-year civil service career as a licensed direct care-provider for developmentally disabled individuals. Working within a bureaucracy educated me on what is wrong and what can be made right in government.

As an advocate for open government, I successfully pressed the Temecula City Council to provide three minutes instead of two for public speakers at meetings. This year, I demanded the Riverside County Board of Supervisors institute free parking to disabled and civic-minded citizens utilizing the County parking structure.

With a proven track record of voluntarily serving our community, I am prepared to be your next representative on the Temecula City Council.

As the author and main proponent of the Temecula Term Limits Initiative, I took on a leadership role and advocated for the voices of Temecula residents to be heard.

I am committed to principles of fiscal responsibility and accountability, as well as limited and transparent government.

I also support individual property rights, freedom and liberty. As such, I oppose Agenda 21 in our general plan. I continue to oppose Liberty Quarry as it will negatively affect all aspects of our quality of life.

CITY OF TEMECULA**

MIKE NAGGAR

AGE: 50

**OCCUPATION: Vice Mayor / Small Business Owner
EDUCATION AND QUALIFICATIONS:**

Temecula belongs to YOU. You have reason to be proud! YOUR city has a balanced budget; no service cuts; a new Cal-State Campus, and Hospital which will generate 1,500 new jobs; a new Freeway under construction to relieve our traffic back-ups and new S-79 interchange starting soon; 39 pristine parks; a thriving downtown where over 100-million in private capital has been recently invested; we defeated Liberty quarry, but we're still fighting so they don't try again!

Temecula is the second safest city nationwide! It's a leader regionally in helping "special needs" families and the disabled; cutting taxes for thousands of homeowners; preserving open space, and vigorously expanding bike lanes and trails. All these years, I've wholeheartedly worked hard on the above, and more.

I pledge to keep Temecula a "Family First" community and will never forget that I serve YOU. I'm truly honored to have won your trust these past years.

The Temecula you are proud of is not an "accident" and didn't just "happen". It's a product of dedication, and painstaking planning of many. We must continue to preserve what we have, while still looking to continually improve. I would be honored to have your vote.

MEASURE “Y” - TEMECULA VALLEY UNIFIED SCHOOL DISTRICT

TAX RATE STATEMENT

TEMECULA VALLEY UNIFIED SCHOOL DISTRICT - General Obligation Bond Election of November 6, 2012

MEASURE “Y”

As shown on the enclosed official ballot, an election is being held in the Temecula Valley Unified School District (“District”) on November 6, 2012, for the purpose of submitting to the registered voters within the District the question of whether the District shall issue and sell bonds in an amount not to exceed \$165,000,000 for the purpose of providing funds for the specified school facilities and school projects as set forth in the resolution of the District calling such bond election. This measure will authorize a tax sufficient for payment of interest on, and redemption of, the bonds. The bonds shall bear interest at a rate, or rates, to be established at such time as the bonds are sold, in one or more series, at fixed or variable interest rates not to exceed the maximum applicable statutory rate for such bonds. If such bonds are authorized and sold, the principal thereof and the interest thereon are a general obligation of the District, payable from the proceeds of *ad valorem* taxes on taxable real property located within the District.

The following information is submitted in compliance with California Elections Code Sections 9401 through 9404 based on estimates of assessed valuations available at the time of filing of this statement:

- (a) The best estimate from official sources of the tax rate that would be required to be levied to fund the bond issue during the first fiscal year after the first sale of the bonds based on estimated assessed valuations available at the time of filing of this statement or a projection based on experience within the same jurisdiction or other demonstrable factors is \$0.00221 per \$100 (\$2.21 per \$100,000) of assessed valuation.
- (b) It is anticipated that the bonds will be sold in more than one series. The best estimate from official sources of the tax rate which would be required to be levied to fund such bond issues during the first fiscal year after the last sale of the bonds based on estimated assessed valuations available at the time of filing of this statement or a projection based on experience within the same jurisdiction or other demonstrable factors is \$0.03263 per \$100 (\$32.63 per \$100,000) of assessed valuation. It is estimated that this tax rate would apply in the 2023-2024 tax year
- (c) The best estimate from official sources of the highest tax rate which would be required to be levied to fund the bond issues during the term of the bond issues, based on estimated assessed valuations available at the time of filing of this statement or projection based on experience within the same jurisdiction or other demonstrable factors, is \$0.036 per \$100 (\$36.000 per \$100,000) of assessed valuation. It is estimated that the highest tax rate would apply in the 2026-2027 tax year based on assessed valuations available at the time of this filing or a projection based on experience within the same jurisdiction or other demonstrable factors.

Voters should note that these estimated tax rates are based on the *assessed value* of taxable property within the District as shown on the official rolls of Riverside County, not on the property's market value. In addition, taxpayers eligible for a property tax exemption, such as the homeowner's exemption, will be taxed at a lower effective rate than described above. Actual future assessed valuation will depend upon the amount and value of taxable property within the District as determined by the Riverside County Assessor in the annual assessment and the equalization process. Property owners should consult their own property tax bills and/or tax advisors to determine their property's assessed value and any applicable tax exemptions.

Attention of all voters is directed to the fact that these estimates are based on assumptions and projections derived from information obtained from official sources. The actual tax rates and the years in which they will apply may vary depending on the timing of any bond sales, the amount of bonds sold, market interest rates at the time of each sale of bonds and actual assessed valuations over the term of repayment of the bonds. The timing of the bond sales and the amount of bonds sold at any given time will be governed by the needs of the District, including the legal limitations on bonds approved by a 55% vote. The actual interest rates at which the bonds will be sold will depend on the bond market at the time of each such sale. Actual future assessed valuation will depend upon the amount and value of taxable property within the District as determined by the Riverside County Assessor in the annual assessment and the equalization process.

Business Services – Temecula Valley Unified School District

IMPARTIAL ANALYSIS OF MEASURE “Y”

The Board of Education (“Board”) of the Temecula Valley Unified School District (“District”) by adopting Resolution No. 2012-13/4 (“Resolution”), elected to call an election pursuant to Section 18 of Article XVI and Section 1 of Article XIII A of the California Constitution and Section 15100 and 15264 *et seq.* of the California Education Code to obtain authorization to issue and sell general obligations bonds (“Bonds”) in the aggregate principal amount of \$165,000,000.

The Bonds would be used by the District to construct and acquire school facilities, make improvements, rehabilitate, modernize or replace existing facilities, acquire or lease real property for school facilities purposes, which may include the furnishing and equipping of school facilities. The Bonds would not be used to increase salaries, benefits, or pensions for administrators, teachers, or any other school employees.

An ad valorem tax would be levied and collected on property within the boundaries of the District to pay the principal and interest on the Bonds.

The Resolution provides that the maximum interest rate on the Bonds will not exceed the maximum interest rate permitted by the applicable laws of the State and the maximum term of the Bonds, or any series thereof, will not exceed 40 years.

For this Measure to be approved fifty-five percent (55%) of qualified voters who vote on the Measure must vote yes.

A “YES” vote on Measure “Y” is a vote to allow the District to sell the Bonds and levy the necessary taxes to pay for the Bonds.

A “NO” vote on Measure “Y” is a vote against allowing the District to sell the Bonds and levy the necessary taxes to pay for the Bonds.

Deputy County Counsel

ARGUMENT IN FAVOR OF MEASURE “Y”

Our Temecula Valley schools are among the best in the state. However, as our community continues to grow and change, technology advances, and our local schools age, they require renovations.

Measure “Y” has been placed on the ballot to address the most pressing needs of our Temecula Valley schools and to provide facilities for career and technical education classes so Temecula children are prepared for college and careers.

Over the past year each school has been independently evaluated to determine the most critical needs.

Measure “Y” will:

- Upgrade classrooms, science labs, computers, and technology to keep pace with advancing technology
- Renovate and update facilities and equipment to provide career technical programs and advanced courses in math, science, and technology so local children are prepared for college and good-paying jobs
- Improve energy efficiency, and reinvest the savings in programs such as arts and music
- Repair / replace roofs, floors, walkways, lighting, electrical and plumbing systems
- Add classrooms, labs, and facilities to reduce overcrowding

All Measure “Y” funds will stay in our community to benefit local children. No money can be taken away by the state or used for other purposes. None of the money will be used to pay for school administrator salaries.

Measure “Y” will qualify our community for state matching funds. Without Measure “Y”, these funds will go to other school districts.

An independent Citizens Oversight Committee will ensure funds are spent properly. By law, every dollar can only be used for programs approved by the voters.

Safe, quality schools protect local property values.

All money from Measure “Y” will stay in our community to provide jobs and stimulate the local economy. Business leaders, parents, principals, teachers and community leaders all support Measure “Y” and urge your support

Please vote YES on Measure “Y” for Your Temecula Valley schools.
