You may mark your selections on your Sample Ballot and take it with you to the polls for easy reference.

Did you know that Vote-by-Mail ballots received in the Registrar of Voters office before Election Day are the first ballots counted on Election Night? You will find an application to receive a Vote-by-Mail Ballot on the back cover of this pamphlet.

Voting early is another great option. You may vote early at the Registrar of Voters office Monday through Friday beginning October 9, and at participating Malls in Riverside County on October 26 through October 28.

There is still time to volunteer to be a poll worker. We need Polling Officers to work at the polls on Election Day and we are eager to train you to assist voters with our proudest legacy – the right to vote.

You can learn more about voting by mail, voting early or training to be a poll worker by reviewing this pamphlet or by visiting www.voteinfo.net or by calling (800) 773-VOTE (8683).

Elections in California

**NEW LAW
Took Effect
January 1, 2011**

The Top Two Candidates Open Primary Act, which took effect January 1, 2011, requires that all candidates for a voter-nominated office be listed on the same ballot. Previously known as partisan offices, voter-nominated offices are state legislative offices, U.S. congressional offices, and state constitutional offices.

Only the two candidates receiving the most votes – regardless of party preference – move on to the general election regardless of vote totals.

Write-in candidates for voter-nominated offices can only run in the primary election. However, a write-in candidate can only move on to the general election if the candidate is one of the top two vote-getters in the primary election. Additionally, there is no independent nomination process for a general election.

California's new open primary system does not apply to candidates running for U.S. President, county central committee, or local offices.

California law requires that the following information be printed in this pamphlet.

Party-Nominated/Partisan Offices

Political parties may formally nominate candidates for party-nominated/partisan offices at the primary election. A nominated candidate will represent that party as its official candidate for the specific office at the general election and the ballot will reflect an official designation. The top vote-getter for each party at the primary election moves on to the general election. Parties also elect officers of county central committees at the primary election.

A voter can only vote in the primary election of the political party he or she has disclosed a preference for upon registering to vote. However, a political party may allow a person who has declined to disclose a party preference to vote in that party's primary election.

Voter-Nominated Offices

Political parties are not entitled to formally nominate candidates for voter-nominated offices at the primary election. A candidate nominated for a voter-nominated office at the primary election is the nominee of the people and not the official nominee of any party at the general election. A candidate for nomination to a voter-nominated office shall have his or her party preference, or lack of party preference, stated on the ballot, but the party preference designation is selected solely by the candidate and is shown for the information of the voters only. It does not mean the candidate is nominated or endorsed by the party designated, or that there is an affiliation between the party and candidate, and no candidate nominated by the voters shall be deemed to be the officially nominated candidate of any political party. In this sample ballot booklet, parties may list the candidates for voter-nominated offices who have received the party's official endorsement.

Any voter may vote for any candidate for a voter-nominated office, if they meet the other qualifications required to vote for that office. The top two vote-getters at the primary election move on to the general election for the voter-nominated office even if both candidates have specified the same party preference designation. No party is entitled to have a candidate with its party preference designation move on to the general election, unless the candidate is one of the two highest vote-getters at the primary election.

Nonpartisan State Offices

Political parties are not entitled to nominate candidates for nonpartisan offices at the primary election, and a candidate at the primary election is not the official nominee of any party for the specific office at the general election. A candidate for nomination to a nonpartisan office may NOT designate his or her party preference, or lack of party preference, on the ballot. The top two vote-getters at the primary election move on to the general election for the nonpartisan office.

Redistricting

New electoral district boundaries are drawn every 10 years in order to equalize district populations. Boundaries for the congressional, state legislative, and county supervisorial districts are now different. Boundary changes also apply to any city, school district, or special district that votes by trustee areas or divisions. To see the new district maps, visit the Registrar of Voters website at www.voteinfo.net.

HOW TO MARK YOUR PAPER BALLOT

Please refer to the following instructions on how to properly complete your official ballot:

**CANDIDATE STATEMENT FOR
UNITED STATES REPRESENTATIVE,
36TH CONGRESSIONAL DISTRICT**

RAUL RUIZ, Democratic

AGE: 40

OCCUPATION: Emergency Room Doctor

EDUCATION AND QUALIFICATIONS:

Washington is broken. There's too much partisan bickering and too many career politicians who only care about what's best for them and their contributors. That's why I'm running for Congress.

I'm not a politician; I'm a public servant and physician, dedicated to serving this community. I grew up in Coachella Valley, and after college and Harvard Medical School, I returned to become an Emergency Room Doctor at Eisenhower Medical Center.

In Congress, I'll focus on the economy and health care. Thousands of people have lost their jobs, homes, or retirement savings. Thousands more are worried about Medicare cuts, or can't afford prescription drugs or health coverage. Washington just hasn't done enough to address these problems. I'll fight to develop new local industries that diversify our economy. I'll vote against any attempt to cut Social Security or Medicare. And I'll stand up to banks that take bailout money and then foreclose on responsible homeowners.

I believe that running for office should be about public service, not personal gain. I've devoted my life to public service – right here in Coachella Valley – opening clinics for people without health coverage, and mentoring kids who want to become doctors. I'm proud that I was recognized with the U.S. Army's 82nd Airborne Commander's Award for Public Service, and named Humanitarian of the Year by The Rancho Mirage Chamber of Commerce.

As an emergency room doctor, I'm trained to solve problems during challenging times, and to put people first. That's exactly what I'll do in Congress.

**CANDIDATE STATEMENT FOR
UNITED STATES REPRESENTATIVE,
36TH CONGRESSIONAL DISTRICT**

MARY BONO MACK, Republican

OCCUPATION: United States Representative

EDUCATION AND QUALIFICATIONS:

I am honored to represent our community and extremely proud of everything we have accomplished together. But there is much more to do.

Our country faces many challenges, especially creating more jobs and turning our economy around. As a former small business owner, I understand what it takes to make payroll and put people to work. I have always fought for commonsense economic policies, lower taxes, and eliminating unnecessary regulations. We must encourage the entrepreneurial spirit of hard-working Americans with a system that rewards ingenuity.

I have fought hard to prevent the government take-over of our health care system, supported our Veterans and seniors, protected consumers and assisted agriculture by passing Country of Origin Labeling, and making Made in America matter again.

As the daughter of a WWII Veteran, I will always support our troops who make sacrifices everyday to keep our nation safe from the threat of terrorism. Our American ideals of liberty, tolerance, and freedom must remain a symbol of hope for all.

I am humbled and honored by the recognition I have received from numerous organizations, including the U.S. Chamber of Commerce, which presented me with their "Spirit of Enterprise Award" and "The Guardian of Small Business Award" from the National Federation of Independent Business.

I would be equally honored to have your vote.

**CANDIDATE STATEMENT FOR
STATE SENATOR,
23RD SENATORIAL DISTRICT**

BILL EMMERSON, Republican

AGE: 67

OCCUPATION: Dentist / Lawmaker / Educator

EDUCATION AND QUALIFICATIONS:

State government is broken, and I'm working overtime to fix it. To grow the economy, I supported tax incentives for small businesses that hire new employees, authored legislation to eliminate excessive regulations that scare jobs out of California, and voted to simplify the tax code to help employers create new jobs.

California's business climate is ranked the worst in the nation, and that's why I've fought for regulatory reforms to make the state friendlier to employers who want to create new jobs.

To cut waste, end irresponsible spending, and keep taxes down, I worked to:
Cap the maximum pension a public employee may receive.

Back a new law to make pay raises for politicians illegal during budget deficits. I voluntarily CUT my own pay by 11 %.

Co-author a measure to cap state spending to prevent future state budget deficits while protecting education.

Enact welfare reforms, SAVING billions of tax dollars while protecting children, the elderly and the disabled.

Require fingerprint background checks for healthcare service providers and recipients to prevent fraud and save millions.

An assistant professor, I backed reforms to protect school funding – including a guarantee to restore full funding once the economy recovers.

I opposed efforts to increase college/university tuition and fees. Affordable higher education is imperative.

With your support, I'll continue my fight to rebuild the economy, cut government waste out of the state budget, and reform a legislature that has failed us badly.

As we witness California cities go bankrupt, we all agree, hard-working Californians should not have to pay for Sacramento's mistakes. Californians are tired of broken promises that shortchange our children, our seniors, our veterans, and our working families. Education, healthcare, and public safety cannot continue to take major cuts.

As a Educator, Advocate, and local School Board Trustee I have worked with local leadership, families, and community stakeholders, during a tough budget crisis. We have worked together to balance our budget and have kept the school district fiscally solvent.

As a community leader, I have worked with small businesses to improve our local economy during these challenging times. I will find solutions to shape our communities and to encourage a fiscally strong local government. I am an independent thinker not bound to special interest groups and will always put the needs and concerns of my constituents first.

My pledge and priorities:

- I will bring our fair share of tax dollars back to our district to invest into schools, businesses, roads, and the needs of our communities.
- I will be the independent voice we need in Sacramento that will help stimulate job creation, small business development by eliminating duplicated and unnecessary regulations.
- I will support investment in local law enforcement and public safety, so we can maintain security within our schools and neighborhoods.
- I will demand a higher level of accountability, transparency, and fiscal responsibility.

We can solve the budget crisis by doing two things – Limit Spending and Grow the Economy.

This election year voters face a choice between old policies that have slowed our state recovery and new policies that will lay a path for a more prosperous California. Having started my own business, I know the difficulties job creators face in the state. If California is to be the Golden State once again, we must stop chasing businesses across state lines and overseas.

As a legislature, we should enact policies that encourage economic growth. Our tax and regulatory system should be clear, consistent and fair to all.

We can and must eliminate duplicating and unnecessary regulations thereby growing businesses and putting people back to work.

I support enacting real pension reform, which will eliminate billions of dollars in unfunded liabilities.

We should use independent audits to find and remove waste in government.

A prosperous economy is the best way to ensure support for public safety, education, and a healthy environment for the next generation of Californians.

**CANDIDATE STATEMENT FOR
GOVERNING BOARD MEMBER,
SAN BERNARDINO COMMUNITY COLLEGE DISTRICT**

JOHN LONGVILLE **AGE: 62**

OCCUPATION: Governing Board Member, San Bernardino
Community College District

EDUCATION AND QUALIFICATIONS:

Some people enjoy solving crossword puzzles, or sudoku, or video games. I enjoy solving public policy problems.

Over the years, you have elected me to several positions where I could use my problem-solving skills.

In 1992, a few friends and I created – and found ways to pay for – the Metrolink train system. Soon after that, I led a group that funded the conversion of high-polluting diesel buses in Southern California transit systems to clean-burning natural gas. A few years later, I brought the Freeway Patrol free tow-truck system to San Bernardino County.

If they allowed longer statements here, I could list a lot more.

For the last four years I have enjoyed working on problems at our local community colleges:

- concentrating our classes on subjects that enable students to get better-paying jobs,
- finding ways to reduce students' textbook costs, including book borrowing programs,
- eliminating unsafe practices at both Valley and Crafton Hills campuses that had exposed us to potential multimillion-dollar lawsuits,
- and creating a program that cuts students' transportation expenses by allowing them to ride local buses with their student identification cards.

I would appreciate your vote to let me solve some more problems for you.

I have served on the Yucaipa-Calimesa school board for the last four years, and although the state has cut our funding by almost 30%, the district has maintained a positive certification for its yearly budget. Despite the cuts, I supported the development of a district charter school and the magnet academy for science and technology. With another term, I will push for even more schools of choice for parents.

My qualifications for this position include:

**CANDIDATE STATEMENT FOR
DIRECTOR, AT LARGE,
SAN GORGONIO PASS WATER AGENCY**

JOHN MACHISIC

OCCUPATION: Retired Educator

EDUCATION AND QUALIFICATIONS:

Water is of great importance to the Pass. The quality of life for our residents and potential future growth of our area depends on a good and constant supply of water, both now and in the future.

Water is a regional problem and not just a local one. What happens in the Pass affects all of us, and it's important that all of our Water Agencies work together to solve problems.

The Pass Water Agency needs to meet with all of the local water agencies regularly to solve problems, utilize our facilities efficiently, and plan for the future.

For the past 10 years, I have served on a local water agency as a Director. I established and approved water department policies, approved budgets, and dealt directly with Planning for future water needs.

I am a 19 year resident of the Pass and have committed myself to Community service, serving on the Banning City Council, and the Beaumont School Board. I earned my Bachelors, Masters and Doctorate Degrees from Nebraska and USC.

I believe that I have the background, experience and education to serve the Pass as a Director for the San Gorgonio Water Agency.

MARY ANN MELLEBY

AGE: 67

OCCUPATION: Retired

EDUCATION AND QUALIFICATIONS:

Since April 2011, when I was appointed to fill a vacancy, I have served as Director at Large for the San Gorgonio Pass Water Agency. Just prior to this appointment, I retired as public affairs director for a water agency, a position I held for 13 years. My 32-year career in public relations and marketing also included positions in health care and educational organizations.

Because of my experience in the water industry, I have an extensive knowledge of state, regional and local water issues. I have conducted successful community outreach, water conservation and water education programs. My professional skills include effective communication methods, strategic planning and organizational management. I hold degrees from the University of La Verne in journalism/public relations (bachelors) and organizational management (masters).

During the past 18 months, I have demonstrated leadership and dedication. I chaired the strategic planning committee and currently serve on a statewide water communications committee. I am committed to continue collaborative efforts with the water entities in the region to ensure that the water supply needs, both currently and in the future, are met. I want to continue to represent you and would greatly appreciate your vote on November 6. www.maryann4sgpasswater.com

**CANDIDATE STATEMENT FOR
DIRECTOR, AT LARGE,
SAN GORGONIO PASS WATER AGENCY**

BLAIR M BALL

AGE: 55

OCCUPATION: Optometrist

EDUCATION AND QUALIFICATIONS:

I am an Optometrist and have been practicing and living in the Pass area since 1986. I am married with five children. I have participated in water board meetings (including the Pass Agency) and water related conferences over the past decade and understand the water issues in the Pass.

The San Gorgonio Pass Water Agency imports and sells water to the local water districts. Part of your property tax pays for the water system to import state water. Your local water district charges you for the actual water purchased from the Agency and delivers it to your residence through their system. A plan was recently proposed wherein the Pass Agency would construct more pipelines to transfer the imported water to various local water districts for an estimated cost of 72 million dollars. Increased property taxes will repay this debt. Local water districts state that they can move the water among themselves using the pipes they already have in place as is done elsewhere and that the plan is a duplication of systems. I oppose spending 72 million dollars, which will increase our property taxes, in order to pay for a duplicate water system. I ask for your support.

The following information is submitted in compliance with California Elections Code Sections 9401 through 9404 based on estimates of assessed valuations available at the time of filing of this statement:

- (a) The best estimate of the tax rate that would be required to be levied to fund the bond issue during the first fiscal year after the first sale of the bonds based on estimated assessed valuations available at the time of filing of this statement or a projection based on experience within the same jurisdiction or other demonstrable factors is \$0.04425 per \$100 (\$44.25 per \$100,000) of assessed valuation.
- (b) It is anticipated that the bonds will be sold in more than one series. The best estimate of the tax rate which would be required to be levied to fund such bond issues during the first fiscal year after the last sale of the bonds based on estimated assessed valuations available at the time of filing of this statement or a projection based on experience within the same jurisdiction or other demonstrable factors is \$0.04425 per \$100 (\$44.25 per \$100,000) of assessed valuation. It is estimated that this tax rate would apply in the 2023-2024 tax year.
- (c) The best estimate of the highest tax rate which would be required to be levied to fund the bond issues during the term of the bond issues, based on estimated assessed valuations available at the time of filing of this statement or a projection based on experience within the same jurisdiction or other demonstrable factors, is \$0.04425 per \$100 (\$44.25 per \$100,000) of assessed valuation. It is estimated that the highest tax rate would apply in the 2043-2044 tax year based on assessed valuations available at the time of this filing or a projection based on experience within the same jurisdiction or other demonstrable factors.

Voters should note that these estimated tax rates are based on the assessed *value* of taxable property within the District as shown on the official rolls of Riverside and San Bernardino County, as applicable, *not* on the property's market value. In addition, taxpayers eligible for a property tax exemption, such as the homeowner's exemption, will be taxed at a lower effective rate than described above. Actual future assessed valuation will depend upon the amount and value of taxable property within the District as determined by the Riverside and San Bernardino County Assessor, as applicable, in the annual assessment and the equalization process. Property owners should consult their own property tax bills and/or the applicable county assessor and/or tax advisors to determine their property's assessed value and any applicable tax exemptions.

Attention of all voters is directed to the fact that these estimates are based on assumptions and projections derived from information obtained from official sources. The actual tax rates and the years in which they will apply may vary depending on the timing of any bond sales, the amount of bonds sold, market interest rates at the time of each sale of bonds and actual assessed valuations over the term of repayment of the bonds. The timing of the bond sales and the amount of bonds sold at any given time will be governed by the needs of the District, including the legal limitations on bonds approved by a 55% vote. The actual interest rates at which the bonds will be sold will depend on the bond market at the time of each such sale.

IMPARTIAL ANALYSIS OF MEASURE “O”

A yes vote by fifty-five percent (55%) of the voters within the Yucaipa - Calimesa Joint Unified School District voting on this measure will authorize the Board of Education of the District to issue and sell bonds in the principal amount not to exceed \$98,000,000 at an interest rate below the maximum prescribed by law. The District plans to use the proceeds of this bond measure to upgrade, modernize, renovate, rehabilitate and construct school facilities, to provide for supporting infrastructure at existing school sites, and to qualify for State matching funds. Article XIII A of the California Constitution restricts the use of the bond funds to the specific school facilities projects included in the District's Bond Project List. The Bond Project List was approved by action of the Board of Education and is Attachment 1 of the Bond Measure.

If this measure passes, the Boards of Supervisors in the counties of San Bernardino and Riverside will be required to annually levy a tax upon the property in the District sufficient to pay the principal and interest on any outstanding bonds of the District as the principal and interest becomes due. This tax will be in addition to the one percent (1%) property tax provided for under current law.

If less than fifty-five percent (55%) of the voters voting on this measure vote yes, the Board of Education of the District will not be authorized to issue and sell the \$98,000,000 in bonds set forth in the measure.

This measure will not have any effect on existing law.

If Measure “O” is approved, the Board of Education of the Yucaipa - Calimesa Joint Unified School District will appoint a citizens’ oversight committee and conduct annual independent audits to assure that bond funds are used only for the school facilities projects included in the District’s Bond Project List, and not for any other purpose, including teacher and non-construction related administrative salaries and other non-construction related operating expenses.

Approval of Measure “O” does not guarantee that the proposed project or projects in the Yucaipa - Calimesa Joint Unified School District that are the subject of bonds under Measure “O” will be funded beyond the local revenues generated by Measure “O”. The school district’s proposal for the project or projects may assume the receipt of matching state funds, which could be subject to appropriation by the Legislature or approval of a statewide bond measure.

The full text of Measure “O” has been printed in the sample ballot.

ARGUMENT IN FAVOR OF MEASURE “O”

Vote YES on “O” to provide locally controlled funding to repair and upgrade our neighborhood schools in Yucaipa and Calimesa.

With strong academic programs, emphasizing math, science, reading and writing and highly-qualified teachers, student test scores have steadily risen over the last 4 years.

In order to continue academic improvement, classroom repairs and technology upgrades are needed. Many schools in the District are over 40 years old and in critical need of repairs and upgrades to provide modern classrooms, science labs, and technology to meet current safety and educational standards.

For students who do not plan on attending college, modern career training facilities are needed to help build strong career skills that will better prepare them for the competitive job market.

Voting Yes on Measure “O” will accomplish:

- Improve the quality of academic instruction in core subjects like math, science, reading and writing
- Add vocational training labs and technology to support college and career readiness
- Repair leaky roofs and deteriorating classrooms, labs and restrooms
- Provide 21st century science and computer labs
- Modernize and upgrade instructional technology
- Ensure all schools are handicapped accessible

Measure “O” allows our schools to be eligible for state matching funds that would otherwise go to other communities.

Every dollar from Measure “O” will be used only in Yucaipa and Calimesa schools to support student achievement; strict fiscal accountability is required:

- Citizens’ oversight and independent audit reports to the community will ensure funds are only spent on voter-approved projects
- Every penny stays in our community and cannot be taken by the State.

Our schools are part of our community. They help keep our neighborhoods strong and protect property values. Measure “O” would create jobs for local residents and help get our local economy back on track.

Please join us and vote Yes on Measure “O”.

REBUTTAL TO ARGUMENT IN FAVOR OF MEASURE “O”

Arguing No on Measure “O” does not mean arguing against students. In fact the opposite is true. We support funding for academic achievement, but that doesn’t happen with Measure “O”. *BALLOT MEASURE STATEMENT* – To repair and upgrade local schools..... by issuing \$98,000,000 in bonds”. These school board incumbents, three up for election this year, have cut: the school year, new textbooks, bussing, library, counseling, safety officer, increased class sizes and closed a school. But this bond sale is for school facilities only! Here is the law: “Authorizes bonds for repair, construction, or replacement of school facilities, classrooms, if approved by 55% of local vote.... prohibits use of bond proceeds for salaries or operating expenses”. It makes no sense to burden local property taxpayers with \$98 Million of debt when proceeds cannot be used to reinstate academic programs.

Here is the reset of the story: Reinstating cuts they made with a property tax hike, requires a 66 2/3% yes vote. This can’t be done with a facilities (Proposition 39) – 55% yes vote. School districts have matching grants for big ticket items like roofing and flooring through “Deferred Maintenance”, when the state funds them. School Boards should prioritize spending for students then if higher taxes are justified, have a 2/3 election. Measure “O”, a back door way to more tax money by implying great academic advantages when in reality “O” is for buildings not kids. Vote No on “O”.

ARGUMENT AGAINST MEASURE “O”

Vote NO on “O”. We oppose this bond sale/tax increase measure because it makes no sense. Selling \$98 Million of school bonds adds hundreds of dollars to our property tax bills for buildings, not for students. This election is for school facilities and facilities only! Here is the law: “Authorizes bonds for repair, construction, or replacement of school facilities, classrooms, if approved by 55% of local vote for projects evaluated by schools, community college districts, county education offices for safety, class size, and information technology needs... Prohibits used of bond proceeds for salaries or operating expenses”

This District has closed a school and converted another to International Baccalaureate, while eliminating: Gifted and Talented Education (GATE), bussing, crossing guards and raised class sizes. The instructional year, summer school, counseling, and adult school have all been shrunk. Yet passing Measure “O” cannot reinstate the important and valuable instructional programs that this very same Board cut in the first place.

What sense does it make to increase the property tax burden on homeowners with little if any direct benefit to students? These incumbent board members (three are up for election) support Jerry Brown’s ballot measure of sales and income tax increases (two more tax increases are on the ballot as well). But that’s not enough new taxes for them. They now want to raise our property taxes but leave the cuts to students they made in place. Measure “O” makes no sense, Vote No on “O”.

REBUTTAL TO ARGUMENT AGAINST MEASURE “O”

Measure “O” makes perfect sense. It’s the only source of funding that will directly benefit local students – and can’t be raided by State government.

Ongoing, State-imposed budget cuts certainly have created challenges for our schools. State government has cut \$21 million (almost 22%) from local schools’ budget since 2008-09. Despite this, our schools have done a terrific job protecting vital programs and providing quality education to local students. And it’s simply false to claim that YCJUSD Board members support statewide tax increases.

Local schools and classrooms need essential repairs and upgrades today – and the State won’t pay for them.

Measure “O” is the solution. Every penny stays in Yucaipa and Calimesa.

Currently, many local schools are at least 40 years old: leaky roofs, outdated plumbing and electrical systems, and deteriorated, inadequate classrooms and restrooms are a reality.

Job training classrooms and labs must be improved. Yucaipa and Calimesa schools lack instructional and vocational technology needed to prepare local students to compete in the 21st century economy – whether or not students plan to attend four-year college.

Measure “O” directly benefits Yucaipa and Calimesa students by improving the classrooms, school facilities and instructional technology. You can read the specific project list here: www.improveyucaipacalimesaschools.org.

Measure “O” projects will also create local jobs.

Measure “O” funds can’t be used for employee salaries, benefits or pensions: only for specific classroom, school and technology improvements.

Independent citizen oversight and annual audits will ensure funds are used properly.

Vote YES on Measure “O”.
