Elections in California

The Top Two Candidates Open Primary Act requires that all candidates for a voter-nominated office be listed on the same ballot. Previously known as partisan offices, voter-nominated offices include state legislative offices, United States congressional offices, and state constitutional offices.

In both the open primary and general elections, you can vote for any candidate regardless of what party preference you indicated on your voter registration form. In the primary election, the two candidates receiving the most votes—regardless of party preference—move on to the general election. If a candidate receives a majority of the vote (at least 50 percent + 1), a general election still must be held.

Write-in candidates for voter-nominated offices may still run in the primary election. However, a write-in candidate may only move on to the general election if the candidate is one of the top two vote-getters in the primary election. Additionally, there is no independent nomination process for a general election.

California's open primary system does not apply to candidates running for United States President, county central committee, or local offices.

California law requires the following information to be printed in this guide.

Party-Nominated/Partisan Offices

Political parties may formally nominate candidates for party-nominated/partisan offices at the primary election. A nominated candidate will represent that party as its official candidate for the specific office at the general election and the ballot will reflect an official designation. The top vote-getter for each party at the primary election moves on to the general election. Parties also elect officers of county central committees at the primary election.

A voter can only vote in the primary election of the political party he or she has disclosed a preference for upon registering to vote. However, a political party may allow a person who has declined to disclose a party preference to vote in that party's primary election.

Voter-Nominated Offices

Political parties are not entitled to formally nominate candidates for voter-nominated offices at the primary election. A candidate nominated for a voter-nominated office at the primary election is the nominee of the people and not the official nominee of any party at the general election. A candidate for nomination to a voter-nominated office shall have his or her qualified party preference, or lack of qualified party preference, stated on the ballot, but the party preference designation is selected solely by the candidate and is shown for the information of the voters only. It does not mean the candidate is nominated or endorsed by the party designated, or that there is an affiliation between the party and candidate, and no candidate nominated by the voters shall be deemed to be the officially nominated candidate of any political party. In the county voter information guide, parties may list the candidates for voter-nominated offices who have received the party's official endorsement.

Any voter may vote for any candidate for a voter-nominated office, if they meet the other qualifications required to vote for that office. The top two vote-getters at the primary election move on to the general election for the voter-nominated office even if both candidates have specified the same party preference designation. No party is entitled to have a candidate with its party preference designation move on to the general election unless the candidate is one of the two highest vote-getters at the primary election.

Nonpartisan Offices

Political parties are not entitled to nominate candidates for nonpartisan offices at the primary election, and a candidate at the primary election is not the official nominee of any party for the specific office at the general election. A candidate for nomination to a nonpartisan office may not designate his or her party preference, or lack of party preference, on the ballot. The top two vote-getters at the primary election move on to the general election for the nonpartisan office.

**CANDIDATE STATEMENT FOR
UNITED STATES REPRESENTATIVE,
39TH CONGRESSIONAL DISTRICT**

MARK TAKANO, Democratic
OCCUPATION: U.S. Congressman
EDUCATION AND QUALIFICATIONS:

Dear Neighbor,

It has been a great honor to serve the people of Riverside, Moreno Valley, Jurupa Valley and Perris in the United States Congress.

I have been fighting for the American people in Congress — working to lower the cost of prescription drugs, deliver groundbreaking overtime pay for workers, and stave off Republican attempts to slash Social Security, Medicare, and veterans benefits. I've taken action to address air quality issues in our regions. I continued working in the service of our veterans, enacting historic legislation to support those suffering from medical challenges connected to their service.

Since taking office, I have worked to pass laws to support students, protect small businesses, defend our immigrant communities, and create high-paying jobs in the Inland Empire. My office has returned more than \$15 million in federal funds that were owed to members of our community and has secured more than \$37 million in community project funding to support childcare, fight homelessness, and build vital infrastructure.

As a lifelong resident of the Inland Empire, and former public school teacher, I'm proud to have the support of leaders from throughout the region.

If re-elected, I will continue to stand up for the values of our democracy, fight for a more equitable economy, and oppose the Republicans' radical Project 2025 agenda that would take essential rights away from women, undermine our economy, and reduce opportunities for young Americans.

I respectfully ask for your vote,

Mark Takano

**CANDIDATE STATEMENT FOR
UNITED STATES REPRESENTATIVE,
39TH CONGRESSIONAL DISTRICT**

DAVID SERPA, Republican **AGE: 39**
OCCUPATION: Businessman / Author / Entrepreneur
EDUCATION AND QUALIFICATIONS:

I'm a Marine Corps veteran, businessman, and author of "Common Sense for California; A Guide to the New Revolution." I know our neighbors are not our enemies. It's time to unite around common-sense and save our country.

Water is the cornerstone of every great society. For a fraction of what we spend on war, we could line the coast with desalination plants, funnel fresh water inland, grow the food we eat here, and reduce grocery costs.

America is energy rich behaving like we are energy poor. We have uranium, lithium, natural gas, and oil. Drill, stop decommissioning nuclear facilities, build a bridge to a nuclear future, and reduce gas costs now.

We don't have a country if we can't defend it. The DOD failed its 6th consecutive audit, unable to account for 61% of trillions of dollars worldwide. America needs to stop engaging in foreign wars while falling apart on the Homefront.

Americans have some of the highest healthcare costs in the world, yet we aren't covered. Annually, nearly 650,000 people declare bankruptcy due to medical bills, accounting for more than 60% of all bankruptcies. President Trump pledged to repeal and replace Obama Care. It's time.

There needs to be value in education for every child. We need trades, apprenticeships, licensing, and certificate programs in High Schools. Let's revitalize public universities to create more doctors, teachers, nurses, and engineers and not burden them with debt. Ultimately, creating more taxpayers, homeowners, and business owners. An investment in people would yield dividends.

**CANDIDATE STATEMENT FOR
STATE SENATOR,
31ST SENATORIAL DISTRICT**

SABRINA CERVANTES, Democratic

OCCUPATION: California State Assemblymember

EDUCATION AND QUALIFICATIONS:

Dear Neighbor,

I'm running for State Senate because our Inland Empire communities need a senator with a strong track record of getting things done.

I'm a working mother of triplets who currently represents portions of Riverside County in the State Assembly. In this role, I've authored 44 bills that have been signed into law, including important legislation to help local veterans, seniors, small businesses, and schools. Having served as the Chair of the Assembly Committee on Jobs, I've been on the frontlines of the fight to help small businesses create jobs and grow wages for working families.

My record in the State Assembly includes:

- Expanding the UCR Medical School to address the physician shortage
- Championing legislation to reduce crime and address the fentanyl epidemic
- Securing over \$650 million in funding for local schools, parks, and infrastructure
- Opposing tax increases and working to stop rising costs
- Building a Veterans Resource Center at Norco College
- Fighting to protect women's rights and increase access to maternal mental health

I'm a lifelong Riverside County resident, and I worked in the private sector, state government, and for a statewide nonprofit organization prior to my election to the State Legislature. I earned my bachelor's degree in political science with a minor in public policy from the University of California, Riverside.

I'm proud to have the support of over 200 organizations and leaders throughout Riverside and San Bernardino counties, including groups representing local firefighters, teachers, and nurses.

I'd be honored to earn your vote.

California urgently needs new leadership that truly understands the needs of our families, communities, schools, and businesses. As a citizen representative and lifelong resident of Home Gardens in Riverside County, I am running for California's 58th Assembly District to address critical issues: Parental Rights, Public Safety, Quality Education, and Affordable Living. I hold a Bachelor's degree in Human Services and a Master's in Counseling Psychology, specializing in Marriage and Family Therapy and Professional Clinical Counseling. I am prepared to serve effectively from day one.

CLARISSA CERVANTES, Democratic
OCCUPATION: Councilmember / Businesswoman / Mother
EDUCATION AND QUALIFICATIONS:

Inland Empire families are having a harder time making ends meet while big corporations are making record profits, and warehouses are encroaching on our neighborhoods. We need someone on our side.

I'm a mother, businesswoman, and results-driven Riverside Councilmember. I'm running for State Assembly to continue to put people first and get things done, not focus on partisanship or culture wars.

Born to a family with Southern California farmworker heritage, I worked on behalf of Registered Nurses after earning my college degree and ran for City Council to be a voice for underserved communities.

On the Council, I've stood up against warehouse overdevelopment and utility rate increases, fought for funds to repair roads, strengthened public safety, supported small businesses, and tackled housing and homelessness by helping to build more homes that are affordable and draft the city's 5-year plan to reduce the unhoused population.

I've been accessible and responsive, and I've brought people together to deliver results. In the State Assembly, I'll put politics aside and focus on solutions to:

- Make housing more affordable and tackle the unhoused crisis;
- Create good-paying local jobs to reduce commuting;
- Expand access to affordable healthcare;
- Invest in public schools;
- Protect our environment, air, and water;
- Ensure police and fire have resources to keep our neighborhoods safe; and
- Stand up to special interests in Sacramento

I'm proud to be endorsed by the California Professional Firefighters, Riverside City Firefighters, California Nurses Association, California Teachers Association, Service Employees International Union (SEIU) California, United Food and Commercial Workers, and the California Democratic Party, along with Senator Richard Roth, civil rights leader Dolores Huerta, and more.

I'll take action and get results for you.

MEASURE "L" - CITY OF RIVERSIDE

New Section to be added to the City Charter:

Sec. 420. Office of Inspector General.

(a) There shall be an Office of Inspector General which shall have the power and duty to provide a full-time program of investigation, audits, inspections, and operational performance evaluations in accordance with generally accepted auditing standards to provide increased accountability and oversight of entities of city government, special districts and joint powers authorities of which the City is a member and entities receiving funds through the City, to assist in improving agency operations and in deterring and identifying fraud, waste, abuse, and illegal acts.

(b) The Office of Inspector General shall be headed by an appointed Inspector General, as otherwise provided in the Charter. The process for the selection of the Inspector General shall be determined by the City Council and Mayor. The City Council and Mayor shall appoint, by majority vote, the available person believed to be best qualified based on executive and administrative qualifications, with special reference to experience in, and knowledge of, accepted practice in respect to the duties of the office as set forth in this Charter. The Inspector General shall serve at the pleasure of the City Council and Mayor, with the Mayor entitled to vote on any appointment, suspension or removal of the Inspector General.

(c) The City Council shall include in its annual budget or through supplemental appropriation such appropriations of funds sufficient for the efficient and proper functioning of the Office of Inspector General. At least six months prior to the beginning of each fiscal year, the Inspector General shall provide to the City Manager a budget containing estimates of revenues and expenditures for the Office of Inspector General.

(d) Neither the Mayor nor the City Council nor any of its members shall interfere with the execution by the Inspector General of his/her powers and duties or order, directly or indirectly, the appointment by the Inspector General of any person to an office or employment or their removal therefrom. Except for purpose of inquiry, the Mayor, the City Council and its members shall deal with the Office of the Inspector General solely through the Inspector General and neither the Mayor nor the City Council nor any member thereof shall give orders to any subordinates of the Inspector General, either publicly or privately.

(e) The duties of the Inspector General may include, but not be limited to, oversight and supervision of audits, investigations, inspections, and operational performance reviews.

(f) The Inspector General is authorized to have access to City records, reports, audits, reviews, plans, projections, documents, files, contracts, memoranda, correspondence, data, or other information, both hard-copy and electronic. Additionally, the Inspector General shall have access to the City Council, the Mayor, offices of the City Manager, City Clerk, and City Attorney, Board Members, Commissioner, and City personnel as appropriate.

(g) The Inspector General shall exercise such other powers and perform such other duties as may be prescribe by ordinance not inconsistent with any of the provisions of this Charter.

(h) The Inspector General shall be accorded a place in the weekly City Council Agenda Setting Conference and shall be entitled to place a matter before the City Council and Mayor for discussion and consideration.

(i) The Inspector General shall report, at least annually, the final findings and recommendations from its activities to the City Council at a public meeting.

Revisions to Existing Section of the City Charter:

ARTICLE VI. - CITY MANAGER.

Sec. 601. – Powers and duties.

The City Manager shall be the head of the administrative branch of the City government. The City Manager shall be responsible to the City Council for the proper administration of all affairs of the City.

All department heads and officers of the City, except elective officers and those department heads and officers the power of whose appointment is vested by this Charter in the City Council, shall serve at the pleasure of the City Manager who may appoint, suspend or remove such department heads and officers subject to the personnel merit system provisions of this Charter. However, the appointment, removal and suspension of the Library Director shall be subject to the approval of the Board of Library Trustees, the appointment (but not the suspension or removal) of the Chief Financial Officer/Treasurer shall be subject to the approval of the City Council, and the appointment (but not the suspension or removal) of the Public Utilities Director shall be subject to the approval of the Board of Public Utilities. The City Manager may approve or disapprove all proposed appointments and removals of subordinate employees by department heads or officers, except by the City Attorney, City Clerk, and the Inspector General and such appointments and removals by department heads or officers, except by the City Attorney, City Clerk, and the Inspector General, shall be subject to the approval of the City Manager.

IMPARTIAL ANALYSIS OF MEASURE “L”

If approved by a majority of the voters, this Measure would amend the Riverside City Charter to create the Office of Inspector General which will be headed by a new Charter Officer called the Inspector General, to be appointed by the Mayor and City Council.

The powers and duties of the Office of the Inspector General would be to provide investigations, audits, inspections and operational performance evaluations over entities of city government, special districts and joint powers authorities of which the City is a member, entities receiving funds through the City, and such other powers and duties set by ordinance of the City Council. The Inspector General would also have the power to appoint and remove subordinate employees.

The Inspector General will serve at the pleasure of the Mayor and the City Council, with the mayor entitled to vote on any appointment, suspension, or removal of the Inspector General. However, the Mayor and City Council may not interfere with the powers and duties of the Inspector General. The qualifications for the Inspector General are set forth in the Charter amendment.

The City Council shall include in its annual budget or through supplemental appropriation funds sufficient for the efficient and proper functioning of the Office of the Inspector General. The appointed Inspector General would be required to submit a timely budget to the City Manager. In addition, the Inspector General would be required to report, at least annually, final findings and recommendations to the City Council at a public meeting.

This Measure has been placed on the ballot by the Riverside City Council and a simple majority vote is required to approve this Measure.

A “yes” vote on Measure L would amend the City Charter to create a new Office of Inspector General.

A “no” vote on Measure L would not amend the City Charter to create a new Office of Inspector General.

The above statement is an impartial analysis of Measure L. If you desire a copy of the measure, including the ordinance, please visit the City’s website at www.riversideca.gov or contact the City Clerk at 951-826-5557 and a copy will be mailed at no cost to you.

By: Phaedra A. Norton
City Attorney

ARGUMENT IN FAVOR OF MEASURE “L”

Today, the City of Riverside has a population of over 330,000 people and a budget that exceeds 1.5 Billion. Therefore, the time has come to create the position of Inspector General (IG) to assist local government to enhance accountability and transparency.

An Inspector General can serve as an independent watchdog, ensuring that public funds are used efficiently and effectively while minimizing the risk of fraud, waste, and abuse.

The presence of an IG can help identify inefficiencies, recommend improvements, and restore public trust by holding city officials and departments accountable for their actions. This role is particularly critical in ensuring that taxpayer money is spent in a manner that benefits the community, enhancing the overall integrity of city governance.

Given the city’s significant budget, there is a heightened need for ensuring that public funds are used efficiently. An IG can conduct regular audits and evaluations of city programs and contracts to identify areas where resources are being wasted or could be better utilized. By recommending cost-saving measures and more effective practices, the IG helps ensure that taxpayer dollars are maximized to benefit the community.

The Riverside City Council & Mayor appoints A Charter Review Committee every 8-10 years to review, discuss and recommend changes to its Charter that serves as the City’s Constitution.

Should this ballot measure be approved by the voters in November of 2024, the time and effort devoted by This recent Riverside Charter Review Committee will be remembered for their tireless work and accomplishment. And will clearly signify how Democracy Works.

By: Pete Benavidez, Chair Charter Review Committee

ARGUMENT AGAINST MEASURE “L”

Vote NO on Measure L.

Measure L creates an expensive, untested, and unnecessary Office of Inspector General at Riverside's City Hall. Riverside would be the only city in California, with a council-manager form of government, that employs an Inspector General. If the office is the best practice to promote fiscal oversight, why does no other city have an Inspector General?

The measure proposes an appointed charter officer with powers to investigate fraud, waste and abuse. Yet, the size of the office and its investigative powers are unclear and undefined. Those elements will be determined later by the City Council. The measure seeks 'increased accountability,' however there is no guarantee that the office will have the tools and resources necessary to accomplish that goal.

Moreover, does the city need a fiscal sheriff? Our council-manager form of government is widely recognized as fostering efficiency, effectiveness and integrity. Plus, Riverside's Internal Audit Division currently carries out all the generally accepted auditing standards listed in Measure L.

Measure L only guarantees more government bureaucracy. The office may cost taxpayers as much as \$1,000,000+ in employee staffing and operation. That means less money for safer neighborhoods, re-paving roads, park improvements, and tree trimming.

We may want to look to other cities to improve our Audit Division's scope and performance. But no other city has found it necessary to invest in an office that focuses on investigations instead of improving the city's cost effectiveness and efficiency.

Vote NO on Measure L and look for more transparent, productive, and proven methods to assure fiscal responsibility and management.

By: Brent Lee, President, The Raincross Group
Philip Falcone, City Councilmember (Ward 1), City of Riverside
Joan Donahue, President, League of Women Voters
Andrew Walcker, Principal, Overland Development Company

REBUTTAL TO ARGUMENT AGAINST MEASURE “L”

For several years, two consecutive Charter Review Commissions have recommended establishing a confidential, independent process to investigate wrongdoing by appointing an Inspector General. Opponents of Measure L, primarily real estate insiders and politicians, argue that it's untested in California, could be costly (just 0.066% of the \$1.5 billion budget), and that the City Council can act without a charter amendment. Some also object because the Inspector General wouldn't be an elected official.

Currently, the City's ethics code does not apply to its employees, including senior management, legal counsel, contractors, and outside vendors. Well-intentioned council members, who often have part-time jobs, lack the training to conduct investigations, and the Press Enterprise no longer holds City Hall accountable. This leaves immense power in the hands of a few who manage a \$1.5 billion budget and make decisions affecting your utility bills and Riverside's growth.

Considerable effort was made crafting a compromise addressing many of the oppositions' concerns. Powerful interests don't want Measure L to pass, and many residents feel intimidated about publicly supporting it. As former Chairs and Vice Chairs of Charter Review, it's our responsibility to explain this historic opportunity.

Riverside should lead in improving municipal governance. Inspector General offices have been established across the country and have been proven to deter wrongdoing, serve as an important check on power, and saves taxpayer money.

Riverside's charter process gives voters the direct opportunity to create a watchdog in City Hall.

dedicated to protecting all residents.

SPECIFIC PROJECT LIST

The Board of Trustees of the Riverside Community College District, to be responsive to the needs of its community, evaluated Moreno Valley College's, Norco College's, and Riverside City College's continuing urgent and critical facility needs, and its capacity to provide local students with an affordable education and prepare them for success in college and careers. **Job training, college transfer** and veterans' support facilities, **campus safety** issues, class size and offerings, and information and computer technology were each considered, in developing the type of projects to be funded. In developing the types of projects described herein, job training facilities, facilities supporting college transfer and career training classrooms and labs, and the expansion of **opportunities for local students** and veterans to receive an **affordable, high-quality education**, were **prioritized**. If these facility needs are not addressed now, each of Moreno Valley, Norco and Riverside City Colleges would be unable to remain competitive in preparing students for jobs in high demand industries, the **skilled trades** and **transfer to four-year colleges and universities**.

The Board of Trustees determines that the Riverside Community College District must:

- (i) **Prepare students for good jobs and careers;**
- (ii) **Improve access to affordable education;**
- (iii) **Provide safe drinking water and upgrade safety and security;**
- (iv) **Upgrade classrooms and labs for science, technology, engineering, job training and training in the skilled trades;**
- (v) **Make basic repairs to older buildings;**
- (vi) **Ensure each local College campus receives their fair share of funding from this measure.**

The types of projects which are authorized to be undertaken at Riverside Community College District include:

PROVIDE AFFORDABLE JOB TRAINING AND COLLEGE TRANSFER:

Classroom, Technology, and Program Improvements To Help Local Students, and Veterans Transfer to Four-Year Universities;

Be Trained For Careers Including the Skilled Trades, Nursing and First Responders

Goals and Purposes:

Many of the buildings, classrooms, science labs, and job training equipment at the local community colleges are deteriorating and outdated. This measure will address urgent, basic and future repair needs such as removing asbestos, mold and lead paint; upgrading outdated electrical wiring and gas and sewer lines; fixing leaky roofs; and improving earthquake safety to make sure all students learn in classrooms that are clean and safe.

This measure will allow for local community colleges to expand and improve classrooms and workspaces and develop the Inland Empire Technical Trade Center to prepare our students for careers in skilled trades such as welders; electricians; and heating, ventilation, and air conditioning technicians. This will ensure our students are qualified for these in-demand, good-paying jobs and provide the workforce our area needs.

Our local community colleges train a large number of the nurses, firefighters, police officers and paramedics in our area. This measure will help improve and repair training facilities, classrooms and labs to address the local shortage of nurses and public safety personnel and ensure they are trained on the latest life-saving technology and techniques, and for future public health and natural disaster emergencies.

- Upgrade emergency-response equipment used to train local first-responders.
- Upgrade and equip classrooms and labs for training nurses and other healthcare professionals.

- Expand Riverside City College's nursing training program and partnerships with local universities and hospitals.
- **Expand training in science, technology, engineering, arts, and math at Moreno Valley College and Norco College so local students do not have to travel to other colleges.**
- Expand training facilities for firefighters, paramedics, police officers and the skilled trades.
- Upgrade classrooms and labs for science, technology, engineering, job training, vocational and skilled jobs training.
- Upgrade and expanding career technical education facilities.
- Update learning technology.
- Improve educational resources, as well as career and academic counseling resource centers for veterans.

PROVIDE LOCAL STUDENTS A HIGH QUALITY AFFORDABLE EDUCATION

IN A SAFE ENVIRONMENT:

Basic Improvements Needed To Allow Moreno Valley College, Norco College, and Riverside City College to Provide Job Training and Vocational Programs That Are Needed To Prepare Students For Good-Paying Local Jobs

Goals and Purposes: The cost to attend California's public universities has risen to at least six times that of attending a community college. This measure increases opportunities for local students to earn college credits and certifications, and learn job skills at an affordable price, and then transfer to four-year colleges and universities without generating crushing debt.

Tens of thousands of local residents rely on Riverside Community College District's colleges each year to get the job training, technical knowledge and specialized skills they need to compete for good-paying, modern careers. This measure will allow our local community colleges to upgrade career programs and partnerships with local employers, so students are prepared for our region's changing economy and today's in-demand careers in nursing and healthcare, police, firefighting, skilled trades, social work, teaching, technology, engineering and more.

- Ensure college buildings continue to meet earthquake and fire safety regulations.
- **Repair leaky roofs and deteriorating gas and sewer lines.**
- Upgrade campus safety for emergencies such as active shooters.
- Remove asbestos and lead paint.
- **Provide safe drinking water.**
- Increase safety lighting on campus and in parking lots.
- Repair bathrooms, plumbing, and aging water pipes and drinking fountains.
- Repair and upgrading deteriorating classrooms.
- Improve accessibility for disabled students.
- Improve emergency communications systems.
- Replace outdated electrical wiring.
- **Upgrade and equip classrooms and labs for training for the skilled trades and for technical careers like heating, ventilation, and air conditioning, carpentry and dental.**
- Develop the Inland Empire Technical Trade Center focused on skilled trades apprenticeships, internships, and on-the-job work based training.
- Develop the Corona Education Center for educational, technical and workforce training.

MEASURE "CC"- RIVERSIDE COMMUNITY COLLEGE DISTRICT

TAX RATE STATEMENT

An election will be held in the Riverside Community College District (the "District") on November 5, 2024 to authorize the sale of up to \$954,000,000 in general obligation bonds (the "2024 Bond Authorization"). If such bonds are authorized and sold, principal and interest on the bonds will be payable only from the proceeds of *ad valorem* tax levies made upon the taxable property in the District. The following information is submitted in compliance with Sections 9400-9406 of the Elections Code of the State of California. Such information is based upon the best estimates and projections presently available from official sources, upon experience within the District, and other demonstrable factors.

The following information is provided pursuant to Elections Code Section 9401:

1. The best estimate of the average annual tax rate that would be required to be levied to fund this bond issue over the entire duration of the bond debt service, based on estimated assessed valuations available at the time of filing of this statement, is \$19.00 per \$100,000 of assessed valuation. It is currently expected that the tax will be collected until fiscal year 2058-59.
2. The best estimate of the highest tax rate that would be required to be levied to fund this bond issue, for each year that bonds are outstanding, based on estimated assessed valuations available at the time of filing this statement, is \$19.00 per \$100,000 of assessed valuation, which is projected to be the same in every fiscal year the bonds remain outstanding.
3. The best estimate of total debt service, including principal and interest, that would be required to be repaid if all the bonds are issued and sold will be approximately \$1.9 billion.

Voters should note that these estimates are based on projections derived from information obtained from official sources, and are based on the assessed value (not market value) of taxable property on the County's official tax rolls. Property owners should consult their own property tax bills and tax advisors to determine their property's assessed value and any applicable tax exemptions.

The attention of all voters is directed to the fact that the foregoing information is based upon projections and estimates only, which amounts are not maximum amounts and durations and are not binding upon the District. The actual debt service, tax rates and the years in which they will apply may vary depending on the timing of bond sales, the par amount of bonds sold at each sale and actual increases in assessed valuations. The timing of the bond sales and the amount of bonds sold at any given time will be determined by the District based on the need for project funds and other considerations. Actual assessed valuations will depend upon the amount and value of taxable property within the District as determined by the County Assessor in the annual assessment and the equalization process.

Riverside Community College District

IMPARTIAL ANALYSIS OF MEASURE "CC"

State law authorizes school districts to sell bonds to finance improvements of student safety/security and access; acquire, construct, and repair facilities, sites, and equipment. Monies generated by the sale of such bonds may only be spent for these specified purposes. Bond proceeds cannot be expended to finance teacher and administrator salaries or other school operating expenses.

The Riverside Community College District ("District") has called for an election on the question of whether bonds should be issued and sold by the District. Such bonds can only be issued and sold if at least 55% of the persons who actually vote approve Measure "CC." The bonds would be repaid through an increase in property taxes based upon the assessed value of taxable property in the District in each year of repayment. The Tax Rate Statement, which appears following the full text of Measure "CC" in this voter information pamphlet, reflects the District's current best estimate of the property tax rate increases that will be required to service the bonds at various points during the life of the bonds. At the time of issuance, the projected annual tax to be levied to meet debt service requirements for the proposed bonds is .019¢ per \$100 (or \$19 per \$100,000) of assessed value.

If Measure "CC" is approved, bonds may be issued in series and must be repaid within a maximum statutory term of twenty-five (25) years. The maximum interest rate chargeable on the bonds is regulated by state law. The actual interest rates at which the bonds are sold will depend on the bond market at the time of each sale.

The District proposes to issue and sell bonds in an aggregate principal amount of nine hundred fifty four million dollars (\$954,000,000). Money raised by the sale of the bonds must be used exclusively to finance the list of projects described in the full text of Measure "CC," which is included in this voter information pamphlet ("Bond Project List"). When developing the Bond Project List, the District was required by state law to evaluate safety, class size reduction, and information technology needs. Inclusion of a particular project on the Bond Project List, however, is not a guarantee that the project will actually be funded or completed.

If Measure "CC" is approved and the bonds are sold, the District will appoint a citizens oversight committee, and conduct annual independent financial and performance audits to ensure that bond funds are spent only on the construction, reconstruction, rehabilitation, or replacement of school facilities, including furnishing and equipping of school facilities, and the acquisition or leasing of school facilities and for no other purposes.

Approval of Measure "CC" will have no effect on existing law but will allow for the issuance and sale of bonds in accordance with the terms of existing law and Measure "CC".

A "YES" VOTE MEANS the District will be authorized to issue and sell the Bonds.

A "NO" VOTE MEANS the District will not be authorized to issue and sell the Bonds.

REBUTTAL TO ARGUMENT IN FAVOR OF MEASURE “CC”

The Argument in Favor of Measure CC is long on platitudes and short on details. This measure is a school facilities bond, but astonishingly NOWHERE within their Argument is there any listing of ANY facilities that will be built with the \$915 million it wants us to repay via raising our property taxes.

Instead, the Argument in Favor focuses on feel-good services the Riverside Community College District ALREADY provides ... with or without the passage of Measure CC. Their argument provides no link between providing more services and the facilities it plans on building. We believe this is intentionally done so that the District can spend our money on whatever it wants based upon the fine print of the SIX-page full ballot measure text allowing such. These facts should raise suspicions as to the motives of the proponents of this bond measure.

The only kind of work the Argument in Favor details for its UNKOWN projects deals with what seems like overdue maintenance projects. We question if the District has actually deferred maintenance to the point of putting its students in danger so as to justify these bonds; or is this just simply a scare tactic?

Why didn’t the District address “urgent repair needs” with the \$350 million it got from Measure C in 2004?

ARGUMENT AGAINST MEASURE “CC”

Please vote “No” on Measure CC: the District must provide for more accountability over its spending.

In March of 2020, the Riverside Community College District brought forth to the electorate a much less expensive school facility bond measure (Measure A)... **only \$715 million!** That proposal was thoroughly rejected by voters. We see no reason to support this measure either.

Why? Because like then, the District does not believe it has to commit to spending our money on specific projects, but instead leaves itself the flexibility within the fine print of the full ballot proposition to buy/build/ renovate/repair almost any school facility it would like, including for employee housing.

Imagine: while the typical resident struggles to make ends meet as their cost-of-living continues to outpace their wages, the District may build free or subsidized housing for its staff that you will pay for either directly in your property taxes or indirectly through your rent.

Why? Because like then, the District offers no guarantees of either a truly independent Citizens Bond Oversight Committee nor independent audits to review spending and safeguard our money, ignoring best practices of the California Association of Bond Oversight Committees (bondoversight.org) and the spirit of Proposition 39, passed by California voters in 2000, which lowered the voter threshold from 2/3s to 55% for the passage of school facility bonds **in return for** the aforementioned taxpayer/ stakeholder protections.

Why? Because we believe, like with Measure B (facility bond passed 2004), the District will **later** make most of its projects conform to a Project Labor Agreement, which we think discriminates against private sector construction workers and will dramatically increase the cost of its projects, leaving taxpayers and students shortchanged.

We deserve to know what the District is building, that we have effective oversight, and that our money is well-spent.
