Elections in California

The Top Two Candidates Open Primary Act requires that all candidates for a voter-nominated office be listed on the same ballot. Previously known as partisan offices, voter-nominated offices include state legislative offices, United States congressional offices, and state constitutional offices.

In both the open primary and general elections, you can vote for any candidate regardless of what party preference you indicated on your voter registration form. In the primary election, the two candidates receiving the most votes—regardless of party preference—move on to the general election. If a candidate receives a majority of the vote (at least 50 percent + 1), a general election still must be held.

Write-in candidates for voter-nominated offices may still run in the primary election. However, a write-in candidate may only move on to the general election if the candidate is one of the top two vote-getters in the primary election. Additionally, there is no independent nomination process for a general election.

California's open primary system does not apply to candidates running for United States President, county central committee, or local offices.

California law requires the following information to be printed in this guide.

Party-Nominated/Partisan Offices

Political parties may formally nominate candidates for party-nominated/partisan offices at the primary election. A nominated candidate will represent that party as its official candidate for the specific office at the general election and the ballot will reflect an official designation. The top vote-getter for each party at the primary election moves on to the general election. Parties also elect officers of county central committees at the primary election.

A voter can only vote in the primary election of the political party he or she has disclosed a preference for upon registering to vote. However, a political party may allow a person who has declined to disclose a party preference to vote in that party's primary election.

Voter-Nominated Offices

Political parties are not entitled to formally nominate candidates for voter-nominated offices at the primary election. A candidate nominated for a voter-nominated office at the primary election is the nominee of the people and not the official nominee of any party at the general election. A candidate for nomination to a voter-nominated office shall have his or her qualified party preference, or lack of qualified party preference, stated on the ballot, but the party preference designation is selected solely by the candidate and is shown for the information of the voters only. It does not mean the candidate is nominated or endorsed by the party designated, or that there is an affiliation between the party and candidate, and no candidate nominated by the voters shall be deemed to be the officially nominated candidate of any political party. In the county voter information guide, parties may list the candidates for voter-nominated offices who have received the party's official endorsement.

Any voter may vote for any candidate for a voter-nominated office, if they meet the other qualifications required to vote for that office. The top two vote-getters at the primary election move on to the general election for the voter-nominated office even if both candidates have specified the same party preference designation. No party is entitled to have a candidate with its party preference designation move on to the general election unless the candidate is one of the two highest vote-getters at the primary election.

Nonpartisan Offices

Political parties are not entitled to nominate candidates for nonpartisan offices at the primary election, and a candidate at the primary election is not the official nominee of any party for the specific office at the general election. A candidate for nomination to a nonpartisan office may not designate his or her party preference, or lack of party preference, on the ballot. The top two vote-getters at the primary election move on to the general election for the nonpartisan office.

**CANDIDATE STATEMENT FOR
UNITED STATES REPRESENTATIVE,
39TH CONGRESSIONAL DISTRICT**

MARK TAKANO, Democratic
OCCUPATION: U.S. Congressman
EDUCATION AND QUALIFICATIONS:

Dear Neighbor,

It has been a great honor to serve the people of Riverside, Moreno Valley, Jurupa Valley and Perris in the United States Congress.

I have been fighting for the American people in Congress — working to lower the cost of prescription drugs, deliver groundbreaking overtime pay for workers, and stave off Republican attempts to slash Social Security, Medicare, and veterans benefits. I've taken action to address air quality issues in our regions. I continued working in the service of our veterans, enacting historic legislation to support those suffering from medical challenges connected to their service.

Since taking office, I have worked to pass laws to support students, protect small businesses, defend our immigrant communities, and create high-paying jobs in the Inland Empire. My office has returned more than \$15 million in federal funds that were owed to members of our community and has secured more than \$37 million in community project funding to support childcare, fight homelessness, and build vital infrastructure.

As a lifelong resident of the Inland Empire, and former public school teacher, I'm proud to have the support of leaders from throughout the region.

If re-elected, I will continue to stand up for the values of our democracy, fight for a more equitable economy, and oppose the Republicans' radical Project 2025 agenda that would take essential rights away from women, undermine our economy, and reduce opportunities for young Americans.

I respectfully ask for your vote,

Mark Takano

UNITED STATES REPRESENTATIVE,
39TH CONGRESSIONAL DISTRICT**

DAVID SERPA, Republican
OCCUPATION: Businessman / Author / Entrepreneur
EDUCATION AND QUALIFICATIONS:

AGE: 39

I'm a Marine Corps veteran, businessman, and author of "Common Sense for California; A Guide to the New Revolution." I know our neighbors are not our enemies. It's time to unite around common-sense and save our country.

Water is the cornerstone of every great society. For a fraction of what we spend on war, we could line the coast with desalination plants, funnel fresh water inland, grow the food we eat here, and reduce grocery costs.

America is energy rich behaving like we are energy poor. We have uranium, lithium, natural gas, and oil. Drill, stop decommissioning nuclear facilities, build a bridge to a nuclear future, and reduce gas costs now.

We don't have a country if we can't defend it. The DOD failed its 6th consecutive audit, unable to account for 61% of trillions of dollars worldwide. America needs to stop engaging in foreign wars while falling apart on the Homefront.

Americans have some of the highest healthcare costs in the world, yet we aren't covered. Annually, nearly 650,000 people declare bankruptcy due to medical bills, accounting for more than 60% of all bankruptcies. President Trump pledged to repeal and replace Obama Care. It's time.

There needs to be value in education for every child. We need trades, apprenticeships, licensing, and certificate programs in High Schools. Let's revitalize public universities to create more doctors, teachers, nurses, and engineers and not burden them with debt. Ultimately, creating more taxpayers, homeowners, and business owners. An investment in people would yield dividends.

MEASURE “H” - PERRIS ELEMENTARY SCHOOL DISTRICT

FULL TEXT OF BOND MEASURE

KEY FINDINGS

Perris Elementary School District (the “District”) provides a quality education for more than 5,500 elementary and middle school students across 10 school sites. Many District elementary and middle schools were built over 60 years ago and, while some schools have received repairs, many facilities weren’t built with today’s educational standards in mind. As our area continues to grow, drawing more families to our local schools, the need to add additional classrooms and schools to help address our growing student enrollment also grows. With this in mind, the Governing Board of the District (the “Board”) has evaluated the needs at each school site and determined a locally controlled funding measure would enable the District to update schools to modern education and safety standards so they can continue to serve our current and future students.

BOND AUTHORIZATION

By approval of this measure by at least 55% of the registered voters voting on the measure, the District will be authorized to issue and sell bonds of up to \$38,000,000 in aggregate principal amount, at interest rates not to exceed legal limits and to provide financing for the specific types of school facilities projects listed in the Bond Project List included below, subject to all the accountability requirements specified below.

ACCOUNTABILITY REQUIREMENTS

The provisions in this section are specifically included in this measure in order that the voters and taxpayers in the District may be assured that their money will be spent wisely. Expenditures to address specific facilities needs of the District will be in compliance with the requirements of Article XIII A, Section 1(b)(3), of the State Constitution and the Strict Accountability in Local School Construction Bonds Act of 2000 (codified at Education Code Sections 15264 and following.)

The Bonds may be issued under the provisions of the California Education Code (starting at Section 15100), under the provisions of the California Government Code (starting at Section 53506), or under any other provision of law authorizing the issuance of general obligation bonds by school districts. The Bonds may be issued in series by the District, from time to time, and each series of Bonds shall mature within the legal limitations set forth in the applicable law under which the Bonds are issued.

Evaluation of Needs. The Board has identified detailed facilities needs of the District, and has determined which projects to finance from a local bond. The Board hereby certifies that it has evaluated safety, class sizes, enrollment growth, and information technology needs in developing the Bond Project List described below.

Independent Citizens’ Oversight Committee. Following approval of this measure, the Board will establish an independent citizens’ oversight committee, under Education Code Sections 15278 and following, to ensure bond proceeds are expended only on the types of school facilities projects listed below. The committee will be established within 60 days of the date when the results of the election appear in the minutes of the Board.

Performance Audits. The Board will conduct annual, independent performance audits to ensure that the bond proceeds have been expended only on the school facilities projects listed below.

Financial Audits. The Board will conduct annual, independent financial audits of the bond proceeds until all of those proceeds have been spent for the school facilities projects listed below.

Government Code Accountability Requirements. As required by Section 53410 of the Government Code, (1) the specific purpose of the bonds is set forth in this Full Text of the Measure, (2) the proceeds from the sale of the bonds will be used only for the purposes specified in this measure, and not for any other purpose, (3) the proceeds of the bonds, when and if issued, will be deposited into a building fund to be held by the Riverside County Treasurer, as required by the Education Code, and (4) the Superintendent of the District shall cause an annual report to be filed with the Board each year, which report shall contain pertinent information regarding the amount of funds collected and expended, as well as the status of the projects listed in this measure, as required by Sections 53410 and 53411 of the Government Code.

NO TEACHER OR ADMINISTRATOR SALARIES

Proceeds from the sale of bonds authorized by this measure shall be used only for the purposes specified in Article XIII A, Section 1(b)(3), specifically the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, and the acquisition or lease of school facilities, and not for any other purpose, including teacher and administrator salaries and other school operating expenses.

STATE MATCHING FUNDS

The following statement is included in this measure pursuant to Education Code Section 15122.5: Approval of this measure does not guarantee that the proposed projects that are the subject of bonds under this measure will be funded beyond the local revenues generated by this measure. The District’s proposal for the projects described below may assume the receipt of matching state funds, which, if available, could be subject to appropriation by the Legislature or approval of a statewide bond measure.

INFORMATION ABOUT ESTIMATES AND PROJECTIONS INCLUDED IN BALLOT

Voters are informed that any estimates or projections in the bond measure or ballot materials, including relating to estimated tax rates, the duration of issued bonds and related tax levies and collections are provided as informational only. Such amounts are estimates and are not maximum amounts or limitations on the terms of the bonds, the tax rate or duration of the tax supporting repayment of issued bonds. Such estimates depend on numerous variables which are subject to variation and change over the term of the District's overall facilities and bond financing plan, including but not limited to the amount of bonds issued and outstanding at any one time, the interest rates applicable to issued bonds, market conditions at the time of sale of the bonds, when bonds mature, timing of project needs and changes in assessed valuations in the District. As such, while such estimates and approximations are provided based on information currently available to the District and its current expectations, such estimates and approximations are not limitations and are not binding upon the District. In addition, the abbreviated and condensed statement of the bond measure presented to voters which is subject to a word count limitation imposed by State law does not limit the scope and complete meaning of the measure provided in this Full Text of Bond Measure and related ballot materials.

BOND PROJECT LIST

Each of the bond projects described in this Bond Project List include the costs of furnishing and equipping such facilities, and all costs which are incidental but directly related to the types of projects described above. Examples of incidental costs include, but are not limited to: costs of design, engineering, architect and other professional services, facilities assessments, inspections, site preparation, utilities, landscaping, painting bond project construction management, administration and other planning and permitting, legal, accounting and similar costs; independent annual financial and performance audits; a customary construction contingency; demolition, abatement, and disposal of existing structures; the costs of interim housing and storage during construction including relocation and construction costs incurred relating to interim facilities; the preparation or restoration of construction, renovation or remodeling; rental or construction of storage facilities and other space on an interim basis for materials and other equipment and furnishings displaced during construction; costs of relocating facilities and equipment as needed in connection with the projects; interim classrooms and facilities for students, administrators, and school functions, including modular facilities; federal and state-mandated safety upgrades; addressing unforeseen conditions revealed by construction/modernization and other necessary improvements required to comply with existing building codes, including the Field Act; access requirements of the Americans with Disabilities Act; and costs of the election; bond issuance costs; and project administration during the duration of such projects, as permitted by law.

Furnishing and Equipping. Each project is assumed to include its share of furniture, fixtures, equipment, architectural, engineering, and similar planning costs, program/project management, staff training expenses and a customary contingency for unforeseen design and construction costs. In addition to the listed projects stated above, the list also includes the acquisition of a variety of instructional, maintenance and operational equipment, including the reduction or retirement of outstanding lease obligations and interim funding incurred to advance fund projects from the list; installation of signage and fencing; payment of the costs of preparation of all facility planning, facility studies, assessment reviews, facility master plan preparation and updates, environmental studies (including environmental investigation, remediation and monitoring), design and construction documentation, and temporary housing of dislocated District activities caused by construction projects. Alternations to Scope: New Construction. The scope and nature of any of the specific projects described above may be altered by the District as required by conditions that may arise during the course of design and construction. In the event that a modernization or renovation project is more economical for or otherwise determined by the Board to be in the best interests of the District to be undertaken as new construction, this bond measure authorizes said new construction including land acquisition, relocation and construction at a new or alternative site, and/or demolition and reconstruction and/or repurposing on the original site, including an expanded site, and all costs relating thereto. In addition, this measure authorizes the acquisition of real property, including necessary rights of ways or other real property interests, required to expand District facilities, to provide access to school or other District facilities, or to provide additional school or related facilities. For any project involving rehabilitation or renovation of a building or the major portion of a building, the District shall be authorized to proceed with new construction instead, if the Governing Board determines that replacement and new construction is more economically practical than rehabilitation and renovation, considering the building's age, condition, expected remaining life, and other relevant factors.

Interim Financing Included: Joint Use Projects Authorized. Authorized projects include paying and/or prepaying interim or previously obtained financing for the types of projects included on the Bond Project List, such as bond anticipation notes, and includes prepayment of lease payments to acquire title to facilities and/or equipment previously financed. Projects may also be undertaken on a joint use basis with other public entities.

Bond Project List Not in Order of Priority: Board Determines Prioritization. Approval of this bond measure does not guarantee that the proposed projects will be funded beyond the local revenues generated by the measure. The District's capital needs currently exceed the amount of bonds the voters are being asked to authorize. The order in which particular projects are listed is not intended to suggest priority for funding or completion, and itemization of projects in the list above does not guarantee that all such projects will be undertaken. Project priorities will be determined by the Board. The ability of the District to undertake and complete the listed projects is subject to numerous variables including the adequacy and availability of sufficient funding sources. The District is unable to anticipate all unforeseen circumstances which may prevent some of the projects listed above from being undertaken or completed.

Interpretation. The terms of this bond measure and the words used in the Bond Project List shall be interpreted broadly to effect the purpose of providing broad and clear authority for the officers and employees of the District to provide for the school facilities projects the District proposes to finance with the proceeds of the sale of bonds authorized by this proposition within the authority provided by law, including Article XIII A, Section 1(b) (3) of the California Constitution, Education Code Section 15000 *et seq.* and the Strict Accountability in Local School Construction Bonds Act of 2000. Words used in the Bond Project List such as repair, improve, upgrade, expand, modernize, renovate, and reconfigure are used to describe school facilities projects in plain English but are not intended to expand the nature of such projects beyond what is authorized by law. As such, in accordance with legal requirements, the Bond Project List does not authorize, and shall not be interpreted to authorize, expending proceeds of the sale of bonds authorized by this proposition for current maintenance, operation or repairs.

Severability. The Board hereby declares, and the voters by approving this Bond Measure concur, that every section and part of this bond proposition has independent value, and the Board and the voters would have adopted each provision hereof regardless of every other provision hereof. Upon approval of this measure by the voters, should any part be found by a court of competent jurisdiction to be invalid for any reason, all remaining parts hereof shall remain in full force and effect to the fullest extent allowed by law, and to this end the provisions of this bond measure are severable.

MEASURE "H" - PERRIS ELEMENTARY SCHOOL DISTRICT

TAX RATE STATEMENT

An election will be held in the Perris Elementary School District (the "District") on November 5, 2024, to authorize the sale of up to \$38,000,000 in general obligation bonds. The following information is submitted in compliance with Sections 9400-9404 of the Elections Code of the State of California. Such information is based upon the best estimates and projections presently available from official sources, upon experience within the District, and other demonstrable factors.

Based upon the foregoing and projections of the District's assessed valuation, the following information is provided:

1. The best estimate of the average annual tax rate that would be required to fund this bond issue over the entire duration of the bond debt service, based on estimated assessed valuations available at the time of filing of this statement, is \$30 per \$100,000 (3¢ per \$100) of assessed valuation. It is currently expected that the tax will be collected until fiscal year 2054-55.
2. The best estimate of the highest tax rate that would be required to fund this bond issue, based on estimated assessed valuations available at the time of filing this statement, is \$30 per \$100,000 (3¢ per \$100) of assessed valuation. This rate is projected to apply in each fiscal year that bonds are outstanding.
3. The best estimate of total debt service, including principal and interest, that would be required to be repaid if all the bonds are issued and sold will be approximately \$75,656,664.

These estimates are based on projections derived from information obtained from official sources, and are based on the assessed value (not market value) of taxable property on the County's official tax rolls. In addition, taxpayers eligible for a property tax exemption, such as the homeowner's exemption, will be taxed at a lower effective tax rate than described above. Property owners should consult their own property tax bills and tax advisors to determine their property's assessed value and any applicable tax exemptions. The attention of all voters is directed to the fact that the foregoing information is based upon projections and estimates only, which amounts are not maximum amounts and durations and are not binding upon the District. The actual debt service, tax rates and the years in which they will apply may vary depending on the timing of bond sales, the par amount of bonds sold at each sale and actual increases in assessed valuations. The timing of the bond sales and the amount of bonds sold at any given time will be determined by the District based on the need for project funds and other considerations. Actual assessed valuations will depend upon the amount and value of taxable property within the District as determined by the County Assessor in the annual assessment and the equalization process.

Superintendent
Perris Elementary School District

IMPARTIAL ANALYSIS OF MEASURE “H”

State law authorizes school districts to sell bonds to finance improvements of student safety/security; build new classrooms/schools to relieve overcrowding; fix roofs and plumbing/electrical/ventilation systems; and repair/upgrade classrooms, science labs, and school facilities that support instruction in science, technology, engineering, arts, math, and reading. Monies generated by the sale of such bonds may only be spent for these specified purposes. Bond proceeds cannot be expended to finance teacher and administrator salaries or other school operating expenses.

The Perris Elementary School District (“District”) has called for an election on the question of whether bonds should be issued and sold by the District. Such bonds can only be issued and sold if at least 55% of the persons who actually vote approve Measure “H.” The bonds would be repaid through an increase in property taxes based upon the assessed value of taxable property in the District in each year of repayment. The Tax Rate Statement, which appears following the full text of Measure “H” in this voter information pamphlet, reflects the District’s current best estimate of the property tax rate increases that will be required to service the bonds at various points during the life of the bonds. At the time of issuance, the projected annual tax to be levied to meet debt service requirements for the proposed bonds is 3.0¢ per \$100 (or \$30 per \$100,000) of assessed value.

If Measure “H” is approved, bonds may be issued in series and must be repaid within a maximum statutory term of twenty-five (25) years. The maximum interest rate chargeable on the bonds is regulated by state law. The actual interest rates at which the bonds are sold will depend on the bond market at the time of each sale.

The District proposes to issue and sell bonds in an aggregate principal amount of thirty-eight million dollars (\$38,000,000). Money raised by the sale of the bonds must be used exclusively to finance the list of projects described in the full text of Measure “H,” which is included in this voter information pamphlet (“Bond Project List”). When developing the Bond Project List, the District was required by state law to evaluate safety, class size reduction, and information technology needs. Inclusion of a particular project on the Bond Project List, however, is not a guarantee that the project will actually be funded or completed.

If Measure “H” is approved and the bonds are sold, the District will appoint a citizens oversight committee, and conduct annual independent financial and performance audits to ensure that bond funds are spent only on the construction, reconstruction, rehabilitation, or replacement of school facilities, including furnishing and equipping of school facilities, and the acquisition or leasing of school facilities and for no other purposes.

Approval of Measure “H” will have no effect on existing law but will allow for the issuance and sale of bonds in accordance with the terms of existing law and Measure “H”.

A “YES” VOTE MEANS the District will be authorized to issue and sell the Bonds.

A “NO” VOTE MEANS the District will not be authorized to issue and sell the Bonds.

ARGUMENT IN FAVOR OF MEASURE “H”

Vote YES on Measure H to repair and upgrade our Perris Elementary Schools!

Our Perris Schools provide a quality education for local students. However, many of our schools were built over 60 years ago. If we want our kids to succeed in school, college, and their future careers, they must be skilled in the use of today’s technology and have a solid background in science, math, and engineering.

While some of our schools have updated classrooms, many don’t and need repairs and upgrades to ensure all students have the same access to safe and updated schools as others in our region.

At the same time, our area continues to grow, drawing more families to our local schools. Overcrowded classrooms make it harder for students to learn and reduce the time teachers can spend with individual students.

Your Yes vote on H provides locally controlled funding to build classrooms and upgrade our older schools with modern education and safety standards, so they can continue to serve our community well for decades to come.

Measure H – Safe, Modern Perris Elementary Schools:

- Repair or replace deteriorating roofs, plumbing, heating, ventilation and electrical systems
- Improve student safety, campus security, emergency communications systems
- Provide proper access for students with disabilities
- Add classrooms and schools to help address growing student enrollment and support high-quality instruction in science, technology, reading, writing, arts, math, and dual-language learning
- Create modern classrooms to support hands-on science instruction and learning-by-doing

Measure H requires strict fiscal accountability:

- All money raised must stay in Perris Elementary Schools – the State cannot take one dime
- An independent citizens’ oversight committee, annual audits, and public spending disclosure ensure funds are spent as promised

Join community members, teachers, and parents – Vote Yes on H for safe, modern Perris Elementary schools for all students!
