Elections in California

The Top Two Candidates Open Primary Act requires that all candidates for a voter-nominated office be listed on the same ballot. Previously known as partisan offices, voter-nominated offices include state legislative offices, United States congressional offices, and state constitutional offices.

In both the open primary and general elections, you can vote for any candidate regardless of what party preference you indicated on your voter registration form. In the primary election, the two candidates receiving the most votes—regardless of party preference—move on to the general election. If a candidate receives a majority of the vote (at least 50 percent + 1), a general election still must be held.

Write-in candidates for voter-nominated offices may still run in the primary election. However, a write-in candidate may only move on to the general election if the candidate is one of the top two vote-getters in the primary election. Additionally, there is no independent nomination process for a general election.

California's open primary system does not apply to candidates running for United States President, county central committee, or local offices.

California law requires the following information to be printed in this guide.

Party-Nominated/Partisan Offices

Political parties may formally nominate candidates for party-nominated/partisan offices at the primary election. A nominated candidate will represent that party as its official candidate for the specific office at the general election and the ballot will reflect an official designation. The top vote-getter for each party at the primary election moves on to the general election. Parties also elect officers of county central committees at the primary election.

A voter can only vote in the primary election of the political party he or she has disclosed a preference for upon registering to vote. However, a political party may allow a person who has declined to disclose a party preference to vote in that party's primary election.

Voter-Nominated Offices

Political parties are not entitled to formally nominate candidates for voter-nominated offices at the primary election. A candidate nominated for a voter-nominated office at the primary election is the nominee of the people and not the official nominee of any party at the general election. A candidate for nomination to a voter-nominated office shall have his or her qualified party preference, or lack of qualified party preference, stated on the ballot, but the party preference designation is selected solely by the candidate and is shown for the information of the voters only. It does not mean the candidate is nominated or endorsed by the party designated, or that there is an affiliation between the party and candidate, and no candidate nominated by the voters shall be deemed to be the officially nominated candidate of any political party. In the county voter information guide, parties may list the candidates for voter-nominated offices who have received the party's official endorsement.

Any voter may vote for any candidate for a voter-nominated office, if they meet the other qualifications required to vote for that office. The top two vote-getters at the primary election move on to the general election for the voter-nominated office even if both candidates have specified the same party preference designation. No party is entitled to have a candidate with its party preference designation move on to the general election unless the candidate is one of the two highest vote-getters at the primary election.

Nonpartisan Offices

Political parties are not entitled to nominate candidates for nonpartisan offices at the primary election, and a candidate at the primary election is not the official nominee of any party for the specific office at the general election. A candidate for nomination to a nonpartisan office may not designate his or her party preference, or lack of party preference, on the ballot. The top two vote-getters at the primary election move on to the general election for the nonpartisan office.

**CANDIDATE STATEMENT FOR
UNITED STATES REPRESENTATIVE,
39TH CONGRESSIONAL DISTRICT**

MARK TAKANO, Democratic
OCCUPATION: U.S. Congressman
EDUCATION AND QUALIFICATIONS:

Dear Neighbor,

It has been a great honor to serve the people of Riverside, Moreno Valley, Jurupa Valley and Perris in the United States Congress.

I have been fighting for the American people in Congress — working to lower the cost of prescription drugs, deliver groundbreaking overtime pay for workers, and stave off Republican attempts to slash Social Security, Medicare, and veterans benefits. I've taken action to address air quality issues in our regions. I continued working in the service of our veterans, enacting historic legislation to support those suffering from medical challenges connected to their service.

Since taking office, I have worked to pass laws to support students, protect small businesses, defend our immigrant communities, and create high-paying jobs in the Inland Empire. My office has returned more than \$15 million in federal funds that were owed to members of our community and has secured more than \$37 million in community project funding to support childcare, fight homelessness, and build vital infrastructure.

As a lifelong resident of the Inland Empire, and former public school teacher, I'm proud to have the support of leaders from throughout the region.

If re-elected, I will continue to stand up for the values of our democracy, fight for a more equitable economy, and oppose the Republicans' radical Project 2025 agenda that would take essential rights away from women, undermine our economy, and reduce opportunities for young Americans.

I respectfully ask for your vote,

Mark Takano

UNITED STATES REPRESENTATIVE,

DAVID SERPA, Republican
OCCUPATION: Businessman / Author / Entrepreneur
EDUCATION AND QUALIFICATIONS:

AGE: 39

I'm a Marine Corps veteran, businessman, and author of "Common Sense for California; A Guide to the New Revolution." I know our neighbors are not our enemies. It's time to unite around common-sense and save our country.

Water is the cornerstone of every great society. For a fraction of what we spend on war, we could line the coast with desalination plants, funnel fresh water inland, grow the food we eat here, and reduce grocery costs.

America is energy rich behaving like we are energy poor. We have uranium, lithium, natural gas, and oil. Drill, stop decommissioning nuclear facilities, build a bridge to a nuclear future, and reduce gas costs now.

We don't have a country if we can't defend it. The DOD failed its 6th consecutive audit, unable to account for 61% of trillions of dollars worldwide. America needs to stop engaging in foreign wars while falling apart on the Homefront.

Americans have some of the highest healthcare costs in the world, yet we aren't covered. Annually, nearly 650,000 people declare bankruptcy due to medical bills, accounting for more than 60% of all bankruptcies. President Trump pledged to repeal and replace Obama Care. It's time.

There needs to be value in education for every child. We need trades, apprenticeships, licensing, and certificate programs in High Schools. Let's revitalize public universities to create more doctors, teachers, nurses, and engineers and not burden them with debt. Ultimately, creating more taxpayers, homeowners, and business owners. An investment in people would yield dividends.

**CANDIDATE STATEMENT FOR
STATE SENATOR,
31ST SENATORIAL DISTRICT**

SABRINA CERVANTES, Democratic

OCCUPATION: California State Assemblymember

EDUCATION AND QUALIFICATIONS:

Dear Neighbor,

I'm running for State Senate because our Inland Empire communities need a senator with a strong track record of getting things done.

I'm a working mother of triplets who currently represents portions of Riverside County in the State Assembly. In this role, I've authored 44 bills that have been signed into law, including important legislation to help local veterans, seniors, small businesses, and schools. Having served as the Chair of the Assembly Committee on Jobs, I've been on the frontlines of the fight to help small businesses create jobs and grow wages for working families.

My record in the State Assembly includes:

- Expanding the UCR Medical School to address the physician shortage
- Championing legislation to reduce crime and address the fentanyl epidemic
- Securing over \$650 million in funding for local schools, parks, and infrastructure
- Opposing tax increases and working to stop rising costs
- Building a Veterans Resource Center at Norco College
- Fighting to protect women's rights and increase access to maternal mental health

I'm a lifelong Riverside County resident, and I worked in the private sector, state government, and for a statewide nonprofit organization prior to my election to the State Legislature. I earned my bachelor's degree in political science with a minor in public policy from the University of California, Riverside.

I'm proud to have the support of over 200 organizations and leaders throughout Riverside and San Bernardino counties, including groups representing local firefighters, teachers, and nurses.

I'd be honored to earn your vote.

LETICIA CASTILLO, Republican AGE: 53
OCCUPATION: Licensed Psychotherapist / Businesswoman /
Grandmother
EDUCATION AND QUALIFICATIONS:

California urgently needs new leadership that truly understands the needs of our families, communities, schools, and businesses. As a citizen representative and lifelong resident of Home Gardens in Riverside County, I am running for California's 58th Assembly District to address critical issues: Parental Rights, Public Safety, Quality Education, and Affordable Living. Sacramento has failed us for too long, and I am ready to bring the change our state needs.

I hold a Bachelor's degree in Human Services and a Master's in Counseling Psychology, specializing in Marriage and Family Therapy and Professional Clinical Counseling. I am prepared to serve effectively from day one.

California faces out-of-control crime, homelessness, fentanyl crisis, skyrocketing housing prices, and increasing taxes. I am committed to addressing these issues and ensure our law enforcement has the support needed to safeguard every Californian. As a Licensed Psychotherapist, I am uniquely equipped to tackle these pressing issues. I will prioritize the well-being of our communities over greed, divisive social agendas, and partisan politics.

I am pro-military, pro-law enforcement, and pro-Second Amendment. As a first-generation Mexican-American, fluent in English and Spanish, I learned the values of faith and hard work from my father, who came to the US through the Braceros program and achieved the American Dream. Guided by faith, I will restore balance and improve the quality of life in Assembly District 58 and across California.

CLARISSA CERVANTES, Democratic
OCCUPATION: Councilmember / Businesswoman / Mother
EDUCATION AND QUALIFICATIONS:

Inland Empire families are having a harder time making ends meet while big corporations are making record profits, and warehouses are encroaching on our neighborhoods. We need someone on our side.

I'm a mother, businesswoman, and results-driven Riverside Councilmember. I'm running for State Assembly to continue to put people first and get things done, not focus on partisanship or culture wars.

Born to a family with Southern California farmworker heritage, I worked on behalf of Registered Nurses after earning my college degree and ran for City Council to be a voice for underserved communities.

On the Council, I've stood up against warehouse overdevelopment and utility rate increases, fought for funds to repair roads, strengthened public safety, supported small businesses, and tackled housing and homelessness by helping to build more homes that are affordable and draft the city's 5-year plan to reduce the unhoused population.

I've been accessible and responsive, and I've brought people together to deliver results. In the State Assembly, I'll put politics aside and focus on solutions to:

- Make housing more affordable and tackle the unhoused crisis;
- Create good-paying local jobs to reduce commuting;
- Expand access to affordable healthcare;
- Invest in public schools;
- Protect our environment, air, and water;
- Ensure police and fire have resources to keep our neighborhoods safe; and
- Stand up to special interests in Sacramento

I'm proud to be endorsed by the California Professional Firefighters, Riverside City Firefighters, California Nurses Association, California Teachers Association, Service Employees International Union (SEIU) California, United Food and Commercial Workers, and the California Democratic Party, along with Senator Richard Roth, civil rights leader Dolores Huerta, and more.

I'll take action and get results for you.

**CANDIDATE STATEMENT FOR
DIRECTOR,
WESTERN MUNICIPAL WATER DISTRICT, DIVISION 4**

ROD TAYLOR

OCCUPATION: Small Business Owner

EDUCATION AND QUALIFICATIONS:

Being a lifelong California Resident, I have decided to throw my name in the hat for Western Municipal Water Board District 4. I am not a politician and do not claim to be one. I'm just your everyday California citizen that wants the best for our State. Politicians have forgotten they work for us, the citizens, not the other way around and not for special interest groups. Every time we turn around, we see our basic rights and liberties taken away; new taxes imposed; restrictive legislation implemented; misleading information; and increasing deterioration of living.

California's 2022-2023 water year saw 33.56 inches of rain statewide, which is 141% of the historical average, yet in July 2024, California approved permanent water restrictions for cities and towns for the first time in the state's history. Some areas will be affected more than others, with hot, inland communities facing steeper conservation requirements than coastal areas. It's time to put a stop to this and hold elective representatives responsible.

It's time for a changing of the guard; together we can make our Great State Better. No more catering to special interest groups. No more restrictive legislation. No more misinformation. Put common sense back in politics.

Let's make California better together.

The repair and renovation of each of the existing school facilities, as well as the construction of a new school, may include, but not be limited to, some or all of the following: construction and/or repair or renovation of student and staff restrooms; installation, repair and replacement of heating, air conditioning and ventilation systems; construction, installation and upgrade of facilities for energy efficiency and to reduce fire risks; construction or repair and replacement of worn-out and leaky roofs, insulation, windows, walls, doors and drinking fountains, and construction and installation of the same; demolition of unsafe school facilities; installation of wiring and electrical systems to safely accommodate computers, technology and other electrical devices and needs; installation, repairing and replacing fire alarms, emergency communications and security systems; surfacing, resurfacing or replacing of hard courts and floors; turf, irrigation and sprinkler systems and campus landscaping; building new and/or renovating existing gymnasiums, pools and high school stadiums including constructing or acquisition of scoreboards, and other furnishings and equipment; deferred maintenance projects; construction, rehabilitation or improvement of signage; upgrading, rehabilitating or replacing inadequate libraries, multi-purpose rooms, food service, cafeterias, kitchens and administrative support spaces, or construction of the same; upgrading locker rooms; installing or rehabilitating lunch shelters, artificial turf, and bleachers; improving sanitation and recycling; construction of or expansion of parking; installing or rehabilitating interior and exterior painting and floor covering; removing and replacing portable classrooms; installing or rehabilitating covered walkways or shelters; construction, rehabilitation or upgrading school site cafeterias and kitchens; repairing rubberized play apparatus surfaces; demolition; construction, repair or rehabilitation of various forms of storage and support spaces; upgrading or rehabilitation of classrooms; repairing, upgrading and installing interior and exterior lighting systems; installing or replacing water and sewer lines and other plumbing systems; and installation of new security fences and systems and replacing outdated security fences and security systems. Any project herein may include construction or reconstruction of any facilities to comply with accessibility requirements under the Americans with Disabilities Act; the removal or abatement of asbestos, lead paint, mold or other hazardous materials; or improvements to meet State seismic and other structural integrity standards.

Any of the projects listed herein may be completed in conjunction with other public agencies, including education, city, county or college institutions, for the construction of libraries, child care centers, multi-purpose rooms, gymnasiums, athletic facilities, or any other authorized project, to increase the efficient use of bond proceeds. Projects and upgrades listed above may be completed as needed, and any of such projects may

or may not be completed as a joint use project with another public entity, as determined by the Board. The District may also pursue public-private partnerships or partnerships with nonprofit entities to complete any of the projects listed herein and reduce costs to the District, in compliance with applicable law, and at the direction of the Board.

The allocation of bond proceeds will be affected by the District's receipt of State matching funds and the final costs of each Project, and completion of the bond projects listed above is subject to the availability of adequate funding to the District. Approval of Measure V does not guarantee that the proposed Project or Projects within the District that are the subject of bonds under Measure V will be funded beyond the local revenues generated by Measure V. The District's proposal for the project or projects may assume the receipt of matching state funds, which could be subject to appropriation by the Legislature or approval of a statewide bond measure or additional measures. In the absence of State matching funds, which the District will aggressively pursue to reduce the District's share of the costs of the Projects, the District may not be able to complete some of the Projects listed above.

The final cost of each project will be determined as plans are finalized, construction bids are awarded and projects are completed. Based on the final costs of each project, certain projects described above may be delayed or may not be completed. Demolition of existing facilities and reconstruction of facilities scheduled for repair and upgrade may occur, if the Board determines that such an approach would be more cost-effective in creating more enhanced and operationally efficient campuses. Necessary site preparation/restoration may occur in connection with new construction, renovation or remodeling, or installation or removal of relocatable classrooms, including ingress and egress, removing, replacing or installing irrigation, storm drain, and utility lines, trees and landscaping, relocating fire access roads, and acquiring any necessary easements, licenses, or rights of way to the property. Proceeds of the bonds may be used to pay or reimburse the District for the costs of District staff when performing work on or necessary and incidental to bond projects. Bond proceeds shall only be expended for the specific purposes identified herein. When specific projects are included herein, they are presented to provide examples and are not intended to limit the generality of the broader description of authorized projects. The order in which particular projects are listed is not intended to indicate priority for funding or completion. Projects will be accomplished to address deficiencies and priorities as enumerated by the Board or in the District's facilities master plan. In addition, authorized projects include reimbursements for paid project costs and paying and/or prepaying interim or previously obtained financing for the types of projects included on the project list, such as bond anticipation notes or lease financings including certificates of participation relating to facilities projects and/or equipment previously financed.

As required by the California Constitution, the proceeds from the sale of the bonds will be used only for the provision of school facilities by construction, reconstruction, rehabilitation, refinancing or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities, and not for any other purpose, including teacher and administrator salaries and other school operating expenses.

The District will conduct an annual, independent performance audit to ensure that the funds have been expended only on projects included in the Project List set forth above.

The District will conduct an annual, independent financial audit of the proceeds from the sale of the bonds until all of those proceeds have been expended on projects included in the Project List set forth above.

Pursuant to Section 15772 of the Education Code, the Board will appoint a citizens' oversight committee and conduct annual independent audits to assure that bond proceeds are spent only on projects included in the Project List set forth above and for no other purposes.

NO ADMINISTRATOR SALARIES. PROCEEDS FROM THE SALE OF THE BONDS AUTHORIZED BY THIS PROPOSITION SHALL BE USED ONLY FOR THE ACQUISITION, CONSTRUCTION, RECONSTRUCTION, REHABILITATION, OR REPLACEMENT OF SCHOOL FACILITIES, INCLUDING THE FURNISHING AND EQUIPPING OF FACILITIES, AND NOT FOR ANY OTHER PURPOSE, INCLUDING PENSIONS, TEACHER AND SCHOOL ADMINISTRATOR SALARIES AND OTHER OPERATING EXPENSES.

FISCAL ACCOUNTABILITY. THE EXPENDITURE OF BOND MONEY ON THESE PROJECTS IS SUBJECT TO STRINGENT FINANCIAL ACCOUNTABILITY REQUIREMENTS. BY LAW, PERFORMANCE AND FINANCIAL AUDITS WILL BE PERFORMED ANNUALLY, AND ALL BOND EXPENDITURES WILL BE MONITORED BY AN INDEPENDENT CITIZENS' OVERSIGHT COMMITTEE (EDUCATION CODE SECTION 15278 ET SEQ.) TO ENSURE THAT FUNDS ARE SPENT AS PROMISED AND SPECIFIED. THE CITIZENS' OVERSIGHT COMMITTEE MUST INCLUDE, AMONG OTHERS, REPRESENTATIVES OF A BONA FIDE TAXPAYERS ASSOCIATION, A BUSINESS ORGANIZATION AND A SENIOR CITIZENS ORGANIZATION. NO DISTRICT EMPLOYEES OR VENDORS ARE ALLOWED TO SERVE ON THE CITIZENS' OVERSIGHT COMMITTEE.

MEASURE "V" - JURUPA UNIFIED SCHOOL DISTRICT

**TAX RATE STATEMENT
REGARDING PROPOSED
\$180,000,000
JURUPA UNIFIED SCHOOL DISTRICT
GENERAL OBLIGATION BONDS
ELECTION OF NOVEMBER 5, 2024**

An election will be held in Jurupa Unified School District (the "District") on November 5, 2024, for the purpose of submitting to the electors of the District the question of incurring a bonded indebtedness of the District in the principal amount of \$180,000,000. If such bonds are authorized and sold, the principal thereof and interest thereon will be payable from the proceeds of taxes levied on the taxable property in the District. The following information regarding tax rates is given in compliance with Section 9401 of the California Elections Code. This information is based upon the best estimates and projections presently available from official sources, upon experience within the District and other demonstrable factors.

Based upon the foregoing and projections of the assessed valuations of taxable property in the District, and assuming the entire debt service on the bonds will be paid through property taxation:

1. The best estimate from official sources of the average annual tax rate that would be required to be levied to fund the bond issue over the entire duration of the bond debt service, based on estimated assessed valuations available at the time of the filing of this statement, or on a projection based on experience within the District or other demonstrable factors, is \$40.00 per \$100,000 of assessed valuation of all property to be taxed. The final year in which the tax is anticipated to be collected is 2053-54.
2. The best estimate from official sources of the highest tax rate that would be required to be levied to fund the bond issue and an estimate of the year in which that rate will apply, based on estimated assessed valuations available at the time of the filing of this statement, or a projection based on experience within the District or other demonstrable factors is \$40.00 per \$100,000 of assessed valuation of all property to be taxed and the year 2031-32.
3. The best estimate from official sources of the total debt service, including the principal and interest that would be required to be repaid if all the bonds are issued and sold, is \$332 million.

Attention of voters is directed to the fact that the foregoing information is based upon projections and estimates. The actual timing of sales of the bonds and the amount to be sold at any time will be governed by the needs of the District and other factors. The actual interest rates at which the bonds will be sold, which will not exceed the maximum permitted by law, will depend upon the bond market at the time of sale. The actual assessed valuations in future years will depend upon the value of property within the District as determined in the assessment and the equalization process. Assessed valuation is not the same as market price of real property. Therefore, the actual tax rates and the years in which those tax rates will be applicable may vary from those presently estimated and stated above.

IMPARTIAL ANALYSIS OF MEASURE "V"

State law authorizes school districts to sell bonds to finance improvements of student safety/security; build new classrooms/schools to relieve overcrowding; fix roofs and plumbing/electrical/ventilation systems; and repair/upgrade classrooms, science labs, and school facilities that support instruction in science, technology, engineering, arts, math, skilled trades and reading. Monies generated by the sale of such bonds may only be spent for these specified purposes. Bond proceeds cannot be expended to finance teacher and administrator salaries or other school operating expenses.

The Jurupa Unified School District ("District") has called for an election on the question of whether bonds should be issued and sold by the District. Such bonds can only be issued and sold if at least 55% of the persons who actually vote approve Measure "V." The bonds would be repaid through an increase in property taxes based upon the assessed value of taxable property in the District in each year of repayment. The Tax Rate Statement, which appears following the full text of Measure "V" in this voter information pamphlet, reflects the District's current best estimate of the property tax rate increases that will be required to service the bonds at various points during the life of the bonds. At the time of issuance, the projected annual tax to be levied to meet debt service requirements for the proposed bonds is 4.0¢ per \$100 (or \$40.00 per \$100,000) of assessed value.

If Measure "V" is approved, bonds may be issued in series and must be repaid within a maximum statutory term of twenty-five (25) years. The maximum interest rate chargeable on the bonds is regulated by state law. The actual interest rates at which the bonds are sold will depend on the bond market at the time of each sale.

The District proposes to issue and sell bonds in an aggregate principal amount of one hundred eighty million dollars (\$180,000,000). Money raised by the sale of the bonds must be used exclusively to finance the list of projects described in the full text of Measure "V," which is included in this voter information pamphlet ("Bond Project List"). When developing the Bond Project List, the District was required by state law to evaluate safety, class size reduction, and information technology needs. Inclusion of a particular project on the Bond Project List, however, is not a guarantee that the project will actually be funded or completed.

If Measure "V" is approved and the bonds are sold, the District will appoint a citizens oversight committee, and conduct annual independent financial and performance audits to ensure that bond funds are spent only on the construction, reconstruction, rehabilitation, or replacement of school facilities, including furnishing and equipping of school facilities, and the acquisition or leasing of school facilities and for no other purposes.

Approval of Measure "V" will have no effect on existing law but will allow for the issuance and sale of bonds in accordance with the terms of existing law and Measure "V".

A "YES" VOTE MEANS the District will be authorized to issue and sell the Bonds.

A "NO" VOTE MEANS the District will not be authorized to issue and sell the Bonds.

ARGUMENT IN FAVOR OF MEASURE "V"

Vote Yes on V for better, safer Jurupa schools!

Most of our neighborhood schools were built more than 50 years ago and don't meet modern safety codes. Some have hazardous materials like asbestos, lead pipes, while others need earthquake safety retrofits.

Gas lines and plumbing at our older schools are starting to fail, causing leaks, mold, even leaving some classrooms without heat or air conditioning. 276 portable classrooms are 25 years old and falling apart - including structural damage and water leaks.

It's expensive to keep making short-term, band-aid repairs. Measure V is a long-term solution that saves money over time.

Measure V improves campus security, with fencing, cameras, emergency communications systems, smoke detectors, fire alarms, and sprinklers. Measure V will also make our schools and students safer: arts and sports keep kids healthy, active, and away from drugs, gangs, and criminal activity. By upgrading our fields and facilities, Measure V keeps kids on the right track.

Vote Yes on Measure V:

- Remove hazardous materials like asbestos and lead water pipes
- Replace wood and support beams that have extensive termite damage and dry rot
- Fix deteriorating roofs, plumbing, gas lines, and sewer lines
- Improve student safety and school security
- Upgrade older schools so they meet current health and safety codes, including access for students with disabilities
- Upgrade classrooms, labs, and instructional technology needed to support modern instruction in math, science, and engineering
- Improve vocational classes and labs for students who don't plan on college

Local Control for Jurupa Schools:

- All money raised stays in Jurupa schools - no funds can be taken by the State
- Mandatory, independent citizens' oversight, and public spending disclosure are required
- No funds can be used for administrator salaries or pensions

Join hundreds of parents, teachers, and neighbors: vote Yes on Measure V for better, safer Jurupa schools!

FULL TEXT BALLOT PROPOSITION

RIVERSIDE COMMUNITY COLLEGE CAREER PREPARATION, AFFORDABLE HIGHER EDUCATION MEASURE

ELECTION NOVEMBER 5, 2024

“RIVERSIDE COMMUNITY COLLEGE DISTRICT CAREER PREPARATION, AFFORDABLE HIGHER EDUCATION MEASURE.

To repair/upgrade local community colleges, improve access to affordable higher education for careers/skilled trades/ university transfer; provide safe drinking water; meet earthquake, disability access and safety regulations; upgrade security; acquire, construct, repair facilities, sites, equipment; shall Riverside Community College District's measure be adopted, authorizing \$954,000,000 in bonds at legal rates, levying \$19 per \$100,000 of assessed valuation (\$57,000,000 annually while bonds are outstanding), with oversight, audits/ spending disclosure?”

SPECIFIC PROJECT LIST

The Board of Trustees of the Riverside Community College District, to be responsive to the needs of its community, evaluated Moreno Valley College's, Norco College's, and Riverside City College's continuing urgent and critical facility needs, and its capacity to provide local students with an affordable education and prepare them for success in college and careers. **Job training, college transfer** and veterans' support facilities, **campus safety** issues, class size and offerings, and information and computer technology were each considered, in developing the type of projects to be funded. In developing the types of projects described herein, job training facilities, facilities supporting college transfer and career training classrooms and labs, and the expansion of **opportunities for local students** and veterans to receive an **affordable, high-quality education**, were **prioritized**. If these facility needs are not addressed now, each of Moreno Valley, Norco and Riverside City Colleges would be unable to remain competitive in preparing students for jobs in high demand industries, the **skilled trades** and **transfer to four-year colleges and universities**.

The Board of Trustees determines that the Riverside Community College District must:

- (i) **Prepare students for good jobs and careers;**
- (ii) **Improve access to affordable education;**
- (iii) **Provide safe drinking water and upgrade safety and security;**
- (iv) **Upgrade classrooms and labs for science, technology, engineering, job training and training in the skilled trades;**
- (v) **Make basic repairs to older buildings;**
- (vi) **Ensure each local College campus receives their fair share of funding from this measure.**

The types of projects which are authorized to be undertaken at Riverside Community College District include:

PROVIDE AFFORDABLE JOB TRAINING AND COLLEGE TRANSFER:

Classroom, Technology, and Program Improvements To Help Local Students, and Veterans Transfer to Four-Year Universities;

Be Trained For Careers Including the Skilled Trades, Nursing and First Responders

Goals and Purposes:

Many of the buildings, classrooms, science labs, and job training equipment at the local community colleges are deteriorating and outdated. This measure will address urgent, basic and future repair needs such as removing asbestos, mold and lead paint; upgrading outdated electrical wiring and gas and sewer lines; fixing leaky roofs; and improving earthquake safety to make sure all students learn in classrooms that are clean and safe.

This measure will allow for local community colleges to expand and improve classrooms and workspaces and develop the Inland Empire Technical Trade Center to prepare our students for careers in skilled trades such as welders; electricians; and heating, ventilation, and air conditioning technicians. This will ensure our students are qualified for these in-demand, good-paying jobs and provide the workforce our area needs.

Our local community colleges train a large number of the nurses, firefighters, police officers and paramedics in our area. This measure will help improve and repair training facilities, classrooms and labs to address the local shortage of nurses and public safety personnel and ensure they are trained on the latest life-saving technology and techniques, and for future public health and natural disaster emergencies.

- Upgrade emergency-response equipment used to train local first-responders.
- Upgrade and equip classrooms and labs for training nurses and other healthcare professionals.

- Expand Riverside City College's nursing training program and partnerships with local universities and hospitals.
- **Expand training in science, technology, engineering, arts, and math at Moreno Valley College and Norco College so local students do not have to travel to other colleges.**
- Expand training facilities for firefighters, paramedics, police officers and the skilled trades.
- Upgrade classrooms and labs for science, technology, engineering, job training, vocational and skilled jobs training.
- Upgrade and expanding career technical education facilities.
- Update learning technology.
- Improve educational resources, as well as career and academic counseling resource centers for veterans.

PROVIDE LOCAL STUDENTS A HIGH QUALITY AFFORDABLE EDUCATION

IN A SAFE ENVIRONMENT:

Basic Improvements Needed To Allow Moreno Valley College, Norco College, and Riverside City College to Provide Job Training and Vocational Programs That Are Needed To Prepare Students For Good-Paying Local Jobs

Goals and Purposes: The cost to attend California's public universities has risen to at least six times that of attending a community college. This measure increases opportunities for local students to earn college credits and certifications, and learn job skills at an affordable price, and then transfer to four-year colleges and universities without generating crushing debt.

Tens of thousands of local residents rely on Riverside Community College District's colleges each year to get the job training, technical knowledge and specialized skills they need to compete for good-paying, modern careers. This measure will allow our local community colleges to upgrade career programs and partnerships with local employers, so students are prepared for our region's changing economy and today's in-demand careers in nursing and healthcare, police, firefighting, skilled trades, social work, teaching, technology, engineering and more.

- Ensure college buildings continue to meet earthquake and fire safety regulations.
- **Repair leaky roofs and deteriorating gas and sewer lines.**
- Upgrade campus safety for emergencies such as active shooters.
- Remove asbestos and lead paint.
- **Provide safe drinking water.**
- Increase safety lighting on campus and in parking lots.
- Repair bathrooms, plumbing, and aging water pipes and drinking fountains.
- Repair and upgrading deteriorating classrooms.
- Improve accessibility for disabled students.
- Improve emergency communications systems.
- Replace outdated electrical wiring.
- **Upgrade and equip classrooms and labs for training for the skilled trades and for technical careers like heating, ventilation, and air conditioning, carpentry and dental.**
- Develop the Inland Empire Technical Trade Center focused on skilled trades apprenticeships, internships, and on-the-job work based training.
- Develop the Corona Education Center for educational, technical and workforce training.

MEASURE "CC"- RIVERSIDE COMMUNITY COLLEGE DISTRICT

TAX RATE STATEMENT

An election will be held in the Riverside Community College District (the "District") on November 5, 2024 to authorize the sale of up to \$954,000,000 in general obligation bonds (the "2024 Bond Authorization"). If such bonds are authorized and sold, principal and interest on the bonds will be payable only from the proceeds of *ad valorem* tax levies made upon the taxable property in the District. The following information is submitted in compliance with Sections 9400-9406 of the Elections Code of the State of California. Such information is based upon the best estimates and projections presently available from official sources, upon experience within the District, and other demonstrable factors.

The following information is provided pursuant to Elections Code Section 9401:

1. The best estimate of the average annual tax rate that would be required to be levied to fund this bond issue over the entire duration of the bond debt service, based on estimated assessed valuations available at the time of filing of this statement, is \$19.00 per \$100,000 of assessed valuation. It is currently expected that the tax will be collected until fiscal year 2058-59.
2. The best estimate of the highest tax rate that would be required to be levied to fund this bond issue, for each year that bonds are outstanding, based on estimated assessed valuations available at the time of filing this statement, is \$19.00 per \$100,000 of assessed valuation, which is projected to be the same in every fiscal year the bonds remain outstanding.
3. The best estimate of total debt service, including principal and interest, that would be required to be repaid if all the bonds are issued and sold will be approximately \$1.9 billion.

Voters should note that these estimates are based on projections derived from information obtained from official sources, and are based on the assessed value (not market value) of taxable property on the County's official tax rolls. Property owners should consult their own property tax bills and tax advisors to determine their property's assessed value and any applicable tax exemptions.

The attention of all voters is directed to the fact that the foregoing information is based upon projections and estimates only, which amounts are not maximum amounts and durations and are not binding upon the District. The actual debt service, tax rates and the years in which they will apply may vary depending on the timing of bond sales, the par amount of bonds sold at each sale and actual increases in assessed valuations. The timing of the bond sales and the amount of bonds sold at any given time will be determined by the District based on the need for project funds and other considerations. Actual assessed valuations will depend upon the amount and value of taxable property within the District as determined by the County Assessor in the annual assessment and the equalization process.

Dr. Wolde-Ab Isaac
Chancellor
Riverside Community College District

IMPARTIAL ANALYSIS OF MEASURE "CC"

State law authorizes school districts to sell bonds to finance improvements of student safety/security and access; acquire, construct, and repair facilities, sites, and equipment. Monies generated by the sale of such bonds may only be spent for these specified purposes. Bond proceeds cannot be expended to finance teacher and administrator salaries or other school operating expenses.

The Riverside Community College District ("District") has called for an election on the question of whether bonds should be issued and sold by the District. Such bonds can only be issued and sold if at least 55% of the persons who actually vote approve Measure "CC." The bonds would be repaid through an increase in property taxes based upon the assessed value of taxable property in the District in each year of repayment. The Tax Rate Statement, which appears following the full text of Measure "CC" in this voter information pamphlet, reflects the District's current best estimate of the property tax rate increases that will be required to service the bonds at various points during the life of the bonds. At the time of issuance, the projected annual tax to be levied to meet debt service requirements for the proposed bonds is .019¢ per \$100 (or \$19 per \$100,000) of assessed value.

If Measure "CC" is approved, bonds may be issued in series and must be repaid within a maximum statutory term of twenty-five (25) years. The maximum interest rate chargeable on the bonds is regulated by state law. The actual interest rates at which the bonds are sold will depend on the bond market at the time of each sale.

The District proposes to issue and sell bonds in an aggregate principal amount of nine hundred fifty four million dollars (\$954,000,000). Money raised by the sale of the bonds must be used exclusively to finance the list of projects described in the full text of Measure "CC," which is included in this voter information pamphlet ("Bond Project List"). When developing the Bond Project List, the District was required by state law to evaluate safety, class size reduction, and information technology needs. Inclusion of a particular project on the Bond Project List, however, is not a guarantee that the project will actually be funded or completed.

If Measure "CC" is approved and the bonds are sold, the District will appoint a citizens oversight committee, and conduct annual independent financial and performance audits to ensure that bond funds are spent only on the construction, reconstruction, rehabilitation, or replacement of school facilities, including furnishing and equipping of school facilities, and the acquisition or leasing of school facilities and for no other purposes.

Approval of Measure "CC" will have no effect on existing law but will allow for the issuance and sale of bonds in accordance with the terms of existing law and Measure "CC".

A "YES" VOTE MEANS the District will be authorized to issue and sell the Bonds.

A "NO" VOTE MEANS the District will not be authorized to issue and sell the Bonds.

ARGUMENT IN FAVOR OF MEASURE “CC”

Maintain affordable education and job training for local students and veterans and help keep our communities safe and thriving – Vote YES on CC!

Riverside Community College District is an essential resource for local students and returning veterans – ensuring they can earn college credits, certifications and learn in-demand job skills at an affordable price.

YES on CC allows the District to continue providing low-cost, high-quality education and job training classes close to home, so students can gain the technical knowledge for good-paying, modern careers in our local community – including construction trades, social work, teaching, technology, engineering and more!

UC and CSU costs are over SIX times that of RCCD! Yes on CC will increase educational opportunities – allowing students to earn college credits and certifications and then transfer to four-year colleges without generating crushing debt.

YES on CC protects our community safety. Our local colleges are essential in providing the specialized training programs for jobs our community relies on – including 911 emergency responders, nurses, firefighters and police officers.

Your Yes on CC vote helps our economy by upgrading career programs and partnerships with local employers, so students at every campus can get job training, technical knowledge and specialized skills they need for our region's changing economy and today's in-demand careers.

YES on CC will keep classrooms safe for learning – addressing urgent, basic and future repair needs including removing asbestos, mold and lead paint; upgrading outdated electrical wiring and gas and sewer lines; fixing leaky roofs; and improving earthquake safety.

Measure CC is fiscally accountable – by law, Measure CC requires public disclosure of all spending, independent financial and performance audits to ensure all funds are spent as promised, and that every College gets its fair share of funding.

Join students, teachers, veterans, local employers, business and community leaders – Vote YES on CC!

REBUTTAL TO ARGUMENT IN FAVOR OF MEASURE “CC”

The Argument in Favor of Measure CC is long on platitudes and short on details. This measure is a school facilities bond, but astonishingly NOWHERE within their Argument is there any listing of ANY facilities that will be built with the \$915 million it wants us to repay via raising our property taxes.

Instead, the Argument in Favor focuses on feel-good services the Riverside Community College District ALREADY provides ... with or without the passage of Measure CC. Their argument provides no link between providing more services and the facilities it plans on building. We believe this is intentionally done so that the District can spend our money on whatever it wants based upon the fine print of the SIX-page full ballot measure text allowing such. These facts should raise suspicions as to the motives of the proponents of this bond measure.

The only kind of work the Argument in Favor details for its UNKOWN projects deals with what seems like overdue maintenance projects. We question if the District has actually deferred maintenance to the point of putting its students in danger so as to justify these bonds; or is this just simply a scare tactic?

Why didn't the District address “urgent repair needs” with the \$350 million it got from Measure C in 2004?

ARGUMENT AGAINST MEASURE “CC”

Please vote “No” on Measure CC: the District must provide for more accountability over its spending.

In March of 2020, the Riverside Community College District brought forth to the electorate a much less expensive school facility bond measure (Measure A)... **only** \$715 million! That proposal was thoroughly rejected by voters. We see no reason to support this measure either.

Why? Because like then, the District does not believe it has to commit to spending our money on specific projects, but instead leaves itself the flexibility within the fine print of the full ballot proposition to buy/build/renovate/repair almost any school facility it would like, including for employee housing.

Imagine: while the typical resident struggles to make ends meet as their cost-of-living continues to outpace their wages, the District may build free or subsidized housing for its staff that you will pay for either directly in your property taxes or indirectly through your rent.

Why? Because like then, the District offers no guarantees of either a truly independent Citizens Bond Oversight Committee nor independent audits to review spending and safeguard our money, ignoring best practices of the California Association of Bond Oversight Committees (bondoversight.org) and the spirit of Proposition 39, passed by California voters in 2000, which lowered the voter threshold from 2/3s to 55% for the passage of school facility bonds **in return for** the aforementioned taxpayer/stakeholder protections.

Why? Because we believe, like with Measure B (facility bond passed 2004), the District will **later** make most of its projects conform to a Project Labor Agreement, which we think discriminates against private sector construction workers and will dramatically increase the cost of its projects, leaving taxpayers and students shortchanged.

We deserve to know what the District is building, that we have effective oversight, and that our money is well-spent.
