# Elections in California

The Top Two Candidates Open Primary Act requires that all candidates for a voter-nominated office be listed on the same ballot. Previously known as partisan offices, voter-nominated offices include state legislative offices, United States congressional offices, and state constitutional offices.

In both the open primary and general elections, you can vote for any candidate regardless of what party preference you indicated on your voter registration form. In the primary election, the two candidates receiving the most votes—regardless of party preference—move on to the general election. If a candidate receives a majority of the vote (at least 50 percent + 1), a general election still must be held.

Write-in candidates for voter-nominated offices may still run in the primary election. However, a write-in candidate may only move on to the general election if the candidate is one of the top two vote-getters in the primary election. Additionally, there is no independent nomination process for a general election.

California's open primary system does not apply to candidates running for United States President, county central committee, or local offices.

California law requires the following information to be printed in this guide.

## Party-Nominated/Partisan Offices

Political parties may formally nominate candidates for party-nominated/partisan offices at the primary election. A nominated candidate will represent that party as its official candidate for the specific office at the general election and the ballot will reflect an official designation. The top vote-getter for each party at the primary election moves on to the general election. Parties also elect officers of county central committees at the primary election.

A voter can only vote in the primary election of the political party he or she has disclosed a preference for upon registering to vote. However, a political party may allow a person who has declined to disclose a party preference to vote in that party's primary election.

## Voter-Nominated Offices

Political parties are not entitled to formally nominate candidates for voter-nominated offices at the primary election. A candidate nominated for a voter-nominated office at the primary election is the nominee of the people and not the official nominee of any party at the general election. A candidate for nomination to a voter-nominated office shall have his or her qualified party preference, or lack of qualified party preference, stated on the ballot, but the party preference designation is selected solely by the candidate and is shown for the information of the voters only. It does not mean the candidate is nominated or endorsed by the party designated, or that there is an affiliation between the party and candidate, and no candidate nominated by the voters shall be deemed to be the officially nominated candidate of any political party. In the county voter information guide, parties may list the candidates for voter-nominated offices who have received the party's official endorsement.

Any voter may vote for any candidate for a voter-nominated office, if they meet the other qualifications required to vote for that office. The top two vote-getters at the primary election move on to the general election for the voter-nominated office even if both candidates have specified the same party preference designation. No party is entitled to have a candidate with its party preference designation move on to the general election unless the candidate is one of the two highest vote-getters at the primary election.

## Nonpartisan Offices

Political parties are not entitled to nominate candidates for nonpartisan offices at the primary election, and a candidate at the primary election is not the official nominee of any party for the specific office at the general election. A candidate for nomination to a nonpartisan office may not designate his or her party preference, or lack of party preference, on the ballot. The top two vote-getters at the primary election move on to the general election for the nonpartisan office.

**CANDIDATE STATEMENT FOR  
UNITED STATES REPRESENTATIVE,  
41ST CONGRESSIONAL DISTRICT**

**WILL ROLLINS, Democratic**

**AGE: 39**

**OCCUPATION: Counterterrorism Law Attorney**

**EDUCATION AND QUALIFICATIONS:**

I'm Will Rollins, and I'm running for Congress because we need a new generation of leaders to unite the country, end corruption in Washington, and lower costs for Riverside County families.

As a counterterrorism prosecutor, I worked alongside people in both parties to keep our residents and country safe. I went after ISIS terrorists and violent gangs. I prosecuted MS-13 and the Sinaloa Cartel to secure our border and stop the flow of illegal drugs like fentanyl.

The era of corruption and corporate money influencing our government needs to end. It's time we stop allowing politicians to profit from their positions and finally pass term limits for Congress. I will fight to get rid of dark money in politics, ban Members of Congress and their spouses from trading stocks, and ban lobbying after their service.

We need a Congressman focused on what matters to Inland Empire and Coachella Valley families. I'll use my experience taking on corruption and fighting crime to:

- Fight Big Pharma and corporate investors who are buying up homes and making life more expensive.
- Stop price gouging to lower the cost of housing, food, and gas.
- Secure the border to keep our communities safe and stop fentanyl trafficking.
- Protect abortion rights, access to birth control, and fertility treatments.
- Expand job training opportunities and create more good-paying careers without a college degree requirement.

Join law enforcement officers, firefighters, nurses, and community leaders representing both parties in supporting our campaign.

I ask for your vote. Learn more at [WillRollinsForCongress.com](http://WillRollinsForCongress.com).

**CANDIDATE STATEMENT FOR  
UNITED STATES REPRESENTATIVE,  
41ST CONGRESSIONAL DISTRICT**

**KEN CALVERT, Republican**

**AGE: 71**

**OCCUPATION: U.S. Representative**

**EDUCATION AND QUALIFICATIONS:**

It is an honor to serve and represent Riverside County in the U.S. House of Representatives. I never take for granted the privilege and responsibility I have to advocate for our region and a brighter future for all Americans.

I am proud to be one of the most effective Members of Congress in California. I have secured nearly \$100 million in federal funding for Riverside County transportation, water, and homeless projects in just the past few years. I also led a successful bipartisan effort to transfer seven C-130 aircrafts from the U.S. Coast Guard to the state of California for use in wildfire suppression.

For too many families in California, a more prosperous future is out of reach with prices across the economy continuing to rise. I support policies that give families relief and keep more of their money. I voted to double the child tax credit and save families \$2,000 per child. I voted to lower gas and energy prices. I am the only candidate in this race who has pledged to oppose any tax increase on American families.

I will always protect Social Security and Medicare benefits.

To stop the chaos at our border, I voted for legislation that would secure the southern border, hire more border patrol agents, and re-institute the Remain in Mexico policy. I am endorsed by the National Border Patrol Council, the union that represents our border patrol agents.

I sincerely appreciate your past support and humbly ask for your vote again.

**CANDIDATE STATEMENT FOR  
MEMBER OF THE STATE ASSEMBLY,  
63RD ASSEMBLY DISTRICT**

**BILL ESSAYLI, Republican**  
**OCCUPATION: Assemblyman**  
**EDUCATION AND QUALIFICATIONS:**

Thank you for trusting me to represent you in Sacramento to restore common sense in our state.

There is no balance of power under Sacramento's one-party rule. Between Governor Gavin Newsom and the Democrat supermajorities in the California legislature, they're responsible for every decision that comes out of Sacramento. After decades of this one-party rule, we have higher costs, rising crime, outrageous gas prices, and failing schools. It's clear Democrats are leading California down the wrong track.

Thanks to the policies enacted by Democrats, California's economic growth and job opportunities trail behind other states, especially those governed by Republicans. That's why I have voted against tax increases and other policies that make it harder for small businesses to grow.

Families are struggling to get by because of inflation and Democrats' tax-and-regulate policies. I propose we give families relief by reducing our outrageously-high DMV registration fees.

Democrats also want to strip away parental rights. A high school student under 18 needs their parent's permission to get their ear pierced, but Democrats want them to be able to change their gender without even notifying parents. That is dangerous and wrong. I have led the fight to put parents back in control of the lives of their children.

Soft-on-crime policies have failed, and I am working to reverse them. I'm honored to be endorsed by Riverside County Sheriff Chad Bianco and Riverside County District Attorney Mike Hestrin.

I hope I can count on your support too!

**CANDIDATE STATEMENT FOR  
MEMBER OF THE STATE ASSEMBLY,  
63RD ASSEMBLY DISTRICT**

**CHRIS SHOULTS, Democratic**  
**OCCUPATION: Educator / Business Owner**  
**EDUCATION AND QUALIFICATIONS:**

The Inland Empire is being left behind by politicians in Sacramento who only care about themselves and their partisan agendas. I'm running for State Assembly because I know we deserve better. We deserve a representative focused on solutions, not politics.

I'm not a career politician. I'm a husband, proud father to three sons, longtime public school educator, and together with my wife of 30 years, we own a small business based in Menifee. Raised on a farm, I learned about work ethic, personal responsibility, and problem-solving.

I've spent my life either operating and fixing machinery on the farm--or teaching students how to prepare themselves for a bright future in an uncertain time. That's why I'm fed up with Sacramento politicians who are more focused on extreme politics or partisan games instead of results that help families like yours and mine.

We need leaders focused on putting people first, not promoting culture wars and stirring up chaos. My focus will be to serve you and deliver common sense solutions. I'll work with anyone in either party to get things done that will:

- lower the cost of living,
- make housing and healthcare affordable,
- create good-paying job opportunities in the trades, and
- protect our freedoms and our safety.

I am ready to listen, roll up my sleeves, and work hard to build a better tomorrow together. I hope I can count on your vote to restore the California Dream for all of us.

CITY OF CORONA, DISTRICT 2**

**ANTHONY D DADDARIO**

**OCCUPATION: Incumbent**

**EDUCATION AND QUALIFICATIONS:**

As the representative for District 2 in Corona over the last four years, I am enormously proud of the hard work and dedication of the City Council. Corona is in a better financial position; we have planned for success and are working to implement those plans. The city has worked hard to listen to the residents, gather their input and encourage them to participate. Having hosted quarterly Town Halls & Talks w/Tony events I have been able to hear directly from the residents. I have always prided myself on being available to the residents and if re-elected will continue to do so. Corona is moving in a great direction; I am so excited for our future. In the last four years the city has taken on challenges that are a direct reflection of listening to the citizens. Examples include a 60% reduction in homelessness which is a testament to the cities strategic homeless planning, revitalization projects that include a remodeled City Park making it the show piece of our community and revitalization of our downtown. I am looking forward to earning your vote. Thank You

TREASURER,  
CITY OF CORONA**

**CHAD T. WILLARDSON**

**OCCUPATION: Financial Management**

**EDUCATION AND QUALIFICATIONS:**

I'm running for City Treasurer because Corona taxpayers deserve a financial leader with expertise and ethics.

Take confidence in my 22 years of professional investment experience. After nine years at Merrill Lynch, I founded Pacific Capital as a professional investor and certified fiduciary. Though I'm serving as the City Treasurer today, I'm a businessman, not a politician. And I know how to succeed in a volatile economy.

Since being elected in 2016, I've grown the value of Corona's investment account from \$229 million to \$515 million, with the investment return continually above market benchmarks. We also helped save the City an estimated \$166 million by issuing a bond with perfect timing in October 2021.

I've also proactively managed our pension costs by setting up a trust in 2022, growing it to \$46 million with an 11.63% ROI since inception (benchmark 7.89%). During my 8 years in office, our City's financial management improved significantly to manage debts, optimize cash flow, and maximize our income earned, boosting our City's credit rating to AA+ from AA.

Corona is the community where my wife and I are raising our five children and I care deeply about the financial stability of our city.

**EDUCATION AND QUALIFICATIONS:**

Born in Corona, I remember my grandmother, Frances Aldama Martinez, taking me to swim in the Corona River. Originally, the dam's creation included water storage and family activities like boating and fishing. My intent is to continue developing Prado Dam for Corona, Norco, and Eastvale residents.

New water resources need cultivating so Riverside County can avoid higher bills. Importantly, I will pursue policies to increase water reservoirs and process sea water by nuclear power generation (like 81 US Navy ships). This would solve two of California's biggest issues; clean power and clean water.

I am the Retired Founder and the first Superintendent of Irvine International Academy (IIA), the elite Mandarin & English immersion school of Orange County. IIA's opening 2021- 2022 California CAASPP science score was 5<sup>th</sup> out of 1,200 California charter schools, top 99%.

My career included the following: professional development - over 8 years in China, business owner, author, schoolteacher, California nurse (PT42268), and non-profit Executive Director. Formerly, I taught at California Baptist University as Adjunct Professor of Education and Bible and National University Adjunct Professor of Education.

To repair/upgrade local community colleges, improve access to affordable higher education for careers/skilled trades/ university transfer; provide safe drinking water; meet earthquake, disability access and safety regulations; upgrade security; acquire, construct, repair facilities, sites, equipment; shall Riverside Community College District's measure be adopted, authorizing \$954,000,000 in bonds at legal rates, levying \$19 per \$100,000 of assessed valuation (\$57,000,000 annually while bonds are outstanding), with oversight, audits/ spending disclosure?"

**SPECIFIC PROJECT LIST**

The Board of Trustees of the Riverside Community College District, to be responsive to the needs of its community, evaluated Moreno Valley College's, Norco College's, and Riverside City College's continuing urgent and critical facility needs, and its capacity to provide local students with an affordable education and prepare them for success in college and careers. **Job training, college transfer** and veterans' support facilities, **campus safety** issues, class size and offerings, and information and computer technology were each considered, in developing the type of projects to be funded. In developing the types of projects described herein, job training facilities, facilities supporting college transfer and career training classrooms and labs, and the expansion of **opportunities for local students** and veterans to receive an **affordable, high-quality education**, were **prioritized**. If these facility needs are not addressed now, each of Moreno Valley, Norco and Riverside City Colleges would be unable to remain competitive in preparing students for jobs in high demand industries, the **skilled trades** and **transfer to four-year colleges and universities**.

**The Board of Trustees determines that the Riverside Community College District must:**

- (i) **Prepare students for good jobs and careers;**
- (ii) **Improve access to affordable education;**
- (iii) **Provide safe drinking water and upgrade safety and security;**
- (iv) **Upgrade classrooms and labs for science, technology, engineering, job training and training in the skilled trades;**
- (v) **Make basic repairs to older buildings;**
- (vi) **Ensure each local College campus receives their fair share of funding from this measure.**

The types of projects which are authorized to be undertaken at Riverside Community College District include:

**PROVIDE AFFORDABLE JOB TRAINING AND COLLEGE TRANSFER:**

**Classroom, Technology, and Program Improvements To Help Local Students, and Veterans Transfer to Four-Year Universities;**

**Be Trained For Careers Including the Skilled Trades, Nursing and First Responders**

**Goals and Purposes:**

Many of the buildings, classrooms, science labs, and job training equipment at the local community colleges are deteriorating and outdated. This measure will address urgent, basic and future repair needs such as removing asbestos, mold and lead paint; upgrading outdated electrical wiring and gas and sewer lines; fixing leaky roofs; and improving earthquake safety to make sure all students learn in classrooms that are clean and safe.

This measure will allow for local community colleges to expand and improve classrooms and workspaces and develop the Inland Empire Technical Trade Center to prepare our students for careers in skilled trades such as welders; electricians; and heating, ventilation, and air conditioning technicians. This will ensure our students are qualified for these in-demand, good-paying jobs and provide the workforce our area needs.

Our local community colleges train a large number of the nurses, firefighters, police officers and paramedics in our area. This measure will help improve and repair training facilities, classrooms and labs to address the local shortage of nurses and public safety personnel and ensure they are trained on the latest life-saving technology and techniques, and for future public health and natural disaster emergencies.

- Upgrade emergency-response equipment used to train local first-responders.
- Upgrade and equip classrooms and labs for training nurses and other healthcare professionals.

- Expand Riverside City College's nursing training program and partnerships with local universities and hospitals.
- **Expand training in science, technology, engineering, arts, and math at Moreno Valley College and Norco College so local students do not have to travel to other colleges.**
- Expand training facilities for firefighters, paramedics, police officers and the skilled trades.
- Upgrade classrooms and labs for science, technology, engineering, job training, vocational and skilled jobs training.
- Upgrade and expanding career technical education facilities.
- Update learning technology.
- Improve educational resources, as well as career and academic counseling resource centers for veterans.

**PROVIDE LOCAL STUDENTS A HIGH QUALITY AFFORDABLE EDUCATION**

**IN A SAFE ENVIRONMENT:**

**Basic Improvements Needed To Allow Moreno Valley College, Norco College, and Riverside City College to Provide Job Training and Vocational Programs That Are Needed To Prepare Students For Good-Paying Local Jobs**

**Goals and Purposes:** The cost to attend California's public universities has risen to at least six times that of attending a community college. This measure increases opportunities for local students to earn college credits and certifications, and learn job skills at an affordable price, and then transfer to four-year colleges and universities without generating crushing debt.

Tens of thousands of local residents rely on Riverside Community College District's colleges each year to get the job training, technical knowledge and specialized skills they need to compete for good-paying, modern careers. This measure will allow our local community colleges to upgrade career programs and partnerships with local employers, so students are prepared for our region's changing economy and today's in-demand careers in nursing and healthcare, police, firefighting, skilled trades, social work, teaching, technology, engineering and more.

- Ensure college buildings continue to meet earthquake and fire safety regulations.
- **Repair leaky roofs and deteriorating gas and sewer lines.**
- Upgrade campus safety for emergencies such as active shooters.
- Remove asbestos and lead paint.
- **Provide safe drinking water.**
- Increase safety lighting on campus and in parking lots.
- Repair bathrooms, plumbing, and aging water pipes and drinking fountains.
- Repair and upgrading deteriorating classrooms.
- Improve accessibility for disabled students.
- Improve emergency communications systems.
- Replace outdated electrical wiring.
- **Upgrade and equip classrooms and labs for training for the skilled trades and for technical careers like heating, ventilation, and air conditioning, carpentry and dental.**
- Develop the Inland Empire Technical Trade Center focused on skilled trades apprenticeships, internships, and on-the-job work based training.
- Develop the Corona Education Center for educational, technical and workforce training.

**MEASURE "CC"- RIVERSIDE COMMUNITY COLLEGE DISTRICT**

**TAX RATE STATEMENT**

An election will be held in the Riverside Community College District (the "District") on November 5, 2024 to authorize the sale of up to \$954,000,000 in general obligation bonds (the "2024 Bond Authorization"). If such bonds are authorized and sold, principal and interest on the bonds will be payable only from the proceeds of *ad valorem* tax levies made upon the taxable property in the District. The following information is submitted in compliance with Sections 9400-9406 of the Elections Code of the State of California. Such information is based upon the best estimates and projections presently available from official sources, upon experience within the District, and other demonstrable factors.

The following information is provided pursuant to Elections Code Section 9401:

1. The best estimate of the average annual tax rate that would be required to be levied to fund this bond issue over the entire duration of the bond debt service, based on estimated assessed valuations available at the time of filing of this statement, is \$19.00 per \$100,000 of assessed valuation. It is currently expected that the tax will be collected until fiscal year 2058-59.
2. The best estimate of the highest tax rate that would be required to be levied to fund this bond issue, for each year that bonds are outstanding, based on estimated assessed valuations available at the time of filing this statement, is \$19.00 per \$100,000 of assessed valuation, which is projected to be the same in every fiscal year the bonds remain outstanding.
3. The best estimate of total debt service, including principal and interest, that would be required to be repaid if all the bonds are issued and sold will be approximately \$1.9 billion.

Voters should note that these estimates are based on projections derived from information obtained from official sources, and are based on the assessed value (not market value) of taxable property on the County's official tax rolls. Property owners should consult their own property tax bills and tax advisors to determine their property's assessed value and any applicable tax exemptions.

The attention of all voters is directed to the fact that the foregoing information is based upon projections and estimates only, which amounts are not maximum amounts and durations and are not binding upon the District. The actual debt service, tax rates and the years in which they will apply may vary depending on the timing of bond sales, the par amount of bonds sold at each sale and actual increases in assessed valuations. The timing of the bond sales and the amount of bonds sold at any given time will be determined by the District based on the need for project funds and other considerations. Actual assessed valuations will depend upon the amount and value of taxable property within the District as determined by the County Assessor in the annual assessment and the equalization process.

Dr. Wolde-Ab Isaac  
Chancellor  
Riverside Community College District

## IMPARTIAL ANALYSIS OF MEASURE "CC"

State law authorizes school districts to sell bonds to finance improvements of student safety/security and access; acquire, construct, and repair facilities, sites, and equipment. Monies generated by the sale of such bonds may only be spent for these specified purposes. Bond proceeds cannot be expended to finance teacher and administrator salaries or other school operating expenses.

The Riverside Community College District ("District") has called for an election on the question of whether bonds should be issued and sold by the District. Such bonds can only be issued and sold if at least 55% of the persons who actually vote approve Measure "CC." The bonds would be repaid through an increase in property taxes based upon the assessed value of taxable property in the District in each year of repayment. The Tax Rate Statement, which appears following the full text of Measure "CC" in this voter information pamphlet, reflects the District's current best estimate of the property tax rate increases that will be required to service the bonds at various points during the life of the bonds. At the time of issuance, the projected annual tax to be levied to meet debt service requirements for the proposed bonds is .019¢ per \$100 (or \$19 per \$100,000) of assessed value.

If Measure "CC" is approved, bonds may be issued in series and must be repaid within a maximum statutory term of twenty-five (25) years. The maximum interest rate chargeable on the bonds is regulated by state law. The actual interest rates at which the bonds are sold will depend on the bond market at the time of each sale.

The District proposes to issue and sell bonds in an aggregate principal amount of nine hundred fifty four million dollars (\$954,000,000). Money raised by the sale of the bonds must be used exclusively to finance the list of projects described in the full text of Measure "CC," which is included in this voter information pamphlet ("Bond Project List"). When developing the Bond Project List, the District was required by state law to evaluate safety, class size reduction, and information technology needs. Inclusion of a particular project on the Bond Project List, however, is not a guarantee that the project will actually be funded or completed.

If Measure "CC" is approved and the bonds are sold, the District will appoint a citizens oversight committee, and conduct annual independent financial and performance audits to ensure that bond funds are spent only on the construction, reconstruction, rehabilitation, or replacement of school facilities, including furnishing and equipping of school facilities, and the acquisition or leasing of school facilities and for no other purposes.

Approval of Measure "CC" will have no effect on existing law but will allow for the issuance and sale of bonds in accordance with the terms of existing law and Measure "CC".

A "YES" VOTE MEANS the District will be authorized to issue and sell the Bonds.

A "NO" VOTE MEANS the District will not be authorized to issue and sell the Bonds.

**ARGUMENT IN FAVOR OF MEASURE “CC”**

Maintain affordable education and job training for local students and veterans and help keep our communities safe and thriving – Vote YES on CC!

Riverside Community College District is an essential resource for local students and returning veterans – ensuring they can earn college credits, certifications and learn in-demand job skills at an affordable price.

YES on CC allows the District to continue providing low-cost, high-quality education and job training classes close to home, so students can gain the technical knowledge for good-paying, modern careers in our local community – including construction trades, social work, teaching, technology, engineering and more!

UC and CSU costs are over SIX times that of RCCD! Yes on CC will increase educational opportunities – allowing students to earn college credits and certifications and then transfer to four-year colleges without generating crushing debt.

YES on CC protects our community safety. Our local colleges are essential in providing the specialized training programs for jobs our community relies on – including 911 emergency responders, nurses, firefighters and police officers.

Your Yes on CC vote helps our economy by upgrading career programs and partnerships with local employers, so students at every campus can get job training, technical knowledge and specialized skills they need for our region’s changing economy and today’s in-demand careers.

YES on CC will keep classrooms safe for learning – addressing urgent, basic and future repair needs including removing asbestos, mold and lead paint; upgrading outdated electrical wiring and gas and sewer lines; fixing leaky roofs; and improving earthquake safety.

Measure CC is fiscally accountable – by law, Measure CC requires public disclosure of all spending, independent financial and performance audits to ensure all funds are spent as promised, and that every College gets its fair share of funding.

Join students, teachers, veterans, local employers, business and community leaders – Vote YES on CC!

**REBUTTAL TO ARGUMENT IN FAVOR OF MEASURE “CC”**

The Argument in Favor of Measure CC is long on platitudes and short on details. This measure is a school facilities bond, but astonishingly NOWHERE within their Argument is there any listing of ANY facilities that will be built with the \$915 million it wants us to repay via raising our property taxes.

Instead, the Argument in Favor focuses on feel-good services the Riverside Community College District ALREADY provides ... with or without the passage of Measure CC. Their argument provides no link between providing more services and the facilities it plans on building. We believe this is intentionally done so that the District can spend our money on whatever it wants based upon the fine print of the SIX-page full ballot measure text allowing such. These facts should raise suspicions as to the motives of the proponents of this bond measure.

The only kind of work the Argument in Favor details for its UNKOWN projects deals with what seems like overdue maintenance projects. We question if the District has actually deferred maintenance to the point of putting its students in danger so as to justify these bonds; or is this just simply a scare tactic?

Why didn’t the District address “urgent repair needs” with the \$350 million it got from Measure C in 2004?

Vote ‘No’ on Measure CC We deserve full transparency and honesty: no more blank checks.

**ARGUMENT AGAINST MEASURE “CC”**

Please vote “No” on Measure CC: the District must provide for more accountability over its spending.

In March of 2020, the Riverside Community College District brought forth to the electorate a much less expensive school facility bond measure (Measure A)... **only \$715 million!** That proposal was thoroughly rejected by voters. We see no reason to support this measure either.

Why? Because like then, the District does not believe it has to commit to spending our money on specific projects, but instead leaves itself the flexibility within the fine print of the full ballot proposition to buy/build/ renovate/repair almost any school facility it would like, including for employee housing.

Imagine: while the typical resident struggles to make ends meet as their cost-of-living continues to outpace their wages, the District may build free or subsidized housing for its staff that you will pay for either directly in your property taxes or indirectly through your rent.

Why? Because like then, the District offers no guarantees of either a truly independent Citizens Bond Oversight Committee nor independent audits to review spending and safeguard our money, ignoring best practices of the California Association of Bond Oversight Committees (bondoversight.org) and the spirit of Proposition 39, passed by California voters in 2000, which lowered the voter threshold from 2/3s to 55% for the passage of school facility bonds **in return for** the aforementioned taxpayer/ stakeholder protections.

Why? Because we believe, like with Measure B (facility bond passed 2004), the District will **later** make most of its projects conform to a Project Labor Agreement, which we think discriminates against private sector construction workers and will dramatically increase the cost of its projects, leaving taxpayers and students shortchanged.

We deserve to know what the District is building, that we have effective oversight, and that our money is well-spent.
