Elections in California

The Top Two Candidates Open Primary Act requires that all candidates for a voter-nominated office be listed on the same ballot. Previously known as partisan offices, voter-nominated offices include state legislative offices, United States congressional offices, and state constitutional offices.

In both the open primary and general elections, you can vote for any candidate regardless of what party preference you indicated on your voter registration form. In the primary election, the two candidates receiving the most votes—regardless of party preference—move on to the general election. If a candidate receives a majority of the vote (at least 50 percent + 1), a general election still must be held.

Write-in candidates for voter-nominated offices may still run in the primary election. However, a write-in candidate may only move on to the general election if the candidate is one of the top two vote-getters in the primary election. Additionally, there is no independent nomination process for a general election.

California's open primary system does not apply to candidates running for United States President, county central committee, or local offices.

California law requires the following information to be printed in this guide.

Party-Nominated/Partisan Offices

Political parties may formally nominate candidates for party-nominated/partisan offices at the primary election. A nominated candidate will represent that party as its official candidate for the specific office at the general election and the ballot will reflect an official designation. The top vote-getter for each party at the primary election moves on to the general election. Parties also elect officers of county central committees at the primary election.

A voter can only vote in the primary election of the political party he or she has disclosed a preference for upon registering to vote. However, a political party may allow a person who has declined to disclose a party preference to vote in that party's primary election.

Voter-Nominated Offices

Political parties are not entitled to formally nominate candidates for voter-nominated offices at the primary election. A candidate nominated for a voter-nominated office at the primary election is the nominee of the people and not the official nominee of any party at the general election. A candidate for nomination to a voter-nominated office shall have his or her qualified party preference, or lack of qualified party preference, stated on the ballot, but the party preference designation is selected solely by the candidate and is shown for the information of the voters only. It does not mean the candidate is nominated or endorsed by the party designated, or that there is an affiliation between the party and candidate, and no candidate nominated by the voters shall be deemed to be the officially nominated candidate of any political party. In the county voter information guide, parties may list the candidates for voter-nominated offices who have received the party's official endorsement.

Any voter may vote for any candidate for a voter-nominated office, if they meet the other qualifications required to vote for that office. The top two vote-getters at the primary election move on to the general election for the voter-nominated office even if both candidates have specified the same party preference designation. No party is entitled to have a candidate with its party preference designation move on to the general election unless the candidate is one of the two highest vote-getters at the primary election.

Nonpartisan Offices

Political parties are not entitled to nominate candidates for nonpartisan offices at the primary election, and a candidate at the primary election is not the official nominee of any party for the specific office at the general election. A candidate for nomination to a nonpartisan office may not designate his or her party preference, or lack of party preference, on the ballot. The top two vote-getters at the primary election move on to the general election for the nonpartisan office.

**CANDIDATE STATEMENT FOR
UNITED STATES REPRESENTATIVE,
41ST CONGRESSIONAL DISTRICT**

WILL ROLLINS, Democratic

AGE: 39

OCCUPATION: Counterterrorism Law Attorney

EDUCATION AND QUALIFICATIONS:

I'm Will Rollins, and I'm running for Congress because we need a new generation of leaders to unite the country, end corruption in Washington, and lower costs for Riverside County families.

As a counterterrorism prosecutor, I worked alongside people in both parties to keep our residents and country safe. I went after ISIS terrorists and violent gangs. I prosecuted MS-13 and the Sinaloa Cartel to secure our border and stop the flow of illegal drugs like fentanyl.

The era of corruption and corporate money influencing our government needs to end. It's time we stop allowing politicians to profit from their positions and finally pass term limits for Congress. I will fight to get rid of dark money in politics, ban Members of Congress and their spouses from trading stocks, and ban lobbying after their service.

We need a Congressman focused on what matters to Inland Empire and Coachella Valley families. I'll use my experience taking on corruption and fighting crime to:

- Fight Big Pharma and corporate investors who are buying up homes and making life more expensive.
- Stop price gouging to lower the cost of housing, food, and gas.
- Secure the border to keep our communities safe and stop fentanyl trafficking.
- Protect abortion rights, access to birth control, and fertility treatments.
- Expand job training opportunities and create more good-paying careers without a college degree requirement.

Join law enforcement officers, firefighters, nurses, and community leaders representing both parties in supporting our campaign.

I ask for your vote. Learn more at WillRollinsForCongress.com.

KEN CALVERT, Republican

AGE: 71

OCCUPATION: U.S. Representative

EDUCATION AND QUALIFICATIONS:

It is an honor to serve and represent Riverside County in the U.S. House of Representatives. I never take for granted the privilege and responsibility I have to advocate for our region and a brighter future for all Americans.

I am proud to be one of the most effective Members of Congress in California. I have secured nearly \$100 million in federal funding for Riverside County transportation, water, and homeless projects in just the past few years. I also led a successful bipartisan effort to transfer seven C-130 aircrafts from the U.S. Coast Guard to the state of California for use in wildfire suppression.

For too many families in California, a more prosperous future is out of reach with prices across the economy continuing to rise. I support policies that give families relief and keep more of their money. I voted to double the child tax credit and save families \$2,000 per child. I voted to lower gas and energy prices. I am the only candidate in this race who has pledged to oppose any tax increase on American families.

I will always protect Social Security and Medicare benefits.

To stop the chaos at our border, I voted for legislation that would secure the southern border, hire more border patrol agents, and re-institute the Remain in Mexico policy. I am endorsed by the National Border Patrol Council, the union that represents our border patrol agents.

I sincerely appreciate your past support and humbly ask for your vote again.

**CANDIDATE STATEMENT FOR
MEMBER OF THE STATE ASSEMBLY,
63RD ASSEMBLY DISTRICT**

BILL ESSAYLI, Republican
OCCUPATION: Assemblyman
EDUCATION AND QUALIFICATIONS:

Thank you for trusting me to represent you in Sacramento to restore common sense in our state.

There is no balance of power under Sacramento's one-party rule. Between Governor Gavin Newsom and the Democrat supermajorities in the California legislature, they're responsible for every decision that comes out of Sacramento. After decades of this one-party rule, we have higher costs, rising crime, outrageous gas prices, and failing schools. It's clear Democrats are leading California down the wrong track.

Thanks to the policies enacted by Democrats, California's economic growth and job opportunities trail behind other states, especially those governed by Republicans. That's why I have voted against tax increases and other policies that make it harder for small businesses to grow.

Families are struggling to get by because of inflation and Democrats' tax-and-regulate policies. I propose we give families relief by reducing our outrageously-high DMV registration fees.

Democrats also want to strip away parental rights. A high school student under 18 needs their parent's permission to get their ear pierced, but Democrats want them to be able to change their gender without even notifying parents. That is dangerous and wrong. I have led the fight to put parents back in control of the lives of their children.

Soft-on-crime policies have failed, and I am working to reverse them. I'm honored to be endorsed by Riverside County Sheriff Chad Bianco and Riverside County District Attorney Mike Hestrin.

I hope I can count on your support too!

**CANDIDATE STATEMENT FOR
MEMBER OF THE STATE ASSEMBLY,
63RD ASSEMBLY DISTRICT**

CHRIS SHOULTS, Democratic
OCCUPATION: Educator / Business Owner
EDUCATION AND QUALIFICATIONS:

The Inland Empire is being left behind by politicians in Sacramento who only care about themselves and their partisan agendas. I'm running for State Assembly because I know we deserve better. We deserve a representative focused on solutions, not politics.

I'm not a career politician. I'm a husband, proud father to three sons, longtime public school educator, and together with my wife of 30 years, we own a small business based in Menifee. Raised on a farm, I learned about work ethic, personal responsibility, and problem-solving.

I've spent my life either operating and fixing machinery on the farm--or teaching students how to prepare themselves for a bright future in an uncertain time. That's why I'm fed up with Sacramento politicians who are more focused on extreme politics or partisan games instead of results that help families like yours and mine.

We need leaders focused on putting people first, not promoting culture wars and stirring up chaos. My focus will be to serve you and deliver common sense solutions. I'll work with anyone in either party to get things done that will:

- lower the cost of living,
- make housing and healthcare affordable,
- create good-paying job opportunities in the trades, and
- protect our freedoms and our safety.

I am ready to listen, roll up my sleeves, and work hard to build a better tomorrow together. I hope I can count on your vote to restore the California Dream for all of us.

MIKE PACHECO

AGE: 62

OCCUPATION: Retired Fire Captain, L.A. Co. FD

EDUCATION AND QUALIFICATIONS:

With 34 years in Fire Service, I'm just a regular guy, not a politician. As a 31-year District resident, I'm running for School Board to serve our children and their families. It appears we have an Emergency of Wokeness and Radical Policies in schools across America.

EDUCATION: According to Publicschoolreview.com¹, LEUSD ranked #1162 out of 1941 school districts based on combined math and reading proficiency data. This placed LEUSD in the bottom 50% in California for 2021/2022. An educator's focus should only be on preparing students to promote to the next grade and should include legible penmanship; proficiency in TRADITIONAL curriculum and, knowledge of America's special place in world history.

WOKENESS: The Woke Mind Virus Indoctrination can cause destruction of our children's innocence. Critical Race Theory and the like should not be taught. ENOUGH IS ENOUGH!

PARENT/FAMILY RIGHTS: It's YOUR family values that matter, not theirs! Over time, families have lost the right to have a say in what their children are exposed to throughout the school day. NO MORE SECRETS!

I would be honored to have your vote.

AGE: 43

OCCUPATION: Incumbent

EDUCATION AND QUALIFICATIONS:

As a mother of four LEUSD students, ranging from 2nd grade to a 2024 TCHS graduate, I am deeply invested in our district's success. My professional journey as a former LEUSD special education administrator, teacher, and professor of education at Azusa Pacific University has equipped me with the insights and experience necessary to advocate for meaningful change.

Two years ago, I saw the need for transformation and stepped up to serve on the school board. Since then, I am proud of the advancements we made in physical security, curricular supports, and parent engagement. These achievements are just the beginning.

Currently, as an Education Strategist, I support districts across California and Hawaii in implementing solutions that enhance student and staff outcomes. I owe it to my children and our community to continue this work. My focus is ensuring every student succeeds, every family feels supported and every staff member is equipped with what they need.

Project Costs for Furnishings and Equipment

Each project is assumed to include its share of furniture, fixtures, equipment, architectural, engineering, and similar planning costs, program/project management, staff training expenses and a customary contingency for unforeseen design and construction costs. In addition to the listed projects stated above, the list also includes the acquisition of a variety of instructional, maintenance and operational equipment, including the reduction or retirement of outstanding lease obligations and interim funding incurred to advance fund projects from the list; installation of signage and fencing; payment of the costs of preparation of all facility planning, facility studies, assessment reviews, facility master plan preparation and updates, environmental studies (including environmental investigation, remediation and monitoring), design and construction documentation, and temporary housing of dislocated District activities caused by construction projects. The upgrading of technology infrastructure includes, but is not limited to, computers, projectors, portable interface devices, servers, switches, routers, modules, sound projection systems, printers, digital white boards, document projectors, telephone system, call manager and network security/firewall, wireless technology systems and other miscellaneous equipment and software.

Incidental Costs - Incidental costs include, but are not limited to: costs of design, engineering, architect, legal and other professional services, facilities assessments, labor and material costs, sewer capacity improvements, inspections, site preparation, utilities, landscaping, construction management by third parties, general contractors and/or District personnel, and other planning and permitting, environmental review, rezoning and municipal license fees if any, legal, accounting and similar costs; independent annual financial and performance audits; a customary construction contingency; demolition and disposal of existing structures; the costs of interim housing and storage during construction including relocation and construction costs incurred relating to interim facilities; rental or construction of storage facilities and other space on an interim basis for materials and other equipment and furnishings displaced during construction;

costs of relocating facilities and equipment as needed in connection with the projects; interim classrooms and facilities for students, administrators, and school functions, including modular facilities; all federal, state and locally-mandated safety upgrades; the costs of new or expanded infrastructure; the cost of providing parking and other facilities to accommodate new or expanded facilities; addressing any unforeseen conditions revealed by construction/modernization and other necessary improvements required to comply with existing building codes, including the Field Act; complying with all access requirements of the Americans with Disabilities Act and similar laws and regulations; costs of the election; project construction oversight, management and administration during the duration of such projects, including by District personnel.

Project costs for the above-referenced projects may include project management/construction management costs, warranty costs, master facilities planning, state or local costs or expenses involving design, planning, site and facilities development costs and charges, environmental review(s) and proceedings, audit costs, direct legal costs and related costs. Project costs may also include the payment or prepayment of existing or future lease payments and/or interim financing costs for lease of authorized facilities, property or buildings, prepayment of lease obligations for facilities purposes (including temporary classroom facilities) and payment of costs and expenses for interim financing of authorized facilities (including, but not limited to, financing delivery costs). Proceeds of the bonds may be used to pay or reimburse the District for the cost of District staff when performing work on, or necessary and incidental to, bond projects. Allowable project costs also include: costs of issuing the bonds or other securities (as authorized under California law), informational distribution costs and election costs authorized under State law.

The scope and nature of any of the specific projects described above may be altered by the District as required by unforeseen conditions that may arise during the course of design and accomplishment of the projects. In the event that a modernization or renovation project is more economical for the District to be undertaken as new construction, this bond measure authorizes land acquisition, relocation and construction and/or reconstruction, and all costs relating thereto, for said reason or, alternatively, based on other considerations deemed in the best interest of the District by the Governing Board. In addition, this measure authorizes the acquisition of real property, including necessary rights of ways or other real property interests, required to expand District facilities, to provide access to school or other District facilities, or to provide additional school or related facilities.

Projects described within this list may be undertaken and used as joint use projects with other public agencies.

This School Facilities Project List describes the specific facilities and capital projects the District may finance with proceeds of the Bonds. In addition, authorized projects include reimbursements for paid project costs and paying and/or prepaying interim or previously obtained financing for the types of projects included on the project list, such as bond anticipation notes, and including payment and prepayment of lease payments relating to projects and/or equipment previously financed. Listed projects will be completed as needed at a particular school site according to Board-established priorities, and the order in which such projects appear on this School Facilities Project List is not an indication of priority for funding or completion. The final cost of each project will be determined as plans are finalized, construction bids are awarded, and projects are completed. Certain construction funds expected from non-bond sources, including State grant funds for eligible projects, have not yet been secured. Until all project costs and funding sources are known, the Governing Board cannot determine the amount of bond proceeds available to be allocated for each project, nor guarantee that the bonds will provide sufficient funds to allow completion of all listed projects. Completion of some projects may be subject to further government approvals by State officials and boards, to local environmental review, and to input from the public. For these reasons, inclusion of a project on the School Facilities Projects List is not a guarantee that any specific project listed herein will be funded, constructed or completed by a specific date.

Interpretation - The terms of this Bond Measure and the words used in the School Facilities Project List shall be interpreted broadly to effect the purpose of providing broad and clear authority for the officers and employees of the District to provide for the school facilities projects the District proposes to finance with the proceeds of the sale of bonds authorized by this proposition within the authority provided by law, including, but not limited to, Article XIII A, Section 1(b)(3) of the California Constitution, Education Code Section 15000 *et seq.* and the Strict Accountability in Local School Construction Bonds Act of 2000. Words used in the Project List such as repair, improve, upgrade, expand, modernize, renovate, and reconfigure are used to describe school facilities projects in plain English but are not intended to expand the nature of such projects beyond what is authorized by law. As such, in accordance with legal requirements, the Bond Project List does not authorize, and shall not be interpreted to authorize, expending proceeds of the sale of bonds authorized by this proposition for current maintenance, operation or repairs.

Severability - The District Board hereby declares, and the voters by approving this Bond Measure concur, that every section and part of this bond proposition has independent value, and the District Board and the voters would have adopted each provision hereof regardless of every other provision hereof. Upon approval of this measure by the voters, should any part be found by a court of competent jurisdiction to be invalid for any reason, all remaining parts hereof shall remain in full force and effect to the fullest extent allowed by law, and to this end the provisions of this bond measure are severable.

In preparing the foregoing School Facilities Project List, the Governing Board of the Lake Elsinore Unified School District has evaluated safety, class size and information technology needs.

MEASURE "T"- LAKE ELSINORE UNIFIED SCHOOL DISTRICT

TAX RATE STATEMENT

**LAKE ELSINORE UNIFIED SCHOOL DISTRICT -
GENERAL OBLIGATION BOND ELECTION OF NOVEMBER 5, 2024**

As shown in the provided official ballot, an election is being held in the Lake Elsinore Unified School District ("District") on November 5, 2024, for the purpose of submitting to the registered voters within the District the question of whether the District shall be authorized to issue and sell bonds in an amount not to exceed \$198,000,000 for the purpose of providing funds for the specified school facilities and school projects as set forth in the resolution of the District calling such bond election. This measure will authorize an *ad valorem* tax sufficient for payment of interest on, and redemption of, the bonds. If authorized, the bonds shall bear interest at a rate, or rates, to be established at such time as the bonds are sold, in one or more series, at fixed or variable interest rates not to exceed the maximum applicable statutory rate for such bonds. If such bonds are authorized and sold, the principal thereof and the interest thereon are a general obligation of the District payable solely from the proceeds of *ad valorem* property taxes on taxable real property located within the District.

The following information is submitted in compliance with California Elections Code Sections 9401 through 9405 based on estimates of assessed valuations available at the time of filing of this statement:

- (a) The best estimate from official sources of the average annual tax rate that would be required to be levied to fund the bond issue during the entire duration of the bond debt service (repayment of the bonds) based on estimated assessed valuations available at the time of filing of this statement, which is a projection based on experience within the same jurisdiction or other demonstrable factors, is \$0.028 per \$100 (\$28.00 per \$100,000) of assessed valuation. The final fiscal year in which such tax is anticipated to be collected is 2060-2061.
- (b) The best estimate from official sources of the highest tax rate which would be required to be levied to fund such bond issue(s) based on estimated assessed valuations available at the time of filing of this statement, which is a projection based on experience within the same jurisdiction or other demonstrable factors, is \$0.028 per \$100 (\$28.00 per \$100,000) of assessed valuation. It is estimated that this tax rate would apply in the 2025-2026 tax/fiscal year.
- (c) The best estimate of the total debt service, including principal and interest, that would be required to be repaid if all the bonds are issued and sold is \$396,000,000.

Voters should note that these estimated tax rates are based on the *assessed value* of taxable property within the District as shown on the official rolls of Riverside County, *not* on the property's market value. In addition, taxpayers eligible for a property tax exemption, such as the homeowner's exemption, will be taxed at a lower effective rate than described above. Actual future assessed valuation will depend upon the amount and value of taxable property within the District as determined by the Riverside County Assessor in the annual assessment and the equalization process. Property owners should consult their own property tax bills and/or tax advisors to determine their property's assessed value and any applicable tax exemptions.

The attention of all voters is directed to the fact that these estimates are based on assumptions and projections derived from information currently available and obtained from official sources. The actual tax rates and the years in which they will apply may vary depending on the timing of any bond sales, the amount of bonds sold, the maturities of the bonds issued and sold, market interest rates at the time of each sale of bonds and actual assessed valuations over the term of repayment of the bonds. The figures provided above are estimations based on the factors noted herein and are not maximum limitations. The timing of the bond sales and the amount of bonds sold at any given time will be governed by the needs of the District. The actual interest rates at which the bonds will be sold will depend on the bond market at the time of each such sale. Actual future assessed valuation will depend upon the amount and value of taxable property within the District as determined by the Riverside County Assessor in the annual assessment and the equalization process.

Dated: June 24, 2024

Ryan Lewis, Ed.D., Superintendent, Lake Elsinore
Unified School District

IMPARTIAL ANALYSIS OF MEASURE "T"

State law authorizes school districts to sell bonds to finance improvements of student safety/security; build new classrooms/schools to relieve overcrowding; fix roofs and plumbing/electrical/ventilation systems; and repair/upgrade classrooms, science labs, and school facilities that support instruction in science, technology, engineering, arts, math, and reading. Monies generated by the sale of such bonds may only be spent for these specified purposes. Bond proceeds cannot be expended to finance teacher and administrator salaries or other school operating expenses.

The Lake Elsinore Unified School District ("District") has called for an election on the question of whether bonds should be issued and sold by the District. Such bonds can only be issued and sold if at least 55% of the persons who actually vote approve Measure "T." The bonds would be repaid through an increase in property taxes based upon the assessed value of taxable property in the District in each year of repayment. The Tax Rate Statement, which appears following the full text of Measure "T" in this voter information pamphlet, reflects the District's current best estimate of the property tax rate increases that will be required to service the bonds at various points during the life of the bonds. At the time of issuance, the projected annual tax to be levied to meet debt service requirements for the proposed bonds is 2.8¢ per \$100 (or \$28.00 per \$100,000) of assessed value.

If Measure "T" is approved, bonds may be issued in series and must be repaid within a maximum statutory term of twenty-five (25) years. The maximum interest rate chargeable on the bonds is regulated by state law. The actual interest rates at which the bonds are sold will depend on the bond market at the time of each sale.

The District proposes to issue and sell bonds in an aggregate principal amount of one hundred ninety-eight million dollars (\$198,000,000). Money raised by the sale of the bonds must be used exclusively to finance the list of projects described in the full text of Measure "T," which is included in this voter information pamphlet ("Bond Project List"). When developing the Bond Project List, the District was required by state law to evaluate safety, class size reduction, and information technology needs. Inclusion of a particular project on the Bond Project List, however, is not a guarantee that the project will actually be funded or completed.

If Measure "T" is approved and the bonds are sold, the District will appoint a citizens oversight committee, and conduct annual independent financial and performance audits to ensure that bond funds are spent only on the construction, reconstruction, rehabilitation, or replacement of school facilities, including furnishing and equipping of school facilities, and the acquisition or leasing of school facilities and for no other purposes.

Approval of Measure "T" will have no effect on existing law but will allow for the issuance and sale of bonds in accordance with the terms of existing law and Measure "T".

A "YES" VOTE MEANS the District will be authorized to issue and sell the Bonds.

A "NO" VOTE MEANS the District will not be authorized to issue and sell the Bonds.

County Counsel

ARGUMENT IN FAVOR OF MEASURE "T"

Vote Yes on T to repair and upgrade our local schools and support the highest quality academic instruction for our students.

For our students to succeed in college and careers, they must be skilled in the use of today's technologies and have a solid background in science, math, engineering and technology. **Measure T will continue to make this possible.**

Measure T requires a transparent system of accountability including a project list detailing how the money will be used, a Citizens' Oversight Committee, and public disclosure of how all Measure T funds are spent.

Student safety is a top priority for schools around the nation. Measure T will provide funding to implement the latest safety and security measures in our schools.

Vote YES on T to:

- Upgrade schools to meet current health codes, building safety codes and provide proper access for students with disabilities
- Repair/replace deteriorating roofs, outdated heating, ventilation and electrical systems
- Replace old portable classrooms and build new classrooms to relieve overcrowding at existing schools
- Keep computer systems and instructional technology up-to-date
- Provide modern labs, career technical facilities/equipment to support instruction in health sciences, engineering, technology and skilled trades
- Improve student safety and campus security systems

Measure T is fiscally accountable:

- Independent citizens' oversight and annual audits are required
- All funds stay local – no funds can be taken away by the State
- Funds cannot be spent on administrator/teacher salaries, benefits or pensions

Measure T will allow our schools to qualify for millions in state matching funds that would otherwise go to other schools.

Even if you don't have school-aged children, supporting Measure T is a wise investment. Great schools protect our quality of life and increase our property values.

Please join parents, teachers, seniors, elected officials and business leaders and vote YES on T for top-notch schools.

IMPARTIAL ANALYSIS OF MEASURE “Z”

On May 30, 2024, citizens submitted an initiative petition entitled “City of Canyon Lake Public Safety Funding Ordinance” to the City of Canyon Lake. It is estimated that the initiative, known as Measure Z, will provide an additional \$855,000 in annual local funding that will be restricted to public safety services such as police, fire, paramedic, and 911 response. This tax would be a “special tax,” meaning that revenues raised from the ordinance would go into a separate fund and could only be used by the City to pay for public safety services.

After certifying that the petition had been signed by the required number of voters, the Canyon Lake City Council placed Measure Z on the ballot for the general municipal election on November 5, 2024, as required by the California Constitution, which requires a majority of the voters to approve a citizen initiative that seeks to establish a special tax.

If approved by a majority of Canyon Lake voters, this Measure would authorize a 0.75% retail transactions and use (sales) tax within the City of Canyon Lake. A 0.75% rate equates to 0.75¢ (less than 1 cent) per \$1 purchased of taxable goods. Exempted from sales tax are unprocessed groceries, rent, prescription medicine and personal services such as medical, dental, and legal. If approved, this Measure will also establish a cannabis business tax with an initial rate of 6%. The City Council will be authorized to increase the cannabis business tax to the maximum rate of 8% without a further vote of the people. Finally, if approved, this Measure would restrict proceeds from the already established Utility Users Tax on sewer and water services, as well as proceeds from the Emergency Medical Services program to only be used for public safety services.

If approved, the tax would remain in effect until ended by Canyon Lake voters voting at a subsequent election. All revenues raised by the tax would remain in the City and would not be shared with the State, County, or any other agency. The revenues and expenditures generated by the tax would be subject to the same independent audit requirements as other city revenues.

A “yes” vote on Measure Z will approve the Measure.

A “no” vote on Measure Z will not approve the Measure.

The above statement is an impartial analysis of Measure Z. If you desire a copy of the Measure, please visit canyonlakeca.gov or call the City Clerk’s Office at 951-244-2955 and a copy will be mailed at no cost to you.

ARGUMENT IN FAVOR OF MEASURE “Z”

VOTE YES on Z to Put Public Safety First and Maintain Local Control

City revenue is not keeping up with the rising costs of public safety services. Canyon Lake is struggling to pay for our current level of police and fire protection. Future cost increases and lawsuits against the city threaten our ability to self-govern.

At our current level of service, **residents wait over half an hour** on average **for responses to 911 police calls** (based on data provided by the Riverside County Sheriff’s Department).

Meanwhile, our **Fire Department cannot respond to more than one emergency call** at a time without outside assistance. Despite tough budget cuts, the city was still **unable to fund lake rescue training for firefighters** in its 2025 budget.

We can do better.

Measure Z creates a Public Safety Fund that can only be used for police, fire and paramedic services.

YES on Z will provide funding to **reduce police response times** by hiring an additional full-time officer.

YES on Z will provide funding to **increase fire safety service levels** by adding staff, training and/or equipment.

YES on Z guarantees that the **Public Safety Fund** will be spent on **police, fire and paramedic services.**

YES on Z keeps spending decisions local, away from Sacramento or county politicians.

YES on Z secures Canyon Lake’s financial future. Measure Z **adds legal protections for existing revenues** threatened by lawsuits. Measure Z will transfer revenues from Emergency Medical Services (EMS) program fees and Water and Sewer Utility Taxes from the General Fund into the Public Safety Fund – ensuring those funds are spent on public safety.

YES on Z is endorsed by local business and community leaders and the Canyon Lake Firefighters Association.
