Elections in California

The Top Two Candidates Open Primary Act requires that all candidates for a voter-nominated office be listed on the same ballot. Previously known as partisan offices, voter-nominated offices include state legislative offices, United States congressional offices, and state constitutional offices.

In both the open primary and general elections, you can vote for any candidate regardless of what party preference you indicated on your voter registration form. In the primary election, the two candidates receiving the most votes—regardless of party preference—move on to the general election. If a candidate receives a majority of the vote (at least 50 percent + 1), a general election still must be held.

Write-in candidates for voter-nominated offices may still run in the primary election. However, a write-in candidate may only move on to the general election if the candidate is one of the top two vote-getters in the primary election. Additionally, there is no independent nomination process for a general election.

California's open primary system does not apply to candidates running for United States President, county central committee, or local offices.

California law requires the following information to be printed in this guide.

Party-Nominated/Partisan Offices

Political parties may formally nominate candidates for party-nominated/partisan offices at the primary election. A nominated candidate will represent that party as its official candidate for the specific office at the general election and the ballot will reflect an official designation. The top vote-getter for each party at the primary election moves on to the general election. Parties also elect officers of county central committees at the primary election.

A voter can only vote in the primary election of the political party he or she has disclosed a preference for upon registering to vote. However, a political party may allow a person who has declined to disclose a party preference to vote in that party's primary election.

Voter-Nominated Offices

Political parties are not entitled to formally nominate candidates for voter-nominated offices at the primary election. A candidate nominated for a voter-nominated office at the primary election is the nominee of the people and not the official nominee of any party at the general election. A candidate for nomination to a voter-nominated office shall have his or her qualified party preference, or lack of qualified party preference, stated on the ballot, but the party preference designation is selected solely by the candidate and is shown for the information of the voters only. It does not mean the candidate is nominated or endorsed by the party designated, or that there is an affiliation between the party and candidate, and no candidate nominated by the voters shall be deemed to be the officially nominated candidate of any political party. In the county voter information guide, parties may list the candidates for voter-nominated offices who have received the party's official endorsement.

Any voter may vote for any candidate for a voter-nominated office, if they meet the other qualifications required to vote for that office. The top two vote-getters at the primary election move on to the general election for the voter-nominated office even if both candidates have specified the same party preference designation. No party is entitled to have a candidate with its party preference designation move on to the general election unless the candidate is one of the two highest vote-getters at the primary election.

Nonpartisan Offices

Political parties are not entitled to nominate candidates for nonpartisan offices at the primary election, and a candidate at the primary election is not the official nominee of any party for the specific office at the general election. A candidate for nomination to a nonpartisan office may not designate his or her party preference, or lack of party preference, on the ballot. The top two vote-getters at the primary election move on to the general election for the nonpartisan office.

**CANDIDATE STATEMENT FOR
UNITED STATES REPRESENTATIVE,
39TH CONGRESSIONAL DISTRICT**

MARK TAKANO, Democratic
OCCUPATION: U.S. Congressman
EDUCATION AND QUALIFICATIONS:

Dear Neighbor,

It has been a great honor to serve the people of Riverside, Moreno Valley, Jurupa Valley and Perris in the United States Congress.

I have been fighting for the American people in Congress — working to lower the cost of prescription drugs, deliver groundbreaking overtime pay for workers, and stave off Republican attempts to slash Social Security, Medicare, and veterans benefits. I've taken action to address air quality issues in our regions. I continued working in the service of our veterans, enacting historic legislation to support those suffering from medical challenges connected to their service.

Since taking office, I have worked to pass laws to support students, protect small businesses, defend our immigrant communities, and create high-paying jobs in the Inland Empire. My office has returned more than \$15 million in federal funds that were owed to members of our community and has secured more than \$37 million in community project funding to support childcare, fight homelessness, and build vital infrastructure.

As a lifelong resident of the Inland Empire, and former public school teacher, I'm proud to have the support of leaders from throughout the region.

If re-elected, I will continue to stand up for the values of our democracy, fight for a more equitable economy, and oppose the Republicans' radical Project 2025 agenda that would take essential rights away from women, undermine our economy, and reduce opportunities for young Americans.

I respectfully ask for your vote,

Mark Takano

UNITED STATES REPRESENTATIVE,
39TH CONGRESSIONAL DISTRICT**

DAVID SERPA, Republican
OCCUPATION: Businessman / Author / Entrepreneur
EDUCATION AND QUALIFICATIONS:

AGE: 39

I'm a Marine Corps veteran, businessman, and author of "Common Sense for California; A Guide to the New Revolution." I know our neighbors are not our enemies. It's time to unite around common-sense and save our country.

Water is the cornerstone of every great society. For a fraction of what we spend on war, we could line the coast with desalination plants, funnel fresh water inland, grow the food we eat here, and reduce grocery costs.

America is energy rich behaving like we are energy poor. We have uranium, lithium, natural gas, and oil. Drill, stop decommissioning nuclear facilities, build a bridge to a nuclear future, and reduce gas costs now.

We don't have a country if we can't defend it. The DOD failed its 6th consecutive audit, unable to account for 61% of trillions of dollars worldwide. America needs to stop engaging in foreign wars while falling apart on the Homefront.

Americans have some of the highest healthcare costs in the world, yet we aren't covered. Annually, nearly 650,000 people declare bankruptcy due to medical bills, accounting for more than 60% of all bankruptcies. President Trump pledged to repeal and replace Obama Care. It's time.

There needs to be value in education for every child. We need trades, apprenticeships, licensing, and certificate programs in High Schools. Let's revitalize public universities to create more doctors, teachers, nurses, and engineers and not burden them with debt. Ultimately, creating more taxpayers, homeowners, and business owners. An investment in people would yield dividends.

SABRINA CERVANTES, Democratic

OCCUPATION: California State Assemblymember

EDUCATION AND QUALIFICATIONS:

Dear Neighbor,

I'm running for State Senate because our Inland Empire communities need a senator with a strong track record of getting things done.

I'm a working mother of triplets who currently represents portions of Riverside County in the State Assembly. In this role, I've authored 44 bills that have been signed into law, including important legislation to help local veterans, seniors, small businesses, and schools. Having served as the Chair of the Assembly Committee on Jobs, I've been on the frontlines of the fight to help small businesses create jobs and grow wages for working families.

My record in the State Assembly includes:

- Expanding the UCR Medical School to address the physician shortage
- Championing legislation to reduce crime and address the fentanyl epidemic
- Securing over \$650 million in funding for local schools, parks, and infrastructure
- Opposing tax increases and working to stop rising costs
- Building a Veterans Resource Center at Norco College
- Fighting to protect women's rights and increase access to maternal mental health

I'm a lifelong Riverside County resident, and I worked in the private sector, state government, and for a statewide nonprofit organization prior to my election to the State Legislature. I earned my bachelor's degree in political science with a minor in public policy from the University of California, Riverside.

I'm proud to have the support of over 200 organizations and leaders throughout Riverside and San Bernardino counties, including groups representing local firefighters, teachers, and nurses.

ZENDA YVETTE LEWIS

OCCUPATION: Retired Physician Assistant

EDUCATION AND QUALIFICATIONS:

I am running for city council because I believe in the potential of our neighborhood. Our community is burdened by WAREHOUSES, open land, and a lack of essential amenities. We have only one restaurant, an abundance of fast food chains, and no safe walking paths. These issues contribute to the illegal dumping of trash and the disruption caused by SEMI-TRUCKS illegally driving through our streets.

I am committed to addressing these problems head-on. As a resident, I understand the frustration of not having safe and clean spaces for our families to enjoy. I will work tirelessly to develop walking paths, improve infrastructure, and create green spaces that promote a healthy lifestyle. My goal is to attract diverse businesses, including more dining options and local shops, to enhance our community's vibrancy.

I will collaborate with local authorities to enforce regulations against illegal dumping and unauthorized SEMI-TRUCKS traffic, ensuring our streets are safe and clean. Together, we can transform our neighborhood into a thriving, welcoming community where everyone feels proud to live. Your support is crucial in making this vision a reality. Let's work together to build a better future for our neighborhood.

EDUCATION AND QUALIFICATIONS:

I'm proud to call Moreno Valley my home. As a child who immigrated from the Philippines back in 2007, I feared the uncertainty of living in a new place but the people of this city welcomed me with open arms and gave me the resources to pursue a brighter future. That being said, it's become my wish to give back to this very community that helped me grow and ensure the continued improvement of our residents' quality of life.

I have extensive background in research and data analysis from my previous roles as an undergraduate researcher in UCLA and a legal analyst for an immigration firm, to my current role as a data analyst for the County of Riverside. As councilmember, I'll leverage these skills in order to make informed decisions and carry out better policies that would help address the city's most pressing needs; to cultivate an enriching community that prioritizes public safety, high-quality education, as well as increased economic opportunities.

It is my personal mission to diligently serve my time to build a community that provides a better future for the next generation. I would be honored to have your support and vote on November 5, 2024.

Section 4. ONE PERCENT TRANSACTIONS AND USE TAX

That Title 3 (Revenue and Finance) of the Moreno Valley Municipal Code is hereby amended to repeal and replace the current Chapter 3.37 in its entirety with the following provisions:

Chapter 3.37

TRANSACTIONS AND USE TAX

3.37.010 Short title.

This chapter shall be known as the "Moreno Valley Transactions and Use Tax Ordinance."

3.37.020 Rate.

The rate of the transactions and use tax imposed by this chapter shall be one percent.

3.37.030 Purpose.

The City Council declares that the ordinance codified in this chapter is adopted to achieve the following, among other purposes, and directs that the provisions hereof be interpreted in order to accomplish those purposes:

A. To impose a retail transaction and use tax in accordance with the provisions of Part 1.6 (commencing with Section 7251) of Division 2 of the Revenue and Taxation Code and Section 7285.9 of Part 1.7 of Division 2 which authorizes the City to adopt this tax ordinance which shall be operative if a majority of the electors voting on the measure vote to approve the imposition of the tax at an election called for that purpose;

D. To adopt a transactions and use tax ordinance which can be administered in a manner that will, to the degree possible consistent with the provisions of Part 1.6 of Division 2 of the Revenue and Taxation Code, minimize the cost of collecting city transactions and use taxes and at the same time minimize the burden of record keeping upon persons subject to taxation under the provisions of this chapter.

E. To provide transactions and use tax revenue to the City to be used for the general governmental purposes of the City and with any transactions and use tax revenue received being placed into the City's general fund.

3.37.040 Contract with State.

Prior to the operative date the City shall contract with the California Department of Tax and Fee Administration to perform all functions incident to the administration and operation of this transactions and use tax ordinance; provided, that if the City shall not have contracted with the California Department of Tax and Fee Administration prior to the operative date, it shall nevertheless so contract and in such a case the operative date shall be the first day of the first calendar quarter following the execution of such a contract rather than the first day of the first calendar quarter following the adoption of the ordinance codified in this chapter.

3.37.050 Transactions tax.

For the privilege of selling tangible personal property at retail a tax is hereby imposed upon all retailers in the City at the rate stated in Section 3.37.020 of the gross receipts of the retailer from the sale of all tangible personal property sold at retail in this City on and after the operative date.

3.37.060 Place of sale.

For the purposes of this chapter, all retail sales are consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or his agent to an out-of-state destination or to a common carrier for delivery to an out-of-State destination. The gross receipts from such sales shall include delivery charges, when such charges are subject to the State sales and use tax, regardless of the place to which delivery is made. In the event a retailer has no permanent place of business in the State or has more than one place of business, the place or places at which the retail sales are consummated shall be determined under rules and regulations to be prescribed and adopted by the California Department of Tax and Fee Administration.

3.37.070 Use tax.

An excise tax is imposed on the storage, use or other consumption in this City of tangible personal property purchased from any retailer on and after the operative date for storage, use or other consumption in this City at the rate stated in Section 3.37.020 of the sales price of the property. The sales price shall include delivery charges when such charges are subject to State sales or use tax regardless of the place to which delivery is made.

A. Wherever the State of California is named or referred to as the taxing agency, the name of the City shall be substituted therefor. The substitution prescribed by subsection (a), however, shall not be made:

3. In those sections, including, but not necessarily limited to, sections referring to the exterior boundaries of the State of California, where the result of the substitution would be to
 - a. Provide an exemption from this tax with respect to certain sales, storage, use or other consumption of tangible personal property which would not otherwise be exempt from this tax while such sales, storage, use or other consumption remain subject to tax by the State under the provisions of Part 1 of Division 2 of the Revenue and Taxation Code; or to
 - b. Impose this tax with respect to certain sales, storage, use or other consumption of tangible personal property which would not be subject to tax by the State under the provisions of that Code;

A. There shall be excluded from the measure of the transactions and sales tax and the use tax the amount of any sales tax or use tax imposed by the State of California or by any city, city and county, or county pursuant to the Bradley-Burns Uniform Local Sales and Use Tax Law or the amount of any state-administered transactions or use tax.

B. There are exempted from the computation of the amount of transactions tax the gross receipts from:

1. Sales of tangible personal property, other than fuel or petroleum products, to operators of aircraft to be used or consumed principally outside the county in which the sale is made and directly and exclusively in the use of such aircraft as common carriers of persons or property under the authority of the laws of this State, the United States, or any foreign government.

2. b. With respect to commercial vehicles, by registration to a place of business out-of-City and declaration under penalty of perjury, signed by the buyer, that the vehicle will be operated from that address.

2. Other than fuel or petroleum products purchased by operators of aircraft and used or consumed by such operators directly and exclusively in the use of such aircraft as common carriers of persons or property for hire or compensation under a certificate of public convenience and necessity issued pursuant to the laws of this state, the United States, or any foreign government. 5. For the purposes of subsections C.3 and C.4 of this section, storage, use, or other consumption, or possession of, or exercise of any right or power over, tangible personal property shall be deemed not to be obligated pursuant to a contract or lease for any period of time for which any party to the contract or lease has the unconditional right to terminate the contract or lease upon notice, whether or not such right is exercised.

6. IMPARTIAL ANALYSIS OF MEASURE “U”

On August 6, 2024, the City Council of the City of Moreno Valley adopted a resolution placing the Moreno Valley Essential Services Reauthorization Measure, a proposed one-cent (1¢) Transaction and Use Tax ordinance on the ballot for voter consideration at the November 5, 2024, General Municipal Election,

Although the tax is called a “Transactions and Use Tax,” it is commonly referred to as a sales tax. The tax would be assessed on the sale of tangible personal property and the storage, use, or other consumption of such property, unless and until repealed by the voters of the City. The ordinance would amend Title 3 (Revenue and Finance) of the Moreno Valley Municipal Code by replacing the current text of Chapter 3.37 (Transactions and Use Tax).

Currently, the sales tax rate on retail sales within the City is 7.75%. Measure U would authorize an additional 1.0%, increasing the total sales tax rate within the City to 8.75%. The City estimates the increase would result in approximately \$30 million of additional annual revenue to the City. The California Department of Tax and Fee Administration would administer the tax. City residents and visitors would pay this tax on retail sales. Certain necessary purchases, such as groceries or medicine, would be exempt from the tax. The proposed tax is a “general tax,” meaning that proceeds would be deposited into the City’s general fund. The proceeds of the one-cent (1¢) Transaction and Use Tax may be used for any local general municipal purpose including, but not limited to, maintaining 9-1-1 emergency response times, robbery/burglary prevention, and neighborhood police patrols/fire engine service levels; addressing homelessness and traffic issues; repairing potholes/streets; keeping public areas safe/clean; helping retain local businesses; and maintaining senior services and youth/ afterschool programs.

Approval of Measure U will require a vote of at least 50% plus 1 of the voters voting in the election.

In summary, if approved by the voters, Measure U would enact a one-cent tax to the price of an item that costs a dollar or one percent on gross receipts of any retailer from the sale of tangible personal property sold at retail on and after April 1, 2025, which shall be subject to independent final audits and remain in effect unless the voters repeal it.

A “Yes” vote is to approve the one-cent Transaction and Use Tax Ordinance.

A “No” vote is to reject the one-cent Transaction and Use Tax Ordinance.

The above statement is an impartial analysis of Measure U. If you desire a copy of the one-cent Transaction and Use Tax Ordinance, please call the City Clerk’s office at (951) 413-3010 and a copy will be mailed to you at no cost. You may also request a copy of the one-cent Transaction and Use Tax Ordinance, at no cost, via email at PattyR@moval.org.

REBUTTAL TO ARGUMENT IN FAVOR OF MEASURE “U”

The TAX RAISERS make the same false and misleading argument that the GOVERNMENT needs more of your money! The City of Moreno Valley has a balanced budget for a dozen years. The TAX RAISERS claimed over 30 years ago the Utility tax would fund Public Safety, then the Hotel Tax would cure the problem, that failed! Now they want to try the same failed solution a third time with a sales TAX INCREASE! Oh the insanity...

Moreno Valley has plenty of money to provide Police & Fire protection! Police and Fire have had substantial increases in the last 3 years, with NO TAX INCREASE!! Yet the City Council has spent over \$250,000 on Murals, talk about waste of public funds, still they crave more of your \$\$\$!

The #1 job of the City is to provide public safety per the California Constitution! If they violate that they are derelict in their duty and NOT upholding their oath of office, when swore to protect you!

Police and Fire have had substantial increases in the last 3 years, with NO TAX INCREASE!

Do NOT buy the scare tactics used to fleece you out of more of your money, in these inflationary times, when we the people have had to do more with less!

Sales taxes in Moreno Valley are lower than Riverside, the proponents of this tax want you to pay more for most products like the failed policy of our neighbors!

By: Louise Palomarez

REBUTTAL TO ARGUMENT AGAINST MEASURE “U”

Moreno Valley voters already enacted the basis for Measure U in 2021. Your continued “Yes” simply prevents out-of-town judges from ending what Moreno Valley voters already agreed to!

Local safety advocates, local small business owners, and community organizations are concerned about our safety. That is why we support Measure U!

We want our 911 fire and emergency medical calls answered quickly-when seconds count. We need to know our kids are safe and away from drugs and gangs after school. We need our roads repaired and our neighborhoods and business corridors safe for everyone.

Moreno Valley is at a crossroads. As emergency federal funding ends and the cost of basic services rise, we can choose to reauthorize a measure that keeps our local tax dollars local, or prepare for devastating cuts to the basic services our communities and families need most.

YES on U was developed with community input! The city invested in mail, phone, and in-person meetings to gather feedback from hundreds of Moreno Valley residents - where over 79% of residents agreed that the city needs funds for our basic services.

Here's what Measure U does NOT do:

- Measure U is not a tax on your home or property.
- Measure U does not apply to food purchased as groceries or prescription medication.

Join your neighbors, local firefighters, and local small business owners and say YES on U. Thank you for voting in this important local election.

MEASURE “X” - MORENO VALLEY UNIFIED SCHOOL DISTRICT

FULL TEXT BALLOT PROPOSITION OF THE MORENO VALLEY UNIFIED SCHOOL DISTRICT BOND MEASURE ELECTION NOVEMBER 5, 2024

The following is the full proposition presented to the voters by the Moreno Valley Unified School District.

“To provide safe, modern schools; fix deteriorating roofs, plumbing, electrical/ventilation systems; repair, acquire, construct classrooms, science labs, career technology, equipment, sites and school facilities to support student achievement in math, science, technology, arts, engineering, skilled trades; shall Moreno Valley Unified School District’s measure be adopted authorizing \$240,000,000 in bonds at legal rates (without increasing current tax rates), levying \$40 per \$100,000 assessed value (\$16,000,000 annually) while bonds are outstanding, with citizen oversight, audits and all money locally controlled?”

PROJECT LIST

The Board of Education of the Moreno Valley Unified School District is committed to **improving the quality of education** in our local public schools by providing safe, secure, modern classrooms, labs and technology needed to support high quality instruction **in science, technology, engineering, art, math (STEAM)** and the skilled trades. To that end, the Board evaluated the District’s urgent and critical facility needs, including safety issues, class size reduction, **basic repairs**, computer and information technology in developing the types of projects to be funded by this measure as described below.

In approving this Project List, the Board of Education determines that the District **must**:

- (i) **REPAIR or replace deteriorating roofs, plumbing, heating, ventilation, gas lines, sewer lines, and electrical systems; and**
- (ii) **PROVIDE classrooms, facilities and technology needed to support high quality instruction in math, science, engineering, and technology; and**
- (iii) **UPGRADE older schools so they meet current health codes, building safety codes, and provide proper access for students with disabilities; and**
- (iv) **PROVIDE modern labs, career training facilities and equipment so students are prepared for college and in-demand careers in fields like health sciences, engineering, robotics, technology and skilled trades; and**
- (v) **KEEP computer systems and instructional technology up-to-date; and**
- (vi) **IMPROVE student safety, campus security systems, including fencing, cameras, emergency communications systems, smoke detectors, fire alarms and sprinklers.**

The Project List includes the following types of upgrades and improvements at District schools, facilities and sites:

UPGRADE AGING SCHOOLS, CLASSROOMS, LABS AND SCHOOL FACILITIES TO IMPROVE STUDENT PREPARATION FOR COLLEGE AND IN-DEMAND CAREERS

School Repair and Upgrade Projects

Goals and Purposes:

Some schools were built in the 1960s or earlier and are over 60 years old. Many classrooms, labs and school facilities have not been upgraded in over 20 years. For example, thousands of students attend class in over 300 portable classrooms that are decades old, are falling apart and most have structural damage, water leaks or mold. Older schools do not meet current health codes, building safety codes or provide full access for students with disabilities. This measure will remedy these problems.

All money raised by this measure will stay local to support our students and cannot be taken by the State or used for other purposes.

- Make repairs to older classrooms and school facilities, including deteriorating roofs, plumbing, ventilation, gas lines, sewer lines, and electrical systems.
- Replace aging portable classrooms that are beyond their useful life, are too expensive to repair and maintain with modern, permanent classrooms that meet today’s academic standards.
- Improve student safety and campus security systems, including security fencing, security cameras, emergency communications systems, smoke detectors, fire alarms and sprinklers.
- Upgrade older schools so they meet current health codes, building safety codes, and provide proper access for students with disabilities.

**LOCAL SCHOOL FUNDING TO SUPPORT HIGH QUALITY INSTRUCTION IN MATH,
SCIENCE, ENGINEERING AND TECHNOLOGY**

Projects That Improve Student Success and Safety

Goals and Purposes:

Some schools have modern classrooms, labs and facilities and others do not. This measure will ensure that ALL students have equal access to classrooms, labs and facilities they need to succeed.

If we want our kids to succeed in college and in-demand careers, they must be skilled in the use of today's technologies and have advanced classes in science, math, engineering and technology. This measure will make this possible.

- Provide modern labs and technical facilities and equipment, so students are prepared for college and in-demand careers in fields like health sciences, engineering, robotics, technology, and skilled trades.
- **Provide the classrooms, facilities and instructional technology needed to support high quality instruction in math, science, engineering, and technology.**
- Create modern, multi-use classrooms to support hands-on science instruction and learning-by-doing.
- Provide the classrooms and facilities needed to support high quality instruction in music, visual and performing arts.
- **Keep computer systems and instructional technology up-to-date.**

In addition to the projects listed above, the repair and renovation of each of the existing school and District support facilities may include, but not be limited to, some or all of the following: add or renovate student and staff restrooms; repair and upgrade electrical, plumbing, heating, ventilation and air conditioning systems; upgrade of facilities for energy efficiencies and financial savings; repair and replace worn-out and deteriorated roofs, windows, walls, floors, doors and drinking fountains/hydration stations; construct or renovate offices and facilities for multipurpose and indoor/outdoor learning spaces, more efficient areas for professional development and administration and for the safety of students on campuses; install wiring and electrical systems to safely accommodate computers, technology and other electrical devices; upgrade or construct support facilities including administrative, physical education, music, art, and performing and fine arts classrooms or facilities, science, computer labs/classrooms, career technical facilities, media centers/libraries and buildings, covered eating areas, shade and rain shelter, playgrounds, administrative and maintenance facilities and yards; acquire modular/portable classrooms; repair and replace fire alarms, emergency communications, public address and security systems; improve facilities to satisfy ADA and seismic requirements; as needed, removal of hazardous materials like asbestos and lead paint from older schools; resurface or replace asphalt, broken concrete and improve hard courts, turf, tracks, irrigation, and downspout drainage systems and campus landscaping; install signage, solar panels systems and fencing; improve recycling and composting facilities; expand parking and improve pick-up and drop-off areas; improve all site utilities; acquire land; construct new school buildings; upgrade or replace interior and exterior painting, floor covering, including carpets, and school facades; demolition; upgrade kitchens, food service and school cafeterias; construct various forms of storage and support spaces and classrooms; improve outdoor learning environments and quads; repair, upgrade and install interior and exterior lighting systems and back-up power generators; improve playgrounds, play structures, athletic fields, lockers and facilities to support student health, fitness and safety; construct aquatic facilities, pool filtration systems, plaster and decking; replace outdated security fences and security systems (including access control systems), provide lunch shelters, indoor space for assemblies or for rainy day lunch; upgrade music labs, multi-purpose rooms, learning centers and media centers; add or upgrade parking lots including solar systems and electric vehicle charging stations as required by the California Green Buildings Standards Code. In addition to the listed projects stated above, the Project List also includes the acquisition of a variety of instructional, maintenance and operational equipment, including the reduction or retirement of outstanding lease obligations and interim funding incurred to advance fund projects from the Project List; payment of the costs of preparation of all facility planning, facility studies, assessment reviews, facility master plan preparation and updates, environmental studies (including environmental investigation, remediation and monitoring), design and construction documentation, DSA oversight, and temporary housing of dislocated District activities caused by construction projects.

The upgrading of technology infrastructure includes, but is not limited to, network rewiring, cabling, computers, portable interface devices, servers, switches, routers, modules, sound projection systems, laser printers, scanners and copiers, digital white boards, document projectors, upgrade voice-over-IP, clock/telephone/intercom systems, call manager and network security/firewall, wireless technology systems, refresh classroom technology, miscellaneous IT and instructional equipment, data storage, archiving and preservation, phones, identity cards and the construction and installation of a data center in the cloud for the District's enterprise systems, such as resource planning, websites, domain name systems, cloud applications and information security.

The budget for each project is an estimate and may be affected by factors beyond the District's control. The final cost of each project will be determined as plans and construction documents are finalized, construction bids are received, construction contracts are awarded and projects are completed. Based on the final costs of each project, certain of the projects described above may be delayed or may not be completed. Demolition of portable classrooms and existing facilities and reconstruction of facilities scheduled for repair and upgrade may occur, if the Board determines that such an approach would be more cost-effective in creating more enhanced and operationally efficient campuses. Necessary site preparation/restoration may occur in connection with new construction, renovation or remodeling, or installation or removal of relocatable or modular classrooms, including ingress and egress, removing, replacing, or installing irrigation or drainage systems, utility lines, trees and landscaping, relocating fire access roads, and acquiring any necessary easements, licenses, or rights of way to the property. The listed projects will be completed as needed. Each project is assumed to include its share of furniture, equipment, architectural, engineering, and similar planning costs, connection fees, program and project management, staff training expenses and a customary contingency for unforeseen design and construction costs. Proceeds of the bonds may be used to pay or reimburse the District for the cost of District bond audits and staff when performing work on

or necessary and incidental to bond projects. Bond proceeds shall only be expended for the types of projects and purposes identified herein. The District shall create an account into which proceeds of the bonds shall be deposited and comply with the reporting requirements of Government Code § 53410.

FISCAL ACCOUNTABILITY: THIS MEASURE REQUIRES A CLEAR SYSTEM OF ACCOUNTABILITY, INCLUDING A PROJECT LIST DETAILING HOW THE MONEY WILL BE USED, A CITIZENS' OVERSIGHT COMMITTEE, AND INDEPENDENT AUDITS TO ENSURE MONEY IS SPENT PROPERLY.

In accordance with Education Code Section 15272, the Board of Education will appoint a citizens' oversight committee and conduct annual independent audits to assure that funds are spent only on District projects and for no other purpose. The expenditure of bond money on these projects is subject to stringent financial accountability requirements. By law, performance and financial audits will be performed annually, and all bond expenditures will be monitored by an independent citizens' oversight committee to ensure that funds are spent as promised and specified. The citizens' oversight committee must include, among others, representation of a bona fide taxpayers association, a business organization and a senior citizens organization. No District employees or vendors are allowed to serve on the citizens' oversight committee.

No Administrator Salaries: Proceeds from the sale of the bonds authorized by this proposition shall be used only for the acquisition, construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, and not for any other purpose, including teacher and school administrator salaries and other operating expenses.

MEASURE "X" - MORENO VALLEY UNIFIED SCHOOL DISTRICT

TAX RATE STATEMENT

An election will be held in the Moreno Valley Unified School District (the "District") on November 5, 2024, to authorize the sale of up to \$240,000,000 in general obligation bonds. The following information is submitted in compliance with Sections 9400-9404 of the Elections Code of the State of California. Such information is based upon the best estimates and projections presently available from official sources, upon experience within the District, and other demonstrable factors.

Based upon the foregoing and projections of the District's assessed valuation, the following information is provided:

1. The best estimate of the average annual tax rate that would be required to fund this bond issue over the entire duration of the bond debt service, based on estimated assessed valuations available at the time of filing of this statement, is \$40 per \$100,000 of assessed valuation. It is currently expected that the tax will be collected until fiscal year 2053-54.
2. The best estimate of the highest tax rate that would be required to fund this bond issue, based on estimated assessed valuations available at the time of filing this statement, is \$40 per \$100,000 of assessed valuation. This rate is projected to apply beginning in fiscal year 2025-26.
3. The best estimate of total debt service, including principal and interest, that would be required to be repaid if all the bonds are issued and sold will be approximately \$469,742,904.

These estimates are based on projections derived from information obtained from official sources, and are based on the assessed value (not market value) of taxable property on the County's official tax rolls. In addition, taxpayers eligible for a property tax exemption, such as the homeowner's exemption, will be taxed at a lower effective tax rate than described above. Property owners should consult their own property tax bills and tax advisors to determine their property's assessed value and any applicable tax exemptions. The attention of all voters is directed to the fact that the foregoing information is based upon projections and estimates only, which amounts are not maximum amounts and durations and are not binding upon the District. The actual debt service, tax rates and the years in which they will apply may vary depending on the timing of bond sales, the par amount of bonds sold at each sale and actual increases in assessed valuations. The timing of the bond sales and the amount of bonds sold at any given time will be determined by the District based on the need for project funds and other considerations. Actual assessed valuations will depend upon the amount and value of taxable property within the District as determined by the County Assessor in the annual assessment and the equalization process.

IMPARTIAL ANALYSIS OF MEASURE "X"

State law authorizes school districts to sell bonds to finance improvements of student safety/security and access; build new classrooms/schools to relieve overcrowding; fix roofs and plumbing/electrical/ventilation systems; renovate classrooms and educational facilities. Monies generated by the sale of such bonds may only be spent for these specified purposes. Bond proceeds cannot be expended to finance teacher and administrator salaries or other school operating expenses.

The Moreno Valley Unified School District ("District") has called for an election on the question of whether bonds should be issued and sold by the District. Such bonds can only be issued and sold if at least 55% of the persons who actually vote approve Measure "X." The bonds would be repaid through an increase in property taxes based upon the assessed value of taxable property in the District in each year of repayment. The Tax Rate Statement, which appears following the full text of Measure "X" in this voter information pamphlet, reflects the District's current best estimate of the property tax rate increases that will be required to service the bonds at various points during the life of the bonds. At the time of issuance, the projected annual tax to be levied to meet debt service requirements for the proposed bonds is 4.0¢ per \$100 (or \$40 per \$100,000) of assessed value.

If Measure "X" is approved, bonds may be issued in series and must be repaid within a maximum statutory term of twenty-five (25) years. The maximum interest rate chargeable on the bonds is regulated by state law. The actual interest rates at which the bonds are sold will depend on the bond market at the time of each sale.

The District proposes to issue and sell bonds in an aggregate principal amount of two hundred forty million dollars (\$240,000,000). Money raised by the sale of the bonds must be used exclusively to finance the list of projects described in the full text of Measure "X," which is included in this voter information pamphlet ("Bond Project List"). When developing the Bond Project List, the District was required by state law to evaluate safety, class size reduction, and information technology needs. Inclusion of a particular project on the Bond Project List, however, is not a guarantee that the project will actually be funded or completed.

If Measure "X" is approved and the bonds are sold, the District will appoint a citizens oversight committee, and conduct annual independent financial and performance audits to ensure that bond funds are spent only on the construction, reconstruction, rehabilitation, or replacement of school facilities, including furnishing and equipping of school facilities, and the acquisition or leasing of school facilities and for no other purposes.

Approval of Measure "X" will have no effect on existing law but will allow for the issuance and sale of bonds in accordance with the terms of existing law and Measure "X".

A "YES" VOTE MEANS the District will be authorized to issue and sell the Bonds.

A "NO" VOTE MEANS the District will not be authorized to issue and sell the Bonds.

ARGUMENT IN FAVOR OF MEASURE "X"

Vote YES on Measure X to provide safe and modern schools for all Moreno Valley students – without increasing taxes!

Our neighborhood schools need critical and important updates. Over 300 aging portable classrooms – several with structural damage and water leaks – need to be replaced with permanent buildings to serve our students and community.

Many of our neighborhood schools were built 30-60 years ago and require priority repairs and updates to support high-quality instruction in science, technology, engineering, arts, and math. Student safety and security systems need to be updated and replaced, including fencing, cameras, fire alarms, and sprinklers.

If we want our students to succeed in college and their future careers, they must be skilled in the use of today's technology and have advanced courses in science, math and engineering.

Most importantly, all money raised by Measure X stays here for our schools – it cannot be taken by the state. It also will help our schools qualify for \$100 million in state matching funds that would otherwise go to other communities.

Vote Yes on X: Safe and Updated Schools Without Increasing Taxes

REBUTTAL TO ARGUMENT IN FAVOR OF MEASURE "X"

Vote NO on Measure X. What a travesty that the proponents would say "without increasing taxes". This is an untruthful and deceptive comment to get you to vote in favor. Of course, there are increased property taxes on all property in Moreno Valley for another 30 years!

The voters in Moreno Valley need to be informed to understand the potential consequences of their decisions. A bond measure should never overreach the ability of its citizens. The City of Moreno Valley is home to retired residents, small business owners, families with diverse needs and a high unemployment rate. To impose such a 30-year burden on our residents, is irresponsible.

Ten years ago the residents barely passed a \$398 million dollar bond that promised the same results. But instead of spending the money on the needs of our students, like replacing all portable classrooms, fixing the traffic mess at almost every school, they spent the funds on items that last 3 years & you will pay for them for 30 years with interest! Talk about fiscal insanity!

The facts of this bond are not broadly known. There was poor scrutiny of this measure in the public's favor. They are using deceptive tactics representing this bond. Hold them accountable!

DECIDE WISELY AND VOTE NO ON MEASURE X.

ARGUMENT AGAINST MEASURE “X”

Stop the 240 Million \$\$\$ TAX INCREASE Vote No on Measure X

That could cost **TAXPAYERS DOUBLE** Or more

Voters should be informed **BEFORE** they cast a **VOTE**, - Measure X could have devastating consequences on low income families, retirees on fixed incomes, and struggling business owners, who can NOT afford this!

A Hidden Tax - In addition to increasing your home's property tax, the business property tax increase will be reflected in increased prices on goods and services purchased in Moreno Valley, further exacerbating the Inflation crisis we are all feeling!

School spending per student has almost tripled in 10 years from about \$8,000 to \$24,000 Dollars Statewide, Schools in California do NOT have a lack of Money for Students, they have a thirst for your TAX DOLLARS !!!

Vote NO on Measure X Your children's future depends on it!

REBUTTAL TO ARGUMENT AGAINST MEASURE “X”

Please don't be fooled by the inaccurate information in the opposition argument. **Let's be clear**, Measure X provides locally controlled funding to continue updating our Moreno Valley Unified School District schools and securing the futures of our students for generations to come—**without increasing taxes**.

Measure X updates aging local schools.

Most of our schools were built more than 30 years ago, and some nearly 60 years ago now. That is why MVUSD spent this past year completing an extensive independent facilities master planning process that identified urgent repairs to our schools, and updates to our technology, equipment, and safety measures. This process included input from the local community through site meetings, community meetings, and town halls.

In fact, the significant upgrades and improvements needed at our older schools are beyond what can be accomplished by the District's regular budget, and the State provides very limited funding for school improvements.

Citizens' oversight ensures proper use of funds.

Citizen oversight and annual independent audits will ensure transparency and accountability. Legally, every penny of Measure X must be spent right here in our neighborhood schools and cannot be taken away by the State. The project list in the voter pamphlet specifies the use of all funds.

Our schools keep our home values high.

Our schools are at the heart of our community. Our local schools protect our quality of life and property values.

Join us and Make Your Mark!

Vote YES on Measure X to ensure safe and modern Moreno Valley schools that our students deserve – **without increasing taxes!**

EXHIBIT B

FULL TEXT BALLOT PROPOSITION

RIVERSIDE COMMUNITY COLLEGE CAREER PREPARATION, AFFORDABLE HIGHER EDUCATION MEASURE

ELECTION NOVEMBER 5, 2024

“RIVERSIDE COMMUNITY COLLEGE DISTRICT CAREER PREPARATION, AFFORDABLE HIGHER EDUCATION MEASURE.

To repair/upgrade local community colleges, improve access to affordable higher education for careers/skilled trades/ university transfer; provide safe drinking water; meet earthquake, disability access and safety regulations; upgrade security; acquire, construct, repair facilities, sites, equipment; shall Riverside Community College District's measure be adopted, authorizing \$954,000,000 in bonds at legal rates, levying \$19 per \$100,000 of assessed valuation (\$57,000,000 annually while bonds are outstanding), with oversight, audits/ spending disclosure?”

SPECIFIC PROJECT LIST

The Board of Trustees of the Riverside Community College District, to be responsive to the needs of its community, evaluated Moreno Valley College's, Norco College's, and Riverside City College's continuing urgent and critical facility needs, and its capacity to provide local students with an affordable education and prepare them for success in college and careers. **Job training, college transfer** and veterans' support facilities, **campus safety** issues, class size and offerings, and information and computer technology were each considered, in developing the type of projects to be funded. In developing the types of projects described herein, job training facilities, facilities supporting college transfer and career training classrooms and labs, and the expansion of **opportunities for local students** and veterans to receive an **affordable, high-quality education**, were **prioritized**. If these facility needs are not addressed now, each of Moreno Valley, Norco and Riverside City Colleges would be unable to remain competitive in preparing students for jobs in high demand industries, the **skilled trades** and **transfer to four-year colleges and universities**.

The Board of Trustees determines that the Riverside Community College District must:

- (i) **Prepare students for good jobs and careers;**
- (ii) **Improve access to affordable education;**
- (iii) **Provide safe drinking water and upgrade safety and security;**
- (iv) **Upgrade classrooms and labs for science, technology, engineering, job training and training in the skilled trades;**
- (v) **Make basic repairs to older buildings;**
- (vi) **Ensure each local College campus receives their fair share of funding from this measure.**

The types of projects which are authorized to be undertaken at Riverside Community College District include:

PROVIDE AFFORDABLE JOB TRAINING AND COLLEGE TRANSFER:

Classroom, Technology, and Program Improvements To Help Local Students, and Veterans Transfer to Four-Year Universities;

Be Trained For Careers Including the Skilled Trades, Nursing and First Responders

Goals and Purposes:

Many of the buildings, classrooms, science labs, and job training equipment at the local community colleges are deteriorating and outdated. This measure will address urgent, basic and future repair needs such as removing asbestos, mold and lead paint; upgrading outdated electrical wiring and gas and sewer lines; fixing leaky roofs; and improving earthquake safety to make sure all students learn in classrooms that are clean and safe.

This measure will allow for local community colleges to expand and improve classrooms and workspaces and develop the Inland Empire Technical Trade Center to prepare our students for careers in skilled trades such as welders; electricians; and heating, ventilation, and air conditioning technicians. This will ensure our students are qualified for these in-demand, good-paying jobs and provide the workforce our area needs.

Our local community colleges train a large number of the nurses, firefighters, police officers and paramedics in our area. This measure will help improve and repair training facilities, classrooms and labs to address the local shortage of nurses and public safety personnel and ensure they are trained on the latest life-saving technology and techniques, and for future public health and natural disaster emergencies.

- Upgrade emergency-response equipment used to train local first-responders.
- Upgrade and equip classrooms and labs for training nurses and other healthcare professionals.

- Expand Riverside City College's nursing training program and partnerships with local universities and hospitals.
- **Expand training in science, technology, engineering, arts, and math at Moreno Valley College and Norco College so local students do not have to travel to other colleges.**
- Expand training facilities for firefighters, paramedics, police officers and the skilled trades.
- Upgrade classrooms and labs for science, technology, engineering, job training, vocational and skilled jobs training.
- Upgrade and expanding career technical education facilities.
- Update learning technology.
- Improve educational resources, as well as career and academic counseling resource centers for veterans.

PROVIDE LOCAL STUDENTS A HIGH QUALITY AFFORDABLE EDUCATION

IN A SAFE ENVIRONMENT:

Basic Improvements Needed To Allow Moreno Valley College, Norco College, and Riverside City College to Provide Job Training and Vocational Programs That Are Needed To Prepare Students For Good-Paying Local Jobs

Goals and Purposes: The cost to attend California's public universities has risen to at least six times that of attending a community college. This measure increases opportunities for local students to earn college credits and certifications, and learn job skills at an affordable price, and then transfer to four-year colleges and universities without generating crushing debt.

Tens of thousands of local residents rely on Riverside Community College District's colleges each year to get the job training, technical knowledge and specialized skills they need to compete for good-paying, modern careers. This measure will allow our local community colleges to upgrade career programs and partnerships with local employers, so students are prepared for our region's changing economy and today's in-demand careers in nursing and healthcare, police, firefighting, skilled trades, social work, teaching, technology, engineering and more.

- Ensure college buildings continue to meet earthquake and fire safety regulations.
- **Repair leaky roofs and deteriorating gas and sewer lines.**
- Upgrade campus safety for emergencies such as active shooters.
- Remove asbestos and lead paint.
- **Provide safe drinking water.**
- Increase safety lighting on campus and in parking lots.
- Repair bathrooms, plumbing, and aging water pipes and drinking fountains.
- Repair and upgrading deteriorating classrooms.
- Improve accessibility for disabled students.
- Improve emergency communications systems.
- Replace outdated electrical wiring.
- **Upgrade and equip classrooms and labs for training for the skilled trades and for technical careers like heating, ventilation, and air conditioning, carpentry and dental.**
- Develop the Inland Empire Technical Trade Center focused on skilled trades apprenticeships, internships, and on-the-job work based training.
- Develop the Corona Education Center for educational, technical and workforce training.

MEASURE "CC"- RIVERSIDE COMMUNITY COLLEGE DISTRICT

TAX RATE STATEMENT

An election will be held in the Riverside Community College District (the "District") on November 5, 2024 to authorize the sale of up to \$954,000,000 in general obligation bonds (the "2024 Bond Authorization"). If such bonds are authorized and sold, principal and interest on the bonds will be payable only from the proceeds of *ad valorem* tax levies made upon the taxable property in the District. The following information is submitted in compliance with Sections 9400-9406 of the Elections Code of the State of California. Such information is based upon the best estimates and projections presently available from official sources, upon experience within the District, and other demonstrable factors.

The following information is provided pursuant to Elections Code Section 9401:

1. The best estimate of the average annual tax rate that would be required to be levied to fund this bond issue over the entire duration of the bond debt service, based on estimated assessed valuations available at the time of filing of this statement, is \$19.00 per \$100,000 of assessed valuation. It is currently expected that the tax will be collected until fiscal year 2058-59.
2. The best estimate of the highest tax rate that would be required to be levied to fund this bond issue, for each year that bonds are outstanding, based on estimated assessed valuations available at the time of filing this statement, is \$19.00 per \$100,000 of assessed valuation, which is projected to be the same in every fiscal year the bonds remain outstanding.
3. The best estimate of total debt service, including principal and interest, that would be required to be repaid if all the bonds are issued and sold will be approximately \$1.9 billion.

Voters should note that these estimates are based on projections derived from information obtained from official sources, and are based on the assessed value (not market value) of taxable property on the County's official tax rolls. Property owners should consult their own property tax bills and tax advisors to determine their property's assessed value and any applicable tax exemptions.

The attention of all voters is directed to the fact that the foregoing information is based upon projections and estimates only, which amounts are not maximum amounts and durations and are not binding upon the District. The actual debt service, tax rates and the years in which they will apply may vary depending on the timing of bond sales, the par amount of bonds sold at each sale and actual increases in assessed valuations. The timing of the bond sales and the amount of bonds sold at any given time will be determined by the District based on the need for project funds and other considerations. Actual assessed valuations will depend upon the amount and value of taxable property within the District as determined by the County Assessor in the annual assessment and the equalization process.

Dr. Wolde-Ab Isaac
Chancellor
Riverside Community College District

IMPARTIAL ANALYSIS OF MEASURE "CC"

State law authorizes school districts to sell bonds to finance improvements of student safety/security and access; acquire, construct, and repair facilities, sites, and equipment. Monies generated by the sale of such bonds may only be spent for these specified purposes. Bond proceeds cannot be expended to finance teacher and administrator salaries or other school operating expenses.

The Riverside Community College District ("District") has called for an election on the question of whether bonds should be issued and sold by the District. Such bonds can only be issued and sold if at least 55% of the persons who actually vote approve Measure "CC." The bonds would be repaid through an increase in property taxes based upon the assessed value of taxable property in the District in each year of repayment. The Tax Rate Statement, which appears following the full text of Measure "CC" in this voter information pamphlet, reflects the District's current best estimate of the property tax rate increases that will be required to service the bonds at various points during the life of the bonds. At the time of issuance, the projected annual tax to be levied to meet debt service requirements for the proposed bonds is .019¢ per \$100 (or \$19 per \$100,000) of assessed value.

If Measure "CC" is approved, bonds may be issued in series and must be repaid within a maximum statutory term of twenty-five (25) years. The maximum interest rate chargeable on the bonds is regulated by state law. The actual interest rates at which the bonds are sold will depend on the bond market at the time of each sale.

The District proposes to issue and sell bonds in an aggregate principal amount of nine hundred fifty four million dollars (\$954,000,000). Money raised by the sale of the bonds must be used exclusively to finance the list of projects described in the full text of Measure "CC," which is included in this voter information pamphlet ("Bond Project List"). When developing the Bond Project List, the District was required by state law to evaluate safety, class size reduction, and information technology needs. Inclusion of a particular project on the Bond Project List, however, is not a guarantee that the project will actually be funded or completed.

If Measure "CC" is approved and the bonds are sold, the District will appoint a citizens oversight committee, and conduct annual independent financial and performance audits to ensure that bond funds are spent only on the construction, reconstruction, rehabilitation, or replacement of school facilities, including furnishing and equipping of school facilities, and the acquisition or leasing of school facilities and for no other purposes.

Approval of Measure "CC" will have no effect on existing law but will allow for the issuance and sale of bonds in accordance with the terms of existing law and Measure "CC".

A "YES" VOTE MEANS the District will be authorized to issue and sell the Bonds.

A "NO" VOTE MEANS the District will not be authorized to issue and sell the Bonds.

REBUTTAL TO ARGUMENT IN FAVOR OF MEASURE “CC”

The Argument in Favor of Measure CC is long on platitudes and short on details. This measure is a school facilities bond, but astonishingly NOWHERE within their Argument is there any listing of ANY facilities that will be built with the \$915 million it wants us to repay via raising our property taxes.

Instead, the Argument in Favor focuses on feel-good services the Riverside Community College District ALREADY provides ... with or without the passage of Measure CC. Their argument provides no link between providing more services and the facilities it plans on building. We believe this is intentionally done so that the District can spend our money on whatever it wants based upon the fine print of the SIX-page full ballot measure text allowing such. These facts should raise suspicions as to the motives of the proponents of this bond measure.

The only kind of work the Argument in Favor details for its UNKOWN projects deals with what seems like overdue maintenance projects. We question if the District has actually deferred maintenance to the point of putting its students in danger so as to justify these bonds; or is this just simply a scare tactic?

Why didn't the District address “urgent repair needs” with the \$350 million it got from Measure C in 2004?

ARGUMENT AGAINST MEASURE “CC”

Please vote “No” on Measure CC: the District must provide for more accountability over its spending.

In March of 2020, the Riverside Community College District brought forth to the electorate a much less expensive school facility bond measure (Measure A)... **only** \$715 million! That proposal was thoroughly rejected by voters. We see no reason to support this measure either.

Why? Because like then, the District does not believe it has to commit to spending our money on specific projects, but instead leaves itself the flexibility within the fine print of the full ballot proposition to buy/build/renovate/repair almost any school facility it would like, including for employee housing.

Imagine: while the typical resident struggles to make ends meet as their cost-of-living continues to outpace their wages, the District may build free or subsidized housing for its staff that you will pay for either directly in your property taxes or indirectly through your rent.

Why? Because like then, the District offers no guarantees of either a truly independent Citizens Bond Oversight Committee nor independent audits to review spending and safeguard our money, ignoring best practices of the California Association of Bond Oversight Committees (bondoversight.org) and the spirit of Proposition 39, passed by California voters in 2000, which lowered the voter threshold from 2/3s to 55% for the passage of school facility bonds **in return for** the aforementioned taxpayer/stakeholder protections.

Why? Because we believe, like with Measure B (facility bond passed 2004), the District will **later** make most of its projects conform to a Project Labor Agreement, which we think discriminates against private sector construction workers and will dramatically increase the cost of its projects, leaving taxpayers and students shortchanged.

We deserve to know what the District is building, that we have effective oversight, and that our money is well-spent.
