Elections in California

The Top Two Candidates Open Primary Act requires that all candidates for a voter-nominated office be listed on the same ballot. Previously known as partisan offices, voter-nominated offices include state legislative offices, United States congressional offices, and state constitutional offices.

In both the open primary and general elections, you can vote for any candidate regardless of what party preference you indicated on your voter registration form. In the primary election, the two candidates receiving the most votes—regardless of party preference—move on to the general election. If a candidate receives a majority of the vote (at least 50 percent + 1), a general election still must be held.

Write-in candidates for voter-nominated offices may still run in the primary election. However, a write-in candidate may only move on to the general election if the candidate is one of the top two vote-getters in the primary election. Additionally, there is no independent nomination process for a general election.

California's open primary system does not apply to candidates running for United States President, county central committee, or local offices.

California law requires the following information to be printed in this guide.

Party-Nominated/Partisan Offices

Political parties may formally nominate candidates for party-nominated/partisan offices at the primary election. A nominated candidate will represent that party as its official candidate for the specific office at the general election and the ballot will reflect an official designation. The top vote-getter for each party at the primary election moves on to the general election. Parties also elect officers of county central committees at the primary election.

A voter can only vote in the primary election of the political party he or she has disclosed a preference for upon registering to vote. However, a political party may allow a person who has declined to disclose a party preference to vote in that party's primary election.

Voter-Nominated Offices

Political parties are not entitled to formally nominate candidates for voter-nominated offices at the primary election. A candidate nominated for a voter-nominated office at the primary election is the nominee of the people and not the official nominee of any party at the general election. A candidate for nomination to a voter-nominated office shall have his or her qualified party preference, or lack of qualified party preference, stated on the ballot, but the party preference designation is selected solely by the candidate and is shown for the information of the voters only. It does not mean the candidate is nominated or endorsed by the party designated, or that there is an affiliation between the party and candidate, and no candidate nominated by the voters shall be deemed to be the officially nominated candidate of any political party. In the county voter information guide, parties may list the candidates for voter-nominated offices who have received the party's official endorsement.

Any voter may vote for any candidate for a voter-nominated office, if they meet the other qualifications required to vote for that office. The top two vote-getters at the primary election move on to the general election for the voter-nominated office even if both candidates have specified the same party preference designation. No party is entitled to have a candidate with its party preference designation move on to the general election unless the candidate is one of the two highest vote-getters at the primary election.

Nonpartisan Offices

Political parties are not entitled to nominate candidates for nonpartisan offices at the primary election, and a candidate at the primary election is not the official nominee of any party for the specific office at the general election. A candidate for nomination to a nonpartisan office may not designate his or her party preference, or lack of party preference, on the ballot. The top two vote-getters at the primary election move on to the general election for the nonpartisan office.

AGE: 39

OCCUPATION: Counterterrorism Law Attorney

EDUCATION AND QUALIFICATIONS:

I'm Will Rollins, and I'm running for Congress because we need a new generation of leaders to unite the country, end corruption in Washington, and lower costs for Riverside County families.

As a counterterrorism prosecutor, I worked alongside people in both parties to keep our residents and country safe. I went after ISIS terrorists and violent gangs. I prosecuted MS-13 and the Sinaloa Cartel to secure our border and stop the flow of illegal drugs like fentanyl.

The era of corruption and corporate money influencing our government needs to end. It's time we stop allowing politicians to profit from their positions and finally pass term limits for Congress. I will fight to get rid of dark money in politics, ban Members of Congress and their spouses from trading stocks, and ban lobbying after their service.

We need a Congressman focused on what matters to Inland Empire and Coachella Valley families. I'll use my experience taking on corruption and fighting crime to:

- Fight Big Pharma and corporate investors who are buying up homes and making life more expensive.
- Stop price gouging to lower the cost of housing, food, and gas.
- Secure the border to keep our communities safe and stop fentanyl trafficking.
- Protect abortion rights, access to birth control, and fertility treatments.
- Expand job training opportunities and create more good-paying careers without a college degree requirement.

Join law enforcement officers, firefighters, nurses, and community leaders representing both parties in supporting our campaign.

I ask for your vote. Learn more at WillRollinsForCongress.com.

**CANDIDATE STATEMENT FOR
UNITED STATES REPRESENTATIVE,
41ST CONGRESSIONAL DISTRICT**

KEN CALVERT, Republican

AGE: 71

OCCUPATION: U.S. Representative

EDUCATION AND QUALIFICATIONS:

It is an honor to serve and represent Riverside County in the U.S. House of Representatives. I never take for granted the privilege and responsibility I have to advocate for our region and a brighter future for all Americans.

I am proud to be one of the most effective Members of Congress in California. I have secured nearly \$100 million in federal funding for Riverside County transportation, water, and homeless projects in just the past few years. I also led a successful bipartisan effort to transfer seven C-130 aircrafts from the U.S. Coast Guard to the state of California for use in wildfire suppression.

For too many families in California, a more prosperous future is out of reach with prices across the economy continuing to rise. I support policies that give families relief and keep more of their money. I voted to double the child tax credit and save families \$2,000 per child. I voted to lower gas and energy prices. I am the only candidate in this race who has pledged to oppose any tax increase on American families.

I will always protect Social Security and Medicare benefits.

To stop the chaos at our border, I voted for legislation that would secure the southern border, hire more border patrol agents, and re-institute the Remain in Mexico policy. I am endorsed by the National Border Patrol Council, the union that represents our border patrol agents.

I sincerely appreciate your past support and humbly ask for your vote again.

STATE SENATOR,
19TH SENATORIAL DISTRICT**

ROSILICIE OCHOA BOGH, Republican

OCCUPATION: State Senator / Small Businesswoman

EDUCATION AND QUALIFICATIONS:

I'm grateful to have lived the American Dream. The daughter of Mexican immigrants, I was taught that personal responsibility, hard work, and an education could unlock my future potential. That mentality, combined with the opportunities America provides, allowed my husband and I to have a family, grow a local business, and serve my community in the California State Senate.

Now, I am running for reelection to protect those values and opportunities for all Californians so they can achieve their American Dream.

Stopping Inflation & Strengthening our Economy: With the rising cost of groceries and gasoline, working families are struggling to make ends meet. That's why I've taken on Sacramento politicians and led efforts to stop inflation, lower taxes, and bolster our economy.

Supporting Law Enforcement: Crime is out-of-control and instead of empowering our police, there have been efforts to defund law enforcement. I will always support the police and ensure that criminals are prosecuted for the crimes they commit. That's why I'm trusted and endorsed by Sheriff Shannon Dicus and Sheriff Chad Bianco.

Improve Education: As a former educator and school boardmember, I've worked hand-in-hand with our local teachers to enhance our classrooms. Every child deserves a chance at an exceptional education, and improving our schools has been a top priority to make that a reality.

I'm endorsed by the local elected officials, education leaders, and public safety because they trust me to keep Sacramento accountable and always working for us. I would be honored to earn your support.

Sylva for MSJC! During my time on the MSJC Board, we have improved our financial stability, increased our student population, compensated our bargaining units and completed many facilities projects, all while enhancing the taxpayers' investment in the college.

- the Science, Technology, Engineering and Math (STEM) Centers in San Jacinto and Menifee.

MEASURE “E” - BEAUMONT UNIFIED SCHOOL DISTRICT

FULL TEXT BALLOT PROPOSITION OF SCHOOL FACILITIES IMPROVEMENT DISTRICT NO. 1 OF THE BEAUMONT UNIFIED SCHOOL DISTRICT BOND MEASURE ELECTION NOVEMBER 5, 2024

The following is the full proposition presented to the voters of School Facilities Improvement District No. 1 of the Beaumont Unified School District by the Beaumont Unified School District:

“To improve student safety/security systems, repair/replace deteriorating roofs, plumbing, electrical systems, and construct/upgrade/repair classrooms, labs, schools and career technology facilities to relieve overcrowding and support college/career readiness in science, technology, engineering, arts, math and skilled trades, shall Beaumont Unified School District’s School Facilities Improvement District No. 1 measure authorizing \$148,000,000 in bonds at legal rates, levying \$28 per \$100,000 assessed value (\$10,000,000 annually) while bonds are outstanding, be adopted, with citizen oversight, independent audits, all money locally controlled?”

PROJECT LIST

The Board of Trustees of the Beaumont Unified School District believes every student should have a safe and secure learning environment in order to help them achieve their highest potential. Beaumont is one of the fastest growing areas in California and there is a great need to build additional classrooms, labs and facilities to serve the families in our community. At the same time, the District’s facilities are aging and in constant use. To that end, the District has completed a comprehensive Facilities Master Plan and has identified the most pressing needs in each of the District’s schools to provide safe and modern classroom environments for all students. The Board has determined that facilities needs exist at all of its schools, and that additional school facilities will need to be constructed as the District enrollment increases as further described below.

Existing Facilities. The Board has established a list of projects to be financed at the District’s existing schools and facilities. The projects to be financed by the bonds to be issued by the District include the construction, rehabilitation, acquisition, equipping and furnishing of the following existing and future schools and facilities listed below:

Anna M. Hause Elementary School
Brookside Elementary School
Palm Innovation Academy
Starlight Elementary School
Sundance Elementary School
Summerwind Trails School
Three Rings Ranch Elementary School
Tournament Hills Elementary School
Mountain View Middle School
San Geronio Middle School
Beaumont High School
Glen View High School
21st Century Learning Institute
Beaumont Middle College High School
Beaumont Adult School
District Educational Support Facilities and
Transportation Facilities
Future School sites

The projects to be financed at each of the school facilities and locations listed above include the following and may be completed either through new construction or the reconstruction, rehabilitation or replacement of existing improvements and will include furnishings and equipment as needed for classrooms and other facilities:

- Safety and security improvements including security fencing, cameras, emergency communications, alarms, sprinklers, keyless entry, electronic locks and window protection.
- Classrooms, science labs, career technical education and skilled trade facilities, auditoriums, multipurpose rooms, cafeterias, kitchens, libraries, performing arts, sports facilities, restrooms and other facilities.
- Roofs, plumbing, lighting, electrical, sewer, water and fire alarm systems and building exteriors.
- Replacement of portable classroom space with new portable, modular or permanent classrooms for current and future program needs.
- Modernization of permanent school facilities.

- Upgrading or replacing aging school infrastructure.
- Site improvements including lunch and shade structures, playground areas and equipment, fields and hard courts, parking improvements, concrete walkway rehabilitation and replacement, and improvements to meet Americans for Disability Act (ADA) access requirements.
- Energy efficiency improvements including solar, heating, ventilation and air conditioning installation and replacement, and window replacement to improve classroom environments.
- Removal of hazardous materials such as asbestos and lead paint.
- Added space for school support programs, including dedicated offices, conference rooms, family resource centers and other support areas.
- Technology improvements and equipment for all classrooms, libraries, laboratories and other facilities including hardware and wireless systems, internet connectivity and software for instruction in math, science, engineering and technology.

Whenever specific items are included in the list above, they are presented to provide an example and are not intended to limit the generality of the broader description of authorized projects.

New School Facilities. The projects to be financed with bond proceeds also include the construction, site acquisition, equipping and furnishing of new schools, and the renovation and rehabilitation thereof, to provide facilities as enrollment increases. These projects include all elements of new schools including, but not limited to, classrooms, career technical education facilities, science and computer labs, auditoriums, gymnasiums, fields and stadiums, cafeterias, administration and support facilities, parking, playgrounds, hardscape, energy efficiency improvements, landscaping, furnishings and equipment.

Implementation of Construction and Bond Program. Listed projects will be completed only as needed and the above order in the listing of projects does not imply a particular prioritization among projects. Decisions regarding the scope, timing, prioritization or other facets of project implementation will be made solely by the Board of Trustees by subsequent action. Projects may be done in phases, based on Board of Trustees' priorities. Listed projects may be completed at any and all District schools, sites and education buildings where such projects are determined necessary by the Board of Trustees. Where terms such as "rehabilitation" and "replacement" are used in the foregoing Project List for the Bond Measure, the Board of Trustees shall determine the best method for accomplishing the project's objective. For any listed project involving renovation of all or a portion of a building, the District may proceed with new replacement construction instead (including any necessary demolition), if the District determines that replacement and new construction is more practical than renovation, considering the building's age, condition, expected remaining life, comparative cost, and other relevant factors.

Each project financed will include its share of architectural, engineering, and similar planning costs, program management, project or construction management, a contingency for unforeseen circumstances, offsite/utility connection costs, and interim housing. Projects also may include the payment of the costs of preparation of all facility planning, facility assessment reviews, environmental studies, construction documentation, plan check, inspection and permit fees and costs for temporary facilities, furnishings and equipment necessary in connection with construction activities.

The projects may include the acquisition of improvements on the project list that are financed by the District on an interim basis through temporary loans, leases, lease-leaseback, or lease-purchase arrangements.

The District intends to apply for State matching funds for all eligible projects to be financed. In the absence of such funding, the District may not be able to undertake some of the projects listed above. Approval of this proposition does not guarantee that the proposed projects that are the subject of this proposition will be funded beyond the local revenues generated by this proposition. The District's receipt of matching State funds will be subject to appropriation by the Legislature and approval of a statewide bond measure.

The budget for each project is an estimate and may be affected by factors beyond the District's control. The final cost of each project will be determined as plans are finalized, construction bids are awarded and projects are completed. Based on the final costs of each project, certain of the projects described above may be delayed or may not be completed.

FISCAL ACCOUNTABILITY REQUIREMENTS

The provisions in this section are specifically included in this proposition in order that the voters and taxpayers in the District may be assured that their money will be spent only to address specific facilities needs of the District in compliance with the requirements of Article XIII A, Section 1 (b)(3), of the State Constitution and the Strict Accountability in Local School Construction Bonds Act of 2000 (codified at Education Code Sections 15264 and following.)

Evaluation of Needs. The Board hereby certifies that it has evaluated safety, class size reduction and information technology needs in developing the project list contained in this ballot proposition.

Independent Citizens' Oversight Committee. The Board shall establish an Independent Citizens' Oversight Committee pursuant to Education Code Section 15278 and following to ensure bond proceeds are expended only on the projects listed in this ballot proposition. The committee shall be established within 60 days of the date when the results of the election appear in the minutes of the Board.

Performance Audits. The Board shall conduct an annual, independent performance audit to ensure that the bond proceeds have been expended only on the projects listed in this ballot proposition.

Financial Audits. The Board shall conduct an annual, independent financial audit of the bond proceeds until all of those proceeds have been spent for the projects listed in this ballot proposition.

Special Bond Proceeds Account: Annual Report to Board. Upon approval of this proposition and the sale of any bonds approved, the Board shall take actions necessary to establish an account in which proceeds of the sale of bonds will be deposited which will be a Building Fund to be held by the Riverside County Treasurer, as required by the California Education Code. As long as any proceeds of the bonds remain unexpended, the Superintendent of the District shall cause a report to be filed with the Board annually stating (1) the amount of bond proceeds received and expended in that year, and (2) the status of any project funded or to be funded from bond proceeds. The report may relate to the calendar year, fiscal year, or other appropriate annual period as the Superintendent shall determine and may be incorporated in the annual budget, audit, or another appropriate routine report to the Board.

ADDITIONAL SPECIFICATIONS

Terms of the Bonds. The bonds may be issued and sold in several series in accordance with the financing plan determined by the Board of Trustees. Bonds may be issued pursuant to the Education Code or the Government Code at the discretion of the Board of Trustees with final maturity dates and at interest rates not exceeding the legal limits set forth therein.

Limit on Use of Bond Proceeds. Proceeds from the sale of bonds authorized by this proposition may be used only for the construction, reconstruction, rehabilitation or replacement of school facilities including the furnishing and equipping of school facilities or acquisition or lease of real property for school facilities and not for any other purpose, including teacher and administrator salaries.

MEASURE “E”- BEAUMONT UNIFIED SCHOOL DISTRICT

TAX RATE STATEMENT

**SCHOOL FACILITIES IMPROVEMENT DISTRICT NO. 1
OF THE BEAUMONT UNIFIED SCHOOL DISTRICT
GENERAL OBLIGATION BONDS
MEASURE E**

An election will be held in School Facilities Improvement District No. 1 of the Beaumont Unified School District (the “SFID”) on November 5, 2024 for the purpose of submitting to the electors of the SFID the question of incurring bonded indebtedness of the SFID in the principal amount of \$148,000,000. If such bonds are authorized and sold, the principal thereof and interest thereon will be payable from the proceeds of taxes levied on the taxable property in the SFID. The following information regarding tax rates is given in compliance with Section 9401 of the California Elections Code. This information is based upon the best estimates and projections presently available from official sources, upon experience within the SFID and other demonstrable factors.

Based upon the foregoing and projections of the assessed valuations of taxable property in the SFID, and assuming the entire debt service on the bonds will be paid through property taxation:

1. The best estimate of the average annual tax rate that would be required to be levied to fund the bond issue over the entire duration of the bond debt service, based on assessed valuations available at the time of the filing of this statement, or a projection based on experience within the same jurisdiction or other demonstrable factors is \$28 per \$100,000 of assessed valuation of all property to be taxed. It is estimated that the final fiscal year in which the tax is anticipated to be collected is fiscal year 2054-55.

2. The best estimate of the highest tax rate that would be required to be levied to fund the bond issue, and an estimate of the year in which that rate will apply, based on estimated assessed valuations available at the time of the filing of this statement, or a projection based on experience within the same jurisdiction or other demonstrable factors, is \$28 per \$100,000 of assessed valuation of all property to be taxed for fiscal years 2025-26 through and including 2054-55.

3. The best estimate of the total debt service, including the principal and interest, that would be required to be repaid if all the bonds are issued and sold is approximately \$303,122,478.

Attention of voters is directed to the fact that the foregoing information is based upon projections and estimates only. The actual timing of sales of the bonds and the amount to be sold at any time will be governed by the needs of the Beaumont Unified School District and other factors. The actual interest rates at which the bonds will be sold, which will not exceed the maximum permitted by law, will depend upon the bond market at the time of sale. The actual assessed valuations in future years will depend upon the value of property within the SFID as determined in the assessment and the equalization process. Assessed valuation is not the same as market price of real property. Therefore, the actual tax rates and the years in which those tax rates will be applicable may vary from those presently estimated and stated above.

Voters should note that estimated tax rates are based on the *ASSESSED VALUE* of taxable property on the County's official tax rolls, *not* on the property's market value. Property owners should consult their own property tax bills to determine their property's assessed value and any applicable tax exemptions.

IMPARTIAL ANALYSIS OF MEASURE “E”

State law authorizes school districts to sell bonds to finance improvements of student safety/security; build new classrooms/schools to relieve overcrowding; fix roofs and plumbing/electrical/ventilation systems; and repair/upgrade classrooms, science labs, and school facilities that support instruction in science, technology, engineering, arts, math, and skilled trades. Monies generated by the sale of such bonds may only be spent for these specified purposes. Bond proceeds cannot be expended to finance teacher and administrator salaries or other school operating expenses.

The Beaumont Unified School District (“District”) has called for an election within School Facilities Improvement District No. 1 of the District, on the question of whether bonds should be issued and sold by the District. Such bonds can only be issued and sold if at least 55% of the persons who actually vote approve Measure “E.” The bonds would be repaid through an increase in property taxes based upon the assessed value of taxable property in the District in each year of repayment. The Tax Rate Statement, which appears following the full text of Measure “E” in this voter information pamphlet, reflects the District’s current best estimate of the property tax rate increases that will be required to service the bonds at various points during the life of the bonds. At the time of issuance, the projected annual tax to be levied to meet debt service requirements for the proposed bonds is 2.8¢ per \$100 (or \$28 per \$100,000) of assessed value.

If Measure “E” is approved, bonds may be issued in series and must be repaid within a maximum statutory term of twenty-five (25) years. The maximum interest rate chargeable on the bonds is regulated by state law. The actual interest rates at which the bonds are sold will depend on the bond market at the time of each sale.

The District proposes to issue and sell bonds in an aggregate principal amount of one hundred forty-eight million dollars (\$148,000,000). Money raised by the sale of the bonds must be used exclusively to finance the list of projects described in the full text of Measure “E,” which is included in this voter information pamphlet (“Bond Project List”). When developing the Bond Project List, the District was required by state law to evaluate safety, class size reduction, and information technology needs. Inclusion of a particular project on the Bond Project List, however, is not a guarantee that the project will actually be funded or completed.

If Measure “E” is approved and the bonds are sold, the District will appoint a citizens oversight committee, and conduct annual independent financial and performance audits to ensure that bond funds are spent only on the construction, reconstruction, rehabilitation, or replacement of school facilities, including furnishing and equipping of school facilities, and the acquisition or leasing of school facilities and for no other purposes.

Approval of Measure “E” will have no effect on existing law but will allow for the issuance and sale of bonds in accordance with the terms of existing law and Measure “E”.

A “YES” VOTE MEANS the District will be authorized to issue and sell the Bonds.

A “NO” VOTE MEANS the District will not be authorized to issue and sell the Bonds.

ARGUMENT IN FAVOR OF MEASURE “E”

VOTE Yes on Measure E to relieve overcrowding and keep our students safe and on the path for success in college and their future careers.

Our area is one of the fastest growing cities in California, but our local schools struggle to meet the demand. For example – Beaumont High School currently has 3,300 students and is expected to reach 4,000 students in the next few years.

Crowded schools are unsafe and limit one-on-one time with teachers. With so many students crammed into one school it is difficult for students to get into classes, sports, or other activities.

That is why we need Measure E. It provides a dedicated, locally controlled source of funding that can only be spent here in our schools. The state can’t take one penny.

Measure E gives every student a chance at success.

Vote YES on E to:

- Upgrade school safety and security systems, including fencing, cameras, and emergency communication systems to protect our students and staff during an emergency
- Build new schools and classrooms to reduce overcrowding at existing schools and provide opportunities for all students
- Repair and replace deteriorating roofs, plumbing and electrical systems to ensure accessible, and healthy environments for every student
- Modernize classrooms, science labs, career technical education and instructional technology to support high-quality education in science, math, and engineering

A Clear System of Fiscal Accountability

- **Local Funds for Local Schools:** No funds can be taken by the State – all funds raised by Measure E will stay right in our community to benefit local schools
- **Oversight and Transparency:** A citizens’ oversight committee, public spending disclosures, and annual audits will ensure that funds are spent as promised

Join parents, educators, and community leaders – Vote YES on Measure E to support quality education for all students!
